A Nation Divided Mar 19 2023

A Nation Divided: The Conflicting Personalities, Visions, and Values of Liberals and Conservatives Jun 22 2023 Activists have long claimed that “the personal is political”, but this book posits the converse: that the political is personal. The United States today is bitterly divided. It is less an aspirational melting pot of immigrants and more a salad bowl made up of distinct, often clashing flavors. The successive elections of two divisive presidents—one committed to the perennial leftist dream of “fundamental change” and the other to a conservative vision of “Making America Great Again”—have exacerbated what is arguably the greatest rift in politics since the election of Abraham Lincoln. Taking inspiration from Coleridge’s belief that all humans are temperamentally destined to follow the path of Plato the Idealist or Aristotle the Realist, this book examines the political divide in terms of these temperamental differences. Liberals’ and conservatives’ views of human nature have a large bearing on the political policies they espouse, but their temperaments and personalities have the most significant impact. This book analyses the personality traits of liberals and conservatives in terms of the “Big Five” model—openness to experience, conscientiousness, extraversion, agreeableness, and neuroticism. Conservatives are found in almost all studies to be more conscientious, agreeable, and extroverted, while liberals are found to be more open to new experience and neurotic. The political divisions I explore in this book are all essentially fueled by personality differences. There is a deepening divide between liberals and conservatives in the battle for America’s soul: one side seeks to steer the nation sharply to the left into socialist selfdom, whereas the other side desires a wealthy and free America under the watchful eye of God’s providence. A preponderance of academic texts belongs to the liberal tradition. Conservatives have long lacked a comparable intellectual tradition of their own, although an incipient one is now beginning to form. This book, while maintaining a measure of scholarly distance, is unashamedly written from a conservative point of view.

A Nation Divided Dec 04 2021

The Civil War Feb 23 2021 The Civil War still holds a prominent place in the American imagination—reenactments and battlefield visits are popular tourist attractions for both Northerners and Southerners. The underlying issues of racism and states’ rights that caused the war are also still visible in American society. Through informative main text, detailed maps, historic photographs, and a timeline of important dates, readers will be engaged by this key event in the country’s history and gain a better understanding of some of its present struggles.

A Nation Divided Mar 27 2021

Civil War Oct 22 2020 The Civil War: A Nation Divided offers a unique perspective on the Civil War, the bloodiest conflict in Americas history. Featuring primary source material, each title in this informative new set details a specific topic of life during the war and its immediate aftermath—from spies to technology to Reconstruction to the roles of women and African Americans. This engaging set complements the school curriculum and is the perfect companion to the new Leaders of the Civil War Era set. Each title includes full-color and black-and-white photographs and illustrations, as well as helpful reference features such as sidebars, a chronology, a bibliography, a glossary, suggestions for further reading, and an index.

A Nation Divided Feb 06 2022

The 1968 presidential election was like no

other campaign in American history. In this lucidly written account of that campaign, Mr. Richardson describes in detail the “Clean for Gene” phenomenon that led to President Lyndon B. Johnson’s startling withdrawal from the race and Robert F. Kennedy’s opportunistic last-minute candidacy, as well as the campaigns of Republican Richard M. Nixon and third-party candidates George Wallace, Eldridge Cleaver, Dick Gregory and others. From the snows of New Hampshire to the tumultuous Democratic convention in Chicago to the see-saw election night battle between Nixon and Humphrey, this book will fascinate and inform political junkies and serious students of American history alike. **Broken Lines** Nov 15 2022 In the year 2015, inequality is a national problem despite claims that the United States has entered a post-racial era. As the nation grows impatient with elected government officials, two secret organizations develop plans to overthrow the government in what will be considered the deadliest racial battle in American history. Two longtime office friends, Nicholas Hamilton, who is white, and Thomas Hill, who is black, find themselves plotting against each other and assuming leadership positions, each supporting his own secret organization. They become enemies on the battlefield, facing off in a battle filled with many emotions, including regret. As thousands of innocent Americans die, a country divided turns to China for support in an elaborate counterattack plan to resume social, political, and economic dominance once again. The Peoples Republic of China agrees to provide enough equipment and ammunition to aid in their counterattack plan. Unaware of Chinas plan to double-cross the United States, soldiers remain on standby to receive equipment and ammunition wired with explosive devices from China. The people of the country with broken lines now has to decide if they can trust each other long enough to work together to develop a plan to defeat an attacking China.

