Parking Structures _____ Aug 21 2020 Parking Structures provides a single-source reference for parking structure designers, builders, and owners. This third edition is still the only such book. It addresses how to select the best functional and structural designs for a given situation, ensure long-term durability, design for easy maintenance, decide on the number and placement of entrances and exits, design an easily understood wayfinding system, design for ADA compliance, plan for internal auto and pedestrian traffic circulation, select the most effective and energy efficient lighting system, avoid the most common design and construction pitfalls, provide for adequate patron safety and security, carry out needed repairs, and extend the parking structure life. Parking Structures addresses all the major issues related to parking garages. It is an essential reference for parking structure owners, structural engineers, architects, contractors, and other professionals. New in the third edition: This third edition of Parking Structures includes new material on metric dimensions and recommendations for functional design globally, new research on flow capacity and queuing at parking entry/exits, an entirely new chapter on planning for a new parking structure, including cost issues and alternatives to structure construction, pedestrian considerations, safety in parking facilities, plazas above parking structures, an expanded chapter on seismic design, seismic retrofit, life cycle cost analysis, and upgrades to existing structures.

An Inconvenient Book _____ Mar 20 2023 FUNNY. OUTRAGEOUS. TRUE. Have you ever wondered why some of the biggest problems we face, from illegal immigration to global warming to poverty, never seem to get fixed? The reason is simple: the solutions just aren't very convenient. Fortunately, radio and television host Glenn Beck doesn't care much about convenience; he cares about common sense. Take the issue of poverty, for example. Over the last forty years, America's ten poorest cities all had one simple thing in common, but self-serving politicians will never tell you what that is (or explain how easy it would be to change): Glenn Beck will (see chapter 20). Global warming is another issue that's ripe with lies and distortion. How many times have you heard that carbon dioxide is responsible for huge natural disasters that have killed millions of people? The truth is, it's actually the other way around: as CO2 has increased, deaths from extreme weather have decreased. Bet you'll never see that in an Al Gore slide show. An Inconvenient Book contains hundreds of these same "why have I never heard that before?" types of facts that will leave you wondering how political correctness, special interests, and outright stupidity have gotten us so far away from the commonsense solutions this country was built on. As the host of a nationally syndicated radio show, The Glenn Beck Program, and a prime-time television show on CNN Headline News, Glenn Beck combines a refreshing level of honesty with a biting sense of humor and a lot of research to find solutions that will open your eyes while entertaining you along the way.

Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.

Beyond the Barrier Aug 25 2023 When this book originally appeared in 1990, it was hailed as an important new work because of the author's access to Adm. Richard E. Byrd's just-released private papers. Previous books on the legendary polar explorer had to rely on sources subject to the admiral's vigilant censorship or the control of his heirs and friends. With this study Eugene Rodgers provides a scrupulously honest and objective account of Byrd's 1929 expedition to Antarctica. Without discrediting the expedition's success or Byrd's leadership, Rodgers shows that the admiral was not the saintly hero he and the press depicted. Nor was the expedition without its problems. Interviews with surviving members of the expedition together with a wealth of other new material indicate that Byrd, contrary to his claims, was not a good navigator--his pilots usually had to find their way by dead reckoning--and that he was not on the actual flight that discovered Marie Byrd Land. The book further reveals a crisis over drunkenness among the men (including Byrd), the admiral's fear of mutiny, and his rewriting of news stories from the pole to embellish his own image.

Trigonometry May 18 2020 Cynthia Young's 3rd Edition of Trigonometry focuses on revisions and additions including hundreds of new exercises, more opportunities to use technology, and themed modeling projects that help connect content to real-world issues. The text builds upon the previous two editions with more in-depth and enhanced coverage on ways to help overcome common learning barriers in trigonometry and build confidence for readers. The text features truly unique, strong pedagogy and as with the previous two issues, is written in a clear, single voice.

Moral Issues in Business May 10 2022 MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Best Business Stories of the Year: 2002 Edition Nov 23 2020 "[The editors] cast their net wide, picking up some excellent stories from nontraditional sources that even avid readers of the business press may have missed."--USA Today, on the 2001 edition Series editor Andrew Leckey and guest editor Ken Auletta have scoured the print media, consulted with the editors of major business and general interest publications, and surveyed journalism school deans to find the best business stories from the last twelve months. Among those selected: Michael Lewis on teenage stock trader Jonathan Lebed, from The New York Times Magazine; James B. Stewart on the irrepressible Michael Milken, from The New Yorker; and many others from the pages of The Wall Street Journal, Rolling Stone, Fortune, Rocky Mountain News, and Wired. The second annual edition continues the excellence and comprehensive range of this fascinating anthology series.

Charlie Ford Meets Secret Agent Man Feb 07 2022 What's the worst that could happen? Charlie gets a job working for Hollywood's top action hero, caring for his blatantly pretentious twelve year old daughter, Annabelle. A summer to be spent in Africa with dirt, a spoiled brat and bugs the size of her fist. Who knew that airplanes do get high-jacked and that Charlie tends to scream like a girl and pass out -- A lot! Come along for a wild adventure in which Charlie meets Secret Agent man. There's wildlife, bad dudes with guns and a hunky super spy to add to the excitement. It's unlike any summer vacation you've ever had.

