Take a trip to the Arctic with Baby Beluga. Pre-readers and beginning readers meet the adorable and playful baby beluga whale. The questions that kids will have for the baby beluga are answered simply and clearly by the baby whale himself. Young learners discover that baby belugas stay close to their mothers and live in large pods, they eat shrimp and fish and other sea creatures, and they can make many sounds like chirps, moos, whistles, and more. HELLO, BABY BELUGA is perfect for reading aloud at story hour and bed time. Patricia Wynne illustrates baby beluga's icy blue north Atlantic home and lets children get up close to these fascinating and friendly creatures. The Workbook series as the name suggests has been designed by Arihant with an aim of helping students practice the concepts using hundreds of practice questions of all types which have been or may be asked in the upcoming CBSE Examinations. It is a practice book aimed at mastering the concepts and acquiring comprehensive knowledge about the varied types of questions asked in CBSE Class 1st Mathematics Examination. The present workbook for CBSE Class 1st Mathematics Examination has been divided into 13 chapters namely Shapes & Space, Numbers from One to Nine, Addition, Subtraction, Numbers from Ten to Twenty, Time, Measurement, Numbers from Twenty-one to Fifty, Data Handling, Patterns, Numbers, Money and How Many, each containing ample number of practice questions which have been designed on the lines of questions asked in previous years' CBSE Class 1st Mathematics Examination. Each chapter in the book contains ample number of practice questions which have been designed on the lines of questions asked in previous years' CBSE Class 1st Mathematics Examination. The varied types of practice questions will make sure that the students get an insight into the kind of questions asked in the CBSE Class 1st Mathematics Examination. This book is strictly based on NCERT and complements it by providing practice to help reinforce the material given in each chapter of NCERT. As the book contains ample number of examination pattern based practice questions, it for sure will act as perfect practice workbook for the upcoming CBSE Class 1st Mathematics Examination. Series of books for class 1 to 8 for ICSE schools. The main goal that this series aspires to accomplish is to help students understand difficult scientific concepts in a simple manner and in an easy language. Julie, Lucy and Alia are BFF's who share one passion: dance! Between programs in ballet and modern dance, they also slip in classes on many other styles including hip-hop, a class run by the hunk KT, who's got all three competing for his attention. As they prepare for the ballet "Sleeping Beauty," they'd love to see him play Prince Charming. Any girl with a love for dance and taking classes will find this gag-filled series irresistible! Term Book Greater Than Sudoku is the variation of the original sudoku. In addition, greater than or less than signs (" $>$ " or " $<$ ")

Genius Kids Worksheets for Class 1 is a set of 6 international standard workbooks created by a team of experienced academics, world class researchers and expert worksheet designers at flipClass. The worksheets are a treasure trove of information with over 1200 curriculum-based activities, exercises and games in English, Mathematics and Science for 1st Grade. It covers major portions of CBSE, ICSE and all state boards for 1st Grade or Class 1. The workbook's lively layout and easy to follow explanation makes learning fun and interactive. The worksheets help parents and teachers to explain key concepts with absolute ease.

1. Mathematics (2 workbooks) : Numbers, More on Numbers, Positions Shapes & Patterns, Addition, Subtraction, Multiplication, Money, Measurements & Time
2. English (2 workbooks): Capitalizing Words & Names, Simple Sentences, Word Order, Question Sentences, Singular & Plural Nouns, Naming Words/Nouns, Action Words/Verbs, Spellings, Punctuation, Sight Words, Framing Sentences, Adjectives, Small Compositions, Prepositions, Conjunctions, Pronouns & Articles.
3. Science (2 workbooks): Family, Neighborhood, School, Body, Living Things, Basic Needs, Healthy Habits, Travel, Festivals, Plants & Animals, Beautiful Earth, Universe.

Activity Book for National Interactive Maths Olympiad (NIMO) & other National/International Olympiads/Talent Search Exams based on CBSE, ICSE, GCSE, State Board syllabus & NCF (NCERT). Rise and Shine - An Integrated Semester Course for Classes 1 to 5 has been designed and formulated in accordance with the guidelines of the latest National Curriculum Framework (NCF). It is a set of ten books, two for each class and one per semester. Each book includes subjects such as English, Mathematics, EVS/Science, Social Studies and General Knowledge. The key feature of the course is to make learning a joyful experience. Each book closely interweaves concepts to lay a strong foundation at the primary level. The course focuses on interactive approach to make the children active participants in the process of learning. Some of the key features of the series are :

- Based on the curriculum guidelines given by the latest National Curriculum Framework.
- Graded and matched to the number of class hours planned by the schools.
- Key concepts in each subject linked with interesting explanations; visual aids such as illustrations, photographs, diagrams, maps and tables; activities, games and real-life examples.
- Carefully graded and comprehensive exercises for true evaluation.
- Online support for + Animated lessons and interactive exercises for better understanding of the concepts learnt in the textbook. + Assignments and E-book (For Teacher's only)
- Teachers Resource Book to facilitate teaching.

