Elvish Nov 21 2020
It's against the law for elves and humans to fall in love. But laws can be broken. When Venick is caught wandering the elflands, he knows the penalty is death. Desperate, he lies about his identity in hopes the elves will spare his life. Ellina doesn't trust the human, and not merely because he speaks the language of men. Men lie. In elvish, however, lying is impossible. In a

moment of intuition, Ellina decides to give Venick a chance: learn elvish, reveal his truths, and she will set him free. That is not, of course, what happens. As Ellina and Venick come to know each other, their feelings start to shift. Then Venick uncovers a dark secret, and suddenly the fate of the elflands seems to rest in his hands. But every choice comes with consequences, and Venick must decide if it's worth risking his life to protect a race that hates him, all to save an elf he's not allowed to love.

The Book of Tibetan Elders Jun 21 2023 "A historically isolated people, the

Tibetans have now indeed come to the land of the red man, and nearly every other country on earth. When the Chinese invaded the country in 1959 and proceeded to destroy the ancient-wisdom culture as well as nearly a sixth of the population, hundreds of thousands of Tibetans fled to India and parts west. In the 1980s, the prophecy was fulfilled, and the Dalai Lama, exiled leader of Tibet, met with Hopi and other American Indian elders in an effort to reunite the brothers." "Tibet's spiritual elders are dying off, and it is with them that so many of the secrets of survival lie. They are the ones who

can find by touching someone's wrist what our medicine cannot detect; they saw the empty spaces of the atom before science considered the concept of subatomic particles; they know how to realign even severe emotional imbalances without drugs or therapy; they know what plants heal us (they have catalogued more than two thousand) and how to save them from destruction; they predicted the demise of their own country at the hands of the Chinese; they saw the coming of AIDS almost ten centuries ago. These people are dying off, and with them, the wisdom we need to make it

through the next century and beyond." "After the Chinese occupation of their country, many Tibetan elders were killed in reeducation camps. Many survived, however, to escape what has now become a brutally oppressive environment. Sandy Johnson traveled around the world gathering the life stories and teachings of Tibetan doctors, the state oracle, the previous Dalai Lama's tailor, the great women masters - the entire range of the culture. An astrologer offers to produce Sandy's chart, including the date of her death; a stone carver shows her the rocks with prayers painted on

them that he places in the river at the end of every day so that the water may carry blessings to everything it touches; Johnson meets a woman of indeterminate age who lives her life in a cave praying that people might be less distracted by material things and learn to care for each other again. At the same time, Johnson herself is on a spiritual quest, and interwoven with the stories of the elders comes her own physical healing as well as a long-awaited reconciliation with her family. The book is filled with predictions made by the Tibetan elders about the course of Johnson's life - most of which have already come

true."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved **Wisdom of the Elders** Nov 14 2022 An in-depth, meticulously documented exploration of the ecological wisdom of Native Peoples from around the world Arranged thematically, **Wisdom of the Elders** contains sacred stories and traditions on the interrelationships between humans and the environment as well as perspectives from modern science, which more often than not validate the sacred, ancient **Wisdom of the Elders**. Native peoples and

environments discussed range from the Inuit Arctic and the Native Americans of the Northwest coast, the Sioux of the Plains, and the Pueblo, Hopi, and Navajo of the Southwest to the Australian Outback, to the rich, fecund tropics of Africa, Malaysia, and the Amazon. "Our technological civilization is speeding toward a violent collision with nature, and we are threatening the ability of the Earth—our home—to support life as we know it. Elders and Leaders
Mar 06 2022
Strong leadership in the church is exactly what God had in mind. However, very few people, Gene Getz believes, understand the biblical pattern for church leadership. He has written Elders and Leaders to unravel the mystery and alleviate the confusion surrounding this critical topic. In the first part of the book, Getz lays the historical and biblical groundwork for the position of elder. In the second part, he shares how

he has applied or has seen these principles applied over the years.
Elder Race Dec 03 2021 "A Ursula Le Guin-like grace... Ten out of 10."
—New York Times
In Adrian Tchaikovsky's Elder Race, a junior anthropologist on a distant planet must help the locals he has sworn to study to save a planet from an unbeatable foe. Lynesse is the lowly Fourth Daughter of the queen, and always getting in the way. But a demon is terrorizing the land, and now she's an adult (albeit barely) with responsibilities (she tells herself). Although she still gets in the way, she understands that the only way to save her people is

to invoke the pact between her family and the Elder sorcerer who has inhabited the local tower for as long as her people have lived here (though none in living memory has approached it). But Elder Nyr isn't a sorcerer, and he is forbidden to help, and his knowledge of science tells him the threat cannot possibly be a demon... Spiritual Elders