Tejano Tiger Dec 25 2020 Riding the rough and sometimes bloody peaks and canyons of border politics, Santos Benavides's rise to prominence was largely the result of the careful mentoring of his well-known uncle, Basilio Benavides, who served several terms as alcalde of Laredo, Texas, and Chief Justice of Webb County. When the Civil War erupted in 1861, Basilio was one of only two Tejanos in the state legislature. During Santos's lifetime, five flags flew over the small community he called home—that of the Republic of Mexico, the ill-fated Republic of the Rio Grande, the Republic of Texas, an expansionist United States, and in March 1861, the rebellious Confederate States of America. It was under the Confederacy in the disputed Texas-Mexico borderlands that Santos Benavides reached the pinnacle of his military career as the highest-ranking Tejano in the entire Confederate army. In the decades that followed the Civil War, he became an esteemed political leader, highly respected on both sides of the border. This is the first scholarly study of this important historical figure. At the pinnacle of his political career in 1879, Benavides held the distinction of being the only Tejano in the Texas legislature. Through strife, sweat, blood, and heroism in defense of the border, Benavides rose to economic and political heights few could dream of. As a friend and confidant of two Mexican presidents, he was one of the single most influential individuals in the nineteenth-century history of the border. His life was one of enduring perseverance as well as binational leadership and skilled diplomacy. He was without doubt the single most important individual in the long and often violent history of Laredo. The niche he carved in the tumultuous transnational history of the Texas-Mexico borderlands seems secure.

Prescription for Trouble Bundle #1, Code Blue & Diagnosis Death - eBook [ePub]
22 2023 This bundle contains Code Blue and Diagnosis Death, PLUS bonus chapters from Medical Error and Lethal Remedy. Code Blue When Dr. Cathy Sewell returns to her hometown seeking healing after a broken relationship, she discovers that among her friends and acquaintances is someone who wants her out of town...or dead. Lawyer

May

Will Kennedy, her high school sweetheart, offers help, but does it carry a price tag? Is hospital chief of staff Dr. Marcus Bell really on her side in her fight to get hospital privileges? Is Will's father, Pastor Matthew Kennedy, interested in advising her or just trying to get her back to the church she left years ago? When one of Cathy's prescriptions almost kills the town banker, it sets the stage for a malpractice suit that could end her time in town, if not her career. It's soon clear that this return home was a prescription for trouble. Diagnosis Death The threatening midnight calls followed Dr. Elena Gardner from one city to another, prolonging her grief. Even worse, they are echoed by the whispers of her own colleagues. Whispers that started after her comatose husband died in the ICU . . . then another mysterious death during her training. When a third happens at her new hospital, the whispers turn into a shout: "Mercy killer!" Why doesn't she defend herself? What is the dark secret that keeps Elena's lips sealed?

Hey Whipple, Squeeze This Jan 18 2023 The new edition of the book readers call the bible for advertising The sixth edition of Hey Whipple, Squeeze This offers a new take on the rapidly evolving industry of creative advertising. Creativity—while critical—is no longer enough to succeed. Updating all the classic creativity training from the first five editions, this updated version now provides the necessary tools to navigate the field's changing technical and social media landscapes. From learning how to tell brand stories to creating content for Instagram, YouTube, and TikTok, Whipple will help sharpen your writing chops, enhance your creativity, and raise the level of your work whether you're new to the business or a practicing professional. In this fully updated edition, you'll explore: How to employ the traditional concepting techniques today's creatives use, as well as new developments in applied creativity and inquiry-based innovation. How to use emerging technologies and the different technical structures of social media platforms to bring brand stories to life. How to go 180 ? against common sense for ideas that have the potential of becoming viral. How to create the kind of portfolio that will get you a job in the industry.

Unsuspecting: A Detective Oliver Rousseau Novel Dec 17 2022 SYNOPSIS: A parent's nightmare - their daughter away at college in a safe environment becomes the target of a sadistic killer - who has killed before and gotten away with it. A year ago, The Campus Killer horrified residents of New Orleans when for three straight weeks a coed went missing from Tulane University, only to be discovered days later brutally murdered; their mutilated bodies left in public places. In all three cases, the girls had been raped and a knife had been used. The viciousness of the murders sent shock waves throughout the city, and stunned the most seasoned detectives as they moved quickly to apprehend the suspect. Then the killings stopped and the N.O.P.D. never caught the person responsible. Now the killer is back, targeting unsuspecting coeds and he's taken another girl, sending a clear message to police - Every three days another one dies! With no crime scene and no evidence pointing to an offender, the Louisiana Bureau of Investigation is brought in and teamed up with the newly-formed Major Crimes Division, and the search becomes a manhunt to catch The Campus

Killer before he claims another young victim. But the L.B.I. wastes no time zeroing in on the killer and he's not your average psychopath. Once again, Detective Oliver Rousseau must turn to the one person who can help solve the crime - his wife, Marin. Townley writes page-turning suspense...A roller-coaster plot and savvy dialogue and when you least expect it, she throws an explosive curve-ball. Unsuspecting doesn't disappoint.
