Five twists on classic fairy tales
from five mesmerizing
authors—including "Taken in
Death," a Lieutenant Eve Dallas
story from #1 New York Times
bestselling author J. D. Robb.
Once upon a time, in a world
far removed from the days
when fairy tales were new, five
bestselling authors spin

versions that take the classic stories into a new dimension. You'll recognize Hansel and Gretel, Cinderella, Sleeping Beauty, and other enduring characters, but they'll exist in realms beyond your imagination, where the familiar is transformed into the extraordinary and otherworldly. Find happily ever after with... MIRROR, MIRROR When the body of a young brunette is found in East Park River, Lieutenant Eve Dallas is catapulted back nine years to the case of 'The Groom', who placed a ring on the finger of each of his victims. Now, it would appear, The Groom has returned - but Eve is determined to catch him before

he claims another life. #1 New York Times bestselling author J. D. Robb presents the fifth thrilling novel in her futuristic In Death series—where even in an age of cutting-edge technology, old beliefs die hard. Conducting a top secret investigation into the death of a fellow police officer has Lieutenant Eve Dallas treading on dangerous ground. She must put professional ethics before personal loyalties. But when a dead body is placed outside her home, Eve takes the warning personally. With her husband, Roarke, watching her every move, Eve is drawn into the most dangerous case of her career. Every step she takes makes her question her

own beliefs of right and wrong—and brings her closer to a confrontation with humanity's most seductive form of evil... Detective Eve Dallas tracks the cunning, cold-blooded killer of a doctor and his son in this novel in the #1 New York Times bestselling In Death series. A pioneer of modern reconstructive and cosmetic surgery, Dr. Wilfred B. Icove, is found dead in his office—murdered in a chillingly efficient manner: one swift stab to the heart. Struck by the immaculate condition of the crime scene, Dallas suspects a professional killing. Security disks show a stunningly beautiful woman calmly entering and leaving the

building—the doctor’s final appointment. Known as “Dr. Perfect,” the saintly Icove devoted his life to his family and his work. His record is clean. Too clean for Dallas. She knows he was hiding something and suspects that his son—and successor—knows what it is. Then, like father, like son, the young Dr. Icove is killed...with the same deadly precision. But who is the mystery woman—and what was her relationship with the good doctors? While her husband, Roarke, works behind the scenes, Dallas follows her darkest instincts into the Icoves’ pasts. What she discovers are men driven to create perfection—playing fast

and loose with the laws of nature, the limits of science, and the morals of humanity... Lieutenant Eve Dallas puzzles over a bizarre suicide bombing in a Wall St. office building in *Leverage in Death*, the latest in the #1 New York Times bestselling series from J.D. Robb... For the airline executives finalizing a merger that would make news in the business world, the nine a.m. meeting would be a major milestone. But after marketing VP Paul Rogan walked into the plush conference room, strapped with explosives, the headlines told of death and destruction instead. The NYPSD’s Eve Dallas confirms that Rogan was cruelly coerced

by two masked men holding his family hostage. His motive was saving his wife and daughter—but what was the motive of the masked men? Despite the chaos and bad publicity, blowing up one meeting isn’t going to put the brakes on the merger. All it’s accomplished is shattering a lot of innocent lives. Now, with the help of her billionaire husband Roarke, Eve must untangle the reason for an inexplicable act of terror, look at suspects inside and outside both corporations, and determine whether the root of this crime lies in simple sabotage, or something far more complex and twisted. In this thriller in the #1 New York Times

bestselling In Death series, Lieutenant Eve Dallas must solve the murder of an actress whose final role was to die for... Lieutenant Eve Dallas is no party girl, but she's managing to have a reasonably good time at the celebrity-packed bash celebrating The Icove Agenda, a film based on one of her famous cases. It's a little spooky seeing the actress playing her, who looks as though she could be her long-lost twin. Not as unsettling, though, as seeing the actress who plays Peabody—drowned in the lap pool on the roof of the director's luxury building. Talented but rude and widely disliked, K.T. Harris made an embarrassing scene during

