The Dictionary of Economics and Commerce English/French/Arabic Feb 05 2022
The Penguin Dictionary of Economics Jun 21 2023 The Penguin Dictionary of Economics explains a host of economic terms, from acceleration principle to venture capital, Euro to X-efficiency, globalisation to zero-sum game. The eighth edition has been fully revised and updated to include those terms that have become so familiar since the global recession begun ('quantitative easing' and 'sub-prime' among them), but whose meanings escape most of us. Wide-ranging and accessible, this detailed practical and international guide will be indispensable for students of economics and professionals (in business, finance or the public sector), and for anyone wishing to follow economic discussions in the media today.

Concise Dictionary of Economics Sep 12 2022 The idea for this dictionary on economic terms originated with the reference books that we have been bringing out. The leading concern was for average students and inquisitive readers who needed to be helped into grasping the meaning of the terms used in books on economics. The dictionary covers almost all the terms that form a part and parcel of economics in simple and easily comprehensible language. In order to enhance the readers' knowledge and bring about more relevance, many examples and graphs have been used along with the definitions of the terms. The dictionary has been arranged alphabetically A-Z, including new terms that have come into regular use. A number of entries contain cross reference except where the word or phrase is self contained and complete in itself. To simplify understanding, graphs accompany the entry wherever considered necessary. 'Brief Biographies' of distinguished economists have also been included. Those mentioned have made important contribution to a particular growth model. The edition also contains popular acronyms. Significant data about economic performance of major sectors of economy and bibliographic references by way of appendices have been included; a list showing the Nobel Prize winners in economics from 1969 to 2012 along with their contribution finds place in the appendices section.

A Dictionary of Economics Aug 23 2023 "Visit www.oup.com/uk/reference/resources/economics to find recommended web links for many entries"--P. 4 of cover.

Everyman's Dictionary of Economics Jun 09 2022 "Everyman's Dictionary of Economics provides over nineteen hundred concise desk encyclopedia-style articles on economic terms and concepts, as well as on significant people working in the field, in plain, nontechnical English. The articles challenge readers' acceptance of the conventional wisdom on such subjects as government intervention in economic matters."--BOOK JACKET.

The New Palgrave Dictionary of Economics and the Law Oct 21 2020 A great deal of economics is about law - the functioning of markets, property rights and their enforcement, financial obligations, and so forth - yet these legal aspects are almost never addressed in the academic study of economics. Conversely, the study and practice of law entails a significant understanding of economics, yet the drafting and administration of laws often ignore economic principle. The New Palgrave Dictionary of Economics and the Law is uniquely placed by the quality, breadth and depth of its coverage to address this need for building bridges. Drawn from the ranks of academics, professional lawyers, and economists in eight countries, the 340 contributors include world experts in their fields. Among them are Nobel laureates in economics and eminent legal scholars. First published in 1998 and now available in paperback for the first time, The New Palgrave Dictionary of Economics and the Law has established itself as a classic reference work in this important field.

people, decision, trends, and movements that have defined economics, to answer specific questions quickly and easily, and to demonstrate the nature of the interrelationships among the elements of economics in America

A Political and Economic Dictionary of the Middle East May 16 2020 This reference volume is the definitive guide to the economics and politics of the Middle East. It provides clear definitions detailing terms, concepts, names and organizations used in relation to current economic or political affairs in the Middle East. Entries define, explain and give further relevant information on countries, regions, ethnic groups, political parties, organizations, policies and disputes.

The Penguin Dictionary of Economics Jul 18 2020 Contains alphabetically arranged entries that provide definitions and descriptions of terms related to economics, and includes information about individual economists who have made significant contributions to contemporary economic thought.

Dictionary of Economics Jul 10 2022 Economics is a social science concerned with the production, distribution, and consumption of goods and services. It studies how individuals, businesses, governments, and nations make choices on allocating resources to satisfy their wants and needs, trying to determine how these groups should organise and coordinate efforts to achieve maximum output. Our daily lives are surrounded by economics, even if we do not always realise it. This book aims to cover the main aspects of economics which need to be learnt. The book will also be useful for the general reader who comes across these terms on the television, newspapers and magazines. The dictionary gives concise explanations of the terms used in daily life. Profiles of some economists and abbreviations used in the economies and currencies around the world are also given.

The New Palgrave Dictionary of Economics and the Law Dec 15 2022 A great deal of economics is about law - the functioning of markets, property rights and their enforcement, financial obligations, and so forth - yet these legal aspects are almost never addressed in the academic study of economics. Conversely, the study and practice of law entails a significant understanding of economics, yet the drafting and administration of laws often ignore economic principle. The New Palgrave Dictionary of Economics and the Law is uniquely placed by the quality, breadth and depth of its coverage to address this need for building bridges. Drawn from the ranks of academics, professional lawyers, and economists in eight countries, the 340 contributors include world experts in their fields. Among them are Nobel laureates in economics and eminent legal scholars. First published in 1998 and now available in paperback for the first time, The New Palgrave Dictionary of Economics and the Law has established itself as a classic reference work in this important field.

The Penguin Dictionary of Economics Mar 26 2021 Whether readers are students of economics or simply want to follow the economic discussions in the media today, this wide-ranging and accessible dictionary is the perfect source for explanations of a host of economic terms. With a world-wide focus that befits our truly global age, the seventh edition covers recent developments in economic theory and practice

and contains detailed information on economic terms and the history of economics, as well as biographies of influential economists. Addressing finance and game theory, international monetary and welfare economics, applied economics, and major financial institutions, this dictionary is truly a valuable asset for anyone interested in understanding the economic engine that makes our world turn.
