A history in the AUTHENTIC RESTORATION GUIDE series which examines Harley-Davidson motorcycles built for military use between 1932 and 1957. Details which finishes, parts and accessories are necessary to restore models to their original condition and includes technical manual information. From four-speed Evos to five-speed Buells, this book is the Bible for Sportster performance. Whether your intent is to improve the existing factory parts or install something from the aftermarket, author Kip Woodring explains not just which parts to buy, Harley-Davidson owners have a tradition of personalizing and customizing their bikes that is as long-established as The Motor Company itself. Author Marc Cook guides you through this journey to personalize your bike and really make it yours. He provides the answers to questions about how these custom accessories are made, how to know if a part is high-quality, and how best to start accessorizing your Harley. From custom painting to seat selection, mild engine hop-ups to wheels and brakes, Accessories for Harley-Davidson Motorcycles takes you through the steps of shopping for, choosing, and installing accessories, demystifying the process along the way. It's the road map to successfully making your Harley a standout in any crowd. With more than 200 studio photos of mementos, detailed captions, and text, "Harley-Davidson Collectibles" provides an entertaining account of the motorcycle and a stunning look at the vast array of valuable and rare Harley-Davidson memorabilia, including sales literature, pins, clothing, posters, miniatures, tools, parts, and more. This elegantly written and lavishly illustrated book presents a series of portraits of Harley enthusiasts and their often obsessive attachment to this iconic motorcycle. From the President of Harley-Davidson USA to a backstreet mechanic, it will portray men and women in Britain and throughout the world who restore old Harleys, collect them, customise them, race them, tour on them, and even lead outlaw lives with Harleys as their transport. Includes: The original Hell's Angel, a millionaire collector and restorer, an official historian, top female drag racer, Europe's longest-established Harley dealer, a police Harley rider, the Blue Knights Club exclusive to ex-members of the emergency forces, and the Vietnam Veterans Club, the Masonic lodge with a Harley-mounted division of display riders, a Scottish independent biker committed to purist choppers, and UK and US celebrity owners. For anyone planning to get a little--or a lot--more power from their Twin Cam, this book presents combinations of parts that work together to provide the maximum power for the least amount of money. Harley-Davidson Knucklehead and Panhead motorcycles are among the most collectable American motorcycles. How to Restore Your Harley-Davidson is a complete guide to correctly restoring these models to factory-original specification. Author and Harley-Davidson expert Bruce Palmer has packed 640 pages with more than 600 photographs, detailed descriptions, specification charts, and tables covering: VIN, motor, and frame numbers Frame, chassis, and bodywork restoration Motor, transmission, and clutch restoration Paint color codes and plating finish for every nut and bolt Electrical ignition and lighting components Period-correct accessories and options How to Restore Your Harley-Davidson is the essential reference for restoring these classic machines, an encyclopedia telling you which parts are correct and which are not. The Harley-Davidson Source Book is the ultimate curated survey of the ultimate motorcycle. It details the most significant designs and models throughout the Motor Company's history.