dinner. Now she's at the center of a crime scene—and Eve is more than ready to get out of her high heels and strap on her holster to step into the role she was born to play: cop. When a famous thespian is killed right before her eyes, New York detective Eve Dallas takes a new place in crime as both officer and witness to murder in this novel in the #1 New York Times bestselling In Death series. The opening night of the revival of Agatha Christie's "Witness for the Prosecution" at New York's New Globe Theater turns from stage scene to crime scene when the leading man is stabbed to death right on center stage. Now Eve Dallas has a high-

profile celebrity homicide on her hands. Not only is she lead detective, she's also a witness—and when the press discovers that her husband owns the theater, there's more media spotlight than either can handle. The only way out is to move fast. Question everyone and everything...and in the meantime, try to tell the difference between the truth—and really good acting... Lieutenant Eve Dallas must solve the murder of a seemingly ordinary family, and protect one small, terrified survivor in this novel in the #1 New York Times bestselling In Death series. No affairs. No criminal connections. No DNA. No clues. Lieutenant Eve Dallas

may be the best cop in the city—not to mention having the lavish resources of her husband Roarke at her disposal—but the Swisher case has her baffled. The family members were murdered in their beds with brutal, military precision. The state-of-the-art security was breached, and the killers used night vision to find their way through the cozy middle-class house. Clearly, Dallas is dealing with pros. The only mistake they made was to overlook the nine-year-old girl cowering in the dark in the kitchen... Now Nixie Swisher is an orphan—and the sole eyewitness to a seemingly inexplicable crime. Kids are not Dallas's strong suit. But Nixie

needs a safe place to stay, and Dallas needs to solve this case. Not only because of the promise she made to Nixie. Not only for the cause of justice. But also to put to rest some of her own darkest memories—and deepest fears. With her partner Peabody on the job, and watching her back—and with Roarke providing the kind of help that only he can give—Lieutenant Eve Dallas is running after shadows, and dead-set on finding out who's behind them. In the latest thriller in the #1 New York Times bestselling series, homicide detective Eve Dallas investigates a murder with a mysterious motive—and a terrifying weapon.

Pediatrician Kent Abner received the package on a beautiful April morning. Inside was a cheap trinket, a golden egg that could be opened into two halves. When he pried it apart, highly toxic airborne fumes entered his body—and killed him. After Eve Dallas calls the hazmat team—and undergoes testing to reassure both her and her husband that she hasn't been exposed—it's time to look into Dr. Abner's past and relationships. Not every victim Eve encounters is an angel, but it seems that Abner came pretty close—though he did ruffle some feathers over the years by taking stands for the weak and defenseless. While the lab

tries to identify the deadly toxin, Eve hunts for the sender. But when someone else dies in the same grisly manner, it becomes clear that she's dealing with either a madman—or someone who has a hidden and elusive connection to both victims. "The 50th book proves this series truly is the gold standard." — Associated Press #1 NEW YORK TIMES BESTSELLER (February 2019) Lieutenant Eve Dallas fights to save the innocent—and serve justice to the guilty—on the streets of New York in *Connections in Death*, the gritty and gripping new In Death novel from #1 New York Times bestselling author J.D.

Robb. Homicide cop Eve Dallas and her billionaire husband, Roarke, are building a brand-new school and youth shelter. They know that the hard life can lead kids toward dangerous crossroads—and with this new project, they hope to nudge a few more of them onto the right path. For expert help, they hire child psychologist Dr. Rochelle Pickering—whose own brother pulled himself out of a spiral of addiction and crime with Rochelle's support. Lyle is living with Rochelle while he gets his life together, and he's thrilled to hear about his sister's new job offer. But within hours, triumph is followed by tragedy. Returning from a celebratory dinner with

her boyfriend, she finds Lyle dead with a syringe in his lap, and Eve's investigation confirms that this wasn't just another OD. After all his work to get clean, Lyle's been pumped full of poison—and a neighbor with a peephole reports seeing a scruffy, pink-haired girl fleeing the scene. Now Eve and Roarke must venture into the gang territory where Lyle used to run, and the ugly underground world of tattoo parlors and strip joints where everyone has taken a wrong turn somewhere. They both believe in giving people a second chance. Maybe even a third or fourth. But as far as they're concerned, whoever gave the order on Lyle

