including not only the major literary prose works but also substantial poetic and political writings. The texts are accompanied by annotations and an introduction.

The Essential Writings of Vannevar Bush Dec 13 2021

The influence of Vannevar Bush on the history and institutions of twentieth-century American science and technology is staggeringly vast. As a leading figure in the creation of the National Science Foundation, the organizer of the Manhattan Project, and an adviser to Presidents Roosevelt and Truman during and after World War II, he played an indispensable role in the mobilization of scientific innovation for a changing world. A polymath, Bush was a cofounder of Raytheon, a pioneer of computing technology, and a visionary who foresaw the personal computer and might have coined the term "web." Edited by Bush's biographer, G. Pascal Zachary, this collection presents more than fifty of Bush's most important works across four decades. His subjects are as varied as his professional pursuits. Here are his thoughts on the management of innovation, the politics of science, research and national security, technology in public life, and the relationship of scientific advancement to human flourishing. It includes his landmark introduction to *Science, the Endless Frontier*, the blueprint for how government should support research and development, and much more. The works are as illuminating as they are prescient, from considerations of civil-military relations and the perils of the nuclear arms race to future encyclopedias and information overload, the Apollo program, and computing and consciousness. Together, these pieces reveal Bush as a major figure

in the history of science, computerization, and technological development and a prophet of the information age.

The Essential Writings of Dr Edward Bach Sep 09
2021 Written in Dr Edward Bach's own words, this book contains two short works that are essential reading for anyone interested in the Bach Flower Remedies. The Twelve Healers introduces Dr Bach's world-renowned remedies, which provide a system for healing the mental and spiritual anguish at the root of ill health and unhappiness. The 38 remedies are grouped in seven helpful categories and advice is given on the types of personality most likely to benefit from each remedy. In Heal Thyself, Dr Bach explains the philosophy that underpins any practical work with the remedies. He looks at the real cause and cure of disease, and gives practical as well as spiritual guidance on how we can all help to heal ourselves.

Essential Writings Jan 14 2022 "Drawing from all of his many published books, as well as little-known essays and several pieces translated specially for this volume, Gustavo Gutierrez: Essential Writings provides an overview and an entry into the mind of a great modern Christian thinker." "Twenty-five years after the publication of his classic work A Theology of Liberation, this anthology offers a comprehensive view of the work of this Peruvian priest and theologian. Gutierrez has permanently altered the modern theological landscape, challenging all theologians and the world church to hear the gospel message from the "underside of history," from the perspective of the poor and oppressed."--BOOK JACKET.Title Summary field provided by Blackwell

The Essential Writings of Machiavelli

May 30 2023

FINALIST--2008 PEN TRANSLATION PRIZE In The Essential Writings of Machiavelli, Peter Constantine has assembled a comprehensive collection that shows the true depth and breadth of a great Renaissance thinker. Refreshingly accessible, these superb new translations are faithful to Machiavelli's original, beautifully crafted writings. The volume features essays that appear in English for the first time, such as "A Caution to the Medici" and "The Persecution of Africa." Also included are complete versions of the political treatise, *The Prince*, the comic satire *The Mandrake*, *The Life of Castruccio Castracani*, and the classic story "Belfagor", along with selections from *The Discourses*, *The Art of War*, and *Florentine Histories*. Augmented with useful features—vital and concise annotations and cross-references—this unique compendium is certain to become the standard one-volume reference to this influential, versatile, and ever timely writer.

"Machiavelli's stress on political necessity rather than moral perfection helped inspire the Renaissance by renewing links with Thucydides and other classical thinkers. This new collection provides deeper insight into Machiavelli's personality as a writer, thus broadening our understanding of him."

—Robert D. Kaplan, author of *Warrior Politics: Why Leadership Demands a Pagan Ethos* "Constantine's selection is not only intelligent; his translations are astonishingly good. Thoughtfully introduced by Albert Russell Ascoli, this edition belongs in everyone's library." —John Jeffries Martin, professor and chair, department of history, Trinity

University "If one were to assign a single edition of Machiavelli's works, this most certainly would be it." –John P. McCormick, professor, department of political science, University of Chicago

The Essential Douglass Jul 20 2022 In addition to a thoughtful selection of the essays, speeches, and autobiographical writings of Frederick Douglass, this anthology provides an illuminating Introduction; a timeline of Douglass' life; footnotes that introduce individuals, quotations, and events; and a selected bibliography.

