How to Be an F1 Driver Mar 21 2023 AUTHOR OF SUNDAY TIMES BESTSELLER, LIFE TO THE LIMIT In his 17 years as a Formula 1 driver, Jenson Button has picked up a thing or two about how to do the job properly. Sure, you need to be able to drive a car fast - and Jenson is on hand to pass on a few tricks of the trade here - but you also need to know the real rules for making it to the top. Like, how to tell a multiple F1 champion they need to check their blind-spot. What the difference is between a helmet and a hat, and indeed a 'helmet-hat'. How to practise your champagne spray ahead of the big day. Why it is never, ever, under any circumstances a good idea to buy a yacht. And how to face down your team when you've just stacked their multi-million-pound car into a wall during practice. But 'JB' (nicknames in F1 run the full range from initials to, well, just using first names) doesn't stop there. ***HTBAFID*** (catchy) lifts the lid on the people, the places, the weird rituals, the motorhomes, the media, the cars, the perks and the disasters. Join Jenson as he reveals how not to race a stupid big truck, why driving Le Mans is like having five shots of tequila before lunch, and what to do when you finally hang up your helmet-hat.

Burning Rubber Aug 22 2020 In ***Burning Rubber***, Charles Jennings tells the fast and furious tale of motor sport's premier competition, from its earliest roots in the suicidal road races of the Edwardian age to the brave new world of Hamilton, Button, Alonso and Vettel in the 2000s. In a narrative bristling with anecdote and incident, he explores the lost world of the 1950s racetrack, the rise of British constructors in the 1960s, the impact of technological changes from the late 1970s, the advent of the high-profile team boss in the 1980s and the revolution wrought on Formula One by computers in the 1990s. Throughout, sparkling and incisive profiles shed revelatory light on the drivers who have risked life and limb: the brilliant but inscrutable Juan Manuel Fangio, the ebullient Stirling Moss, the champagne-gargling James Hunt, the cerebral Alain Prost and mercurial Ayrton Senna, the adenoidal Nigel Mansell, the metronomic Michael Schumacher, the precocious Lewis Hamilton and the reborn Jenson Button. ***Burning Rubber*** takes the reader on a white-knuckle drive through the bends, straights, chicanes and pit stops of Formula One's chequered history.

*Jenson Button: Life to the Limit Apr 29 2021 **LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR 2018** This is my life, not the stuff you've seen, but the things you haven't. This is my childhood growing up in the West Country, my struggles, my doubts and my hopes. It's the people I've met in my seventeen years in Formula One, many of whom I've loved, some of whom I definitely haven't. It's the laughs I've shared, the battles I've fought, some on the track with rivals and friends like Fernando Alonso, Lewis Hamilton and Sebastian Vettel. It's the pressure I struggled with as I closed in on my World Championship in 2009, it's the calm I felt every time I settled into the cockpit. It's my dad - the many times he saved me, the one moment he doubted me, the hole in my life he left me. It's everything in one go, the good days as well as the bad. A life lived not just as a racing driver but, ultimately, as a human being.*

Max Verstappen Jan 27 2021 **FULLY UPDATED PAPERBACK EDITION OF THE BESTSELLING BIOGRAPHY ON MAX VERSTAPPEN, NOW DOUBLE WORLD CHAMPION**
Few drivers have shaken up Formula 1 in quite the same way as Max Verstappen. Already the youngest competitor in F1 history, he made history as the first Dutch driver to win the World Championship in 2021. In 2022 he retained his title with four races to spare and went on to achieve the highest season points tally of all time. As the son of former F1 driver Jos Verstappen, Max was destined to be a racing driver. And as sports journalist James Gray deftly shows, since his headline-grabbing debut victory at the 2016 Spanish Grand Prix, Max has continued to make an indelible impression on the sport, courting criticism and plaudits in equal measure. Gray seeks to understand the outspoken nature and aggressive driving style that make Verstappen a must watch before, during and after races, and why his Dutch fans, who turn up to cheer him on in their orange-clad droves, are quite so fanatical.