A Nation Divided by History and Memory Jan 05 2022 During the last few decades there has been a growing recognition of the great role that remembering and collective memory play in forming the historical awareness. In addition, the dominant national form of history writing also met some challenges on the side of a transnational approach to the past. In *A Nation Divided by History and Memory*, a prominent Hungarian historian sheds light on how Hungary’s historical image has become split as a consequence of the differences between the historian’s conceptualisation of national history and its diverse representations in personal and collective memory. The book focuses on the shocking experiences and the intense memorial reactions generated by a few key historical events and the way in which they have been interpreted by the historical scholarship. The argument of *A Nation Divided by History and Memory* is placed into the context of an international historical discourse. This pioneering work is essential and enlightening reading for all historians, many sociologists, political scientists, social psychologists and university students.

American Civil War Apr 15 2020 American Civil War is an interesting subject of history for history lovers. This book is designed for you so that you can peep into the world of colonists from history. It was a time of upheaval and rebellion, and numerous events in the history are important to know. The war had multiple causes and it is important to understand these reasons. Our Year of War Jun 17 2020 Two brothers--Chuck and Tom Hagel--who

went to war in Vietnam, fought in the same unit, and saved each other's life. They disagreed about the war, but they fought it together. 1968. America was divided. Flag-draped caskets came home by the thousands. Riots ravaged our cities. Assassins shot our political leaders. Black fought white, young fought old, fathers fought sons. And it was the year that two brothers from Nebraska went to war. In Vietnam, Chuck and Tom Hagel served side by side in the same rifle platoon. Together they fought in the Mekong Delta, battled snipers in Saigon, chased the enemy through the jungle, and each saved the other's life under fire. But when their one-year tour was over, these two brothers came home side-by-side but no longer in step--one supporting the war, the other hating it. Former Secretary of Defense Chuck Hagel and his brother Tom epitomized the best, and withstood the worst, of the most tumultuous, shocking, and consequential year in the last half-century. Following the brothers' paths from the prairie heartland through a war on the far side of the world and back to a divided America, *Our Year of War* tells the story of two brothers at war--a gritty, poignant, and resonant story of a family and a nation divided yet still united.

The Nation Divided Sep 13 2022

A Nation Divided by Racism Jun 29 2021 We live in a world where, although we share the world with different people and ethnicities, we live with hate, malice, envy, and strife toward one another. "A Nation Divided by Racism" addresses these matters within an open dialogue.

[A Nation Divided](#) Feb 18 2023 "A house divided against itself cannot stand." When Abraham Lincoln spoke these words in 1858, a deadly storm was brewing in the United States. Many in the South no longer wanted to remain a part of the country. They wanted to form their own country, where slavery remained legal and where Northerners stayed out of Southerners' business. In 1861, the storm hit. The "house" of the United States was split in half by a terrible war that would drag on for years. Before the Civil War ended, more than half a million soldiers would die in what would be, and still remains, the conflict that has claimed the greatest number of American lives. But when the clouds of this war of brother against brother finally cleared, nearly four million African Americans had been freed from bondage--and the divided house was whole again.

A Nation Divided Nov 22 2020

[A Nation Divided](#) Jul 23 2023 "Examines the course of social reformation in America, from the end of the second World War to the Vietnam War." Includes picture essay on Woodstock, as well as material on the civil rights movement, the 1968 Democratic National convention, anti-war protests, Martin Luther King, Jr., the SDS, the Berrigan brothers, "Dissent in the ranks," and "Rock 'n' roll rebellion."

Left Vs. Right, Black Vs. White May 29 2021 As a young child, David Mulatto listened to stories and watched documentaries about the death and destruction the Great War had caused. He struggled to understand why the human race would inflict so much pain upon itself. However, over a lifetime of adventures the reality of human instinct unveiled itself to Mulatto through the trials and tribulations of his own struggles. It is these life experiences that he writes about with full honesty and openness. This book, *Left vs. Right, Black vs. White: A Nation Divided*, is a book filled with analysis on why there are so many divisions within the culture. As the nation fights for its identity and its soul, there are many who fear for the future. It seems that the tides of conflict are rising. Mulatto believes regardless of ideology, visual appearance, gender, or political persuasion, if we don't figure out how to incorporate our differences in a way that allows each individual to hold to their principles but also work for common good, then past mistakes may be repeated.

[A Nation Divided](#) May 21 2023 Looks at the major causes of the Civil War, including cultural divisions, slavery, and the Presidential election of 1860.

A Nation Divided Apr 20 2023 Recounts events leading up to the Civil War and provides insight into the economic, cultural, and educational differences of the Northerners and Southerners.