Ethics Jun 18 2022 In *Ethics: The Essential Writings*, philosopher Gordon Marino skillfully presents an accessible, provocative anthology of both ancient and modern classics on matters moral. The philosophers represent 2,500 years of thought—from Plato, Kant, and Nietzsche to Alasdair MacIntyre, Susan Wolf, and Peter Singer—and cover a broad range of topics, from the timeless questions of justice, morality, and faith to the hot-button concerns of today, such as animal rights, our duties to the environment, and gender issues. Featuring an illuminating preamble, concise introductory essays on the giants of ethical theory, and incisive chapter headnotes to the modern offerings, this Modern Library edition is a perfect single-volume reference for students, teachers, and anyone eager to engage in reflection on ethical questions, including "What is the basis for our ethical views and judgments?" Gordon Marino is professor of philosophy and director of the Hong Kierkegaard Library at St. Olaf College in Northfield, Minnesota. A recipient of the Richard J. Davis Ethics Award for excellence in writing on ethics and

the law, he is the author of *Kierkegaard in the Present Age*, co-editor of *The Cambridge Companion to Kierkegaard*, and editor of the Modern Library's *Basic Writings of Existentialism*. His essays have appeared in *The New York Times*.

and condensation of Jewish Antiquities and The Jewish War. Includes black and white photos.

The Essential Writings of Ralph Waldo Emerson Sep
02 2023 Introduction by Mary Oliver Commentary by
Henry James, Robert Frost, Matthew Arnold, Oliver
Wendell Holmes, and Henry David Thoreau The
definitive collection of Emerson's major speeches,
essays, and poetry, The Essential Writings of Ralph
Waldo Emerson chronicles the life's work of a true
"American Scholar." As one of the architects of the
transcendentalist movement, Emerson embraced a
philosophy that championed the individual,
emphasized independent thought, and prized "the
splendid labyrinth of one's own perceptions." More
than any writer of his time, he forged a style
distinct from his European predecessors and embodied
and defined what it meant to be an American. Matthew
Arnold called Emerson's essays "the most important
work done in prose." INCLUDES A MODERN LIBRARY
READING GROUP GUIDE

The Essential Writings Jun 30 2023 Drawn from the
full range of Gandhi's published work--books,
articles, broadcasts, interviews, letters--this
superb selection illuminates his thinking on
religion and spirituality, on society and its
problems, on politics and British rule, and on non-
violence and civil disobedience.

The Indispensable Zinn Jul 08 2021 Presents essays
and other writings from the famed historian,
including his writings on the civil rights and
antiwar movements, and provides historical and
biographical context for each written work.

The Essential Writings of Ralph Waldo Emerson Aug
01 2023 Introduction by Mary Oliver Commentary by

Henry James, Robert Frost, Matthew Arnold, Oliver Wendell Holmes, and Henry David Thoreau The definitive collection of Emerson's major speeches, essays, and poetry, *The Essential Writings of Ralph Waldo Emerson* chronicles the life's work of a true "American Scholar." As one of the architects of the transcendentalist movement, Emerson embraced a philosophy that championed the individual, emphasized independent thought, and prized "the splendid labyrinth of one's own perceptions." More than any writer of his time, he forged a style distinct from his European predecessors and embodied and defined what it meant to be an American. Matthew Arnold called Emerson's essays "the most important work done in prose." INCLUDES A MODERN LIBRARY READING GROUP GUIDE

Zhuangzi: The Essential Writings with Selections from Traditional Commentaries Oct 11 2021 This volume is a translation of over two-thirds of the classic Daoist text *Zhuangzi* (Chuang Tzu), including the complete Inner Chapters and extensive selections from the Outer and Miscellaneous Chapters, plus judicious selections from 2000 years of traditional Chinese commentaries, which provide the reader access to the text as well as to its reception and interpretation. Brief biographies of the commentators, a bibliography, a glossary, and an index are also included.