Goyal Brothers Prakashan A First Course in Machine Learning covers the core mathematical and statistical techniques needed to understand some of the most popular machine learning algorithms. The algorithms presented span the main problem areas within machine learning: classification, clustering and projection. The text gives detailed descriptions and derivations for a small number of algorithms rather than cover many algorithms in less detail. Referenced throughout the text and available on a supporting website (<http://bit.ly/firstcourseml>), an extensive collection of MATLAB®/Octave scripts enables students to recreate plots that appear in the book and investigate changing model specifications and parameter values. By experimenting with the various algorithms and

concepts, students see how an abstract set of equations can be used to solve real problems. Requiring minimal mathematical prerequisites, the classroom-tested material in this text offers a concise, accessible introduction to machine learning. It provides students with the knowledge and confidence to explore the machine learning literature and research specific methods in more detail. Salient Features of the Book : Child-friendly lay-out and attractive illustrations. Worksheets are as per the age and level of understanding of the students. Ample space for writing answers. Includes all varieties of questions. Mental Maths at the end of each chapter. For Term 1 : One Model Test Paper for Half Yearly Examination For Term 2 : One Model Test Paper for Yearly Examination We have a great pleasure in presenting the book NCERT Practice Workbook Math-Magic, for Class 1. It is a part of the series NCERT Practice Workbook Math-Magic (for Classes 1 – 5). This series would prove to be a great aid to the teachers as well as the learners. The worksheets in this book are designed to help the child comprehend the concepts fully, and to improve the mathematical and calculation skills of the learner. The book provides drilling practice with the aim of leading to a deeper understanding of the basic concepts of mathematics. The drilling practice is both learner and teacher friendly, as it gives enough opportunity to the teacher to test the retention ability of the learner. Each worksheet is based on the exercises given in the Text Book. Solving of these worksheets would lead to a clear grasp of what is taught. It would also enhance the confidence of the learner to solve mathematical problems with speed and accuracy. It would lead to the application of these concepts in day to day life. Salient features of the book are : Child-friendly lay-out and attractive illustrations to create the interest of the students in the subject. Worksheets are prepared keeping in mind the age and level of understanding of the students. Ample space for writing answers. Includes various types of questions, viz, Tick the Correct Answer, Fill in the Blanks, True or False, Word Problems, etc. Mental Maths at the end of each chapter to enhance the mental agility of the students. Two Model Test Papers – one for Half Yearly Examination (Term 1) and other for Yearly Examination (Term 2), have been given. We are sure that the book would prove to be a useful Practice Workbook for the learners. Suggestions and criticism for the improvement of the book would be highly appreciated. — Goyal Brothers Prakashan This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. Altogether 1-5 is a semester series consisting of a total of ten books (two semester books per class). Each book is divided into segments of: English, Mathematics, Social Science (for classes 1-2), Social Studies (for classes 3-5), Environmental Studies (for classes 1-2), Science (for classes 3-5), General Knowledge and Computer Science. All the subjects have been designed to develop comprehensive understanding in learners and are essential for an interactive and participative atmosphere. A progressive vision providing graded topics in all subjects has been ensured. World Link is Heinle's best-selling core series for young adult/adult learners of English from the false beginner to high intermediate level. The second edition has been completely updated and enhanced to reflect modern teaching methods and user feedback. Combining dynamic vocabulary with essential grammar and universal topics, World Link, Second Edition, helps learners to communicate confidently and fluently. Goyal Brothers Prakashan This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. How can the puzzling game of puzzles benefit young minds? Well, puzzles boost general knowledge, and improve vocabulary as well as spelling, logic and problem-solving. But the main advantage of introducing this activity early in life is that it helps children learn with game-based learning. What this translates is that fun and learning become one. So don't forget to secure your copy now! Goyal Brothers Prakashan An understanding of language arts concepts is key to strong communication skills—the foundation of success across