Dog vs. Cat: A Nation Divided Dec 24 2020 It's been said politics makes for strange bedfellows. In this case, those fellows just happen to be furry. In *Dog vs. Cat: A Nation Divided*, cartoonist Don Asmussen creates a fun and fluffy mix of politics and pets that's outside the box. The litter box, that is. It has become ever apparent in recent years that divisiveness is poisoning our national debate. Discussion and compromise have been replaced by name-calling, bullying, and veiled hate speech. Never in our history has our country been so fractured between these two groups . . . dog lovers and cat lovers. Using metaphors from the political scene of both yesterday and today, *Dog vs. Cat* humorously parodies government silliness and squabbles through the

eyes of a cartoon canine and kitty. Humorist Don Asmussen takes us behind the scenes for an investigative look at the controversial Spot vs. Mittens election - one that nearly scratched and clawed our country apart. The media gets accused of cat bias in its coverage of Mittens's affair with JenniPURR Flowers. Meanwhile, Spot's dog license is called into question at the Cat National Convention. Perfect for the pet owner who keeps an eye on the political arena, *Dog vs. Cat* scoops the stories - and then the yard - of all the funny, quirky things that cat lovers, dog lovers, and elected humans can do, all in the name of creating a pet-ter tomorrow.

The Second Civil War May 09 2022 Few times in America's history has the nation been so divided. To some, the government is on the right path, but to just as many, the country headed toward destruction. It is not about race this time. Instead it is about the Constitution and the Bill of Rights. Many see the freedoms that our forefathers fought and died for being taken away. Half of the population sees a Democratic society being stripped away and America headed toward Socialism. Many go so far as to say it is leaning toward Communism. At the center of the rift is the Bill of Rights, the provisions that most Americans hold dear. President Ronald Regan once said, "Freedom is never more than one generation from extinction." Nearly half of the people of America believe we are at a crossroads. Some in this country hope that we can get back on track. Others welcome socialism because it means they get a free ride. A great many will passively hope the problems go away. But there are those who believe the Constitution is the core of what makes America great. They are the ones who understand that Freedom is not 'free'. As always, they will be the ones who will risk their lives to defend our Bill of Rights as written. They will not bow to 'political correctness'. They will be labeled traitors, turncoats, criminals, and worse because they will not bend to the will of a government determined to strip Americans of their Constitutional rights. Can a civil war be avoided? Will it come to that? How can we calm the storm that is rising? What will be the catalyst that makes people say enough is enough? It only takes one spark to set off an explosion that could rip this nation apart and lead to the SECOND CIVIL WAR.

John Beckley; Zealous Partisan in a Nation Divided Oct 02 2021

A Nation Divided Jan 17 2023 ...It's November 9, 2016 and America is A Nation Divided amongst "We the People." We are called to topple the worldly structures, protected by corrupted foundations, deceptively and quietly waging war with truth. By dissecting and addressing fallacies amongst mainstream media, and the global elitist's agenda, we will find clarity and truth as we prepare to reestablish our Constitution. With this time of restoration before restriction, we will restore the foundations of Truth and Love, presently eroded by division and deception, rescuing as many souls that will salvation as possible. We will examine the redefining of meaning and the deception tactics deployed to reshape our conscious, unconscious and subconscious states of mind, gaining awareness through many complex truths. The multitudes of which will have meaning and hope for every living, breathing person. In totality, we will review the record of what has taken place before a Trump Administration, preparing ourselves and country before the mainstream media confusion-chaos-fest escalates. By correcting fallacies spread to divide us amongst each other - through a systematic review of truth, historical facts, past & present issues, and a deep analysis of our division - we will 'Set the Record Straight' on where we have been and the "total reset" we avoided with Common Grace. We must unify together to uproot the destructive worldly forces that seek power, control, and wealth at each of our expenses, supporting the man, the movement & the 45th President of the United States of America - God's anointed Cyrus (Isaiah 45) - Donald J. Trump. Will we heal our nation, fix our eyes, and straighten our paths to unite? As we usher in "The Great Awakening," the greatest test America will ever endure, "We the People," the 99% and overwhelming majority, have two years to right the ship or lose our way. Each of us will determine the future course of this country, and outcome, for better or worse. UNITED WE STAND, DIVIDED WE FALL. THAT WILL BE OUR TEST TO COME...A Nation Divided: United we stand, Divided we fall Anthony R. Flagg Copyright 2017 Explorable Ventures (Exploratory Enterprises LLC)

Nations Divided Dec 16 2022 At the same time, Doyle negotiates the conceptual slipperiness of nationalism by discussing it as both constructed and real, unifying and divisive, inspiration for good and excuse for atrocity."--BOOK JACKET.