David Steindl-Rast Jul 28 2020 A wonderful selection of writings by one of the most influential spiritual writers of our time, on such themes as gratefulness, prayer, silence, and love. "Much of our life may be a wandering in the desert lands, but we do find springs of water. If what is called æGodÿ

means in the language of experience the ultimate Source of Meaning, then those moments that quench the thirst of the heart are moments of prayer."

David Steindl-Rast (b. 1926), an Austrian-born Benedictine monk, is one of the most influential spiritual teachers in the world. He serves as a senior member of the Mount Saviour Monastery in Elmira, New York, and was an early pioneer in the field of Buddhist-Christian dialogue. As a leading figure in the House of Prayer movement, he has contributed to a broad renewal of religious life. In classic books such as *Gratefulness*, *The Heart of Prayer*, and *A Listening Heart*, he has advanced the notion of "grateful living." *Gratefulness*, he writes, is "the inner gesture or giving meaning to our life by receiving life as a gift." In these writings monastic wisdom meets the spiritual questions and hungers of our age. Book jacket.

Essential Writings Oct 23 2022 Most comprehensive compendium of writings by Chiara Lubich one of the most influential Catholic women of today.

James Martin Jun 06 2021

The Essential Drucker Aug 09 2021 In one volume a selection of the essential writings from Peter F. Drucker's sixty years of work on management. The first selection of Drucker's management work from *The Practice of Management* (1954) to *Management Challenges for the 21st Century* (1999), this book offers, in Drucker's words, "a coherent and fairly comprehensive Introduction to management [and] gives an overview of my works on management and thus answers a question I have been asked again and again: which of my writings are essential?" *The Essential Drucker* contains twenty-six selections on

management in the organization, management and the individual, and management and society. It covers the basic principles and concerns of management and its problems, challenges, and opportunities, giving managers, executives, and professionals the tools to perform the tasks that the economy and society of tomorrow will demand of them.

Jefferson Davis: The Essential Writings

May 18 2022

Jefferson Davis is one of the most complex and controversial figures in American political history (and the man whom Oscar Wilde wanted to meet more than anyone when he made his tour of the United States). Elected president of the Confederacy and later accused of participating in the assassination of Abraham Lincoln, he is a source of ongoing dissension between northerners and southerners. This volume, the first of its kind, is a selected collection of his writings culled in large part from the authoritative Papers of Jefferson Davis, a multivolume edition of his letters and speeches published by the Louisiana State University Press, and includes thirteen documents from manuscript collections and one privately held document that have never before appeared in a modern scholarly edition. From letters as a college student to his sister, to major speeches on the Constitution, slavery, and sectional issues, to his farewell to the U.S. Senate, to his inaugural address as Confederate president, to letters from prison to his wife, these selected pieces present the many faces of the enigmatic Jefferson Davis. As William J. Cooper, Jr., writes in his Introduction, "Davis's notability does not come solely from his crucial role in the Civil War. Born on the Kentucky frontier

in the first decade of the nineteenth century, he witnessed and participated in the epochal transformation of the United States from a fledgling country to a strong nation spanning the continent. In his earliest years his father moved farther south and west to Mississippi. As a young army officer just out of West Point, he served on the northwestern and southwestern frontiers in an army whose chief mission was to protect settlers surging westward. Then, in 1846 and 1847, as colonel of the First Mississippi Regiment, he fought in the Mexican War, which resulted in 1848 in the Mexican Cession, a massive addition to the United States of some 500,000 square miles, including California and the modern Southwest. As secretary of war and U.S. senator in the 1850s, he advocated government support for the building of a transcontinental railroad that he believed essential to bind the nation from ocean to ocean."

