Gusto Sep 17 2020 **Gusto ergo sum?** L'animale umano è l'unico in grado di concepire un cibo, di gustarlo e di raccontarne le sensazioni. Dalla filosofia alla fisiologia, dalla convivialità del palato alle parole della degustazione, il libro di Rosalia Cavalieri spiega perché soltanto nell'uomo il gusto si sia trasformato in un'avventura intellettuale che reinventa il quotidiano, stringendo la mente al corpo, la ragione alla passione, il piacere alla necessità.

El plurilingüismo en España Nov 19 2020 El plurilingüismo en España trata de los aspectos sociolingüísticos y psicolingüísticos de los grupos minoritarios establecidos y de nueva migración en España. Tres líneas de investigación principales permiten analizar las minorías presentes en España: la lengua, la migración y la discriminación. Algunas minorías se caracterizan por la lengua, la migración y la discriminación; otras comunidades se definen solo por la lengua y la migración, pero sus miembros no sufren discriminación; otro grupo de

comunidades no se caracteriza por una migración reciente, pero sus miembros son discriminados y sus lenguas no están siquiera reconocidas de forma oficial. Y por último, hay algunas comunidades que no encuentran el suficiente apoyo legal e institucional y cuyas lenguas pueden ser objeto de discriminación o encontrarse en una relación asimétrica con respecto a la lengua española.\nEl objetivo principal de este libro es contribuir a la descripción de todas estas lenguas y comunidades presentes en España, en particular, aquellas que nunca han sido descritas. Un objetivo secundario consiste en conocer mejor las diferentes lenguas y comunidades presentes en España con el fin de contribuir al siempre necesario entendimiento entre la gente y los pueblos, inmigrantes y anfitriones, en un mundo cambiante cuyo futuro solo puede concebirse en clave de interculturalidad.\n

L'Italia dei consumi Jul 08 2022 «La cultura materiale legata ai consumi si è dimostrata in grado di strutturare la società, di marcare i confini di classe, genere, generazione e le differenziazioni regionali; ha avuto riflessi nel mondo dell'arte e della letteratura; ha ispirato le politiche di governo. È una costruzione culturale che ci permette di osservare l'Italia da un'angolazione molto particolare, e di scoprire aspetti inediti e forse sorprendenti.» Dalla lotta contro la povertà dei primi governi liberali dell'Italia unita, passando per l'autarchia fascista, fino ad arrivare alle politiche del welfare e ai movimenti del consumo critico dei nostri giorni, Emanuela Scarpellini traccia una storia dei consumi italiani che si snoda in parallelo con i grandi filoni della storia culturale, politica, economica e sociale del nostro Paese.

Supercerebro Aug 29 2021 Este revolucionario y novedoso manual le mostrará cómo usar su cerebro como portal hacia la salud, la felicidad y el crecimiento espiritual. En contraste con el cerebro estándar, que sólo desempeña tareas cotidianas, Chopra y Tanzi proponen que el cerebro puede aprender a superar sus limitaciones actuales. *Supercerebro* le explica cómo hacerlo a través de los descubrimientos científicos de vanguardia y la percepción espiritual, del derrumbamiento de los cinco mitos más comunes sobre el cerebro que limitan su potencial y de la implementación de métodos para: -Usar su cerebro, en vez de permitir que él lo use a usted. - Desarrollar el estilo de vida ideal para tener un cerebro saludable. -Reducir los riesgos del envejecimiento. -Fomentar la felicidad y el bienestar por medio de la conexión entre mente y cuerpo. -Acceder al cerebro iluminado, que es el portal para la libertad y la dicha. -Sobreponerse a los retos más comunes, como la pérdida de memoria, la depresión, la ansiedad y la obesidad. Su cerebro es capaz de sanar de forma extraordinaria y de reconfigurarse de forma constante. Si establece una nueva relación con él, transformará su vida. En *Supercerebro*, Chopra y Tanzi lo guiarán a través de un fascinante viaje que pronostica un salto en la evolución humana. El cerebro no es sólo el don más increíble que nos ha dado la naturaleza, sino que también es el portal para un futuro ilimitado que puede comenzar a vivir hoy mismo. "Este par de especialistas de talla internacional combina su conocimiento para dar vida, en un elegante texto que nos permitirá mantener la juventud cerebral, a la cautivadora historia de nuestro cerebro." Dr. Mehmet Oz

The Syntax-Phonology Interface in Focus and Topic Constructions in Italian May 18 2023

"Though centered on Italian, cross-linguistic analysis is extensively provided: data from languages as diverse as English, Hungarian, Modern Greek, Hausa, Chichewa, Serbo-Croatian and Somali are used to show that despite surface variations, the interface interpretation of Focus and Topic lies in the interaction between base-generated extraposition and feature-checking."

"This book targets scholars and researchers in linguistics who are interested in syntactic and/or phonological analysis of discourse-related categories within the Minimalist approach."--BOOK JACKET.