The Wind in the Trees Apr 27 2021 A college professor, the leader of the underground patriot movement, Antifa, Black Lives Matter, and a Russian billionaire find themselves in stark contrast and conflict over the

history and the direction of America. This is a fast-paced, suspenseful read that enthralls all facets of the American life including the good, the bad, and the ugly. A little known Muslim sect adds to the mystery and to the impact of the storyline. Dr. Edward Miller, a professor of history at Coastal Virginia University and a world-renowned scholar of the Civil War, first finds himself in a battle to save his textbooks from historical revisionists. As Antifa, Black Lives Matter, and others start defacing and destroying monuments, cemeteries, and battlefields of the Confederacy, he comes in contact with Donald Smith, leader of the underground patriot movement—an encounter that will shape history. This scenario plays out in a post-Charlottesville society and exposes the divide that exists in this country between the Constitutionals and the Left. The FBI gets caught up in this conflict as it attempts to avoid another Civil War. Anarchy is the call of the day, and this gives the author, Bunk Russell, the ability to display his unparalleled ability to tell a story. This drama will grip you, and it will never let go. This is evident by a statement from the first person who read the book when they said as they laid it down, “I did not see that coming.”

A Nation Divided May 17 2020

A Nation Divided Oct 14 2022 What happened to the United States of America? Simply put, forgotten who she was. The foundation principles inspired by God and established by the Constitution no longer have meaning in the Halls of Congress. The cornerstone doctrine of a limited central government has been forgotten. Excessive taxation, out of control spending, and unsustainable debt have the United States on the road to bankruptcy. Worse yet is the social demise of America's greatest asset, the American individual. Can America rediscover herself? She will or she will fail. This book tells the story where America went off course and reveals the sacred principles to which she must return to find her glory. Book jacket.

Central America, a Nation Divided Nov 03 2021 This popular text surveys the history of the Central American region, covering Guatemala, Belize, Honduras, El Salvador, Nicaragua, Costa Rica, and Panama, from pre-Columbian times to the present. It emphasizes the common characteristics of the Central American states as well as their potential for political union. Now completely updated, the third edition of *Central America: A Nation Divided* encompasses the significant new research and tumultuous events that have taken place since the last edition was published. The text now includes coverage of the civil wars in Guatemala, El Salvador, and Nicaragua, as well as the restoration of peace to the region under the Central American peace accords. It also recounts and analyzes the substantial changes that have occurred in the economic and social arenas as Central American states have turned increasingly to neoliberal policies that emphasize the private sector and the development of exports while reducing government entitlement programs. Students will find this text enormously helpful for sorting through the vast amounts of significant research that has been written and compiled in the past decade. In addition, the Selective Guide to the Literature section has been completely revised to reflect the great increase in research and writing on Central America. Comprehensive and incisively written, *Central America: A Nation Divided* is an essential text for Latin American History courses.

We Gather Together Mar 07 2022 From the New York Times bestselling author of *The Last Castle* and *The Girls of Atomic City* comes a new way to look at American history through the story of giving thanks. From Ancient Rome through 21st-century America, bestselling author Denise Kiernan brings us a biography of an idea: gratitude, as a compelling human instinct and a global concept, more than just a mere holiday. Spanning centuries, *We Gather Together* is anchored amid the strife of the Civil War, and driven by the fascinating story of Sarah Josepha Hale, a widowed mother with no formal schooling who became one of the 19th century's most influential tastemakers and who campaigned for decades to make real an annual day of thanks. Populated by an enthralling supporting cast of characters including Frederick Douglass, Abraham Lincoln, Sojourner Truth, Walt Whitman, Norman Rockwell, and others, *We Gather Together* is ultimately a story of tenacity and dedication, an inspiring tale of how imperfect people in challenging times can create powerful legacies. Working at the helm of one of the most widely read magazines in the nation, Hale published Edgar Allan Poe, Nathaniel Hawthorne, Harriet Beecher Stowe, and others, while introducing American readers to such newfangled concepts as “domestic science,” white wedding gowns, and the Christmas tree. A prolific writer, Hale penned novels, recipe books, essays and more, including the ubiquitous children's poem, “Mary Had a Little Lamb.” And Hale herself never stopped pushing the leaders of her time, in pursuit of

her goal. The man who finally granted her wish about a national “thanksgiving” was Lincoln, the president of the war-torn nation in which Hale would never have the right to vote. Illuminating, wildly discussable, part myth-busting, part call to action, *We Gather Together* is full of unexpected delights and uneasy truths. The stories of indigenous peoples, immigrant communities, women's rights activists, abolitionists, and more, will inspire readers to rethink and reclaim what it means to give thanks in this day and age. The book's message of gratitude—especially when embraced during the hardest of times—makes it one to read and share, over and over, at any time of year.

