"The first definitive biography of the iconic, notoriously private British fashion designer Alexander McQueen explores the connections between his dark work and even darker life. When forty-year-old Alexander McQueen committed suicide in February 2010, a shocked world mourned the loss. McQueen had risen from humble beginnings as the son of an East London taxi driver to scale the heights of fame, fortune, and glamour. He designed clothes for the world's most beautiful women and royalty, most famously the Duchess of Cambridge, who wore a McQueen

dress on her wedding day. He created a multimillion-dollar luxury brand that became a favorite with celebrities including Kate Moss and Naomi Campbell. But behind the confident facade and bad-boy image, lay a sensitive soul who struggled to survive in the ruthless world of fashion. As the pressures of work intensified, McQueen became increasingly dependent on the drugs that contributed to his tragic end. Meanwhile, in his private life, his failure to find lasting love in a string of boyfriends only added to his despair. And then there were the dark secrets that haunted his sleep... A modern-day fairy tale infused with the darkness of a Greek tragedy, Alexander McQueen tells the complete sensational story, and includes never-before-seen photos. Those closest to the designer--his family, friends, and lovers--have spoken for the first time about the man they knew, a fragmented individual, a lost boy who battled to gain entry into a world that ultimately destroyed him. "There's blood beneath every layer of skin," McQueen once said. Andrew Wilson's biography, filled with groundbreaking material, dispels myths, corrects inaccuracies, and offers new insights into McQueen's private life and the source of his creative genius"-- An exceptionally illustrated fiction for millions of Blizzard fans, Diablo III: Book of Cain is the source book for Blizzard Entertainment's Diablo franchise and forthcoming Diablo III game. "The book is a form of meditation, written with headlong urgency, about seeing. . . . There is an ambition about her book that I like. . . . It is the ambition to feel." — Eudora Welty, New York Times Book Review

Pilgrim at Tinker Creek is the story of a dramatic year in Virginia's Roanoke Valley, where Annie Dillard set out to chronicle incidents of "beauty tangled in a rapture with violence." Dillard's personal narrative highlights one year's exploration on foot in the Virginia region through which Tinker Creek runs. In the summer, she stalks muskrats in the creek and contemplates wave mechanics; in the fall, she watches a monarch butterfly migration and dreams of Arctic caribou. She tries to con a coot; she collects pond water and examines it under a microscope. She unties a snake skin, witnesses a flood, and plays King of the Meadow with a field of grasshoppers. The result is an exhilarating tale of nature and its seasons. This newbie's guide to Ubuntu lets readers learn by doing. This sapphic period piece will dazzle anyone looking for mystery, intrigue, romance, magic, or all of the above. An exiled augur who sold her soul to save her brother's life is offered one last job before serving an eternity in hell. When she turns it down, her client sweetens the pot by offering up the one payment she can't resist—the chance to have a future where she grows old with the woman she loves. To succeed, she is given three days to track down the White City Vampire, Chicago's most notorious serial killer. If she fails, only hell and heartbreak await. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Trisha Grove enjoyed her job as a pilot for Boswell International but realizes something is still missing from

her life and her family. She is ready to call it quits and head back home to Wyoming where her father lives. She never expected her last flight for Boswell would end with an unplanned trip out of this world. Trisha isn't sure at first what is real and what isn't; all she knows is she is determined to get back to her dad no matter what it takes. Kelan Reykill is the fourth son in the royal line of Valdier. Commander of the *V'ager*, one of the largest Valdier warships, he prides himself on his strict self-discipline, his ability to remain in command in any situation, and his skill at handling any challenge. That is, until he meets a stubborn human female from the primitive planet his older brother sought refuge on. Now, all he can think about is how to get the female into his bed and under his control while staying in one piece. When she is taken from him, Kelan will track Trisha to the ends of the universe and further because he knows one thing—she is his true mate and he will do anything; kill anyone, who tries to harm her. Tarmon Gai'don, the Last Battle, looms. And mankind is not ready. The final volume of the Wheel of Time, *A Memory of Light*, was partially written by Robert Jordan before his untimely passing in 2007. Brandon Sanderson, New York Times bestselling author of the *Mistborn* books, was chosen by Jordan's editor—his wife, Harriet McDougal—to complete the final book. The scope and size of the volume was such that it could not be contained in a single book, and so Tor proudly presents *The Gathering Storm* as the first of three novels that will make up *A Memory of Light*. This short sequence will complete the struggle against the Shadow, bringing to a close a journey begun almost twenty years ago and marking the conclusion of the Wheel of Time, the preeminent fantasy epic of our era. In this epic novel, Robert Jordan's international bestselling series begins its dramatic conclusion. Rand al'Thor, the Dragon Reborn, struggles to unite a fractured network of kingdoms and alliances in preparation for the Last Battle. As he attempts to halt the Seanchan encroachment northward—wishing he could form at least a temporary truce with the invaders—his allies watch in terror the shadow that seems to be growing within the heart of the Dragon Reborn himself. Egwene al'Vere, the Amyrlin Seat of the rebel Aes Sedai, is a captive of the White Tower and subject to the

