***The Law of Business Organizations Aug 30 2021 As a part of our CasebookPlus offering, you'll receive the print book along with lifetime digital access to the eBook. Additionally you'll receive the Learning Library which includes quizzes tied specifically to your book, and outline starter and digital access to leading study aids in that subject and the Gilbert Law Dictionary. This title covers the law of business associations for introductory courses. It discusses business organizations, including agency, general partnerships, closely held corporations, publicly held corporations, limited partnerships, limited liability partnerships, and limited liability companies. The material on the unincorporated business forms has been revised, updated, and expanded to reflect the centrality of these forms of business organization in modern law practice and in the economy generally. Among other state and model statutes, the Revised Uniform LLC Act (2006), the Revised Uniform Partnership Act (1997), the Uniform Limited Partnership Act (2001), and the Third Restatement of Agency (2006) are discussed and cited.***

***Robert's Rules of Order Newly Revised, 12th edition Oct 20 2020 The only current authorized edition of the classic work on parliamentary procedure--now in a new updated edition Robert's Rules of Order is the recognized guide to smooth, orderly, and fairly conducted meetings. This 12th edition is the only current manual to have been maintained and updated since 1876 under the continuing program established by General Henry M. Robert himself. As indispensable now as the original edition was more than a century ago, Robert's Rules of Order Newly Revised is the acknowledged "gold standard" for meeting rules. New and enhanced features of this edition include: Section-based paragraph numbering to facilitate cross-references and e-book compatibility Expanded appendix of charts, tables, and lists Helpful summary explanations about postponing a motion, reconsidering a vote, making and enforcing points of order and appeals, and newly expanded procedures for filling blanks New provisions regarding debate on nominations, reopening nominations, and completing an election after its scheduled time Dozens more clarifications, additions, and refinements to improve the presentation of existing rules, incorporate new interpretations, and address common inquiries Coinciding with publication of the 12th edition, the authors of this manual have***

**once again published an updated (3rd) edition of Robert's Rules of Order Newly Revised In Brief, a simple and concise introductory guide cross-referenced to it.**

**Transnational Business Problems Sep 30 2021**  
**Transnational Business Problems, Third Edition, focuses on European Union countries and other developing state economies and the principles and practices of international business. It provides exercises in dealing with developing economies, economies with currency problems, with immature legal systems, and with governments susceptible to corruption. It introduces students to the subject of taxes as they relate to international business.**

**Business Enterprises Oct 12 2022**  
**Teaming Feb 04 2022 New breakthrough thinking in organizational learning, leadership, and change Continuous improvement, understanding complex systems, and promoting innovation are all part of the landscape of learning challenges today's companies face. Amy Edmondson shows that organizations thrive, or fail to thrive, based on how well the small groups within those organizations work. In most organizations, the work that produces value for customers is carried out by teams, and increasingly, by flexible team-like entities. The pace of change and the fluidity of most work structures means that it's not really about**

***creating effective teams anymore, but instead about leading effective teaming. Teaming shows that organizations learn when the flexible, fluid collaborations they encompass are able to learn. The problem is teams, and other dynamic groups, don't learn naturally. Edmondson outlines the factors that prevent them from doing so, such as interpersonal fear, irrational beliefs about failure, groupthink, problematic power dynamics, and information hoarding. With Teaming, leaders can shape these factors by encouraging reflection, creating psychological safety, and overcoming defensive interpersonal dynamics that inhibit the sharing of ideas. Further, they can use practical management strategies to help organizations realize the benefits inherent in both success and failure. Presents a clear explanation of practical management concepts for increasing learning capability for business results Introduces a framework that clarifies how learning processes must be altered for different kinds of work Explains how Collaborative Learning works, and gives tips for how to do it well Includes case-study research on Intermountain healthcare, Prudential, GM, Toyota, IDEO, the IRS, and both Cincinnati and Minneapolis Children's Hospitals, among others Based on years of research, this book shows how leaders can make organizational learning happen by building teams that learn.***

***Principles of Evidence Jul 17 2020 This comparatively short, readable treatise is written especially for students. First published in 1978, this text examines all topics typically covered in a three-or four-hour course in evidence.***

