Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. Now in paperback. The best columns from one of Northeast Ohio's most popular sportswriters ever. Terry Pluto has twice been nominated for a Pulitzer Prize, has been named Ohio Sportswriter of the Year six times, and has won more than 50 national and state writing awards. This book collects his best Akron Beacon Journal columns about Northeast Ohio sports -- Indians, Browns, Cavs, high school, and more -- from the past decade. It's his first column collection. (He is author of 18 other sports books, including "The Curse of Rocky Colavito.") AN EXPLOSIVE ASSAULT When a firebomb attack at a Brighton travellers' site kills women and children, Chief Superintendent Jo Howe has strong reason to believe the new, far-right council leader is behind the murders. A CORRUPT LEADER Howe digs deeper into the case and uncovers a criminal ring of human trafficking and euthanasia leading to a devastating plot threatening thousands of lives and from which the murderous politician will walk away scot-free. A DETECTIVE AT BREAKING POINT Ursa Major Death in the Desert A Summary Consider . . . Two bodies lie alongside a forgotten highway of the IdahoNevada desert. The sun is burning hot. Crows circle overhead. Sam Garrett, an ordinary guy living an ordinary life, comes across the scene of the two murdered victims. He is then propelled into a maelstrom involving a string of murders, fundamental polygamist sects, church cover-ups, corrupt politicians, and corporate greed. The twists, turns, and subplots occur within a broader context of contemporary issues facing the desert southwest. Sam is both stalked by and later stalks the killers as he attempts to unravel the puzzle and stay alive. In the process, he must dodge both secret polygamist societies as well as the federal FBI authorities. Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle. The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built,

movements can be led, and people can be inspired. And it all starts with WHY. The magazine that helps career moms balance their personal and professional lives. *Screw Men* By: Michael Martino *Screw Men* is a story about author Michael Martino's experience working in sales. In his experience, he tells us how one can excel and help the company they work for grow. Sometimes you feel cheated, with lesser people advancing when you don't. A competitor you respected may have also been screwed by his former employees and is looking for an opportunity to prove them wrong. You soon find that the person you thought was a great acting manager is not. Read *Screw Men* and delve into the sales world that is filled with greed and backstabbing. "Sports Illustrated" columnist Rick Reilly selects nearly thirty works of American sports writing to represent the best of the genre from the year 2001; also includes biographical notes and a list of other notable 2001 pieces. In the vein of Susan Orlean's *The Orchid Thief* and Deborah Feldman's *Unorthodox*, journalist Emily Brady journeys into a secretive subculture--one that marijuana built. *Humboldt: Life on America's Marijuana Frontier* Say the words "Humboldt County" to a stranger and you might receive a knowing grin. The name is infamous, and yet the place, and its inhabitants, have been nearly impenetrable. Until now. *Humboldt* is a narrative exploration of an insular community in Northern California, which for nearly 40 years has existed primarily on the cultivation and sale of marijuana. It's a place where business is done with thick wads of cash and savings are buried in the backyard. In Humboldt County, marijuana supports everything from fire departments to schools, but it comes with a heavy price. As legalization looms, the community stands at a crossroads and its inhabitants are deeply divided on the issue--some want to claim their rightful heritage as master growers and have their livelihood legitimized, others want to continue reaping the inflated profits of the black market. Emily Brady spent a year living with the highly secretive residents of Humboldt County, and her cast of eccentric, intimately drawn characters take us into a fascinating, alternate universe. It's the story of a small town that became dependent on a forbidden plant, and of how everything is changing as marijuana goes mainstream. *The Life of the Automobile* is the first comprehensive world history of the car. The automobile has arguably shaped the modern era more profoundly than any other human invention, and author Steven Parissien examines the impact, development, and significance of the automobile over its turbulent and colorful 130-year history. Readers learn the grand and turbulent history of the motor car, from its earliest appearance in the 1880s—as little more than a powered quadricycle—and the innovations of the early pioneer carmakers. The author examines the advances of the interwar era, the Golden Age of the 1950s, and the iconic years of the 1960s to the decades of doubt and uncertainty following the oil crisis of 1973, the global mergers of the 1990s, the bailouts of the early twenty-first century, and the emergence of the electric car. This is not just a story of horsepower and performance but a tale of extraordinary people: of intuitive carmakers such as Karl Benz, Sir Henry Royce, Giovanni Agnelli (Fiat), André Citroën, and Louis Renault; of exceptionally gifted designers such as the eccentric, Ohio-born Chris Bangle (BMW); and of visionary industrialists such as Henry Ford, Ferdinand Porsche (the Volkswagen Beetle), and Gene Bordinat (the Ford Mustang), among numerous other game changers. Above all, this comprehensive history demonstrates how the epic story of the car mirrors the history of the modern era, from the brave hopes and soaring ambitions of the early twentieth century to the cynicism and ecological concerns of a century later. Bringing to life the flamboyant entrepreneurs, shrewd businessmen, and gifted engineers that worked behind the scenes to bring us horsepower and performance, *The Life of the Automobile* is a globe-spanning account of the auto industry that is sure to rev the engines of entrepreneurs and gearheads alike. "Walter Jon Williams is a visionary of tremendous power and originality . . . He kills every damn time." --Junot Díaz, Pulitzer Prize-winning author *Dagmar Shaw* is back in Hollywood, with a plan to lasso a series of emerging technologies into a revolutionary new form of entertainment. Sean Makin is a washed-up child actor clinging to life on reality television, until Dagmar offers him the chance to be a star. Sean's past, however, holds the darkest of secrets, and now it looks as if that secret threatens to break loose in a new cycle of violence and murder. Sean's determined to succeed, even if the path to stardom is splashed with blood. But the ultimate secret is Dagmar's, and Sean has to decide how much to pay in order to find

out what's on the other side of the fourth wall. ". . . the blending of mystery-thriller, SF, and traditional Hollywood-story elements is hugely successful. It's one of those ambitious, genre-bending books in which you keep seeing, as you read, ways the story could fall apart under its own weight—but it never does. Surely the best of the Dagmar Shaw series and one of the author's finest novels." --Booklist (starred review) "This is an ambitious novel, blending elements of science fiction, thriller and Hollywood epic into one wildly inventive narrative. It's the kind of genre-bender that you can spend a lot of time trying to describe, or you can simply say: go read it, right now." --David Pitt, Winnipeg Free Press