whims of their tyrannical leader. As days tick toward the Seanchan attack she knows is imminent, Egwene works to hold together the disparate factions of Aes Sedai while providing leadership in the face of increasing uncertainty and despair. Her fight will prove the mettle of the Aes Sedai, and her conflict will decide the future of the White Tower—and possibly the world itself. The Wheel of Time turns, and Ages come and pass. What was, what will be, and what is, may yet fall under the Shadow. At the publisher's request, this title is being sold without Digital Rights Management software (DRM) applied. Theological education has always been about formation: first of people, then of communities, then of the world. If we continue to promote whiteness and its related ideas of masculinity and individualism in our

educational work, it will remain diseased and thwart our efforts to heal the church and the world. But if theological education aims to form people who can gather others together through border-crossing pluralism and God-drenched communion, we can begin to cultivate the radical belonging that is at the heart of God's transformative work. In this inaugural volume of the Theological Education between the Times series, Willie James Jennings shares the insights gained from his extensive experience in theological education, most notably as the dean of a major university's divinity school—where he remains one of the only African Americans to have ever served in that role. He reflects on the distortions hidden in plain sight within the world of education but holds onto abundant hope for what theological education can be and how it can position itself at the front of a massive cultural shift away from white, Western cultural hegemony. This must happen through the formation of what Jennings calls erotic souls within ourselves—erotic in the sense that denotes the power and energy of authentic connection with God and our fellow human beings. After Whiteness is for anyone who has ever questioned why theological education still matters. It is a call for Christian intellectuals to exchange isolation for intimacy and embrace their place in the crowd—just like the crowd that followed Jesus and experienced his miracles. It is part memoir, part decolonial analysis, and part poetry—a multimodal discourse that deliberately transgresses boundaries, as Jennings hopes theological education will do, too. This title is one in a series presenting four masterpieces by four immortal nineteenth-century French painters. Each miniature book faithfully reproduces its title painting on the front cover, and is packaged in a handsome slipcase that doubles as a picture frame. The frame can stand up on a desk or tabletop or be hung on the wall to display the book cover's striking painting. Each book's interior discusses its title painting, describing the artist's approach to his work, analyzing the picture's fine points, and showing close-up details from the painting. A final two-page spread presents a timeline capsule biography that lists significant events in the painter's life. Van Gogh--Starry Night shows and discusses Vincent Van Gogh's masterpiece, which is a mystically glowing nighttime

landscape, and ranks today as one of the artist's most popular and beloved paintings. Windows 8 has been described by Microsoft as its 'boldest' Windows release ever. A passionate call for Christian women to effectively "wield the sword" of their God-given feminine strength against any evil that threatens them and those they love. What if you discovered you have been entrusted with an invisible, invincible, and incorruptible weapon? Would you use it? In a day of worldwide trafficking, gendercide, discrimination, and other hostility against women, Lisa Bevere points to a biblical foundation to present a model of feminine strength that will empower women to live confidently. Drawing on the many references to swords throughout Scripture, the author constructs a revealing and compelling female paradigm that will impact every area of a woman's self identity, spiritual awareness, relationships, and life vision and mission. Long known for her passionate and articulate expression of biblical womanhood, Bevere presents fresh imagery--as enticing and strong as polished steel--to prepare women boldly for the challenges they face in today's world. It's not enough to just be wise and strong: Now a woman must know how to wield her sword. Creatively forging the imagery of swords, the Word of God, and the Cross, *Girls with Swords* will teach you: • How to speak the language of heaven on earth • What it means to intercede • What it means to carry your cross • What it means to be discerning • How to disarm the enemy • Why women are the enemy's target—and why God needs them to be heroes It's time to take up your sword and be a hero. Is this it? Why does life seem so unfair? It's easy to see others living our dreams. It's easy to feel held back, misunderstood and invisible, but there comes a time in our lives when we just can't take it anymore. This is when we need answers and the confirmation that who we think we are can change. After a lifetime of comparing with others it takes courage to step out from behind the rock and change. When everyone around you appears to shine while you feel hidden and misunderstood, there comes a time to say goodbye to the story of 'I'm not good enough'. 'When Everyone Shines But You' is a new non-fiction book by passionate writer and blogger Kelly Martin. Kelly had lived the last thirty years not feeling good enough, feeling like a failure, and watching as people her own age