***Emphasis is on the Federal Rules of Evidence, now adopted in most states. Should the reader desire additional material, ample footnotes provide easy access to leading cases, articles, and standard reference works. The Fifth Edition contains an in-depth treatment of the important amendments to the Federal Rules of Evidence, including the most recent addition of Rule 502.***

***Leading Global Diversity, Equity, and Inclusion May 27 2021 This book offers five proven principles so multinational companies can advance diversity, equity, and inclusion with a nuanced understanding of local contexts across countries and cultures. It's easy to fall into the trap of using a single-culture worldview when implementing global DEI in organizations. But what makes DEI change efforts successful in one country may have opposite, unintended consequences in another. How do companies find the right balance between anchoring their efforts locally while pushing for change that may disrupt existing power dynamics? This is the question at the heart of global DEI work. Along with practical advice and examples, Rohini Anand offers five overarching principles derived***

***from her own experience leading global DEI transformation and interviews with more than sixty-five leaders to provide a through line for leading global DEI transformation in divergent cultures. Local relevance—understanding markets and acknowledging local beliefs, regulations, and history—is essential for global success. This groundbreaking book explicitly details how to take local histories, laws, and practices into account in DEI transformation work while promoting social justice worldwide.***

***The Culture Code Jul 29 2021 NEW YORK TIMES BESTSELLER • The author of The Talent Code unlocks the secrets of highly successful groups and provides tomorrow's leaders with the tools to build a cohesive, motivated culture. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG AND LIBRARY JOURNAL Where does great culture come from? How do you build and sustain it in your group, or strengthen a culture that needs fixing? In The Culture Code, Daniel Coyle goes inside some of the world's most successful organizations—including the U.S. Navy's SEAL Team Six, IDEO, and the San Antonio Spurs—and reveals what makes them tick. He demystifies the culture-building process by identifying three key skills that generate cohesion and cooperation, and explains how diverse groups learn to function with a single mind. Drawing on examples that range from***

**Internet retailer Zappos to the comedy troupe Upright Citizens Brigade to a daring gang of jewel thieves, Coyle offers specific strategies that trigger learning, spark collaboration, build trust, and drive positive change. Coyle unearths helpful stories of failure that illustrate what not to do, troubleshoots common pitfalls, and shares advice about reforming a toxic culture.**

**Combining leading-edge science, on-the-ground insights from world-class leaders, and practical ideas for action, *The Culture Code* offers a roadmap for creating an environment where innovation flourishes, problems get solved, and expectations are exceeded. Culture is not something you are—it's something you do. *The Culture Code* puts the power in your hands. No matter the size of your group or your goal, this book can teach you the principles of cultural chemistry that transform individuals into teams that can accomplish amazing things together.**

**Praise for *The Culture Code* “I’ve been waiting years for someone to write this book—I’ve built it up in my mind into something extraordinary. But it is even better than I imagined. Daniel Coyle has produced a truly brilliant, mesmerizing read that demystifies the magic of great groups. It blows all other books on culture right out of the water.”—Adam Grant, *New York Times* bestselling author of *Option B*, *Originals*, and *Give and Take* “If you want to understand how**

***successful groups work—the signals they transmit, the language they speak, the cues that foster creativity—you won't find a more essential guide than The Culture Code.”—Charles Duhigg, New York Times bestselling author of The Power of Habit and Smarter Faster Better***

***2020 Supplement to Business Organizations, Cases and Materials, Unabridged and Concise, 12th Jun 20 2023 Description Coming Soon!***

***Business Organizations, Cases and Materials, Unabridged Feb 16 2023 As a part of our CasebookPlus offering, you'll receive the print book along with lifetime digital access to the eBook. Additionally you'll receive the Learning Library which includes quizzes tied specifically to your book, and outline starter and digital access to leading study aids in that subject and the Gilbert Law Dictionary. The Unabridged Eleventh Edition offers detailed information on corporate law and covers new principal cases, text, and explanatory materials designed to illustrate the development of corporate law. In preparing this edition, Professors Eisenberg and Cox reviewed all the principal cases and, where appropriate, re-edited them to tighten the writing while preserving a full-bodied presentation of the facts and discussion.***

**2022 Supplement to Business Organizations, Cases and Materials, Unabridged and Concise, 12th Editions Apr 18 2023 This is the 2022 case supplement to accompany Cox and Eisenberg's Business Organizations: Cases and Materials, 12th Unabridged and 12th Concise.**