Sep 12 2022

Spiritual elders (starts) are a quintessential part

of Russian Orthodox spirituality, yet scholars have given relatively little focus to them. Elders whose authority came not from their position within institutional church but from their reputation for personal holiness were mediating agents between official and popular Orthodoxy. Acting as teachers, spiritual directors, counselors, and prophets, elders represented a particular form of ministry within the Church. The informal source of elders authority meant that their position was often in conflict with the bureaucratized Synod. In her highly readable book, Paert looks at both

Imperial and Soviet Russia and examines the social and cultural contexts in which startsy operated, demonstrating how eldership was appropriated by both elites and lower classes. A significant contribution to the debate about the role of the Russian Orthodox Church in modernizing Russian society, Paert's study shows that elders represented both the weaknesses and the strengths of Russian Orthodoxy's response to the challenges of modernity. *Spiritual Elders* promises to stimulate further discussion on the problems of spiritual authority, popular belief, the impact of a

religious identity on a national one, and the interactions between church and society in the modern world. Historians of Russia and scholars of Eastern Orthodoxy, as well as general readers of religious history, will find this book of great interest.

[The Plot](#) Aug 19 2020 Presented in graphic-novel format, an examination of the 1905 plot fabricated by anti-Semitic secret police that was used to accuse Jewish leaders of wanting to take over the world discusses the contributions of such individuals as Tsar Nicholas II, Henry Ford, and Adolph Hitler, tracing how

Protocols became an internationally accepted truth and tragically succeeded far beyond propagandistic ambitions. 50,000 first printing.

Shepherd's Warning Dec 15 2022 Shepherd's Warning is an immensely engrossing horror/paranormal novel with contemporary issues and deep historical background. The paranormal elements are inventive, focusing on one ancestral lineage. Additionally the author weaves in a congruent plot line in one Kenric Shepherd, University

professor and sorcerer.

[Of Sea and Shadow](#)

For Calder Marten, Captain of The Testament, the Emperor's death is not an end, but an opportunity. He and his crew seek the legendary Heart of Nakothi, an artifact that could raise a second Emperor...and earn Calder a fortune. But they're not the only ones who want the Heart. The Consultant's Guild, an ancient order of spies and assassins, will stop at nothing

to keep the world in chaos. They seek to destroy the Heart, and prevent the world from uniting under a single Emperor ever again. On the seas, a man works to restore the dying Empire. In the shadows, a woman seeks to destroy it. Will you explore the seas here with Calder? Or will you walk the shadows with Shera, in the parallel novel "Of Shadow and Sea"?

Elder Nektary of Optina Nov 02 2021 Optina Monastery began its revival in the early 1800's and was a thriving center of spirituality until 1923, when the Communists forcibly closed it. Elder Nektary was the last elder to live at Optina and he

was arrested and expelled. His entire life is told here with emphasis on his development as an elder, and contains sections on his spiritual counsels through letters and anecdotes of his life.

The Elders Jun 16 2020 Isla continues her search for her missing brother with Haiki, a friendly fox who helps her navigate the treacherous Wildlands, and together they seek out the Elders, from whom they hope to learn ancient art of foxcraft.

Elder Macarius of Optina Mar 26 2021 Elder Macarius of Optina is a translation of the largest compilation of materials on this elder of 19th

century Russian spirituality. A disciple of elder Leonid (Volume I of the Optina Elders Series), Elder Macarius stands out as the perpetuator of the blessed tradition of holy eldership, which flourished so widely in pre-Revolutionary Russia. he was an embodiment of ancient Patristic wisdom; meek, gentle, loving and noble, he had the power of humility that strengthens the infirm, chastens the proud-minded, and exorcises evil spirits.