Jay Sand moves to a small city in Nebraska looking forward to his new job in the district attorney's office. He soon becomes the target of assassins and Sergeant Cindy Jackson is assigned to work out of his office and watch his back. They stumble onto a multiple homicide in progress and are caught up in the search for the killers. The pursuit takes them from a gun battle on the streets of Omaha to a jail break in Harrisburg as they stay one step ahead of organized crime and an intelligence spook gone bad. This is a story of contemporary fiction about two professional crime fighters, their families, their peers and their opponents. It is also about their failures and their successes. A thriller which takes the reader to the heart of Rogue River forest in Oregon to plunge into a race against time where action and one of the greatest legends of North America intertwine. Two female students mysteriously disappear. One of them is the daughter of a prominent Portland entrepreneur. Immediately, the business manager does everything possible to find the young girls. But the immense national forest of the American northwest is far from having its mysteries unveiled. A tortured boss, a shady sheriff, a young American-Indian, a journalist, a zoologist and a trendy high-tech engineer: parallel life paths meeting to live an extraordinary adventure. Stalkers and hunted in turn, they engage in a race against time. But Rogue river is not just a forest... it contains something else... It is something else! Those who survive will not come out unscathed.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Read Diane McEachern's posts on the Penguin Blog. Protecting our environment is one of the biggest issues facing our planet today. But how do we solve a problem that can seem overwhelming—even hopeless? As Diane MacEachern argues in *Big Green Purse*, the best way to fight the industries that pollute the planet, thereby changing the marketplace forever, is to mobilize the most powerful consumer force in the world—women. MacEachern's message is simple but revolutionary. If women harness the "power of their purse" and intentionally shift their spending money to commodities that have the greatest environmental benefit, they can create a cleaner, greener world. Spirited and informative, this book: - targets twenty commodities—cars, cosmetics, coffee, food, paper products, appliances, cleansers, and more—where women's dollars can make a dramatic difference; - provides easy-to-follow guidelines and lists so women can choose the greenest option regardless of what they're buying, along with recommended companies they should support; - encourages women to spend wisely by explaining what's worth the premium price some green products cost, what's not, and when they shouldn't spend money at all; and - differentiates between products that are actually "green" and those that are simply marketed as "ecofriendly." Whether readers want to start with small changes or are ready to devote the majority of their budget to green products, MacEachern offers concrete and immediate ways that women can take action and make a difference. Empowering and enlightening, *Big Green Purse* will become the "green shopping bible" for women everywhere who are asking, "What can I do?"

Chris Coste dreamed of playing major-league baseball from the age of seven. But after eleven grueling years in the minors, a spot on a major-league roster still seemed just out of his reach—until that fateful call came from the Philadelphia Phillies in May 2006. At age thirty-three ("going on eighty"), Coste was finally heading to the big time. The 33-Year-Old Rookie is like a real-life Rocky, an unforgettable and inspirational story of one man's unwavering pursuit of a lifelong goal. Beginning in a single-parent home in Fargo, North Dakota, and ending behind home plate on the flawless diamond of the Phillies' Citizens Bank Park—where fans and teammates call him "Chris Clutch" because of his knack for getting timely hits—this intimate account

of Coste's baseball odyssey is a powerful story of determination, perseverance, and passion. For eleven seasons, Coste hustled, fought, and gritted his way to his breakthrough—and never lost faith in his abilities. Along the way, he gained the affection and admiration of baseball fans from Ottawa and Scranton to various Mexican and Venezuelan cities. Battered by years spent behind a catcher's mask, and faced with bracing realities—there were bills to pay, and his young daughter was entering first grade—Coste decided to give it one last shot in 2006. But that year, during the Phillies' major-league spring training, Coste was demoted to the minors at the last minute to make room for a utility outfielder, despite having hit a blistering .463 and earning the trust of the team's pitchers. Later that season, though, Coste finally got the call-up, and he hit .364 during the Phillies' furious battle to nail down the final postseason berth. Coste takes us through the 2006 spring training season—with its pulse-quickening moments and close calls—and into his first season as a major-league catcher with the Phillies. From tense stretch-run games that kept Phillies' fans on the edge of their seats to moments of intimate personal reflection, Coste's saga offers baseball aficionados an inside look at a remarkable life and career. In this stirring, wry, and candid look at the life of a professional baseball nomad who never surrendered his dream, we savor the sometimes bittersweet fruits of victory against seemingly insurmountable odds. In v.1-8 the final number consists of the Commencement annual. Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured. Convenient and reliable, "AAA AutoGraph" contains easy-to-use evaluations of more than 180 foreign and domestic models of minivans, cars, sport-utilities, and pickups. The guide covers the strong and weak points for each listing, suggests retail prices from various manufacturers, and gives tips on negotiating the best deal. 500 photos. The definitive guide to buying a truck.
