Project Mustang Oct 10 2022 Project Mustang is a complete guide to restoring America's favorite muscle car, written by auto-restoration guru Larry Lyles, a regular contributor to *Auto Restorer* magazine. In this detailed 23-chapter volume, Lyles walks the car owner from the in-depth

inspection of the vehicle and the beginning of the teardown to re-covering the seats and replacing the frame rail; and every step in between. The car restored for the project in the book is a 1968 California Special Mustang. The chapter titles themselves speak for what a straightforward DIY manual Lyles has written, as he details the step-by-step procedure of bringing a very cool rod back to life. Beginning the teardown, exterior and interior; repairing the sheet metal, door, and deck up; removing the major parts (driveshaft, engine, transmission, front suspension, steering system, etc.); removing old paint and replacing rust floors; no-weld rust repair; perfecting the metal; working with plastic body filler; priming and sanding; refinishing the components and underside, the door, interior, trunk, and body; wiring the car and installing the doors; applying the coatings, rebuilding the suspension, and installing the brake lines; installing the vinyl top cover, the headliner, and the glass; rebuilding and installing the engine; installing the front sheet metal, emblems, bumpers, stripes, carpet, and console; re-covering the seats; and replacing the frame rails. Each step in every chapter is photographed as the author progresses along, with captions to spell out exactly what has to happen. The book offers helpful advice about choice of tools and tips to make even beginners feel confident about tackling the many steps involved. With nearly forty years experience in repairing, rebuilding, and restoring classic cars (and lots of non-classic ones!), Lyles emphasizes the reader's need to organize his or her project by determining the course of the project, researching suppliers, making lists of parts and their conditions, creating spreadsheets of estimated and actual costs, and photographing each component as a reference for later in case the restoration goes off track. Each chapter ends with a "notes" page for the reader to record his or her progress, making this manual a practical workbook as well. When the reader gets to the final pages of the book and reads the sections "Start the Engine" and "Test Drive the Car," there will be a true sense of accomplishment. An appendix of part suppliers and an index complete the book.

Ken Miles: The Shelby American Years May 25 2021 Ken Miles is one of the most famous sports car racers in history, and his time at Shelby American was the pinnacle of his career. Ride shotgun with Ken Miles through the twists and turns of Sebring, Laguna Seca, Riverside, and Le Mans as seen through the lens of Shelby American photographer Dave Friedman! The hiring of Ken Miles by Carroll Shelby in February 1963 initiated arguably the greatest pairing of driver/owner partnerships in the history of motorsports. Not only did Shelby hire Competition Manager Ken Miles as an accomplished road racer but also Miles brought professionalism, innovation, and a keen attribute of being able to surround himself with budding, talented individuals. The list of race cars that Ken piloted at Shelby American is nearly unrivaled: the Shelby 289 Cobra, 390 Cobra, 427 Cobra, King Cobra, Shelby Daytona, Mustang GT350R, and Ford GT. Ken dominated the 1964 United States Road Racing Championship (USRRC) racing season by winning 8 of 10 races to secure the Manufacturers' Championship. However, it was at Le Mans where Ken Miles became a worldwide household name. The robbery that was the 1966 24 Hours of Le Mans is laid out in excruciatingly accurate detail as Ford royalty Carroll Shelby, Carroll Smith, Homer Perry, Leo Beebe, Charlie Agapiou, Bob Negstad, Carroll Smith, and Peter Miles recall the race and the

tragedy that followed two months later. Recapture Ken Miles's career as told by esteemed Shelby American photographer Dave Friedman in this firsthand account titled Ken Miles: The Shelby American Years!
