After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in

the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. "We cannot change the cards we are dealt, just how we play the hand." –Randy Pausch

A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have . . . and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come. Winner, Wyoming's Selection for the National Book Festival 2021

Yeehaw! Rowdy Randy shouted to the wind. I was born to buck! Rowdy Randy is the toughest cowgirl

around. Never mind that this broncobuster is a horsefly. She acts taller than any tall tale. She might be easy to overlook, but Rowdy Randy definitely can't be ignored. She spends her days buzzing and biting all the creatures in her path, all the while stirring up a whole heap of trouble. Saddle up and hold on tight for a story that'll jangle your spurs and blow your cowboy hat clean off. A journey through life as seen through the eyes of a frightened twelve-year-old boy. After suffering a broken neck in a horrific accident, Randy Krulish explains how God and family provide him with the necessary strength to endure his now-unexpected life as a paralyzed boy. Even though these newfound struggles are nearly more than he can cope with, Randy finds the inner peace to overcome them. Discover how his life was changed forever; it may change yours as well. In *Autumns Dancing Leaves*, we met Eddie, an abused and neglected kid whose personality fractured to create Randy when he reached a point where he could no longer cope with the trauma in his life. Randy, defiant and determined, undertook the crusade of becoming Eddie's champion, endeavoring to save him from his abusers and all who were a threat to him. Because of Randy's effectiveness, Eddie's mind decided it was possible to enjoy the life that Randy insured, that being involved with the world was preferable to merely surviving the lifetime. Eddie's mind then developed Jesse from unused personality traits. Jesse, an aesthetic

personality, believed his goal was to interact with people and the world to find missing elements in Eddie's life and use his experiences to bring balance to the life he shared with Eddie and Randy. Randy and Jesse believed they were moving closer to what they saw as a normal life, exposing Eddie to the things they thought determined quality of life. But, Jesse made a mistake he felt would be devastating for Eddie. Randy responded by deciding to take them away from an environment he saw as detrimental ...

Winters Stormy Rage picks up the story with Randy on the road, looking for a new life, a new place where they can settle down. He travels to Kansas City, to an old neighborhood where he is exposed to other runaway kids surviving on the streets, and those he calls society's undesirables. From there he makes his way west, toward the coast, stopping along the way for a time with a biker gang that picks him up alongside the highway. A series of tragedies convinces Randy that they don't have a chance of success in trying to attain a new life. With that realization, he turns to drugs and alcohol, which keep him numb and muddled, preventing him from sorting out the truth. When he hits a low point, Jesse takes over to lead them for a time, a role in which he's not comfortable. Jesse catches a ride on the highway with Marcella, a female impersonator, who declares herself to be an entertainer. Marcella takes him to San Diego where he meets the colorful crowd Marcella associates with. While

Jesse is struggling to cope with the role of directing their life, Randy keeps showing up, still wrestling with substance abuse problems. Jesse fears Randy could be a threat to their existence. He decides he must seek help for them, but that would entail telling someone the secret of their life, a secret they had always sought to conceal. Winter's Stormy Rage follows the three facets of Eddie through their struggles, through the setbacks and the successes in the complex life they shared, from a bleak beginning to a promising conclusion ... Author Biography (Communication with Readers) PROLOGUE Prior ... Autumns Dancing Leaves ... Eddie was born not favoring anyone in his family, which created problems between his parents. His mother irrationally blamed him. When he was five years old, Evelyn sought to punish him by loaning him to pedophile men. As a result, he was abused by the companions and neglected by his mother. Intelligent, with heightened abilities in logic and reasoning, little Eddie attempted to rationalize his situation in an effort to keep the abuse in an acceptable perspective that would allow him to cope with it. He struggled with the increasing severity of the abuse but, by age eleven, he could no longer handle the circumstances of his life. Gravely depressed, he decided his only escape would be to die, that by conscious will, he could simply resolve to give up life and cease to exist. Eddie's mind, alerted to his decision, was determined to survive,

believing the ultimate goal for any entity was to continue, regardless of the form or quality of life. Panicked at the threat of cessation, his mind made a desperate decision - it fractured his personality and created Randy from traits that had been repressed in Eddie. Randy, a tough, defiant