Thomas Merton Nov 23 2022 "With a substantial introduction Thomas Merton includes a broad range of Merton's writings, including his letters, and highlights his threefold call: to prayer, to compassion, and to unity. It offers the essential writings of one of the greatest spiritual teachers of our time."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

The Essential Writings of James Weldon Johnson 26 2023 "A canonical collection, splendidly and sensitively edited by Rudolph Byrd." -Henry Louis Gates, Jr. One of the leading voices of the Harlem Renaissance and a crucial literary figure of his time, James Weldon Johnson was also an editor,

Jan

songwriter, founding member and leader of the NAACP, and the first African American to hold a diplomatic post as consul to Venezuela and Nicaragua. This comprehensive volume of Johnson's works includes the seminal novel *Autobiography of an Ex-Colored Man*, poems from *God's Trombones*, essays on cultural and political topics, selections from Johnson's autobiography, *Along This Way*, and two previously unpublished short plays: *Do You Believe in Ghosts?* and *The Engineer*. Featuring a chronology, bibliography, and a Foreword by acclaimed author Charles Johnson, this Modern Library edition showcases the tremendous range of James Weldon Johnson's writings and their considerable influence on American civic and cultural life. "This collection of poetry, fiction, criticism, autobiography, political writing and two unpublished plays by James Weldon Johnson (1871-1938) spans 60 years of pure triumph over adversity. [...Johnson's] nobility, his inspiration shine forth from these pages, setting moral and artistic standards." —Los Angeles Times

The Essential Rousseau Jun 26 2020

William James Mar 04 2021

On Intersectionality Aug 28 2020 A major publishing event, the collected writings of the groundbreaking scholar who "first coined intersectionality as a political framework" (Salon) For more than twenty years, scholars, activists, educators, and lawyers—inside and outside of the United States—have employed the concept of intersectionality both to describe problems of inequality and to fashion concrete solutions. In particular, as the Washington Post reported recently, "the term has been used by

social activists as both a rallying cry for more expansive progressive movements and a chastisement for their limitations." Drawing on black feminist and critical legal theory, Kimberlé Crenshaw developed the concept of intersectionality, a term she coined to speak to the multiple social forces, social identities, and ideological instruments through which power and disadvantage are expressed and legitimized. In this comprehensive and accessible introduction to Crenshaw's work, readers will find key essays and articles that have defined the concept of intersectionality, collected together for the first time. The book includes a sweeping new introduction by Crenshaw as well as prefaces that contextualize each of the chapters. For anyone interested in movement politics and advocacy, or in racial justice and gender equity, *On Intersectionality* will be compulsory reading from one of the most brilliant theorists of our time.

Josephus, the Essential Works May 06 2021 (Updated, full-color edition) Jewish Antiquities and The Jewish War take on a brilliant new dimension in this revised edition of the award-winning translation and condensation. Now with color photographs, charts, and maps.

A Testament to Freedom Feb 12 2022 Dietrich Bonhoeffer was only thirty-nine years old when he was executed in a Nazi concentration camp in 1945, yet his courage, vision, and brilliance have greatly influenced the twentieth-century Church and theology. Particularly through his bestselling classic, *The Cost of Discipleship*, Bonhoeffer profoundly shaped such minds and movements as Martin Luther King, Jr., and Leonardo Boff, civil rights

and liberation theology. A Testament to Freedom, completely revised and expanded for this edition, includes previously untranslated writings, excerpts from major books, sermons, and selected letters spanning the years of Bonhoeffer's pastoral and theological career. This magnificent volume takes readers on a historical and biographical journey that follows Bonhoeffer through the various stages of his life--as teacher, ecumenist, pastor, preacher, seminary director, prophet in the Nazi era and, finally, as martyr in pursuit of peace and justice.

The Essential Writings of Christian Mysticism _____ Dec 25 2022 This clear and comprehensive anthology, culled from the vast corpus of Christian mystical literature by the renowned theologian and historian Bernard McGinn, presents nearly one hundred selections, from the writings of Origen of Alexandria in the third century to the work of twentieth-century mystics such as Thomas Merton. Uniquely organized by subject rather than by author, The Essential Writings of Christian Mysticism explores how human life is transformed through the search for direct contact with God. Part one examines the preparation for encountering God through biblical interpretation and prayer; the second part focuses on the mystics' actual encounters with God; and part three addresses the implications of the mystical life, showing how mystics have been received over time, and how they practice their faith through private contemplation and public actions. In addition to his illuminating Introduction, Bernard McGinn provides accessible headnotes for each section, as well as numerous

