**The Lean Startup** Jul 28 2021 Most startups fail. But many of those failures are preventable. The Lean Startup is a new approach being adopted across the globe, changing the way companies are built and new products are launched. Eric Ries defines a startup as an organization dedicated to creating something new under conditions of extreme uncertainty. This is just as true for one person in a garage or a group of seasoned professionals in a Fortune 500 boardroom. What they have in common is a mission to penetrate that fog of uncertainty to discover a successful path to a sustainable business. The Lean Startup approach fosters companies that are both more capital efficient and that leverage human creativity more effectively. Inspired by lessons from lean manufacturing, it relies on “validated learning,” rapid scientific experimentation, as well as a number of counter-intuitive practices that shorten product development cycles, measure actual progress without resorting to vanity metrics, and learn what customers really want. It enables a company to shift directions with agility, altering plans inch by inch, minute by minute. Rather than wasting time creating elaborate business plans, The Lean Startup offers entrepreneurs—in companies of all sizes—a way to test their vision continuously, to adapt and adjust before it’s too late. Ries provides a scientific approach to creating and managing successful startups in a age when companies need to innovate more than ever.

**Brightly Burning** Nov 12 2022 “One of the most anticipated YA debuts of 2018, *Brightly Burning* is a gothic, romantic mystery with hints of *Jane Eyre*, *Marissa Meyer*, and *Kiera Cass*.” —Entertainment Weekly “*Brightly Burning* delivers a brooding gothic mystery and a swoony romance, all set in space. Donne’s atmospheric, twisty update of a cherished classic will keep you up late into the night!” —Elly Blake, NYT bestselling author of the *Frostblood* Saga *Stella Ainsley* leaves poverty behind when she quits her engineering job aboard the *Stalwart* to become a governess on a private ship. On the *Rochester*, there’s no water ration, more books than one person could devour in a lifetime, and an AI who seems more friend than robot. But no one warned *Stella* that the ship seems to be haunted, nor that it may be involved in a conspiracy that could topple the entire interstellar fleet. Surrounded by mysteries, *Stella* finds her equal in the brooding but kind nineteen-year-old Captain *Hugo*. When several attempts on his life spark more questions than answers, and the beautiful *Bianca Ingram* appears at *Hugo*’s request, his unpredictable behavior causes *Stella*’s suspicions to mount. Without knowing who to trust, *Stella* must decide whether to follow her head or her heart. *Alexa Donne*’s lush and enthralling reimagining of the classic *Jane Eyre*, set among the stars, will seduce and beguile you.

**Start with Why** Sep 29 2021 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

**Choose** Jan 02 2022 What type of business should you start? For the past 10 years, Inc. 500 CEO and #1 national best-selling author, Ryan Levesque--featured for his work in the Wall Street Journal, USA Today, Forbes, and Entrepreneur--has guided thousands of entrepreneurs through the journey of answering this question. One of the biggest reasons why so many new businesses fail is because in the quest to decide what business to start, most of the conventional wisdom is wrong. Instead of obsessing over what--as in what should you sell or what should you build--you should first be asking who. As in who should you serve? The what is a logical question that will come soon enough. But choosing your who is the foundation from which all other things are built. That is what this book is all about. If you've ever had the dream to start your own business, become your own boss, or do your own thing--but have been afraid to take the leap and screw up your already good life--this book is for you. You will find the meticulously tested, step-by-step process outlined in the book is easy to follow, despite being the result of a decade of research and experience. This process, designed to minimize your risk of failure and losing money up front, coupled with the inspiring stories of everyday people who have used this process to launch successful businesses, will not only give you clarity on what type of business to start, but also the confidence to finally take that leap and get started.

**Start Your Business in 7 Days** Aug 29 2021 Work for yourself in just one week with Britain's most dynamic entrepreneur 'Everybody wants to be an entrepreneur. Every single day of my life I am bombarded by people with pitches. But 90% of new businesses fail, because their founders failed to ask themselves the simplest of questions. I can save you years of wasted time and thousands of pounds of wasted money by giving you the ammunition to ask the right questions, and helping you make the decision that is right for you. I will show you how to spend a maximum of seven days deciding if your idea is workable and bankable. How to say 'I'm in', but equally importantly, to have the courage to say 'I'm out'. How to become your own Dragon. Each piece of advice in this book is based on my thirty years of starting businesses. You will find all the fundamental ingredients for any new company, whatever sector you want to be in, whatever size of business you have in mind, along with the tools to make it work. Answer all the tough questions I am going to get you to ask yourself and you will have a business that genuinely has a chance of success. You can be one of the 10% of businesses that do make it.' - James Caan. James Caan is one of the UK's most

successful and dynamic entrepreneurs, having built and sold businesses since 1985. After dropping out of school at sixteen and starting his first business in a Pall Mall broom cupboard - armed with little more than charm and his father's advice - Caan went on to make his fortune in the recruitment industry, founding the Alexander Mann Group, a company with a turnover of £130m. A 2003 graduate of Harvard Business School, Caan's most recent endeavour has been to set up private equity firm Hamilton Bradshaw. Caan hit our screens when he joined the panel of the BBC's Dragons' Den in 2007. He is a regular in the national and business press, advises on various Government programmes, and initiates numerous philanthropic projects via the James Caan Foundation.

*The Unspoken Rules* Jul 08 2022 A Wall Street Journal Bestseller "...this guide provides readers with much more than just early careers advice; it can help everyone from interns to CEOs." — a Financial Times top title You've landed a job. Now what? No one tells you how to navigate your first day in a new role. No one tells you how to take ownership, manage expectations, or handle workplace politics. No one tells you how to get promoted. The answers to these professional unknowns lie in the unspoken rules—the certain ways of doing things that managers expect but don't explain and that top performers do but don't realize. The problem is, these rules aren't taught in school. Instead, they get passed down over dinner or from mentor to mentee, making for an unlevel playing field, with the insiders getting ahead and the outsiders stumbling along through trial and error. Until now. In this practical guide, Gorick Ng, a first-generation college student and Harvard career adviser, demystifies the unspoken rules of work. Ng distills the wisdom he has gathered from over five hundred interviews with professionals across industries and job types about the biggest mistakes people make at work. Loaded with frameworks, checklists, and talking points, the book provides concrete strategies you can apply immediately to your own situation and will help you navigate inevitable questions, such as: How do I manage my time in the face of conflicting priorities? How do I build relationships when I'm working remotely? How do I ask for help without looking incompetent or lazy? The Unspoken Rules is the only book you need to perform your best, stand out from your peers, and set yourself up for a fulfilling career.

**Check Mark Startup** Jun 14 2020 Do you want to know how to start a business that is built to succeed? Do you want to do everything legally? Are you ready to grow? This book not only helps you build the systems you need, but it helps you protect yourself every step of the way. Written by an award winning attorney and entrepreneur, this step-by-step guide will take you from your values and an idea to a fully functioning business ready to become an empire. Save yourself time, money, and stress today.

Richard Bobholz wrote this book because the realm of business books was lacking in a coherent step-by-step guide to building a business built off of customized systems, as well as lacking in a good legal overhead on running a business. With his background in entrepreneurship and computer programming, Richard, as an attorney, was uniquely positioned to write this book. Using all of his knowledge, and a great deal of feedback from other business professionals, this book has already proven to be a must-have for any business owner who wants to grow the business.
