Booker-winnig novelist, playwright, essayist, poet and critic; John Berger has many literary incarnations. This collection of essays takes, for the first time, the definitive look at his extraordinary career. How do we see the world around us? The Penguin on Design series includes the works of creative thinkers whose writings on art, design and the media have changed our vision forever. "Seeing comes before words. The child looks and recognizes before it can speak." "But there is also another sense in which seeing comes before words. It is seeing which establishes our place in the surrounding world; we explain that world with words, but word can never undo the fact that we are surrounded by it. The relation between what we see and what we know is never settled." John Berger's *Ways of Seeing* is one of the most stimulating and influential books on art in any language. First published in 1972, it was based on the BBC television series about which the (London) Sunday Times critic commented: "This is an eye-opener in more ways than one: by concentrating on how we look at paintings . . . he will almost certainly change the way you look at pictures." By now he has. John Berger broke new ground with his penetrating writings on life, art and how we see the world around us. Here he explores how the ancient relationship between man and nature has been broken in the modern consumer age, with the animals that used to be at the centre of our existence now marginalized and reduced to spectacle. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. "Patience, patience, because the great movements of history have always begun in those small parenthesis that we call 'in the meantime.'" —John Berger The last book that John Berger wrote was this precious little volume about time titled *What Time Is It?*, now

posthumously published for the first time in English by Notting Hill Editions. Berger died before it was completed, but the text has been assembled and illustrated by his longtime collaborator and friend Selçuk Demirel, and has an introduction by Maria Nadotti. *What Time Is It?* is a profound and playful meditation on the illusory nature of time. Berger, the great art critic and Man Booker Prize-winning author, reflects on what time has come to mean to us in modern life. Our perception of time assumes a uniform and ceaseless passing of time, yet time is turbulent. It expands and contracts according to the intensity of the lived moment. We talk of time "saved" in a hundred household appliances; time, like money, is exchanged for the content it lacks. Berger posits the idea that time can lengthen lifetimes once we seize the present moment. "What-is-to-come, what-is-to-be-gained empties what-is." On the occasion of his seventy-fifth birthday, Pantheon is publishing a gathering of John Berger's most insightful and provocative writings on art over the past forty years. "Selected Essays brings together a comprehensive array of writings from Berger's previous collections: "Toward Reality," "The Moment of Cubism," "The Look of Things," "About Looking," "The Sense of Sight," and "Keeping a Rendezvous. From Piero to Pollock, from Kokoschka to La Tour, from mass demonstrations to museums—the ideas in these essays are as fresh and compelling as they were when first published. Polemical, meditative, radical, always original, they display a remarkable continuity of thoughtful inquiry and political engagement. The first intellectual biography of the life and work of John Berger John Berger was one of the most influential thinkers and writers of postwar Europe. As a novelist, he won the Booker prize in 1972, donating half his prize money to the Black Panthers. As a TV presenter, he changed the way we looked at art with *Ways of Seeing*. As a storyteller and political activist, he defended the rights and dignity of workers, migrants, and the oppressed around the world. "Far from dragging politics into art," he wrote in 1953, "art has dragged me into politics." He remained a revolutionary up to his death in January 2017. Built around a series of watersheds, at once personal and historical, *A Writer of Our Time* traces Berger's development from his roots as a postwar art student and polemicist in the Cold War battles of 1950s London, through the heady days of the 1960s—when the revolutions were not only political but sexual and artistic—to Berger's reinvention as a rural storyteller and the long hangover that followed the rise and fall of the New Left. Drawing on first-hand, unpublished interviews and archival sources only recently made available, Joshua Sperling digs beneath the moments of controversy to reveal a figure of remarkable complexity and resilience. The portrait that emerges is of a cultural innovator as celebrated as he was often misunderstood, and a writer increasingly driven as much by what he loved as by what he opposed. *A Writer of Our Time* brings the many faces of John Berger together, repatriating one of our great minds to the