Pickering's murder has run out of chances... Lieutenant Eve Dallas never wavers in her search for justice. But in this gripping novel in the #1 New York Times bestselling In Death series, she'll learn that matters of the heart are never black and white. The first victim was found lying on a sidewalk in the rain. The second was murdered in her own apartment building. Police Lieutenant Eve Dallas had no problem finding connections between the two crimes. Both victims were beautiful and highly successful women. Their glamorous lives and loves were the talk of the city. And their intimate relations with men of great power and wealth provided Eve

with a long list of suspects—including her own lover, Roarke. As a woman, Eve was compelled to trust the man who shared her bed. But as a cop, it was her job to follow every lead...to investigate every scandalous rumor...to explore every secret passion, no matter how dark. Or how dangerous. When her husband discovers evidence of 12 murders while demolishing a former New York shelter for troubled teens, Lieutenant Eve Dallas tracks down the stories of each victim only to realize that they are connected by someone Eve knows. By the best-selling author of the In Death series. From #1 New York Times bestselling author J. D. Robb

Lieutenant Eve Dallas. As NY Lt. Eve Dallas and her billionaire husband Roarke are driving home, a young woman—dazed, naked, and bloody—suddenly stumbles out in front of their car. Roarke slams on the brakes and Eve springs into action. Daphne Strazza is rushed to the ER, but it's too late for her husband Dr. Anthony Strazza. A brilliant orthopedic surgeon, he now lies dead amid the wreckage of his obsessively organized town house, his three safes opened and emptied. Daphne would be a valuable witness, but in her terror and shock the only description of the perp she can offer is repeatedly calling him "the devil"... While it emerges

that Dr. Strazza was cold, controlling, and widely disliked, this is one case where the evidence doesn't point to the spouse. So Eve and her team must get started on the legwork, interviewing everyone from dinner-party guests to professional colleagues to caterers, in a desperate race to answer some crucial questions: What does the devil look like? And where will he show up next? In this crime thriller in the #1 New York Times bestselling series, Lieutenant Eve Dallas tracks a pair of Bonnie and Clyde copycats whose heated passion for each other is fueled by cold brutality. When Eve Dallas examines a fresh body in a

seedy alleyway in downtown Manhattan, the victim's injuries are so extensive that she almost misses the clue. Carved into the skin is the shape of a heart—initials inside reading “E” and “D”... In Arkansas, Ella-Loo and her recently released ex-con boyfriend, Darryl, don't ever intend to part again. And, with her husband Roarke at her side, Eve has every intention of hunting them down and giving them what they truly deserve... #1 New York Times bestselling author J. D. Robb presents three In Death stories that spotlight Lieutenant Eve Dallas doing what she does best: solving crime with skill, integrity, and passion—together in one volume for the first time. ETERNITY IN DEATH A seductive killer is luring in victims with a promise of the impossible-immortality. Eve Dallas must strip away the

fantasy to catch the coldhearted madman. RITUAL IN DEATH Eve is plunged into the violent aftermath of a ritualistic murder—and into the mind of an alleged witness who can't remember a thing to save his life. MISSING IN DEATH When a woman disappears from a New York City ferry, it's a case that only Eve Dallas can solve—because the woman didn't jump, and yet she's not on board. Homicide detective Eve Dallas must untangle a twisted family history while a hostage's life hangs in the balance—in Abandoned in Death by New York Times bestselling author J. D. Robb. The woman's body was found in the early morning, on a

bench in a New York City playground. She was clean, her hair neatly arranged, her makeup carefully applied. But other things were very wrong—like the tattoo and piercings, clearly new. The clothes, decades out of date. The fatal wound hidden beneath a ribbon around her neck. And the note: Bad Mommy, written in crayon as if by a child. Eve Dallas turns to the department's top profiler, who confirms what seems obvious to Eve: They're dealing with a killer whose childhood involved some sort of trauma—a situation Eve is all too familiar with herself. Yet the clues suggest a perpetrator who'd be roughly sixty years

old, and there are no records of old crimes with a similar MO. What was the trigger that apparently reopened such an old wound and sent someone over the edge? When Eve discovers that other young women—who physically resemble the first victim—have vanished, the clock starts ticking louder. But to solve this case she will need to find her way into a hidden place of dim light and concrete, into the distant past, and into the cold depths of a shattered mind. A new novel in the #1 New York Times bestselling series: Lt. Eve Dallas must separate rumors from reality when a woman who traffics in other people's secrets is silenced.

