Magnificently illustrated with nearly 200 full color photographs, A GUIDE TO THE GREAT GARDENS OF THE PHILADELPHIA REGION provides essential information on how to locate and enjoy the finest gardens the area has to offer. In A GUIDE TO THE GREAT GARDENS OF THE PHILADELPHIA REGION you will find: Detailed coverage of almost 100 gardens Maps to indicate where area gardens are in relation to each other to plan day trip itineraries Key information about each major garden, including hours, fees, time needed for a tour, history,

acreage, and special features Over a dozen gardens that have never before been featured in any garden guidebook Arranged by interest, to help guide readers to gardens that will most meet their needs Notations about historical houses, cafes/restaurants, gift shops, and children's features at each major garden Collection of short stories examining people, relationships and emotions. Includes stories of Farina the prostitute, Ron and Muriel's friendship garden, and Dr Took and his caged quarrion. Examines themes of love, loss and renewal. Designed by contemporary artist Robert Irwin, this "sculpture in the form of a garden aspiring to be art" draws thousands of visitors each year. One of the key collaborators who helped Irwin realize his vision, Jim Duggan is, in his own words, a "hands-on gardener." His knowledge and experience were invaluable as Irwin selected the plants that would make up the interwoven "tapestry" of the Central Garden. This colorful guide brings together informative descriptions of the growing habits and characteristics of nearly four hundred individual plants, with beautiful images by noted garden photographer Becky Cohen. Duggan provides suggestions for cultivating the plants, many of which will be unfamiliar to gardeners in Southern California. Also included in the book are a foreword by Robert Irwin; three essays by Duggan tracing his involvement with the project; a map of the Central Garden; a plant location guide; and an index of scientific and common names. Features the State Botanical Garden of Georgia in Athens. Includes a map of the Garden and membership information. Describes the gardens, buildings, collections, and facilities. Highlights the natural areas and trails and provides information on volunteering at the Garden. Details research and education projects. Contains a calendar of events and posts contact information via street address, telephone number, and e-mail. Links to the American Association of Botanical Gardens and Arboreta. Excerpt from Glenn Park: Map and Description and Drawing of the Botanical Garden Hart avenue joins Bronx avenue between two splendid hickory trees, the head of one of which, when in foliage, is 80 feet 111 diameter.