intellectual dramas of his and our time. On John Berger: *Telling Stories* is the first collection of essays exploring the multi-faceted, genre-crossing work of John Berger from an interdisciplinary perspective. In this prescient and beautifully written book, Booker Prize-winning author John Berger examines the life and work of Ernst Neizvestny, a Russian sculptor whose exclusion from the ranks of officially approved Soviet artists left him laboring in enforced obscurity to realize his monumental and very public vision of art. But Berger's impassioned account goes well beyond the specific dilemma of the pre-glasnot Russian artist to illuminate the very meaning of revolutionary art. In his struggle against official orthodoxy—which involved a face-to-face confrontation with Khrushchev himself—Neizvestny was fighting not for a merely personal or aesthetic vision, but for a recognition of the true social role of art. His sculptures earn a place in the world by reflecting the courage of a whole people, by commemorating, in an age of mass suffering, the resistance and endurance of millions. "Berger is probably our most perceptive commentator on art.... A civilized and stimulating companion no matter what subject happens to cross his mind."—Philadelphia Inquirer "There are no photographs which can be denied. All photographs have the status of fact. What is to be examined is in what way photography can and cannot give meaning to facts." With these words, two of our most thoughtful and eloquent interrogators of the visual offer a singular meditation on the ambiguities of what is seemingly our straightforward art form. As constructed by John Berger and the renowned Swiss photographer Jean Mohr, that theory includes images as well as words; not only analysis, but anecdote and memoir. *Another Way of Telling* explores the tension between the photographer and the photographed, between the picture and its viewers, between the filmed moment and the memories that it so resembles. Combining the moral vision of the critic and the practical engagement of the photographer, Berger and Mohr have produced a work that expands the frontiers of criticism first charged by Walter Benjamin, Roland Barthes, and Susan Sontag. John Berger's writings on photography are some of the most original of the twentieth century. This selection contains many groundbreaking essays and previously uncollected pieces written for exhibitions and catalogues in which Berger probes the work of photographers such as Henri Cartier-Bresson and W. Eugene Smith - and the lives of those photographed - with fierce engagement, intensity and tenderness. The selection is made and introduced by Geoff Dyer, author of the award-winning *The Ongoing Moment*. How do we see the world around us? This is one of a number of pivotal works by creative thinkers whose writings on art, design and the media have changed our vision for ever. *Understanding a Photograph* John Berger Edited and introduced by Geoff Dyer *Ways of Seeing* is a key art-historical work that

continues to provoke widespread debate. It is comprised of seven different essays, three of which are pictorial and the other containing texts and images. Berger first examines the relationship between seeing and knowing, discussing how our assumptions affect how we see a painting. He moves on to consider the role of women in artwork, particularly regarding the female nude. The third essay deals with oil painting looking at the relationship between subjects and ownership. Finally, Berger addresses the idea of ownership in a consumerist society, discussing the power of imagery in advertising, with particular regards to photography. With this provocative and infinitely moving collection of essays, a preeminent critic of our time responds to the profound questions posed by the visual world. For when John Berger writes about Cubism, he writes not only of Braque, Léger, Picasso, and Gris, but of that incredible moment early in this century when the world converged around a marvelous sense of promise. When he looks at the Modigliani, he sees a man's infinite love revealed in the elongated lines of the painted figure. Ranging from the Renaissance to the conflagration of Hiroshima; from the Bosphorus to Manhattan; from the woodcarvers of a French village to Goya, Dürer, and Van Gogh; and from private experiences of love and of loss to the major political upheavals of our time, *The Sense of Sight* encourages us to see with the same breadth, courage, and moral engagement that its author does. From Booker Prize-winning author John Berger, a collection of essays that explores the relationship of art and artists and includes examinations of the work of Brancusi, Degas, Michelangelo, and Frida Kahlo, among others. The pocket in question is a small pocket of resistance. A pocket is formed when two or more people come together in agreement. The resistance is against the inhumanity of the New World Economic Order. The people coming together are the reader, me, and those the essays are about—Rembrandt, Paleolithic cave painters, a Romanian peasant, ancient Egyptians, an expert in the loneliness of a certain hotel bedroom, dogs at dusk, a man in a radio station. And unexpectedly, our exchanges strengthen each of us in our conviction that what is happening in the world today is wrong, and that what is often said about it is a lie. I've never written a book with a greater sense of urgency. —John Berger