The chic Manhattan nightspot Du Vin is not the kind of place Eve Dallas would usually patronize, and it's not the kind of bar where a lot of blood gets spilled. But that's exactly what happens one cold February evening. The mortally wounded woman is Larinda Mars, a self-described "social information reporter," or as most people would call it, a professional gossip. As it turns out, she was keeping the most shocking stories quiet, for profitable use in her side business as a blackmailer. Setting her sights on rich, prominent marks, she'd find out what they most wanted to keep hidden and then bleed them dry. Now someone's done the same to

her, literally—with a knife to the brachial artery. Eve didn't like Larinda Mars. But she likes murder even less. To find justice for this victim, she'll have to plunge into the dirty little secrets of all the people Larinda Mars victimized herself. But along the way, she may be exposed to some information she really didn't want to know... "The scene in the West Village studio appears to be classic crime-of-passion: two wineglasses by the bed, music playing, and a young sculptor named Ariel Byrd with the back of her head bashed in. But when Dallas tracks down the wealthy Upper East Side woman who called 911, the details don't add up. Gwen

Huffman is wealthy, elegant, comforted by her handsome fiancé as she sheds tears over the trauma of finding the body, but why did it take an hour to report it? And why is she lying about little things? As Eve and her team look into Gwen, her past, and the people around her, they find that the lies are about more than murder. As with sculpture, they need to chip away at the layers of deception to find the shape within, and soon they're getting the FBI involved in a case that involves a sinister, fanatical group, countless hidden victims, and a stunning criminal conspiracy" -- Cover. Lieutenant Eve Dallas delves into the world of virtual reality gaming to stop a sadistic killer in this In Death novel from #1 New York Times bestselling author J. D. Robb. They died with smiles on their faces. Three apparent suicides: a brilliant engineer, an

infamous lawyer, and a controversial politician. Three strangers with nothing in common—and no obvious reasons for killing themselves. Police lieutenant Eve Dallas finds the deaths suspicious. And her instincts pay off when autopsies reveal small burns on the brains of the victims. Was it a genetic abnormality or a high-tech method of murder? Eve's investigation turns to the provocative world of virtual reality games—where the same techniques used to create joy and desire can also prompt the mind to become the weapon of its own destruction... Kecia Ali's Human in Death explores the best-selling futuristic suspense series In Death,

written by romance legend Nora Roberts under the pseudonym J. D. Robb. Centering on troubled NYPSD Lieutenant Eve Dallas and her billionaire tycoon husband Roarke, the novels explore vital questions about human flourishing. Through close readings of more than fifty novels and novellas published over two decades, Ali analyzes the ethical world of Robb's New York circa 2060. Robb compellingly depicts egalitarian relationships, satisfying work, friendships built on trust, and an array of models of femininity and family. At the same time, the series' imagined future replicates some of the least

admirable aspects of contemporary society. Sexual violence, police brutality, structural poverty and racism, and government surveillance persist in Robb's fictional universe, raising urgent moral challenges. So do ordinary ethical quandaries around trust, intimacy, and interdependence in marriage, family, and friendship. Ali celebrates the series' ethical successes, while questioning its critical moral omissions. She probes the limits of Robb's imagined world and tests its possibilities for fostering identity, meaning, and mattering of human relationships across social difference. Ali capitalizes on

Robb's futuristic fiction to reveal how careful and critical reading is an ethical act. #1 New York Times bestselling author J. D. Robb continues her “sexy and suspenseful” (Publishers Weekly) In Death series in this futuristic thriller in which technology and humanity collide—and a new computer virus has become the latest form of terrorism... Reva Ewing was a former member of the Secret Service, and then a security specialist for Roarke Enterprises—until she was found standing over the dead bodies of her husband, renowned artist Blair Bissel, and her best friend. But Lieutenant Eve Dallas believes there was more to the killing

than jealous rage—all of Bissel's computer files were deliberately corrupted. To Roarke, it's the computer attack that poses the real threat. He and Reva have been under a code-red government contract to develop a program that would shield against techno-terrorists. But this deadly new breed of hackers isn't afraid to kill to protect their secret—and it's up to Lieutenant Eve Dallas to shut them down before the nightmare can spread to the whole country. In this thriller in the #1 New York Times bestselling In Death series, Lieutenant Eve Dallas discovers that deep hatred can seethe within the closest

