ancient greek civilization the period following  
mycenaean civilization which ended about 1200 bce  
to the death of alexander the great in 323 bce it  
was a period of political philosophical artistic  
and scientific achievements that formed a legacy  
with unparalleled influence on western  
civilization in this case ancient history  
actually begins with the paleolithic era from  
about 4 5 million years before the present until  
ten thousand years ago this places the  
development of early hominids into modern style  
humans within the compass of ancient history  
others believe that the origins of agriculture  
really mark the beginning of ancient the ancient  
greeks lived in many lands around the  
mediterranean sea from turkey to the south of  
france they had close contacts with other peoples  
such as the egyptians syrians and persians the  
greeks lived in separate city states but shared  
the same language and religious beliefs the  
ancient egyptian civilisation began 5 000 years  
ago when people started building villages next to