and even younger 'appeared' to be passing her by in terms of confidence, career, relationships and prosperity. As she neared 40, something began to stir inside, an unresolved sense of 'Is this it?' and so a huge quest began, to find answers and this book was part of that quest. 'When Everyone Shines But You' takes the reader on a journey. In each chapter the author sheds light on topics from rage and jealousy to money and loneliness and so much more. This is not a 'positive thinking' book. Kelly is a passionate advocate of the present moment. She discourages any ideas of creating your own reality or the law of attraction. Instead she brings the reader back to the present moment, in which permission is given to be completely human. Unlike most self-help books, in which you are seen to be broken and need fixing, here you are given permission to be who you are, as you are, warts and all, negative as well as positive. In fact, the author demonstrates that far from trying to get rid of negative thoughts, feelings and emotions, they must be accepted and understood as a natural part of who we are; that they must be embraced and given care and attention, and in so doing, they will allow us to experience who we really are, beneath the conditioning imposed on us since early childhood, by parents, teachers and all the authority figures in our lives. We can't force change, but we can allow change to take place naturally. There is no need to put on a happy face when feeling sad, or a peaceful demeanour when feeling angry. This is change that comes from within and is a journey where mindful living embraces 'what is' instead of trying to fix what we think is broken. No more trying to fix you. No more saying affirmations when you are not feeling them. No more trying to create your reality.

- \* Discover why positive thinking does not work.
- \* Explore your relationship with feelings such as rage, envy and sadness.
- \* See how mindful living can consistently bring relief.
- \* Recognise the gift in using frustration as a motivation to step forward.
- \* Give up the 'fast food' approach to personal growth and grow more naturally.
- \* Learn how to experience alone time as sacred instead of painful.
- \* Understand how trying to control your world has been re-enforcing your story.

The author explains that there is a natural flow to life, and that by allowing this flow we can achieve far more than by trying to control and manipulate. It is

time for awakening to who you really are - not who you think you need to be. Into a world of wild pleasures and deadly secrets comes a girl whose innocence may be her greatest strength . . . Retra doesn't want to go to Ixion, the island of ever-night. Retra is a Seal - sealed minds, sealed community. She doesn't crave parties and pleasure like all the others. But her brother left for Ixion two years ago, and Retra is determined to find him. Braving the pain of her obedience strip to escape the only home she's ever known, Retra finds herself drawn deeper into the intoxicating world of Ixion. Come to me, whispers a voice in her head. Who are the Ripers, the mysterious guardians of Ixion? What are the Night Creatures Retra can see in the shadows? And what happens to those who grow too old for Ixion? Retra will find that Ixion has its pleasures - but its secrets are deadly. In this book, Otake presents 20 principles for opening play. In a war amongst vampires and fairies, a small advantage can mean the difference between victory and defeat. And a psychic who can peer across the globe, unspool the past, and probe the future is more than a small advantage. Everyone wants to use her for his own ends: the ancient king, the black sheep, the dutiful son, the lost boy. But November Snow wants things, too, before death comes for her. She wants purpose. She wants friendship. She wants love. She wants happiness. She wants respect. And she will not settle for less. Pulled into the midst of a royal family feud centuries in the making, she must forge her own path through violence, betrayal, first loves, and mortal peril as she struggles to come to terms with her gift and her destiny, even as she knows this for certain: She dies at the end. This book contains magic and supernatural creatures aplenty, a smattering of heretical Christianity, and a cast of characters that is diverse in both race and sexual orientation. It also contains scenes of

violence and some sexual content and may be triggering to victims of child abuse, human trafficking, or sexual assault. Wallpaper 'A fascinating selection of innovative homes....this is a thoughtful journey through the evolution of domestic architecture.' Sunday Express Over the last century the way that we live at home has changed dramatically. Nothing short of a design

revolution has transformed our houses and the spaces within them - moving from traditional patterns of living all the way through to an era of more fluid, open-plan and modern styles. Whether we live in a new home or a period house, our spaces will have been shaped one way or another by the pioneering Modernists and Mid-century architects and designers who argued for a fresh way of life. Architectural and design writer Dominic Bradbury charts the course of this voyage all the way from the late 19th century through to the houses of today in this ground-breaking book. Over nineteen thematic chapters, he explains the way our houses have been reinvented, while taking in - along the way - the giants of Art Deco, influential Modernists including Le Corbusier and Frank Lloyd Wright, as well as post-war innovators such as Eero Saarinen and Philip Johnson. Taking us from the 20th to the 21st century, Bradbury explores the progress of 'modernity' itself and reveals the secret history of our very own homes.