Elder Care Journey Sep 19 2020 Combining expert knowledge and first-hand experience, a noted elder care researcher

confronts the long-distance care of her own mother. For millions of Americans caregiving is the "new normal." For Laura Katz Olson, a respected researcher of long-term care for the aging, Elder Care Journey chronicles the disruption of her world and how it is upended by the ever-increasing long-distance needs of her own mother. A healthy, Senior Olympics medal winner, Olson's mother is slowly and steadily incapacitated by Parkinson's disease and a gradual loss of vision. Thrust into a long-distance caregiving role, Olson finds her previous academic notions about assisting a frail

parent increasingly at odds with the reality of the lived experience. In a narrative full of "ah-ha!" moments, tears, sighs, and outrage that will be familiar to many, Olson opens a window into the nursing home and home care industries that consume much in the way of taxpayer dollars, but often fail to deliver quality care. Olson's personal story vividly demonstrates not only the overwhelming bureaucratic barriers faced by care-dependent seniors but also their beleaguered adult children's attempts to ensure their parents' health, safety, and well-being. "After

losing two siblings, Laura Katz Olson is left singularly responsible for her physically active and lively mother, Dorothy, a thousand miles away, both young at heart and eagerly bicycling everywhere, but increasingly limited by the normal process of aging. Being an expert on aging and health care, Olson is at first confident as she tries to let her mother "age in place." More than anyone, she believes, she should know what to do. Shuttling between Florida and Pennsylvania, Olson settles into a crushing routine, and with each visit she finds incremental downward change

in her mother's health. Pulled by daughterly guilt at times, but also a wellspring of love, Olson is frank about the resentment she sometimes experiences. "With a unique perspective that links the systemic flaws in our policy approach to elder care to real-world experience, Olson exposes the challenges we all face or are likely to face. More than a personal story, but nevertheless an extremely compelling one, the book should be read by those confounded and frustrated, and by those without direct knowledge of what quietly repeats itself millions of times a day." — Miriam Laugesen,

Department of Health Policy and Management, Columbia University. In *Elder Care Journey*, Laura Olson tells the riveting story of helping her aging, disabled mother navigate the system of long-term services and supports. A renowned scholar of aging and long-term care policy, Dr. Olson was nevertheless unprepared for the daily frustrations involved in confronting a bewildering array of obstacles, deceptions, burdensome and repetitive procedures and paperwork, and catch-22s, ranging from the annoying to the downright dangerous. She

shows how well-intentioned policies can fall far short of meeting people's needs, especially for those in greatest need, in a system based on fragmented interests and private-sector profit maximization. Combining scholarly expertise with personal experience, she ends the book with a detailed but highly accessible analysis of the long-term care system and how it could be improved to the benefit of both taxpayers and beneficiaries. This book is a compelling read for policymakers and for students and scholars of health care and social welfare policy, highly

recommended for undergraduate and graduate courses. The author's experiences also provide helpful advice to caregivers on what to expect and how to deal with it, as well as reassurance that they are not alone. □ Christine L. Day, University of New Orleans □ If a society is judged by how well it treats its most vulnerable members, Laura Katz Olson, a prominent health policy scholar, demonstrates that we have a long way to go in how we serve frail and disabled elders in need of long-term services and supports at the end of their lives. Olson develops a compelling narrative that

describes the subtle and not-so-subtle indignities imposed on elders and their caregivers navigating the complex maze of health and social service systems at their hour of greatest need. Even an expert such as Olson struggled in light of the challenges posed by these impediments. [By connecting her own personal journey to the larger societal challenges within which her struggles are embedded, Olson makes a significant contribution to the literature that should be required reading for scholars, practitioners, and policymakers looking to advance the welfare of the

nation's most vulnerable citizens. [Edward Alan Miller, author of Block Granting Medicaid: A Model for 21st Century Medicaid Reform? [This page-turner is at once a tender tale of a daughter's devotion and a stinging indictment of the hugely complex and wholly inadequate American long-term care system. That an elder-care expert can barely navigate the Byzantine web of public and private insurance and services for her disabled mother is alarming enough. Truly horrific are the system's shortcomings and the increasing role that for-profit providers play, fleecing and even