Healing a Divided Nation Apr 08 2022 A profound and insightful investigation into how the American Civil War transformed modern medicine. At the start of the Civil War, the medical field in America was rudimentary, unsanitary, and woefully underprepared to address what would become the bloodiest conflict on U.S. soil. However, in this historic moment of pivotal social and political change, medicine was also fast evolving to meet the needs of the time. Unprecedented strides were made in the science of medicine, and as women and African Americans were admitted into the field for the first time. The Civil War marked a revolution in healthcare as a whole, laying the foundations for the system we know today. In *Healing a Divided Nation*, Carole Adrienne will track this remarkable and bloody transformation in its cultural and historical context, illustrating how the advancements made in these four years reverberated throughout the western world for years to come. Analyzing the changes in education, society, humanitarianism, and technology in addition to the scientific strides of the period lends *Healing a Divided Nation* a uniquely wide lens to the topic, expanding the legacy of the developments made. The echoes of Civil War medicine are in every ambulance, every vaccination, every woman who holds a paying job, and in every Black university graduate. Those echoes are in every response of the International and American Red Cross and they are in the recommended international protocol for the treatment of prisoners of war and wounded soldiers. Beginning with the state of medicine at the outset of the war, when doctors did not even know about sterilizing their tools, Adrienne illuminates the transformation in American healthcare through primary source texts that document the lives and achievements of the individuals who pioneered these changes in medicine and society. The story that ensues is one of American innovation and resilience in the face of unparalleled violence, adding a new dimension to the legacy of the Civil War.

A Nation Divided Aug 12 2022 The United States will enter the twenty-first century with an increasingly diverse, unequal, and divided population. Longstanding tensions persist between ethnic groups, rich and poor, and immigrants and the native-born. New sources of strain involve sexual and gender minorities, those who possess alternate family forms, and white and nonwhite immigrants, as well as the widening gulf between rich and poor Americans. *A Nation Divided* offers a fresh approach to these controversial issues. In this volume, leading social scientists explore the potentially explosive combination of diversity and inequality. Using the latest theory and research, the authors show how different groups become socially and economically unequal and how such patterns of “durable inequality” affect national stability. They also discuss strategies for reducing durable inequality and creating social harmony. Their contributions address the changing demography of diversity and inequality and the interplay of diversity, inequality, and community in educational institutions, the military, the family, popular culture, and religion.

Storms Gather Aug 24 2023 Randolf and Elizabeth Hudson were barely into their teens when they left the persecuted city of Nauvoo with their mother, Mary, and relocated to booming St. Louis. Years later, under the gathering clouds of civil war, Rand fights to keep the family's steamship business from a hypocritical uncle who has sold out to treacherous slaveholders and secessionists while Elizabeth struggles to end an ill-suited entanglement that could cripple her freedom --

The Civil War Sep 20 2020

A Nation Divided Jan 25 2021 After many years of declining crime and mostly economic growth, America suddenly starts having race driven civil unrest. Just as the racial tensions start to ease somewhat political tensions erupt. This is a story of how two couples attempt to cope with their nation trying to rip itself apart and civil war looks like a real possibility.

Divided Nation Jul 31 2021 *Divided Nation: Cultures in Chaos & A*

Conflicted Church provides families and their churches biblical mandates to awaken and arise as influencers in today's turbulent times. As Christian persecution increases, the Body of Christ needs to prepare to take a bold stand. Ken Ham, CEO and founder of Answers in Genesis-US, the highly acclaimed Creation Museum, and the world-renowned Ark Encounter, sounds the call for Reformation bringing God's people back to the authority of the Word of God beginning in Genesis.

Divided Politics, Divided Nation Aug 20 2020 Why are Americans so angry with each other? The United States is caught in a partisan hyperconflict that divides politicians, communities--and even families. Politicians from the president to state and local office-holders play to strongly-held beliefs and sometimes even pour fuel on the resulting

inferno. This polarization has become so intense that many people no longer trust anyone from a differing perspective. Drawing on his personal story of growing up as a fundamentalist Christian on a dairy farm in rural Ohio, then as an academic in the heart of the liberal East Coast establishment, Darrell West analyzes the economic, cultural, and political aspects of polarization. He takes advantage of his experiences inside both conservative and liberal camps to explain the views of each side and offer insights into why each is angry with the other. West argues that societal tensions have metastasized into a dangerous tribalism that seriously threatens U.S. democracy. Unless people can bridge these divisions and forge a new path forward, it will be impossible to work together, maintain a functioning democracy, and solve the country's pressing policy problems.