disciplines. Spectrum Language Arts for grade 1 provides focused practice and creative activities to help your child master punctuation, parts of speech, and capitalization. --This comprehensive workbook doesn't stop with focused practice—it encourages children to explore their creative sides by challenging them with thought-provoking writing projects. Aligned to current state standards, Spectrum Language Arts for grade 1 includes an answer key and a supplemental Writer's Guide to reinforce grammar and language arts concepts. With the help of Spectrum, your child will build the language arts skills necessary for a lifetime of success. This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. The Syntax of Sports is that course you wish you took in college—even if you aren't a sports fan. It's interesting. It's practical. It's inspiring. And best of all, it teaches you a skill that is at once highly marketable and potentially transforming: how to become a better thinker and writer. The beginning of a multi-volume series, this initial book recreates the first day of class as it was taught to undergraduates at the University of Michigan. The examples are compelling. The dialogue is fast moving. The stories are ones you'll want to return to and retell over and over again. There is a reason the actual students who took The Syntax of Sports said the following things about it: "Every class I learned something new that I know I'll actually use in my writing for years to come. Couldn't be happier that I took a chance on Syntax of Sports." "Prof. Barry has structured the course so that it's almost impossible not to learn something valuable to take with you to future classes and future career possibilities." "I have learned a ton of techniques for being a better writer in this class. I have also learned many life lessons that will undoubtedly guide how I act in the future." "I absolutely loved this course because the teacher was so awesome. I enjoyed sitting through class listening to Professor Barry and falling in love with his brain." This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. It's the night before the Big Day—first grade. Penny is excited to start the year with her best friend right beside her in the same classroom. This humorous take on Clement C. Moore's classic tale has a perfect twist ending that will surprise readers—as well as the “heroine” of the story—and help all about-to-be first-graders through their own back-to-school jitters. 1. An integrated semester series for Classes 1 to 5, comprising two semester books for each class. 2. The books are mapped to the National Curriculum Framework. 3. The series focus on developing the 21st century skills of critical thinking, creativity, communication and collaboration through reading texts that are value-centric, as well as activities, exercises and projects that develop life skills along with application and analytical thinking. 4. The subjects included in Classes 1 & 2 (Semester 1 and 2) are English, Mathematics, Environmental Studies (EVS) and General Knowledge 5. The subjects included in Classes 3 to 5 (Semester 1 and 2) are English, Mathematics, Science, Social Studies and General Knowledge The Being a Reader Teacher's Manual, grade 1, volume 2, contains the Being a Reader whole-class lessons for grade 1. Detailed, easy-to-follow lesson plans include facilitating discussions, assessing the class, and conferring with individual students. The Complete Book series provides young learners with a fun way to learn the basic skills essential to learning success. The vibrant pages offer a variety of exciting and developmentally appropriate activities. The easy-to-follow directions will enable your child to work independently, increasing confidence with the skills needed to ensure learning success. The Complete Book of Grade 1 features: Compound words, Parts of speech, Spelling words, Place value and fractions. This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. Description of the product: • Crisp Revision with Concept-wise Revision Notes & Mind Maps • 100% Exam Readiness with Previous Years' Questions (2011-2022) from all leading Olympiads like IMO, NSO, ISO & Hindustan Olympiad. • Valuable Exam Insights with 3 Levels of Questions-Level 1, 2 & Achievers • Concept Clarity with 500+ Concepts & 50+ Concepts Videos • Extensive Practice with Level 1 & Level 2 Practice Papers 1. An integrated semester series for Classes 1 to 5, comprising two semester books for each class. 2. The books are mapped to the National Curriculum Framework. 3. The series focus on developing the 21st century skills of critical thinking, creativity, communication and collaboration through reading texts that are value-centric, as well as activities, exercises and projects that develop life skills along with application and analytical thinking. 4. The subjects included in Classes 1 & 2 (Semester 1 and 2) are English, Mathematics, Environmental Studies (EVS) and General Knowledge 5. The subjects included in Classes 3 to 5