biographical sketches and a selected bibliography. Praise for *The Essential Writings of Christian Mysticism* "No one is better equipped than Bernard McGinn to provide a thorough and balanced guide to this vast literature....This is an anthology which deserves to be read not only by those who study Christian history and theology, but by believers who long to deepen their own lives of prayer and service." -- Anglican Theological Review "Bernard McGinn, a preeminent historian and interpreter of the Christian mystical tradition, has edited this fine collection of mystical writings, organizing them thematically....McGinn offers helpful introductions to each thematic section, author and entry, as well as a brief critical bibliography on mysticism. Published in the Modern Library Classic series, this is a great value." – Christian Century "No-one is better equipped than Professor McGinn to provide a thorough and balanced guide to this vast literature. A first-class selection, by a first-class scholar." -- Rowan Williams, Archbishop of Canterbury "This accessible anthology by the scholarly world's leading historian of the Western Christian mystical tradition easily outstrips all others in its comprehensiveness, the aptness of its selection of texts, and in the intelligent manner of its organization." -- Denys Turner, Horace Tracy Pitkin Professor of Historical Theology, Yale Divinity School "An immensely rich anthology, assembled and introduced by our foremost student of mysticism. Both the scholar and the disciple will find God's plenty here." -- Barbara Newman, Professor of English, Religion, and Classics, John Evans Professor of Latin, Northwestern University

"An unusually clear and insightful exposition of major texts selected by one of the greatest scholars in the field of Christian mysticism, based on his vast erudition and uniquely sensitive interpretation. Like his other books, this one too is destined to become a classic." -- Professor Moshe Idel, Hebrew University, Jerusalem

The Essential Writings of Mahatma Gandhi Jan 31 2021 A balanced selection of Gandhi's writings, taken from his letters, articles, and books, representing the complete cross-section of his thought.

Thich Nhat Hanh: Essential Writings Feb 24 2023
Basil Moreau Jan 02 2021 This definitive introduction to the life and vision of Blessed Basil Moreau is the first book to gather together the essential spiritual, pastoral, and educational writings of the nineteenth-century French priest who founded the Congregation of Holy Cross, which is the religious order that founded the University of Notre Dame in 1842. Basil Moreau: Essential Writings is an anthology of all the important published and previously unpublished writings of Basil Moreau, who was beatified in 2007 by the Catholic Church. This anthology provides generous selections from Moreau's sermons, pastoral letters, educational treatises, and spiritual reflections, which reveal a figure who was no stranger to difficulty and conflict but also a man deeply committed to a hope that can only emerge from Christ's passion, death, and resurrection.

The Essential Writings of Rousseau Mar 28 2023
Newly translated by Peter Constantine Edited and with an Introduction by Leo Damrosch The Essential

Writings of Rousseau collects the best and most indispensable work of one of the world's most influential writers. A towering figure of Enlightenment thought, Jean-Jacques Rousseau was also one of that movement's most passionate and persuasive critics. His extraordinarily original observations on politics, education, and human nature were provocative in their day and remain resonant more than two hundred years after his death. Rousseau's 1762 treatise *The Social Contract* laid intellectual groundwork for both the American and French Revolutions, influencing such figures as Thomas Jefferson. An eloquent writer with profound insight into human psychology, Rousseau also penned one of the most compelling autobiographies ever written—the magisterial *Confessions*. The entirety of the first three books of that masterpiece along with the complete *Social Contract* are included in this indispensable volume.

[The Essential Writings of Abraham Isaac Kook](#) Nov 11

2021 Rabbi Abraham Isaac Hachohen Kook was the first Chief Rabbi of Palestine, and the 20th century's most important Orthodox Jewish mystic.

A Testament of Hope Mar 16 2022 "We've got some difficult days ahead," civil rights activist Martin Luther King, Jr., told a crowd gathered at Memphis's Clayborn Temple on April 3, 1968. "But it really doesn't matter to me now because I've been to the mountaintop. . . . And I've seen the promised land. I may not get there with you. But I want you to know tonight that we as a people will get to the promised land." These prophetic words, uttered the day before his assassination, challenged those he left behind to see that his "promised land" of racial equality

became a reality; a reality to which King devoted the last twelve years of his life. These words and other are commemorated here in the only major one-volume collection of this seminal twentieth-century American prophet's writings, speeches, interviews, and autobiographical reflections. A Testament of Hope contains Martin Luther King, Jr.'s essential thoughts on nonviolence, social policy, integration, black nationalism, the ethics of love and hope, and more.