relationships when she hunts down a man who murdered his own family. Lieutenant Eve Dallas has plenty to be grateful for, especially Roarke's big Irish family, which is a joyful improvement on her own dark childhood. Other couples aren't as lucky. The Reinholds, for example, are lying in their home stabbed and bludgeoned almost beyond recognition. Those who knew them are stunned—and heartbroken by the evidence that they were killed by their own son. Turns out that twenty-six-year-old Jerry is not only capable of brutality but has taking a liking to it. With the money he's stolen from his parents and a long list of grievances, he

intends to finally make his mark on the world. Eve and her team already know the who, how, and why of this murder. What they need to pinpoint is where Jerry's going to strike next. Lieutenant Eve Dallas must foil a terrorist plot in this explosive thriller in the #1 New York Times bestselling In Death series. It was just another after-work happy hour at a bar downtown—until the madness descended. And after twelve minutes of chaos and violence, more than eighty people lay dead. Lieutenant Eve Dallas is trying to sort out the inexplicable events. Surviving witnesses talk about seeing things—monsters and swarms of bees. They describe

sudden, overwhelming feelings of fear and rage and paranoia. When forensics makes its report, the mass delusions make more sense: it appears the bar patrons were exposed to a cocktail of chemicals and illegal drugs that could drive anyone into temporary insanity—if not kill them outright. But that doesn't explain who would unleash such horror—or why. Eve's husband, Roarke, happens to own the bar, but he's convinced the attack wasn't directed at him. It's bigger than that. And if Eve can't figure it out fast, it could happen again, anytime, anywhere. Because it's airborne... THE FIRST NOVEL

IN J. D. ROBB'S #1 NEW YORK TIMES BESTSELLING IN DEATH SERIES In the year 2058, technology completely rules the world. But for New York City Detective Eve Dallas, one irresistible impulse still rules the heart: passion... Eve Dallas is a New York police lieutenant hunting for a ruthless killer. In over ten years on the force, she's seen it all—and knows her survival depends on her instincts. And she's going against every warning telling her not to get involved with Roarke, an Irish billionaire—and a suspect in Eve's murder investigation. But passion and seduction have rules of their own, and it's up to Eve to take a chance in the

arms of a man she knows nothing about—except the addictive hunger of needing his touch. Lieutenant Eve Dallas must immerse herself in her billionaire husband Roarke's world of big business to uncover the identity of a hit man in this thriller in the #1 New York Times bestselling In Death series. On Manhattan's East Side a woman lies dead at the bottom of the stairs, stripped of all her valuables. Most cops might call it a mugging gone wrong, but Lieutenant Eve Dallas knows better. A well-off accountant and a beloved wife and mother, Marta Dickenson doesn't seem the type to be on anyone's hit list. But when Eve and her

partner, Peabody, find blood inside the building, the lieutenant knows Marta's murder was the work of a killer who's trained, but not professional or smart enough to remove all the evidence. But when someone steals the files out of Marta's office and the killer's violent streak begins to escalate, Eve knows she has to draw him out, even if it means using herself as bait... Lieutenant Eve Dallas returns in *Dark in Death*, by J.D. Robb, the #1 New York Times bestselling master of suspense, and takes on a case of death imitating art... It was a stab in the dark. On a chilly February night, during a screening of *Psycho* in midtown, someone

sunk an ice pick into the back of Chanel Rylan's neck, then disappeared quietly into the crowds of drunks and tourists in Times Square. To Chanel's best friend, who had just slipped out of the theater for a moment to take a call, it felt as unreal as the ancient black-and-white movie up on the screen. But Chanel's blood ran red, and her death was anything but fictional. Then, as Eve Dallas puzzles over a homicide that seems carefully planned and yet oddly personal, she receives a tip from an unexpected source: an author of police thrillers who recognizes the crime—from the pages of her own book. Dallas doesn't think it's coincidence,

since a recent strangulation of a sex worker resembles a scene from her writing as well. Cops look for patterns of behavior: similar weapons, similar MOs. But this killer seems to find inspiration in someone else's imagination, and if the theory holds, this may be only the second of a long-running series. The good news is that Eve and her billionaire husband Roarke have an excuse to curl up in front of the fireplace with their cat, Galahad, reading mystery stories for research. The bad news is that time is running out before the next victim plays an unwitting role in a murderer's deranged private drama—and only Eve can put a stop to a creative