F1 Heroes: Champions and Legends in the Photos of Motorsport Images Jul 01 2021 A thrilling visual history of Formula One racing This fully illustrated history takes a journey across 70 years of the most spectacular images from the archives of the great champions who have made the history of Formula One and the Grand Prix. It follows the storied history of this widely popular sport from the first championship, won by the daring Nino Farina with his Alfa Romeo and his famous cigar between his lips, to British driver Lewis Hamilton's heroic exploits, taking in all the legends of Formula One en route, among them Alberto Ascari, Juan Manuel Fangio, Niki Lauda, Ayrton Senna, Alain Prost and Michael Schumacher. The 200-plus images in this volume do not neglect the incredible feats of engineering that made the drivers' stories possible: F1 Heroes also traces the history of Formula One cars from the tube chassis warhorses that dominated the early races, such as those built by Alfa Romeo, Ferrari and Maserati, to the modern high-tech automobiles that speed around the track today. A spectacular account of the winners and their extraordinary cars and their duels, but also a story of big defeats and great heroes who, while they did not win the championship, still became legends, such as Gilles Villeneuve.

The Limit Jun 12 2022 In THE LIMIT, Michael Cannell tells the enthralling story of Phil Hill—a lowly California mechanic who would become the first American-born driver to win the Grand Prix—and, on the fiftieth anniversary of his triumph, brings to life a vanished world of glamour, valor, and daring. With the pacing and vivid description of a novel, THE LIMIT charts the journey that brought Hill from dusty California lots racing midget cars into the ranks of a singular breed of men,

competing with daredevils for glory on Grand Prix tracks across Europe. Facing death at every turn, these men rounded circuits at well over 150 mph in an era before seat belts or roll bars-an era when drivers were "crushed, burned, and beheaded with unnerving regularity." From the stink of grease-smothered pits to the long anxious nights in lonely European hotels, from the tense camaraderie of teammates to the trembling suspense of photo finishes, THE LIMIT captures the 1961 season that would mark the high point of Hill's career. It brings readers up close to the remarkable men who surrounded Hill on the circuit-men like Hill's teammate and rival, the soigné and cool-headed German count Wolfgang Von Trips (nicknamed "Count Von Crash"), and Enzo Ferrari, the reclusive and monomaniacal padrone of the Ferrari racing empire. Race by race, THE LIMIT carries readers to its riveting and startling climax-the final contest that would decide it all, one of the deadliest in Grand Prix history.

Rush to Glory Jun 19 2020 The greatest duel in FORMULA 1 history: the 1976 season between Austrian Niki Lauda and Britain's James Hunt. As the '75 season ended, Hunt was out of FORMULA 1 racing while Lauda was world champion and the odds-on favorite for '76 with a year's contract ahead of him and Enzo Ferrari begging him to sign a multi-year deal. James Hunt, without a drive until Emerson Fittipaldi broke his McLaren contract, grabbed the McLaren drive with both hands and the help of friend John Hogan and Marlboro cigarettes. The result? Two drivers in an epic sixteen-race battle across the globe for the '76 title, ultimately decided by a single point. Fame, wealth, drugs, sex, and the rest of globetrotting 1970s FORMULA 1 racing are encompassed in the Lauda vs. Hunt duel. At the '76 German Grand Prix, Lauda nearly died in a fiery crash, only to emerge six weeks later, severe burns on his face and head, to pursue his rivalry with Hunt. It all came down to the last race, a rain-soaked affair in Japan, where Hunt won the championship by the slimmest possible margin. The book is a study in contrasts during an era of Brut aftershave and disco sex parties. James Hunt, legendary philanderer and FORMULA 1 rock star, versus supernatural racer Niki Lauda, who in '75 set the first sub-seven minute lap around the Ring.

Watching the Wheels Mar 09 2022 2016 marks the twentieth anniversary of Damon Hill's coronation as Formula One World Champion. For the first time ever he tells the story of his journey through the last golden era of the sport when he took on the greats, including Ayrton Senna and Michael Schumacher, and emerged victorious as World Champion in 1996, stepping out of the shadow of his legendary father Graham Hill. Away from the grid, Watching the Wheels is an astonishingly candid account of what it was like to grow up as the son of one of the country's most famous racing drivers. It also tells the unflinching story of dealing with the grief and chaos that followed his father's tragically

early death in an aircraft accident in 1975, when Damon was fifteen years old. Formula One drivers have always been aware of their mortality, and the rush that comes with the danger of racing was as intoxicating for Hill as it had been for his father's generation, until he came face to face with catastrophe when his teammate, Ayrton Senna, was killed in 1994. The swirling emotions that Hill experienced in light of the death of Senna was a defining moment for his generation of drivers, and for the first time ever Hill talks candidly about the impact that Senna had on his life, even as he watched his own son step into motor racing. Courageously honest, and hugely rewarding, Watching the Wheels is a return to the last golden era of F1 racing, whose image still burns ferociously for those who love the sport for what it reveals about human skill in the face of near-certain death.
