*Mifflin Readers (Grade 4): The Story of Dorothea Lange The Nation's Choice, Phonics Library Level K Theme 6*

*This full-color text presents content at reading levels 3-4 with vocabulary, writing, comprehension, and geography skill-building components. Looks at the early life of Martin Luther King, Jr., as seen through the eyes of his older sister. At last -- paperback versions of all-time favorite children's books from Dorling Kindersley! Every young reader will find something fascinating on this exciting list -- from cheerful toddler story books to charming picture books. Affordable prices and outstanding quality make Dorling Kindersley Paperbacks the perfect choice for helping children read every day. The amazing, true story of Fiona, a baby hippo born prematurely at the Cincinnati Zoo, the team of scientists and caregivers who nursed her to health, and the vast community in Cincinnati and beyond who rallied around her. Includes full-color behind-the-scenes photographs throughout. On a cold January day in 2017, Nile hippopotamus Bibi gave her keepers at the Cincinnati Zoo & Botanical*

Garden a big (little) surprise—a tiny newborn hippo, no bigger than a football. The first premature hippo born and raised in captivity, baby Fiona was an underdog from the start: she couldn't nurse, she couldn't stay hydrated, and she wasn't thriving. But the staff at the zoo knew they could save her. It would take creative thinking and teamwork. They would have to study the makeup of hippo milk for the first time ever and reach out to medical colleagues, including a team at the local Children's Hospital with superior vein-finding skills, to ensure that Fiona would begin to gain weight and become healthy. When Fiona began to thrive, her star began to rise, and soon she became an internet sensation, her picture and videos garnering thousands and thousands of likes and fans on Instagram and Facebook. Now a Fiona appearance at the Zoo mimics a Beatles concert. What made this little, now big, hippo such a big hit with people all over the world? And what's in store for her and her family in the future? A country house is unhappy when the city, with all its buildings and traffic, grows up around her. *Curious George Goes Camping* is an entertaining story of the Great Outdoors based on H. A. and Margret Rey's popular

primate and painted in the original watercolor and charcoal style. George tries to be helpful, but he of course just ends up upsetting a nearby camper. As he's hiding in the woods, he meets a forest creature who catapults the mischievous monkey into a chain of even more outrageous events! For more monkey fun, investigate [www.curiousgeorge.com](http://www.curiousgeorge.com) and discover all the latest on Curious George books, promotions, games, activities, and more! In her debut novel, the bestselling author of *Wild* weaves a searing and luminous tale of a family's grief after unexpected loss. "Work hard. Do good. Be incredible!" is the advice Teresa Rae Wood shares with the listeners of her local radio show, *Modern Pioneers*, and the advice she strives to live by every day. She has fled a bad marriage and rebuilt a life with her children, Claire and Joshua, and their caring stepfather, Bruce. Their love for each other binds them as a family through the daily struggles of making ends meet. But when they received unexpected news that Teresa, only 38, is dying of cancer, their lives all begin to unravel and drift apart. *Strayed's* intimate portraits of these fully human characters in a time of crisis show the varying truths of grief,

forgiveness, and the beautiful terrors of learning how to keep living. From the Pulitzer Prize-winning author of *Children of Crisis*, a profound examination of how listening to stories promotes learning and self-discovery. As a professor emeritus at Harvard University, a renowned child psychiatrist, and the author of more than forty books, including *The Moral Intelligence of Children*, Robert Coles knows better than anyone the transformative power of learning and literature on young minds. In this "persuasive" book (*The New York Times Book Review*), Coles convenes a virtual symposium of college, law, and medical school students to explore the phenomenon of storytelling as a source of values and character. Here are transcriptions of classroom conversations in which Coles and his students discuss the impact of particular works of literature on their moral development. Here also are Coles's intimate personal reflections on his experiences in the civil rights movement, his child psychiatry practice, and his interactions with his own literary mentors including William Carlos Williams and L.E. Sissman. The life lessons learned from these stories are of special resonance to doctors

and teachers looking to apply them in classroom and clinical environments. The rare public intellectual to be honored with a MacArthur Award, a Presidential Medal of Freedom, and a National Humanities Medal, Robert Coles is a true national treasure, and *The Call of Stories* is, in the words of National Book Award winner Walker Percy, "Coles at his wisest and best." 'The Farm Book' is a unique pictorial record of the work and pleasure shared by a farming family at the turn of the century. Simple text and photographs introduce basic emotions--happy, grumpy, thoughtful, and more--and how people express them. Explains how insects grow, describing the various stages of their life cycle. The inspiring, dramatic, and heartwarming true account of an escaped convict and his wife of thirty-five plus years who never knew his secret, which captured the imaginations of millions on *Humans of New York*. Bobby and Cheryl Love were living in Brooklyn, happily married for decades, when the FBI and NYPD appeared at their door and demanded to know from Bobby, in front of his shocked wife and children: "What is your name? No, what's your real name?" Bobby's thirty-eight-year secret was out. As a Black child in the Jim Crow South,