impulse gone horribly, destructively wrong. From the author of *Echoes in Death*, this is the latest of the edgy, phenomenally popular police procedurals that Publishers Weekly calls "inventive, entertaining, and clever." Lieutenant Eve Dallas must take down a group of terrorists who use a computer virus to kill in this thriller in the #1 New York Times bestselling *In Death* series. Louie Cogburn had spent three days holed up in his apartment, staring at his computer screen. His pounding headache was unbearable—like spikes drilling into his brain. And it was getting worse. Finally, when someone knocked at his door, Louie picked up a

baseball bat, opened the door, and started swinging... The first cop on the scene fired his stunner twice and Louie died instantly. Detective Eve Dallas has taken over the investigation, but there's nothing to explain the man's sudden rage or death. The only clue is a bizarre message left on his computer screen: Absolute Purity Achieved. And when a second man dies under nearly identical circumstances, Dallas starts racking her brain for answers and for courage to face the impossible...that this might be a computer virus able to spread from machine to man... In this thriller in the #1 New York Times bestselling phenomenon, Eve Dallas tracks

down those who break the law—including the ones sworn to uphold it. Detective Eve Dallas and her partner, Peabody, are following up on a senseless crime—an elderly grocery owner killed by three stoned punks for nothing more than kicks and snacks. This is Peabody's first case as primary detective—good thing she learned from the master. But soon Peabody stumbles upon a trickier situation. After a hard workout, she's all alone in the locker room when the gym door clatters open, and—while hiding inside a shower stall trying not to make a sound—she overhears two fellow officers arguing. It doesn't take long to realize

they're both crooked—guilty not just of corruption but of murder. Now Peabody, Eve, and Eve's husband, Roarke, are trying to get the hard evidence they need to bring down the dirty cops—knowing all the while that the two are willing to kill to keep their secret. Everything is in ruins. A devastating plague has decimated the population, and those who are left live in fear of catching it as the city crumbles around them. So what does Araby Worth have to live for? Nights in the Debauchery Club, beautiful dresses, glittery makeup . . . and tantalizing ways to forget it all. But in the depths of the club—in the depths of her own

despair—Araby will find more than oblivion. She will find Will, the terribly handsome proprietor of the club, and Elliott, the wickedly smart aristocrat. Neither is what he seems. Both have secrets. Everyone does. And Araby may find not just something to live for, but something to fight for—no matter what it costs her. Lieutenant Eve Dallas never wavers in her search for justice. But in this gripping novel in the #1 New York Times bestselling In Death series, she'll learn that matters of the heart are never black and white. The first victim was found lying on a sidewalk in the rain. The second was murdered in her own apartment building.

Police Lieutenant Eve Dallas had no problem finding connections between the two crimes. Both victims were beautiful and highly successful women. Their glamorous lives and loves were the talk of the city. And their intimate relations with men of great power and wealth provided Eve with a long list of suspects—including her own lover, Roarke. As a woman, Eve was compelled to trust the man who shared her bed. But as a cop, it was her job to follow every lead...to investigate every scandalous rumor...to explore every secret passion, no matter how dark. Or how dangerous. Lieutenant Eve Dallas returns in a fast-paced new novel from

#1 New York Times bestselling author J. D. Robb. Nature versus nurture... The shots came quickly, silently, and with deadly accuracy. Within seconds, three people were dead at Central Park's ice-skating rink. The victims: a talented young skater, a doctor, and a teacher. As random as random can be. Eve Dallas has seen a lot of killers during her time with the NYPSD but never one like this. A review of the security videos reveals that the victims were killed with a tactical laser rifle fired by a sniper, who could have been miles away when the trigger was pulled. And though the list of locations where the shooter could have set up

seems endless, the number of people with that particular skill set is finite: police, military, professional killer. Eve's husband, Roarke, has unlimited resources--and genius--at his disposal. And when his computer program leads Eve to the location of the sniper, she learns a shocking fact: There were two--one older, one younger. Someone is being trained by an expert in the science of killing, and they have an agenda. Central Park was just a warm-up. And as another sniper attack shakes the city to its core, Eve realizes that though we're all shaped by the people around us, there are those who are just born evil... Together for the first time—the
