Role-playing game historian Ben Riggs unveils the secret history of TSR— the company that unleashed imaginations with Dungeons & Dragons, was driven into ruin by disastrous management decisions, and then saved by their bitterest rival. Co-created by wargame enthusiasts Gary Gygax and Dave Arneson, the original Dungeons & Dragons role-playing game released by TSR (Tactical Studies Rules) in 1974 created a radical new medium: the role-playing game. For the next two decades, TSR rocketed to success, producing multiple editions of D&D, numerous settings for the game, magazines, video games, New York Times bestselling novels by Margaret Weis, Tracy Hickman, and R. A. Salvatore, and even a TV show! But by 1997, a series of ruinous choices and failed projects brought TSR to the edge of doom—only to be saved by their fiercest competitor, Wizards of the Coast, the company behind the collectible card game Magic: The Gathering. Unearthed from Ben Riggs's own adventurous campaign of in-depth research, interviews with major players, and acquisitions of secret documents, *Slaying the Dragon* reveals the true story of the rise and fall of TSR. Go behind the scenes of their Lake Geneva headquarters where innovative artists and writers redefined the sword and sorcery genre, managers and executives sabotaged their own success by alienating their top talent, ignoring their customer fanbase, accruing a mountain of debt, and agreeing to deals which, by the end, made them into a publishing company unable to publish so much as a postcard. As epic and fantastic as the adventures TSR published, *Slaying the Dragon* is the legendary tale of the rise and fall of the company that created the role-playing game world. Join the Dragon Protector on her quest to find the rarest dragon in the world With dragon numbers in rapid decline, time is running out to ensure the survival of the species. Curatoria Draconis, also known as the Dragon Protector, is on a mission to find the rarest dragon on Earth: the Chinese Celestial Dragon. Aboard the Dragon Ark, you'll travel all over the globe and see some of the most incredible dragons—care for Deep-Sea Dragons off the coast of New Zealand, journey into the Amazon Rainforest to spot plant-loving Parvula Dragons, and travel alongside the Ice Dragons in Antarctica. Travel the world to seek out secretive and magnificent beasts, to observe and protect them in their natural habitat. A stand-alone sequel to *My Father's Dragon*, in which Elmer Elevator and the flying baby dragon help the king of the canaries find treasure. In a fast-paced and funny adventure, Kit must use the magic of books to save the library--and its resident dragon--from a power-hungry tycoon. Kit Spencer can't stand reading. She'd rather be outside playing and getting muddy than stuck inside with a book. But when her best friends, Josh and Alita, drag her to the local library, Kit makes an incredible discovery: she's a wizard--and books are the key to her abilities. Unfortunately, a greedy businessman wants to tear down the beloved library, destroying all its magic. To make matters worse, there's a sleeping dragon hidden there, and if she's awakened, her wild power will wreak havoc. With the help of a friendly dragon-dog hybrid named Dogon, Kit and her companions will have to find a way to save the dragon in the library--and maybe the world! A humorous romp full of library enchantment, with a diverse cast of characters and dynamic illustrations. For Magic Tree House readers who are ready for something longer, the *Dragon Keepers* series has the perfect length and reading level, along with the fast-paced writing, adventure,

and sense of teamwork that kids love to read. Ten-year-old cousins Jesse and Daisy have always wanted something magical to happen to them. So it's a wish come true when Jesse's newly found thunder egg hatches and a helpless, tiny, but very loud, baby dragon pops out. Soon the two kids are at the dragon's beck and call, trying to figure out what to feed her. An Internet search leads them to the library, which leads them back to the Internet, where they find a very strange Web site called foundadrdragon.org. Here the cousins discover that the dragon's hatching has designated them "Dragon Keepers." Not only do they have to feed the dragon, whom they named Emmy, but they also have to keep her safe from the villainous Saint George, who has kept himself alive over centuries by drinking dragons' blood! Everyone laughs at Jane for wanting to be a knight, except the court jester, who loans her his small suit of armor, and she spends her days practicing knightly duties. When a dragon steals the prince, Jane sets out to rescue him. After a long, wearisome battle, they sit down and talk about what's expected of dragons (stealing the prince) and knights (being men). In the end, she turns an enemy into a friend, returns the prince to his parents, becomes a proper knight with Saturdays off to visit a friend, and dances with the jester at the royal ball. The dragons have played a part in the history of the universe since the beginning. We see them sprinkled throughout ancient traditions, religions and philosophies and yet they always hold an air of purely mythic or legendary existence. What we are coming to realize is that our 'ascension' process during this time of great transition for the planet is indelibly linked to the dragons. It is the completion of the spiral to come back around to the most ancient energies of creation, to our molecular roots so to speak, yet with a consciousness that allows us to move and expand into the next evolutionary phase: the next spiral. Dragons are the guardians of the deepest layers of density in the core of Gaia that hold the secrets to our ascension process. It is they who hold the keys. The Dragon Within is in essence a history and practical guidebook to work with these magnificent Beings. It will open the ley lines of energy long closed off in the physical and etheric bodies that are connected to the dragons. It will expose you to the deepest, most abundant love that you have yet experienced, as this is the truest essence of these Beings--Love, Power and Wisdom. \*Full DIGITAL DOWNLOAD MUSCI CD included\* (see CD Tracks page) In this action-adventure fantasy, young Prince Sing must overcome monstrous obstacles to help his clan return to their homeland. During a surprise attack, Prince