Bobby found himself in legal trouble before his 14th birthday. Sparked by the desperation he felt in the face of limited options and the pull of the streets, Bobby became a master thief. He soon found himself facing a thirty-year prison sentence. But Bobby was smarter than his jailers. He escaped, fled to New York, changed his name, and started a new life as "Bobby Love." During that time, he worked multiple jobs to support his wife and their growing family, coached Little League, attended church, took his kids to Disneyland, and led an otherwise normal life. Then it all came crashing down. With the drama of a jailbreak story and the incredible tension of a life lived in hiding, *The Redemption of Bobby Love* is an unbelievable but true account of building a life from scratch, the pain of festering secrets in marriage, and the unbreakable bonds of faith and love that keep a family together. READ 180 is a comprehensive reading intervention program designed to meet the needs of elementary to middle school students whose reading achievement is below the proficient level. The program directly addresses individual needs through differentiated instruction, adaptive and instructional software, high-interest

literature, and direct instruction in reading, writing, and vocabulary skills. Stage A provides tools for young struggling readers in elementary school to develop critical literacy skills. Stage B provides middle school struggling readers with topics designed for their level of reading that hold their interest. System 44 was designed for the most challenged, older struggling readers, and helps these students understand that the English language is a finite system of 44 sounds and 26 letters that can be mastered. It uses validated assessment for screening and placement, research-based phonics instruction and highly motivating and age-appropriate adaptive technology. English 3D was designed to accelerate language development for English learners who have agility with social interactional English while lacking the advanced linguistic knowledge and skills required by complex coursework in school. English 3D propels students to higher language proficiency through a consistent series of lessons derived from research-based principles and classroom-tested practices that maximize students' verbal and written engagement with conceptually rigorous content.--Teaching Guide Course A, Volume 1,

Overview p. T10. Buzzzz! There goes the alarm clock! How many buzzes do you hear this morning? Nick's Grandma and Grandpa keep a box filled with things from the past and remember stories they share with Nick. This eBook edition has been formatted to the highest digital standards and adjusted for readability on all devices. Tom Bailey is born in the fictitious town of Rivermouth, New Hampshire, but moves to New Orleans with his family when he is still a baby. In his boyhood, his father wants him to be educated in the North and sent him back to school in Rivermouth to live with his grandfather, Captain Nutter. Tom becomes a member of a boys' club called the Centipedes and the boys become involved in a series of adventures. In one prank, the boys steal an old carriage and push it into a bonfire for the Fourth of July. During the winter, several boys build a snow fort on Slatter's Hill, inciting rival boys into a battle of snowballs. Later, Tom and three other boys combine their money to buy a boat named Dolphin and sneak away to an island. Tom also befriends a man nicknamed Sailor Ben. Revealed as the long-lost husband of Captain Nutter's Irish servant, Ben settles in Rivermouth in a boat-like cabin. Sailor Ben

helps the boys fire off a series of old cannon at the pier, much to the confusion of the local townspeople. When his father's banking job fails, Tom is invited by an uncle to work in a counting-house in New York. "The Story of a Bad Boy" is an autobiographical novel by American writer Thomas Bailey Aldrich, fictionalizing his experiences as a boy in Portsmouth, New Hampshire. The book is considered the first in the "bad boy" genre of literature, though the text's opening lines admit that he was "not such a very bad, but a pretty bad boy". As both a global learning company and award-winning publishing house, Houghton Mifflin Harcourt sought to weave together its educational and literary expertise to inspire young writers across the United States and celebrate their work. HMH launched the first-ever Spark a Story writing competition for high school students, and received submissions from teens across the country. In the spirit of HMH's Best American series, the Spark a Story collection includes twenty short stories from this competition, as selected by HMH editors. The anthology offers a diverse set of pieces from some of today's promising teen writers, many of whom aspire

to continue exploring the role writing will play in their lives. Crackle! Crackle! Crunch! What's hatching from that egg? It's a young bar-tailed godwit. She will spend the summer in Alaska learning to fly, find her own food, and escape from scary predators. Her long, long journey begins in October when she flies to New Zealand. This 7,000-mile flight is the longest nonstop bird migration ever recorded. Follow along on her amazing voyage! From New York Times bestselling author Naomi Wolf, *Outrages* explores the history of state-sponsored censorship and violations of personal freedoms through the inspiring, forgotten history of one writer's refusal to stay silenced. Newly updated, first North American edition--a paperback original