Reticulate Evolution and Humans Apr 17 2023 Reticulate Evolution and Humans is the first book to describe the effect of genetic exchange on the origin and evolution of our own species as well as those species with which we have and continue to interact closely, both evolutionarily and culturally. After demonstrating how genetic exchange has affected *H. sapiens*, the book goes on to describe how the same processes have structured the evolution of organisms on which the human species depends for shelter, sustenance and companionship. It also considers the "dark-side" of gene transfer as it pertains to the evolution and adaptation of human disease vectors and diseases. The development of the central thesis of this book - that reticulate evolution via introgressive hybridization and lateral gene transfer has been a pervasive factor in the evolution and cultural development of *H. sapiens*, its ancestors, sister taxa and associated organisms - reveals the extent of these processes across the widest of taxonomic, temporal and spatial bounds. We cannot escape the conclusion that we are constantly fed, entertained, sheltered, attacked and killed by organisms that possess mosaic genomes reflective of widespread genetic exchange during evolutionary diversification.

Trends of Migrant Political Organization in Nigeria May 14 2020 After a long period of neglect and apparent abandonment by many scholars, the study of ethnicity in Nigeria and other parts of Africa has been revived, and with as much vigor as that which attended its ascendancy in African studies in the 1960s. The reasons for the reawakening are not surprising: economic depression and consequent migration have forced people back to interest-begotten weapons like ethnicity, in the desperate struggle to survive; democratic processes have resurrected old unsettled issues of nationhood, power sharing and resource allocation, much of which was swept under the carpet by

authoritarian regimes, or simply wished away. Civil wars and violent conflicts have heightened ethnic tension and conflicts in several states; and, of course, there is an increasing recourse to the ethnic weapon by major competitors for state power, some of whom openly condemned ethnicity in the past. All these have rekindled the fire of ethnicity, finally blowing off the safety-valve in countries like Côte d'Ivoire and the Benin Republic which were previously considered safe from ethnic poison!

Ruby Charm Colors Big Book of Color Charts Jul 28 2021 The Ruby Charm Colors Big Book of Color Charts is ideal for: Keeping your swatches organized Choosing the perfect hue or color combo Tracking what you have & what you need This colored pencil chart book for adult coloring book and colored pencil enthusiasts is useful for those wanting all of their coloured pencils, pastels, inks, watercolor pencils, gel pens and markers swatched in one handy book. 27 pre-labeled charts for popular colored pencil brands Pre-labeled charts for pastel pencils, ink, watercolor pencils & markers Blank charts by color family (reds, oranges, etc.) Blanks charts for extra brands & color combos Black black charts for swatching light colors Room for notes A few fun designs to color Basic color theory (inside) with color wheel (back cover) **COLORED PENCIL BRAND CHARTS:** Arteza Expert Black Widow Blick Studio Bruynzeel Design Caran d'Ache Luminance Caran d'Ache Pablo Castle Arts Cezanne Chameleon Color Tones Derwent Artists Derwent Coloursoft Derwent Drawing Derwent Lightfast Derwent Procolour Derwent Studio Faber-Castell Polychromos Holbein Koh-I-Noor Polychrome Lyra Rembrandt Polychrome Marco Raffine Marco Renoir Mitsubishi Uni Prismacolor Premier + Verithin Schpirerr Farben Tombow Irojiten Special Luminance & Lightfast Combo **PASTEL PENCIL CHARTS:** Caran

IMPORTANT: watercolor and marker pages have black-backed pages to minimize bleed-through. The paper in this book (depending on where it was printed) is fairly tough, but obviously thinner than watercolor paper. Colors can look splotchy until completely dry. We recommend using a sheet of card stock or plastic to help protect the pages underneath from colors bleeding through as well as potential rub-through of pencil pigments while swatching. You can make PERSONAL COPIES of the charts you plan to use onto your favorite paper or card stock if the paper in this book feels too thin for your needs, or, if you just want to put those pages of the charts you are using into a ring binder for safe keeping. You can also deconstruct this book for ease of use, so feel free to take it apart, keep the pages you are using in one binder, and store the rest in case you need them later. Many office supply stores (and FedEx service centers) will remove the spine and even spiral-bind or punch holes in the book for you for a small fee. If you choose to do it yourself, I have a step-by-step tutorial using another book (Creative Companion Book Binding DIY) on my blog at rubycharmcolors.com. Or keep it as is--the choice is yours! It is meant to be a book that grows along with you and your artistic needs! Happy color

swatching!

Thematising Multilingualism in the Media Jun 07 2022 This volume analyses the complex relations between multilingualism and the media: how the media manage multilingualism; how multilingualism is presented and used as media content; and how the media are discursive sites where debates about multilingualism and other language-related issues unfold. It is precisely this inter-relatedness that we want to flag up when we talk about “thematising” multilingualism in the media. More specifically, the focus of this volume is on the empirical and theoretical opportunities and challenges posed by the thematisation of multilingualism in the media. The volume, originally published as a special issue of the *Journal of Language and Politics* 10:4 (2011), presents a number of case studies from a variety of linguistic, media, political, social, and economic contexts: from print-media debates on trilingual policies in Luxembourg to “new media” discussions about the “sexiness” of Irish or the “national” value of Welsh; from issues of linguistic “authority” and “authenticity” in an American television programme to Wikipedia’s multilingual policy and practice.