Booker Prize-winning author John Berger, one of the most widely admired writers of our time, returns us to the captivating play and narrative allure of his previous novels—*G.* and *Pig Earth* among them—with a shimmering fiction drawn from chapters of his own life. One hot afternoon in Lisbon, the narrator finds his long-dead mother seated on a park bench. "The dead don't stay where they are buried," she tells him. And so begins a remarkable odyssey, told in simple yet gorgeous prose, that carries us from the London Blitz in 1943, to a Polish market, to a Paleolithic cave, to the Ritz Hotel in Madrid. *Here Is Where We Meet* is a unique literary journey that moves freely through time and space but never loses its foothold in the sensuous present. A major new work from the world's leading writer on art *Landscapes*, the companion volume to John Berger's highly acclaimed *Portraits*, explores what art tells us about ourselves. "Berger's work is an invitation

to reimagine; to see in different ways," writes Tom Overton in the introduction to this volume. As a master storyteller and thinker John Berger challenges readers to rethink their every assumption about the role of creativity in our lives. In this brilliant collection of diverse pieces—essays, short stories, poems, translations—which spans a lifetime's engagement with art, John Berger reveals how he came to his own unique way of seeing. He pays homage to the writers and thinkers who influenced him, such as Walter Benjamin, Rosa Luxemburg and Bertolt Brecht. His expansive perspective takes in artistic movements and individual artists—from the Renaissance to the present—while never neglecting the social and political context of their creation. Berger pushes at the limits of art writing, demonstrating beautifully how his artist's eye makes him a storyteller in these essays, rather than a critic. With "landscape" as an animating, liberating metaphor rather than a rigid definition, this collection surveys the aesthetic landscapes that have informed, challenged and nourished John Berger's understanding of the world. *Landscapes*—alongside *Portraits*—completes a tour through the history of art that will be an intellectual benchmark for many years to come. In this luminous novel -- winner of Britain's prestigious Booker Prize -- John Berger relates the story of "G.," a young man forging an energetic sexual career in Europe during the early years of this century. With profound compassion, Berger explores the hearts and minds of both men and women, and what happens during sex, to reveal the conditions of the Don Juan's success: his essential loneliness, the quiet cumulation in each of his sexual experiences of all of those that precede it, the tenderness that infuses even the briefest of his encounters, and the way women experience their own extraordinariness through their moments with him. All of this Berger sets against the turbulent backdrop of Garibaldi and the failed revolution of Milanese workers in 1898, the Boer War, and the first flight across the Alps, making *G.* a brilliant novel about the search for intimacy in history's private moments. With this haunting first volume of his *Into Their Labours* trilogy, John Berger begins his chronicle of the eclipse of peasant cultures in the twentieth century. Set in a small village in the French Alps, *Pig Earth* relates the stories of skeptical, hard-working men and fiercely independent women; of calves born and pigs slaughtered; of summer haymaking and long dark winters of rest; of a message of forgiveness from a dead father to his prodigal son; and of the marvelous Lucie Cabrol, exiled to a hut high in the mountains, but an inexorable part of the lives of men who have known her. Above all, this masterpiece of sensuous description and profound moral resonance is an act of reckoning that conveys the precise wealth and weight of a world we are losing. "If John Berger's *Ways of Seeing* is a classic of art criticism, looking at the 'what' of art, then David Salle's *How to See* is the artist's reply, a brilliant series of reflections on how artists think when they make their work. The 'how' of art has perhaps never been better explored." —Salman Rushdie