In 1857, Britain codified a new civil divorce law and passed a severe new obscenity law. An 1861 Act of Parliament streamlined the harsh criminalization of sodomy. These and other laws enshrined modern notions of state censorship and validated state intrusion into people's private lives. In 1861, John Addington Symonds, a twenty-one-year-old student at Oxford who already knew he loved and was attracted to men, hastily wrote out a seeming renunciation of the long love poem

he'd written to another young man. *Outrages* chronicles the struggle and eventual triumph of Symonds—who would become a poet, biographer, and critic—at a time in British history when even private letters that could be interpreted as homoerotic could be used as evidence in trials leading to harsh sentences under British law. Drawing on the work of a range of scholars of censorship and of LGBTQ+ legal history, Wolf depicts how state censorship, and state prosecution of same-sex sexuality, played out—decades before the infamous trial of Oscar Wilde—shadowing the lives of people who risked in new ways scrutiny by the criminal justice system. She shows how legal persecutions of writers, and of men who loved men affected Symonds and his contemporaries, including Christina and Dante Gabriel Rossetti, Algernon Charles Swinburne, Walter Pater, and the painter Simeon Solomon. All the while, Walt Whitman's *Leaves of Grass* was illicitly crossing the Atlantic and finding its way into the hands of readers who reveled in the American poet's celebration of freedom, democracy, and unfettered love. Inspired by Whitman, and despite terrible dangers he faced in doing so, Symonds kept trying,

stubbornly, to find a way to express his message—that love and sex between men were not “morbid” and deviant, but natural and even ennobling. He persisted in various genres his entire life. He wrote a strikingly honest secret memoir—which he embargoed for a generation after his death—enclosing keys to a code that the author had used to embed hidden messages in his published work. He wrote the essay *A Problem in Modern Ethics* that was secretly shared in his lifetime and would become foundational to our modern understanding of human sexual orientation and of LGBTQ+ legal rights. This essay is now rightfully understood as one of the first gay rights manifestos in the English language. Naomi Wolf’s *Outrages* is a critically important book, not just for its role in helping to bring to new audiences the story of an oft-forgotten pioneer of LGBTQ+ rights who could not legally fully tell his own story in his lifetime. It is also critically important for what the book has to say about the vital and often courageous roles of publishers, booksellers, and freedom of speech in an era of growing calls for censorship and ever-escalating state violations of privacy. With *Outrages*, Wolf brings us the inspiring story

of one man's refusal to be silenced, and his belief in a future in which everyone would have the freedom to love and to speak without fear. Simple, rhyming text expands on the familiar nursery rhyme as Curious George prepares for a birthday party. Celebrates the many different ways that families show their love for one another, in a text with a mirror and fill-in family tree. A New York Times bestseller! Who was at the forefront of women's right to vote? We know a few famous names, like Susan B. Anthony and Elizabeth Cady Stanton, but what about so many others from diverse backgrounds—black, Asian, Latinx, Native American, and more—who helped lead the fight for suffrage? On the hundredth anniversary of the historic win for women's rights, it's time to celebrate the names and stories of the women whose stories have yet to be told. Gorgeous portraits accompany biographies of such fierce but forgotten women as Yankton Dakota Sioux writer and advocate Zitkála-Šá, Mary Eliza Church Terrell, who cofounded the National Association of Colored Women (NACW), and Mabel Ping-Hua Lee, who, at just sixteen years old, helped lead the biggest parade in history to promote the cause of suffrage. *FINISH THE FIGHT* will fit

alongside important collections that tell the full story of America's fiercest women. Perfect for fans of GOOD NIGHT STORIES FOR REBEL GIRLS and BAD GIRLS THROUGHOUT HISTORY. On a tiny island off the coast of Iceland, Halla and her friends wait with anticipation. Every spring, millions of puffins, the clowns of the sea, return to nest, lay eggs, and raise their chicks to pufflings. That means Halla and her friends will be busy in August when the pufflings venture out at night to take their first flight. Then, all of the children stay out all night, too. During the nights of the pufflings they rescue thousands of stranded young birds, and in the daytime set them safely free at the beach. In *Nights of the Pufflings*, Bruce McMillan captures the unique and endearing story of an island tradition.