(Semester 1 and 2) are English, Mathematics, Science, Social Studies and General Knowledge 1. Chroma is an integrated Term series for Classes 1 to 5, comprising three term books for each class. 2. The books are mapped to the National Curriculum Framework. 3. They focus on developing the 21st century skills of critical thinking, creativity, communication and collaboration through reading texts that are value-centric, as well as activities, exercises and projects that develop life skills along with application and analytical thinking. 4. The series, which is meant for Classes 1 to 5, offers activity based courses for all subjects, i.e. Classes 1 & 2 (Term 1 to 3): English, Mathematics, Environmental Studies, General Knowledge Classes 3 to 5 (Term 1 to 3): English, Mathematics, Science, Social Studies, General Knowledge 5. All subjects are packaged in 3 term books for each class in such a way that the learner has-to carry only one textbook to school every day. 6. Each book contains the course content for each subject in a graded fashion. The child progresses from one book to the next having acquired all the concepts in all the subjects that he will require. 7. The books are child-friendly, with explanations given in age-appropriate language, along with ample examples, interesting activities and attractive illustrations. 8. Each subject is presented in a way that will appeal to learners and facilitators, with Activity Based Learning being the focus for all core subjects. 9. The exercises are designed to enhance skills of application and analysis while developing multiple intelligences. Children's Story Book for 3 to 5 year olds Life with Values, a series on Value Education for classes 1 to 8 that adheres to the Curriculum on Education for Peace prescribed in the National Curriculum Framework (NCF). The series aims at augmenting capabilities, attitudes and skills that would endure throughout the learner's lifetime by regulating and guiding their behaviour and actions on a day-to-day basis. Specially Priced Package You are currently viewing a Specially Priced Package from National Geographic Learning - available for student purchase now! This specially priced package includes: Student Text + Online Workbook (MyELT) World Class is a two-level series from National Geographic Learning for high-intermediate and advanced English language learners. This integrated-skills program uses National Geographic content, images, and video to help learners expand their overall fluency while developing the tools and strategies necessary for effective, real-world communication. 1. Chroma is an integrated Term series for Classes 1 to 5, comprising three term books for each class. 2. The books are mapped to the National Curriculum Framework. 3. They focus on developing the 21st century skills of critical thinking, creativity, communication and collaboration through reading texts that are value-centric, as well as activities, exercises and projects that develop life skills along with application and analytical thinking. 4. The series, which is meant for Classes 1 to 5, offers activity based courses for all subjects, i.e. Classes 1 & 2 (Term 1 to 3): English, Mathematics, Environmental Studies, General Knowledge Classes 3 to 5 (Term 1 to 3): English, Mathematics, Science, Social Studies, General Knowledge 5. All subjects are packaged in 3 term books for each class in such a way that the learner has-to carry only one textbook to school every day. 6. Each book contains the course content for each subject in a graded fashion. The child progresses from one book to the next having acquired all the concepts in all the subjects that he will require. 7. The books are child-friendly, with explanations given in age-appropriate language, along with ample examples, interesting activities and attractive illustrations. 8. Each subject is presented in a way that will appeal to learners and facilitators, with Activity Based Learning being the focus for all core subjects. 9. The exercises are designed to enhance skills of application and analysis while developing multiple intelligences. Bloomsbury—An Activity-based Integrated Course for LKG, UKG and Classes 1 to 5 has been designed and formulated in accordance with the guidelines of National Education Policy (NEP) 2020. The series comprises a set of fourteen books, two for each class and one per semester. Semester books for LKG and UKG include English, Mathematics and Environmental Science. Semester books for Classes 1 and 2 include English, Mathematics, Environmental Science and General Knowledge. Semester books for Classes 3 to 5 include English, Mathematics, Science, Social Studies and General Knowledge. The series is strictly aligned with the basic tenets of NEP 2020. Thus, a lot of emphasis has been laid on promoting activity-based and experiential approach to learning. The series also seeks to develop the core twenty-first-century skills in learners, which lie at the heart of NEP 2020. Besides, great care has been taken to make learning a joyful experience for the learners. All this will together lay a strong foundation at the primary level and lead to the holistic development of the learners at each level. Some of the key features of the series are: • Key concepts supported with visual activities, games and real-life examples • Carefully-graded and comprehensive exercises to facilitate true evaluation • Online support in the form of animated lessons, interactive exercises, topic-wise videos and E-books (For Teachers only) as per the requirement of the subject • Teachers Resource Book to facilitate teaching ENGLISH The content for English is a perfect blend of the best of both worlds—past and present. The selections are based on the learners' interests, and, therefore, will not only easily arrest their attention but also facilitate longer retention. The graded exercises lay appropriate emphasis on learning the four basic language skills of Listening, Speaking, Reading and Writing. Grammar Section in each book offers simple and clear conceptual understanding. MATHEMATICS The Mathematical concepts have been dealt with in an interesting and comprehensive manner. This way even an average child will have no difficulty in grasping the fundamentals. The series follows a graded and spiral approach, keeping in mind the age and level of understanding of the learner. ENVIRONMENTAL STUDIES NEP 2020 lays emphasis on promoting the spirit of analysis and questioning because it has been increasingly felt that children learn more through talking, observing and discussing with others. This approach has been adopted in EVS content. SCIENCE The content in this section emphasises meaningful learning of science for the overall development of learners. It focuses on helping children understand their natural environment and correlate science with their everyday experiences in an interesting and comprehensive manner. SOCIAL STUDIES A totally new and innovative approach to teaching social studies has been adopted in this section. The lessons enhance the learners' life skills and equip them with a high civic sense and arm them with an ability to face the challenges in life with confidence, and as responsible citizens. GENERAL KNOWLEDGE The main objective of the General Knowledge section is to create a sense of wonder in the learners and arouse in them a desire to learn and find out more about the world around them. We look forward for feedback and constructive criticism from the students, teachers and parents, which will be given due consideration in the future reprints and editions of the books.