Sing is separated from his clan. With the help of Ming, a powerful mystic from the Old Land, and Midnight, a monstrous warrior beast, Prince Sing must do all he can to save both his family and the Dragon Tribe from mutual destruction. Dragons, spies, battles. The flaming adventure begins in school when a curious Fire Dragon named Glowfire meets a peculiar group of dragons, Jewel, Iceflurry, and Firespark. After their school burns down, he has to choose between staying with his family or going with his new friends on a fantastic journey to save Talvazah. Jewel has a plan to save their homeland, but a plan might not be enough, because the evil Queen Darkness is quickly taking over the entire world of Drath, piece by piece... kingdom by kingdom. Will Glowfire and his new friends be able to save their homeland and stop Queen Darkness? Or will they fail like the many dragons before them? For fans of Scott Lynch and Naomi Novik comes a high fantasy epic that blends swashbuckling adventure with a dark tale of vengeance--when a ship captain is stranded on a deserted island by his mutinous crew, he finds a rare dragon egg that just might be the key to his salvation and his revenge. He only wanted justice. Instead he got revenge. Jeryon has been the captain of the Comber for over a decade. He knows the rules. He follows the rules. He likes the rules. But not everyone on his ship agrees. When a monstrous dragon attacks the Comber, his surviving crew, vengeful and battle-worn, decide to take the ship for themselves and give Jeryon and his self-righteous apothecary "the captain's chance:" a small boat with no rudder, no sails, and nothing but the shirts on their backs to survive. Marooned and fighting for their lives against the elements, Jeryon and his companion discover that the island they've landed on isn't quite as deserted as they originally thought. They find a rare baby dragon that, if trained, just might be their ticket off the island. But as Jeryon and the dragon grow closer, he begins to realize that even if he makes it off the island, his life will never be the same again. In order for justice to be served, he'll have to take it for himself. Take flight with the ender dragon in this official Minecraft novel! The Ice Dragon is an enchanting tale of courage and sacrifice for young readers and adults by the wildly popular author of the #1 New York Times bestselling Song of Ice and Fire series, George R.R. Martin. Lavish illustrations by acclaimed artist Luis Royo enrich this captivating and heartwarming story of a young girl and her dragon. In the world of A Song of Ice and Fire the ice dragon was a creature of legend and fear, for no man

had ever tamed one. When it flew overhead, it left in its wake desolate cold and frozen land. But Adara was not afraid. For Adara was a winter child, born during the worst freeze that anyone, even the Old Ones, could remember. Adara could not remember the first time she had seen the ice dragon. It seemed that it had always been in her life, glimpsed from afar as she played in the frigid snow long after the other children had fled the cold. In her fourth year she touched it, and in her fifth year she rode upon its broad, chilled back for the first time. Then, in her seventh year, on a calm summer day, fiery dragons from the North swooped down upon the peaceful farm that was Adara's home. And only a winter child—and the ice dragon who loved her—could save her world from utter destruction. This new edition of *The Ice Dragon* is sure to become a collector's item for fans of HBO's megahit *Game of Thrones*. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Through no fault of his own, the once human Jim Eckert had become a dragon. This electrifying thriller in the #1 New York Times bestselling series has President Jack Ryan and his allies facing a treacherous foe threatening to unleash chaos around the globe... When Russian President Valeri Volodin's ambitions are foiled in Dagestan, he faces a difficult choice. The oligarchs who support him expect a constant flow of graft, but with energy prices cratering, the Russian economy sputters to a virtual halt. Unable to grow the Russian market at home, his hold on power relies on expansion abroad—a plan that has been thwarted by the United States in the past. But this time Volodin has determined that an indirect approach is the best. A floating natural gas facility in Lithuania is blown up. A Venezuelan prosecutor is assassinated. A devastating attack on a Russian troop train kills dozens. A chaotic world is the best camouflage for a series of seemingly unrelated attacks. Only one man recognizes an ominous pattern in the reports of terror from around the globe. U.S. President Jack Ryan sees a guiding hand in the worldwide chaos, but before he can act he needs proof. While his intelligence agencies race to uncover the truth behind the attacks, the President struggles to unite a fractious and distrustful coalition of Western nations against the schemes of the Russian dictator. With five thousand Russian troops poised to invade a NATO nation, can Jack Ryan move swiftly enough to stop Volodin's grand plan of global conflict and conquest? Or will he succeed in changing the balance of world power forever? Fans of Julie Kagawa's *Talon* and Renee Ahdieh's *The Wrath and the Dawn* will devour this action-packed fantasy adventure about a girl who chooses to surrender herself to a deadly dragon rather than marry an enemy prince. When two warring kingdoms unified against a deadly dragon laying waste to both their lands, they had to make a choice: vow to marry their heirs to one another, or forfeit their lives to the dragon. Now, centuries later, everyone expects Princess Sorrowlynn to choose the barbarian prince over the fire-breathing beast—but she is determined to control her own destiny or die trying. As she is lowered into the dragon's chamber, she assumes her life is over until Prince Golmarr follows her with the hopes of being her hero and slaying the dragon. But the beast has a different plan. . . . There are no safe havens for Sorrow or Golmarr—not even with each other—and the stakes couldn't be higher as they risk everything to protect their kingdom. "[A]n exciting and magical adventure, with heaping helpings of romance." —Booklist "[For] readers looking for new fantasy works about princes, princesses, and dragons." —SLJ
