"El trabajo que presenta Edgardo Miller es una compilación basada en su quehacer de periodista. Así, como un baqueano que conoce el sonido de los ripios y el polvo de los caminos, va trazando un itinerario que no tiene otra pretensión que la de recoger la vida narrada de Anastasio Quiroga para entregarla a sus lectores. No es ni más, ni menos su intención. Y por eso, desde el relato sencillo, afirmado en reportajes, citas, búsqueda de ciertos momentos singulares de la vida del creador andino que parece querer poco más que lo sientan en su andar sobre el mundo como quien monta una cabalgadura y lleva su memoria para compartirla, logra hacer sentir con hondura la significación de hombre que nos representa. No ya en el mestizaje americano en el que nos plantamos sino desde la América como totalidad histórica y vivencial. Miller logra traernos en Anastasio a la América viva que es nuestra madre tierra, la que nos hizo y nos rehizo a quienes llegamos desde nuestros ancestros de otros continentes. Y nos comunica que esa América nos hace suyos en la presencia única de ese hombre atravesado por los vientos y la música de los andes" (Alejandro Tarruella). Melodious panpipes and kena flutes. The shimmering strums of a charango. Poncho-clad musicians playing "El Cóndor Pasa" at subway stops or street corners while selling their recordings. These sounds and images no doubt come to mind for many "world music" fans when they recall their early encounters with Andean music groups. Ensembles of this type known as "Andean conjuntos" or "pan-Andean bands" have long formed part of the world music circuit in the Global North. In the major cities of Latin America, too, Andean conjuntos have been present in the local music scene for decades, not only in Peru, Bolivia, and Ecuador (i.e., in the Andean countries), but also in Argentina, Chile, Colombia, and Mexico. It is solely in Bolivia, however, that the Andean conjunto has represented the preeminent folkloric-popular music ensemble configuration for interpreting national musical genres from the late 1960s onward. Despite its frequent association with indigenous villages, the music of Andean conjuntos bears little resemblance to the indigenous musical expressions of the Southern Andes. Created by urban criollo and mestizo folkloric artists, the Andean conjunto tradition represents a form of mass-mediated folkloric music, one that is only loosely based on indigenous musical practices. Panpipes & Ponchos reveals that in the early-to-mid 20th century, a diverse range of musicians and ensembles, including estudiantinas, female vocal duos, bolero trios, art-classical composers, and mestizo panpipe groups, laid the groundwork for the Andean conjunto format to eventually take root in the Bolivian folklore scene amid the boom decade of the 1960s. Author Fernando Rios analyzes local musical trends in conjunction with government initiatives in nation-building and the ideologies of

indigenismo and mestizaje. Beyond the local level, Rios also examines key developments in Bolivian national musical practices through their transnational links with trends in Peru, Argentina, Chile, Mexico, and France. As the first book-length study that chronicles how Bolivia's folkloric music movement articulated, on the one hand, with Bolivian state projects, and on the other, with transnational artistic currents, for the pivotal era spanning the 1920s to 1960s, Panpipes & Ponchos offers new perspectives on the Andean conjunto's emergence as Bolivia's favored ensemble line-up in the field of national folkloric-popular music.