How does art work? How does it move us, inform us, challenge us? Internationally renowned painter David Salle's incisive essay collection

illuminates these questions by exploring the work of influential twentieth-century artists. Engaging with a wide range of Salle's friends and contemporaries—from painters to conceptual artists such as Jeff Koons, John Baldessari, Roy Lichtenstein, and Alex Katz, among others—*How to See* explores not only the multilayered personalities of the artists themselves but also the distinctive character of their oeuvres. Salle writes with humor and verve, replacing the jargon of art theory with precise and evocative descriptions that help the reader develop a personal and intuitive engagement with art. The result: a master class on how to see with an artist's eye. A pictorial essay by the great art critic, novelist and long-time smoker, John Berger, and Turkish writer and illustrator Selçuk Demirel. "Once upon a time, men, women and (secretly) children smoked." This charming illustrated work reflects on the cultural implications of smoking, and suggests, through a series of brilliantly inventive illustrations, that society's attitude to smoke is both paradoxical and intolerant. It portrays a world in which smokers, banished from public places, must encounter one another as outlaws. Meanwhile, car exhausts and factory chimneys continue to pollute the atmosphere. Smoke is a beautifully illustrated prose poem that lingers in the mind. "A cigarette is a breathing space. It makes a parenthesis. The time of a cigarette is a parenthesis, and if it is shared you are both in that parenthesis. It's like a proscenium arch for a dialogue." - John Berger (in interview)

Booker Prize-winning author John Berger gives a novel both tragic and joyous, intelligent and erotic. In *To the Wedding*, a blind Greek peddler tells the story of the wedding between a fellow peddler and his bride in a remarkable series of vivid and telling vignettes. As the book cinematically moves from one character's perspective to another, events and characters move toward the convergence of the wedding—and a haunting dance of love and death. The writing career of Booker Prize winner John Berger—poet, storyteller, playwright, and essayist—has yielded some of the most original and compelling examinations of art and life of the past half century. In this essential volume, Geoff Dyer has brought together a rich selection of many of Berger's seminal essays. Berger's insights make it impossible to look at a painting, watch a film, or even visit a zoo in quite the same way again. The vast range of subjects he addresses, the lean beauty of his prose, and the keenness of his anger against injustice move us to view the world with a new lens of awareness. Whether he is discussing the singleminded intensity of Picasso's *Guernica*, the parallel violence and alienation in the art of Francis Bacon and Walt Disney, or the enigmatic silence of his own mother, what binds these pieces throughout is the depth and fury of Berger's passion, challenging us to participate, to protest, and above all, to see. 'Language is a body, a living creature ... and this creature's home is the inarticulate as well as the articulate'. John Berger's work has revolutionized the way we understand visual language. In this new book he writes about language itself, and how it relates to thought, art, song, storytelling and political discourse today. Also containing Berger's own drawings, notes, memories and reflections on everything

