A brilliant novel by the Norwegian master Dag Solstad Bjorn Hansen, a respectable town treasurer, has just turned fifty and is horrified by the thought that chance has ruled his life. Eighteen years ago he left his wife and their two-year-old son for his mistress, who persuaded him to start afresh in a small, provincial town and to devote himself to an amateur theater. In time that relationship also faded, and after four years of living alone Bjorn contemplates an extraordinary course of action that will change his

life forever. He finds a fellow conspirator in Dr. Schiotz, who has a secret of his own and offers to help Bjorn carry his preposterous plan through to its logical conclusion. But the sudden reappearance of his son both fills Bjorn with new hope and complicates matters. The desire to gamble with his comfortable existence proves irresistible, however, taking him to Vilnius in Lithuania, where very soon he cannot tell whether he's tangled up in a game or reality. Dag Solstad won the Norwegian Critics Prize for Literature for *Novel 11, Book 18*, a concentrated uncompromising existential novel that puts on full display the author's remarkable gifts and wit. In an uptown strip joint, a cop is found bludgeoned to death. The weapon's a baseball bat. The motive's a mystery. It's a case of serious overkill that pushes Eve Dallas straight into overdrive. Her investigation uncovers a private club that's more than a hot spot. Purgatory's a last chance for atonement where everyone is judged. Where your ultimate fate depends on your most intimate sins. And where one cop's hidden secrets are about to plunge innocent souls into vice-ridden damnation... The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya, the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya. Direct3D 11 offers such a wealth of capabilities that users can sometimes get lost in the details of specific APIs and their implementation. While there is a great deal of low-level information available about how each API function should be used, there is little documentation that shows how best to leverage these capabilities. Written by active members of the Direct3D community, *Practical Rendering and Computation with Direct3D 11* provides a deep understanding of both the high and low level concepts related to using Direct3D 11. The first part of the book presents a conceptual introduction to Direct3D 11, including an overview of the Direct3D 11 rendering and computation pipelines and how they map to the underlying hardware. It also provides a detailed look at all of the major components of the library, covering resources, pipeline details, and multithreaded rendering. Building upon this material, the second part of the text includes detailed examples of how to use Direct3D 11 in common rendering scenarios. The authors describe sample algorithms in-depth and discuss how the features of Direct3D 11 can be used to your advantage. All of the source code from the book is accessible on an actively maintained open source rendering framework. The sample applications and the framework itself can be downloaded from <http://hieroglyph3.codeplex.com> By analyzing when to use various tools and the tradeoffs between different implementations, this book helps you understand the best way to accomplish a given task and thereby fully leverage the potential capabilities of Direct3D 11. Beginning in the early years of this century, *Number 11* follows two friends, Alison and Rachel, as they come of age. As the narrative progresses from the aftermath of the Iraq War to the present day, its scope broadens to include others who are variously connected to these two girls: Alison's

mother, a has-been singer, competes on a grisly reality TV show; Rachel's university mentor finally confronts her late husband's obsessive search for a German film he saw as a child; a young police constable investigates the seemingly unrelated deaths of two stand-up comedians; and a giant spider lurks in the darkness beneath one of London's most staggeringly expensive neighborhoods. Combining his signature humor, psychological insight and social commentary, Jonathan Coe holds up a disquieting, unforgiving mirror in which to reflect a world where the systems are broken and everyone can—and perhaps must—name his or her own price.

Premium matte finish soft cover Printed on white paper A great array of fun and challenging drills specially designed to develop fitness in young people. Moving bodies, and moving on... Carlotta Wren's life is entering new territory--a new career path, a new direction in her love life, and possibly new family members to uncover. A big part of moving on, though, means leaving people and other pieces of her past behind... which might be harder than she realized. Especially when moving forward means walking through a minefield of mysterious discoveries about the people she loves, and the people she wants not to love. Although radically different, the Vietnam War, the Oklahoma City bombing, the Columbine High School shootings, and the attacks of 9/11 all shattered myths of national identity. Vietnam was a war the United States didn't win; Oklahoma City revealed domestic terrorism in the heartland; Columbine debunked legends of high school as an idyllic time; and 9/11 demonstrated U.S. vulnerability to international terrorism. But an ancient evil gathers its strength beneath the surface of Caliban, and the First Legion will soon be thrust into a deadly conflict where all that they know will be cast into doubt. Sheriff Quinn Colson and his former deputy Lillie Virgil find themselves on opposite sides of a case for the first time after a woman is found dead and three delinquent teens go on the run. Before he was an Army Ranger who came home to become

Tibbehah County Sheriff and take down a corrupt system, Quinn Colson was a kid who got into trouble--a lot of it. So when juvenile delinquent TJ Byrd insists that she doesn't know who killed her mother--an unreliable addict who has disappeared--Quinn's inclined to believe her. But no one else does--not the town, not the sheriff in a neighboring county, not her mother's older boyfriend, and certainly not Quinn's friend and former deputy, U.S. Marshal Lillie Virgil. The Byrd family has always been trouble, and sixteen-year-old TJ is known for petty theft, fighting, and general hellraising. She's also no fool, and when she senses she's about to take the fall for her mother's murder, TJ, her boyfriend, her best friend, and her nine-year-old brother go on the run. As Lillie Virgil tracks the kids across a trail of burglaries, stolen cars and even a kidnapping, intent on bringing TJ to justice, Quinn sets out to find the truth back in Tibbehah. Someone has gone to a lot of violent trouble to make TJ and her friends the logical target of the investigation. It's easy, and who cares about a bunch of lawless kids? As the bloody evidence against TJ piles up, Quinn knows someone truly evil is at work here--and that puts TJ and her friends in more danger than they can imagine.