**Atomic Habits Jan 03 2022 The #1 New York Times bestseller. Over 10 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven**

***ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.***

***The Open Organization Apr 06 2022 This is a story of reinvention. Jim Whitehurst, celebrated president and CEO of one of the world's most revolutionary software companies, tells first-hand his journey from traditional manager (Delta Air Lines, Boston Consulting Group) and "chief" problem solver to CEO of one of the most open organizational environments he'd ever***

***encountered. This challenging transition, and what Whitehurst learned in the interim, has paved the way for a new way of managing—one this modern leader sees as the only way companies will successfully function in the future. Whitehurst says beyond embracing the technology that has so far disrupted entire industries, companies must now adapt their management and organizational design to better fit the Information Age. His mantra? “Adapt or die.” Indeed, the successful company Whitehurst leads—the open source giant Red Hat—has become the organizational poster child for how to reboot, redesign, and reinvent an organization for a decentralized, digital age. Based on open source principles of transparency, participation, and collaboration, “open management” challenges conventional business ideas about what companies are, how they run, and how they make money. This book provides the blueprint for putting it into practice in your own firm. He covers challenges that have been missing from the conversation to date, among them: how to scale engagement; how to have healthy debates that net progress; and how to attract and keep the “Social Generation” of workers. Through a mix of vibrant stories, candid lessons, and tested processes, Whitehurst shows how Red Hat has blown the traditional operating model to pieces by emerging out of a pure bottom up culture and***

**learning how to execute it at scale. And he explains what other companies are, and need to be doing to bring this open style into all facets of the organization. By showing how to apply open source methods to everything from structure, management, and strategy to a firm's customer and partner relationships, leaders and teams will now have the tools needed to reach a new level of work. And with that new level of work comes unparalleled success. The Open Organization is your new resource for doing business differently. Get ready to make traditional management thinking obsolete.**

**Corporations and Other Business Organizations  
Mar 05 2022 The materials in the 2008  
Supplement are expertly arranged by one of the  
leading scholars in the field, and intended for  
law school study. The Supplement offers three  
important additions to the casebook: A number  
of important cases decided since the Ninth  
Editions were published. Excerpts from  
important new SEC Releases, and cases that  
were dropped from the Eighth Edition for  
reasons of space. Revised indexes for the  
Unabridged and Concise Editions.**

**The Art of Caring Leadership Nov 01 2021 If**

***your people know you care about them, they will move mountains. Employee engagement and loyalty expert Heather Younger outlines nine ways to manifest the radical power of caring support in the workplace. Heather Younger argues that if you are looking for increased productivity, customer satisfaction, or employee engagement, you need to care for your employees first. People will go the extra mile for leaders who show they are genuinely concerned not just with what employees can do but with who they are and can become. But while most leaders think of themselves as caring leaders, not all demonstrate that care in consistent ways. Your employees will judge you by your actions, not your intentions. Based on Younger's interviews with over eighty leaders for her podcast Leadership with Heart—including Howard Behar, former president of the Starbucks Coffee Company; Judith Scimone, senior vice president and chief talent officer at MetLife; Garry Ridge, CEO and chairman of the board of the WD-40 Company; and Shawnté Cox Holland, head of culture and engagement at Vanguard—this book outlines nine ways that leaders can make all employees feel included and cared for. She even provides access to a self-assessment so you can measure your progress as a caring leader. But this is not a cookie-cutter approach: just as Monet and Picasso expressed***

**themselves very differently, each leader should express caring in his or her own unique, personal style. Younger takes an often nebulous, subjective concept and makes it concrete and actionable. Leaders have the power to change the lives of those they lead. They shouldn't just want to care, they should see caring as imperative for the success of their employees and their organization.**

**Remedies, a Contemporary Approach Sep 18 2020 A Better Way to Present Remedies This state-of-the-art casebook is both easy and fun to use. It is designed to give you the basis for an enjoyable, comprehensive learning experience for your students, providing you with the sort of piquing materials that should prompt interested and insightful classroom discussion. The focus here is on teachability, rather than encyclopedic coverage of the field. Classic Supreme Court opinions are included, as well as numerous problem-style hypotheticals that are based on the facts of cutting-edge lower court rulings. The casebook also uses text boxes inside the judicial opinions to pose questions for class discussion, provide practice pointers, and share useful links to information about the history and impact of the decisions. This mixed presentation of traditional doctrines and debates about current**