abusing their customers. A startling wake-up call. [Andrea Louise Campbell, author of Trapped in America's Safety Net: One Family's Struggle [The Council of Elders](#) May 20 2023 The Shadow Queen begins her attack. Can the Council learn their purpose in time?The four members of the Council begin to work together as they search for the fifth. Finding that person might be the only way to stop the Shadow Queen. They'll need all the help they can get, but the remaining Elders have disappeared, leaving only those they've chosen to replace them.As the Shadow Queen's nearly unstoppable

attackers begin to move, the four new members of the Council are all that stand between her gaining the power she's sought for centuries. Each of them has a role to play, but the game is not what they have thought. Anticipating what she might do requires finding one who knows her mind, but that way opens each to her machinations. Enemies must put aside differences. Beliefs are shattered. And sacrifices must be made. The thrilling conclusion to the Elder Stones Saga! **Elders** Jun 09 2022 Poetry. LGBT Studies. And while digital skills might have only the shelf life of the latest fad or gadget, the human skills that mid-career workers possess--like good judgment, specialized knowledge, and the ability to collaborate and coach - never expire. Part manifesto and part playbook, Wisdom@Work ignites an urgent conversation about ageism in the workplace, calling on us to treat age as we would other type of diversity. In the process, Conley liberates the term "elder" from the

stigma of "elderly," and inspires us to embrace wisdom as a path to growing whole, not old. Whether you've been forced to make a mid-career change, are choosing to work past retirement age, or are struggling to keep up with the millennials rising up the ranks, Wisdom@Work will help you write your next chapter.

important. Nowhere is this more true than in the church. Giving practical guidance to new elders and helping church members better understand and support their spiritual leaders, this conversational book emphasizes purposeful ministry rather than project management. Feb 22 2021 Like

many Native

Americans, Ojibwe

age, but this

respect does not

come easily or

naturally. It is the

fruit of hard work,

rooted in narrative

ritualized practices

of decorum that are

comparable in

sophistication to

those of

Confucianism. Even

as the dispossession

and policies of

assimilation have

threatened Ojibwe

peoplehood and

have targeted the

traditions and the

elders who embody

it, Ojibwe and other

Anishinaabe

communities have

been resolute and

resourceful in their

disciplined respect

for elders. Indeed,

the challenges of

colonization have

served to

accentuate

eldership in new

ways. Using

archival and

ethnographic

research, Michael

D. McNally follows

the making of

Ojibwe eldership,

showing that

deference to older

women and men is

part of a fuller

moral, aesthetic,

and cosmological

vision connected to

the ongoing circle

of life a tradition of

authority that has

been crucial to

surviving

colonization.

McNally argues

that the tradition of

authority and the

authority of

tradition frame a

decidedly

indigenous

dialectic, eluding

analytic

frameworks of

invented tradition

and naïve

continuity.

Demonstrating the rich possibilities of treating age as a category of analysis, McNally provocatively asserts that the elder belongs alongside the priest, prophet, sage, and other key figures in the study of religion.

The Book of the Elders Jul 22 2023

In the early part of the fourth century, a few Christians, mostly men and some women, began to withdraw from "the world" to retreat into the desert, there to practice their new religion more seriously. The person who aspired to "renounce the world" first had to find an "elder," a person who would accept him as a disciple and

apprentice. To his elder (whom he would address as abba—father) the neophyte owed complete obedience; from his abba, he would receive provisions (as it were) for the road to virtue. In addition to the abba's own example of living, there was the verbal teaching of the elders in sayings and tales, setting out the theory and practice of the eremitic life. In due course, these sayings (or apophthegmata) were written down and, later, collected and codified. The earliest attempts to codify tales and sayings are now lost. As the collection grew, they were first organized alphabetically,

according to the name of the abba who spoke them, in a major collection known as the Apophthegmata Patrum Alphabetica. A supplementary collection, the Anonymous Apophthegmata, followed. Later, both collections were combined and arranged systematically rather than alphabetically. This collection was created sometime between 500 and 575 and later went through a couple of major revisions, the second of which appeared sometime before 970. This second revision was published in an excellent new critical edition, with a French translation, in 1993.

Now, in The Book of the Elders, John Wortley offers an English translation of this collection, based entirely on the Greek of that text.