from Albert Camus to global capitalism, *Confabulations* takes us to what is 'true, essential and urgent'. The seventeenth-century philosopher Baruch Spinoza-also known as Benedict or Bento de Spinoza-spent the most intense years of his short life writing. He also carried with him a sketchbook. After his sudden death, his friends rescued letters, manuscripts, notes-but no drawings. For years, without knowing what its pages might hold, John Berger has imagined finding Bento's sketchbook, wanting to see the drawings alongside his surviving words. When one day a friend gave him a beautiful virgin sketchbook, Berger said, "This is Bento's!" and he began to draw, taking his inspiration from the philosopher's vision. In this illustrated color book John Berger uses the imaginative space he creates to explore the process of drawing, politics, storytelling and Spinoza's life and times. "Modernity as exile tackles the themes of migration, displacement, and multiculturalism in the modern world." "Throughout John Berger's writings, whether an art, literature or sociology, the figure of the stranger signals both the pain of uprooting and the insight gained from 'another way of seeing'." "Nikos Papastergiadis uses this figure to argue that 'exile' is not merely a political or social fact, but is an inner condition, central to the postmodern self. He analyses the cultural dynamics that connect migration and exile, not simply as the negative consequence of contemporary culture, but as its fundamental driving force. Peoples are displaced not only by wars and famine but by economics, tourism, global telecommunications. How this explodes our notions of home, of community and our sense of belonging is the central question addressed by this provocative and powerful book."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved Exiled in London, the Hungarian artist Janos Lavin disappears one day, into thin air. His journal offers his friend John the only clues to where he has gone and why. "The relation between what we see and what we know is never settled" -- so opens John Berger's revolutionary million-copy bestseller on how to look at art John Berger's *Ways of Seeing* is one of the most stimulating and the most influential books on art in any language. First published in 1972, it was based on the BBC television series about which the Sunday Times critic commented: "This is an eye-opener in more ways than one: by concentrating on how we look at paintings . . . he will almost certainly change the way you look at pictures." By now he has. From the War on Terror to resistance in Ramallah and traumatic dislocation in the Middle East, Berger explores the uses of art as an instrument of political resistance. Visceral and passionate, *Hold Everything Dear* is a profound meditation on the far extremes of human behaviour, and the underlying despair. Looking at Afghanistan, Palestine, and Iraq, he makes an impassioned attack on the poverty and loss of freedom at the heart of such unnecessary suffering. These essays offer reflections on the political at the core of artistic expression and even at the center of human existence itself. A major new book from one of the world's leading writers and art critics John Berger, one of the world's most celebrated art writers, takes us through centuries of drawing and painting, revealing his

In penetrating and singular prose, Berger presents entirely new ways of thinking about artists both canonized and obscure, from Rembrandt to Henry Moore, Jackson Pollock to Picasso. Throughout, Berger maintains the essential connection between politics, art and the wider study of culture. When he stands before Giorgione's *La Tempesta*, Booker Prize-winning author John Berger sees not only the painting but our whole notion of time, sweeping us away from a lost Eden. A photograph of a gravely joyful crowd gathered on a Prague street in November 1989 provokes reflection on the meaning of democracy and the reunion of a people with long-banished hopes and dreams. With the luminous essays in *Keeping a Rendezvous*, we are given to see the world as Berger sees it -- to explore themes suggested by the work of Jackson Pollock or J. M. W. Turner, to contemplate the wonder of Paris. *Rendezvous* are manifold: between critic and art, artist and subject, subject and the unknown. But most significant are the rendezvous between author and reader, as we discover our perceptions informed by Berger's eloquence and courageous moral imagination. The 40th anniversary edition of this classic Booker Prize-winning novel. "In this incisive counter-polemic Peter Fuller underlines what is most valuable in Berger's criticism, while attacking the art ideologists who would negate the existence of any aesthetic experience. He succinctly argues the case for a materialistic understanding of art and its value which moves beyond ideology and permits one to confront the 'masterpiece', the work of art which breaks free from the norms of tradition and transcends its time."--back cover. As a novelist, art critic, and cultural historian, Booker Prize-winning author John Berger is a writer of dazzling eloquence and arresting insight whose work amounts to a subtle, powerful critique of the canons of our civilization. In *About Looking* he explores our role as observers to reveal new layers of meaning in what we see. How do the animals we look at in zoos remind us of a relationship between man and beast all but lost in the twentieth century? What is it about looking at war photographs that doubles their already potent violence? How do the nudes of Rodin betray the threats to his authority and potency posed by clay and flesh? And how does solitude inform the art of Giacometti? In asking these and other questions, Berger quietly -- but fundamentally -- alters the vision of anyone who reads his work. Berger reveals the ties between love and absence, the ways poetry endows language with the assurance of prayer, and the tensions between the forward movement of sexuality and the steady backward tug of time. He recreates the mysterious forces at work in a Rembrandt painting, transcribes the sensorial experience of viewing lilacs at dusk, and explores the meaning of home to early man and to the hundreds of thousands of displaced people in our cities today. And *Our Faces, My Heart*, Brief as Photos is a seamless fusion of the political and personal.