**legal issues allows your students to hone their analytical skills, as they learn to construct the arguments for today's remedies cases.**

**Business Organization and Finance Apr 25 2021**  
**Russian journalist Feofanov specializes in the law, and here presents 20 essays, revised from earlier publication in the Soviet Union and Russia, mostly focusing on specific cases to illuminate the principles and practices of the Soviet legal system. American law scholar Barry translated the articles and provides explanations of aspects that the original readers would have been familiar with. The last section covers the transition from Soviet to Russian rule. Paper edition (unseen), \$21.95. Annotation copyright by Book News, Inc., Portland, OR**

**Working With Emotional Intelligence Nov 20 2020**  
**Do you have what it takes to succeed in your career? The secret of success is not what they taught you in school. What matters most is not IQ, not a business school degree, not even**

**technical know-how or years of expertise. The single most important factor in job performance and advancement is emotional intelligence. Emotional intelligence is actually a set of skills that anyone can acquire, and in this practical guide, Daniel Goleman identifies them, explains their importance, and shows how they can be fostered. For leaders, emotional intelligence is almost 90 percent of what sets stars apart from the mediocre. As Goleman documents, it's the essential ingredient for reaching and staying at the top in any field, even in high-tech careers. And organizations that learn to operate in emotionally intelligent ways are the companies that will remain vital and dynamic in the competitive marketplace of today—and the future.**

**The Advantage Dec 02 2021 There is a competitive advantage out there, arguably more powerful than any other. Is it superior strategy? Faster innovation? Smarter employees? No, New York Times best-selling author, Patrick Lencioni, argues that the seminal difference between successful companies and mediocre ones has little to do with what they know and how smart they are and more to do with how healthy they are. In this book, Lencioni brings together his vast experience and many of the themes cultivated in his other best-selling books and delivers a first: a cohesive and comprehensive**

**exploration of the unique advantage organizational health provides. Simply put, an organization is healthy when it is whole, consistent and complete, when its management, operations and culture are unified. Healthy organizations outperform their counterparts, are free of politics and confusion and provide an environment where star performers never want to leave. Lencioni's first non-fiction book provides leaders with a groundbreaking, approachable model for achieving organizational health—complete with stories, tips and anecdotes from his experiences consulting to some of the nation's leading organizations. In this age of informational ubiquity and nano-second change, it is no longer enough to build a competitive advantage based on intelligence alone. The Advantage provides a foundational construct for conducting business in a new way—one that maximizes human potential and aligns the organization around a common set of principles.**

**The Challenge Culture Feb 21 2021 The executive chairman and former CEO of Dunkin' Donuts and Baskin Robbins reflects on the unique, results-oriented discipline he's developed over decades of leadership, which provides a blueprint for any organization to achieve prosperity. We live in an era in which successful organizations can fail in a flash. But**

**they can cope with change and thrive by creating a culture that supports positive pushback: questioning everything without disrespecting anyone. Nigel Travis has forty years of experience as a leader in large and successful organizations, as well as those facing existential crisis-such as Blockbuster as it dawdled in the face of the Netflix challenge. In his ten years as CEO and chairman of Dunkin' Brands, Travis fine-tuned his ideas about the challenge culture and perfected the practices required to build it. He argues that the best way for organizations to succeed in today's environment is to embrace challenge and encourage pushback. Everyone-from the new recruit to the senior leader-must be given the freedom to speak up and question the status quo, must learn how to talk in a civil way about difficult issues, and should be encouraged to debate strategies and tactics-although always in the spirit of shared purpose. How else will new ideas emerge? How else can organizations steadily improve? Through colorful storytelling, with many examples from his own career-including his leadership in turning around the fear-ridden culture of the London-based Leyton Orient Football Club, of which he is part owner-Travis shows how to establish a culture that welcomes challenge, achieves exceptional results, and ensures a prosperous future.**

**The Way of Kings Dec 22 2020 Introduces the**

***world of Roshar through the experiences of a war-weary royal compelled by visions, a highborn youth condemned to military slavery, and a woman who is desperate to save her impoverished house.***