Auguste Comte and Positivism Dec 01 2020 Although Auguste Comte is conventionally acknowledged as one of the founders of sociology and as a key representative of positivism, few new editions of his writings have been published in the English language in this century. He has become virtually dissociated from the history of modern positivism and the most recent debates about it. Gertrud Lenzer maintains that the work of Comte is, for better or for worse, essential to an understanding of the modern period of positivism. This collection provides new access to the work of Comte and gives practitioners of various disciplines the possibility of reassessing concepts that were first introduced in Comte's writings. Today much of the ordinary business of academic disciplines is conducted under the assumption that the realm of science is essentially separate from the realms of politics and science. A close reading of Comte will reveal how deeply such current ideas and theories were originally embedded in a particular political context. One of his central methodological principles was that the theory of society had to be removed from the arena of political practice

precisely in order to control that practice by means of these same sciences. It is in Comte's work that the reader will be able to observe how the forces of social and political reaction began to be powerfully organized to combat the critical forces in its own and later eras. Auguste Comte and Positivism will be of importance to the work of philosophers, sociologists, political theorists, and historians.

Something That Will Surprise the World Oct 30 2020
Presents a collection of important speeches, letters, and writings by George Washington, Alexander Hamilton, John Adams, Thomas Jefferson, and James Madison, capturing their words on government and political institutions, religion, education, love, the pursuit of happiness, and more. Reprint.

The American Transcendentalists Aug 21 2022
Transcendentalism was the first major intellectual movement in U.S. history, championing the inherent divinity of each individual, as well as the value of collective social action. In the mid-nineteenth century, the movement took off, changing how Americans thought about religion, literature, the natural world, class distinctions, the role of women, and the existence of slavery. Edited by the eminent scholar Lawrence Buell, this comprehensive anthology contains the essential writings of Ralph Waldo Emerson, Henry David Thoreau, Margaret Fuller, and their fellow visionaries. There are also reflections on the movement by Charles Dickens, Henry James, Walt Whitman, Louisa May Alcott, and Nathaniel Hawthorne. This remarkable volume introduces the radical innovations of a brilliant group of thinkers whose impact on religious thought,

social reform, philosophy, and literature continues to reverberate in the twenty-first century.

Common Sense, The Rights of Man and Other Essential Writings of Thomas Paine May 25 2020 A volume of Thomas Paine's most essential works, showcasing one of American history's most eloquent proponents of democracy. Upon publication, Thomas Paine's modest pamphlet *Common Sense* shocked and spurred the founding American colonies of 1776 to action. It demanded freedom from Britain—when even the most fervent patriots were only advocating tax reform. Paine's daring prose paved the way for the Declaration of Independence and, consequently, the Revolutionary War. For "without the pen of Paine," as John Adams said, "the sword of Washington would have been wielded in vain." Later, his impassioned defense of the French Revolution, *Rights of Man*, caused a worldwide sensation. Napoleon, for one, claimed to have slept with a copy under his pillow, recommending that "a statue of gold should be erected to [Paine] in every city in the universe." Here in one volume, these two complete works are joined with selections from Paine's other major essays, "The Crisis," "The Age of Reason," and "Agrarian Justice." Includes a Foreword by Jack Fruchtman Jr. and an Introduction by Sidney Hook

Auguste Comte and Positivism Apr 24 2020 Although Auguste Comte is conventionally acknowledged as one of the founders of sociology and as a key representative of positivism, few new editions of his writings have been published in the English language in this century. He has become virtually dissociated from the history of modern positivism and the most recent debates about it. Gertrud Lenzer

maintains that the work of Comte is, for better or for worse, essential to an understanding of the modern period of positivism. This collection provides new access to the work of Comte and gives practitioners of various disciplines the possibility of reassessing concepts that were first introduced in Comte's writings. Today much of the ordinary business of academic disciplines is conducted under the assumption that the realm of science is essentially separate from the realms of politics and science. A close reading of Comte will reveal how deeply such current ideas and theories were originally embedded in a particular political context.
