Candice DeLong has been called a real-life Clarice Starling and a female Donnie Brasco. She has been on the front lines of some of the FBI's most gripping and memorable cases, including being chosen as one of the three agents to carry out the manhunt for the Unabomber in Lincoln, Montana. She has tailed terrorists, gone undercover as a gangster's moll, and posed as the madam for a call-girl ring. Now for the first time she reveals the dangers and rewards of being a woman on the front lines of the world's most powerful law enforcement agency. She traces the unusual career path that led her to crime fighting, and recounts the incredible obstacles she faced as a woman and as a fledgling agent. She takes readers step by step through the profiling process and shows how she helped solve a number of incredible cases. The story of her role as a lead investigator on the notorious Tylenol Murderer case is particularly compelling. Finally, she gives the true, insiders story behind the investigation that led to the arrest of the Unabomber including information that the media can't or won't reveal. A remarkable portrait of courage and grace under fire, Special Agent offers a missing chapter to the annals of law enforcement and a dramatic and often funny portrait of an extraordinary woman who has dedicated her heart and soul to the crusade against crime. Special Women, Special Leaders explores the challenge associated with leadership roles as perceived and practiced by women leaders who have spent their careers and lives involved in special education issues. Each contributor offers a unique perspective on balancing a successful professional life with the demands often made on women in their personal lives. These chapters offer an opportunity to begin critical conversations on the journey women take to become leaders. The uniqueness of this book is its link to the traits and behaviors closely associated with special education and its relationship to successful leadership written by higher education administrators, organizational leaders, and advocates for students with special needs.

Only the most important women receive an invitation. But one daring young reporter is about to infiltrate this female-run secret society, whose bewitching members are caught up in a dark and treacherous business. From the author of *Happy and You Know It*. For years, rumors have swirled about an exclusive, women-only social club where the elite tastemakers of NYC meet. People in the know whisper all sorts of claims: Membership dues cost \$1,000 a month. Last time Rihanna was in town, she stopped by and got her aura read. The women even handpicked the city's first female mayor. But no one knows for sure. That is, until journalist Jillian Beckley decides she's going to break into the club. With her career in freefall, Jillian needs a juicy scoop, and she has a personal interest in bringing these women down. But the deeper she gets into this new world—where billionaire "girlbosses" mingle with occult-obsessed Bohemians—the more Jillian learns that bad things happen to those who dare to question the club's motives or giggle at its outlandish rituals. The select group of women who populate the club may be far more powerful than she ever imagined. And far more dangerous too. "The sole intent and purpose of this book is to recall the personal life of a woman who let me share her life for 43 years."--Preface.

"On November 27, 1830, Catherine Laboure, a Sister of Charity, saw a remarkable vision of the Blessed Mother. 'She was of medium height and her dress was all white, the whiteness of dawn. A white veil covered her head and fell on either side to her feet. Her face was so beautiful that it seems to me impossible to express her beauty. Her feet rested on a globe... There was also a serpent, green in color with yellow spots.' " Thus, begins one of the stories retold in the book, *The Visits of a Very Special Lady*. From her first visit to her cousin Elizabeth recorded in the Gospel of Luke to the present day, the Blessed Virgin Mary has been reaching out to those who need her help. Throughout the ages there have been many accounts of Marian apparitions. This book focuses on the major visions that occurred in Mexico City, Paris, Lourdes, Knock, Fatima, and Medjugorje. These six places have become popular destinations for pilgrims from all over the world. Miraculous healings have been documented at these sites. But what really happened there? The stories behind these apparitions and the people who witnessed them have been passed down through the years. On the pages of this book, the accounts of the events are retold in simple language, in many cases in the words of the visionaries themselves, making the stories appealing to people of all ages. In each of these apparitions or visits, a message or messages were given to those who witnessed the vision. The predictions, the words of warning and admonition, the deeper meanings behind the messages, and the directives given to the visionaries so that they may be spread to the entire world are explored in *The Visits of a Very Special Lady*. **NEW YORK TIMES BESTSELLER** From Gayle Tzemach Lemmon, author of the New York Times bestseller *The Dressmaker of Khair*

Khana, comes the story of a unique team of women who answered the call to get as close to the fight as the Army had ever allowed women to be, including one beloved soldier who was killed serving her country 's cause In 2010, the Army created Cultural Support Teams, a secret pilot program to insert women alongside Special Operations soldiers battling in Afghanistan. The Army reasoned that women could play a unique role on Special Ops teams: accompanying their male colleagues on raids and, while those soldiers were searching for insurgents, questioning the mothers, sisters, daughters and wives living at the compound. Their presence had a calming effect on enemy households, but more importantly, the CSTs were able to search adult women for weapons and gather crucial intelligence. They could build relationships—woman to woman—in ways that male soldiers in an Islamic country never could. In *Ashley's War*, Gayle Tzemach Lemmon uses on-the-ground reporting and a finely tuned understanding of the complexities of war to tell the story of CST-2, a unit of women hand-picked from the Army to serve in this highly specialized and challenging role. The pioneers of CST-2 proved for the first time, at least to some grizzled Special Operations soldiers, that women might be physically and mentally tough enough to become one of them. The price of this professional acceptance came in personal loss and social isolation: the only people who really understand the women of CST-2 are each other. At the center of this story is a friendship cemented by "Glee," video games, and the shared perils and seductive powers of up-close combat. At the heart of the team is the tale of a beloved and effective soldier, Ashley White. Much as she did in her bestselling *The Dressmaker of Khair Khana*, Lemmon transports readers to a world they previously had no idea existed: a community of women called to fulfill the military's mission to "win hearts and minds" and bound together by danger, valor, and determination. *Ashley's War* is a gripping combat narrative and a moving story of friendship—a book that will change the way readers think about war and the meaning of service.