***Corporations and Other Business Organizations, Cases and Materials, 10th, 2012 Supplement May 15 2020 This is the 2012 Supplement to the Unabridged and Concise Tenth Editions of Eisenberg and Cox's Corporations and Other Business Organizations, Cases and Materials.***

***Sensemaking in Organizations Jun 08 2022 The teaching of organization theory and the conduct of organizational research have been dominated by a focus on decision-making and the concept of strategic rationality. However, the rational model ignores the inherent complexity and ambiguity of real-world organizations and their environments. In this landmark volume, Karl E Weick highlights how the `sensemaking' process shapes organizational structure and behaviour. The process is seen as the creation of reality as an ongoing accomplishment that takes form when people make retrospective sense of the situations in which they find themselves.***

***Trust Factor Jul 09 2022 Why is the culture of a stagnant workplace so difficult to improve? Learn to cultivate a workplace where trust, joy, and commitment compounds naturally by harnessing the power of neurochemistry! For***

**decades, business leaders have been equipping themselves with every book, philosophy, reward, and program, yet companies everywhere continue to struggle with toxic cultures, and the unhappiness and low productivity that go with them. In *Trust Factor*, neuroscientist Paul Zak shows that innate brain functions hold the answers we've been looking for. Put simply, the key to providing an engaging, encouraging, positive culture that keeps your employees energized is trust. When someone shows you trust, a feel-good jolt of oxytocin surges through your brain and triggers you to reciprocate. Within this book, Zak explains topics such as: How brain chemicals affect behavior Why trust gets squashed How to stimulate trust within your employees And much more! This book also incorporates science-based insights for building high-trust organizations with successful examples from The Container Store, Zappos, and Herman Miller. Stop recycling the same ineffective strategies and programs for improving culture. By using the simple mechanisms in *Trust Factor*, you can create a perpetual trust-building cycle between your management and staff, thus ending stubborn workplace patterns.**

**Modern American Remedies Aug 10 2022  
Modern American Remedies: Cases and  
Materials, Fourth Edition, 2018 Supplement**

***Intellectual Property Law Jun 27 2021 ÷ Immerse students in the world of intellectual property law and provide essential perspectives to practice in this area.÷ The Fifth Edition of Loren & Miller's Intellectual Property Law continues to provide engaging and challenging coverage of all the major types of intellectual property law: trade secret, patent, copyright, and trademark law. Covering cases and developments through Spring 2017, the book includes all the latest Supreme Court cases that are vital to a survey course, including Star Athletica v. Varsity Brands (as a principal case) and contextualized discussion of Matal v. Tam and Impression Products v. Lexmark International. Each chapter has been fully revised, with changes÷some small, some more extensive÷that optimize clear presentation of tightly edited cases and concise notes and questions.÷ The book kicks off with an introduction that explores the basic policies animating i.p. law and concludes with two overarching chapters÷one on i.p. limits (preemption and first sale), and one on remedies (to redress past harm and prevent future harm). This book will both guide student analysis and challenge students to make vital connections within and across doctrines and policies.***

**Staff Engineer Mar 25 2021 At most technology companies, you'll reach Senior Software**

**Engineer, the career level for software engineers, in five to eight years. At that career level, you'll no longer be required to work towards the next promotion, and being promoted beyond it is exceptional rather than expected. At that point your career path will branch, and you have to decide between remaining at your current level, continuing down the path of technical excellence to become a Staff Engineer, or switching into engineering management. Of course, the specific titles vary by company, and you can replace "Senior Engineer" and "Staff Engineer" with whatever titles your company prefers. Over the past few years we've seen a flurry of books unlocking the engineering management career path, like Camille Fournier's *The Manager's Path*, Julie Zhuo's *The Making of a Manager*, Lara Hogan's *Resilient Management* and my own, *An Elegant Puzzle*. The management career isn't an easy one, but increasingly there are maps available for navigating it. On the other hand, the transition into Staff Engineer, and its further evolutions like Principal and Distinguished Engineer, remains challenging and undocumented. What are the skills you need to develop to reach Staff Engineer? Are technical abilities alone sufficient to reach and succeed in that role? How do most folks reach this role? What is your manager's role in helping you along**

***the way? Will you enjoy being a Staff Engineer or you will toil for years to achieve a role that doesn't suit you?" Staff Engineer: Leadership beyond the management track" is a pragmatic look at attaining and operate in these Staff-plus roles.***