Everything You Need to Become a High-Performing Leader

Do you crave additional development of your leadership skills—not just another business book or workshop, but something practical, actionable and real-world? Executive coaches Ron Price and Randy Lisk combine experiences and tools gleaned from decades working with leaders from Fortune 100 companies to small businesses to present twenty-five modules in *The Complete Leader*. but want to Hear from God and see Supernatural results. The trio of brave friends who make up Sharks, Inc.—Luke, Maribel and Sabina—dive into a crocodile-filled adventure in Crocs, the third book in bestselling author Randy Wayne White's Sharks Incorporated series. Marine biologist Doc Ford has a new mission for Sharks Inc.: visit Sanibel Island's remote Bone Field to find a wild orange tree that's survived a disease destroying Florida's citrus. There, the members of Sharks Incorporated find oranges unlike any they've ever seen, but can't find the tree Doc needs. Worse, the area is protected by a massive saltwater crocodile. What the team doesn't expect is to meet a reclusive woman who threatens to call the police if they trespass on her land again. Reluctant to give up, the trio learns she needs help. When she was young, the woman found King Calusa's grave. Now, she believes the ghost of the dead king, who was beheaded by Spanish explorers 500 years ago, is haunting her. To uncover the truth, the kids return to the Bone Field. The thousand-pound crocodile is determined to protect its hatchlings, but crocs turn out to be the least of their worries. The intrepid trio discovers the woman's wealthy neighbor is selling illegal reptiles—and he knows the secret of the dead king's missing gold medallion. How will Randy get out of this bind? Randy's world starts spiraling downhill from the very moment he gets a house call requesting his plumbing services. It can't get much worse, or can it? After meeting an

attractive woman that he begins to fall for, what wouldn't he do for her? Things start getting worse and worse, as he tries to let go of his fears and follow his heart. While trying to figure out how to get past the trouble he is in, he worries about the safety of his best friend and partner, Jessie. Jessie, however, is becoming more and more frustrated with Randy and the burden of constantly having to give him emotional support, but like a loyal friend as he would do anything for him. The confrontation Randy found himself in just got worse. Now, they're out to kill him. Will he survive this trap? Fitting in at school can be tough, especially on the first day. Little Randy Willie Bumble Bee knows all about that. He tries to fit in by acting out like a bully. But in the process, he finds out that the only way for him to fit in and be happy is to just "bee" himself. The sins of the past come back to haunt Doc Ford and his old friend Tomlinson in this thrilling new novel from New York Times-bestselling author Randy Wayne White. Marine biologist and former government agent Doc Ford is sure he's beyond the point of being surprised by his longtime pal Tomlinson's madcap tales of his misspent youth. But he's stunned anew when avowed bachelor Tomlinson reveals that as a younger man strapped for cash, he'd unwittingly fathered multiple children via for-profit sperm bank donations. Thanks to genealogy websites, Tomlinson's now-grown offspring have tracked him down, seeking answers about their

roots. . . but Doc quickly grows suspicious that one of them might be planning something far more nefarious than a family reunion. With recent history on his mind, Doc is unsurprised when his own dicey past is called into question. Months ago, he'd quietly "liberated" a cache of precious Spanish coins from a felonious treasure hunter, and now a number of unsavory individuals, including a disgraced IRS investigator and a corrupt Bahamian customs agent, are after their cut. Caught between watching his own back and Tomlinson's, Doc has no choice but to get creative--before rash past decisions escalate to deadly present-day dangers. A powerful novel about friendship, basketball, and one teen's mission to create a better life for his family. Written in the tradition of Jason Reynolds, Matt de la Pe a, and Walter Dean Myers, *After the Shot Drops* now has three starred reviews * "Belongs on the shelf alongside contemporary heavy-hitters like Angie Thomas's *The Hate U Give*, Brendan Kiely and Jason Reynolds's *All-American Boys*, and Nic Stone's *Dear Martin*."--*School Library Journal*, starred review *Bunny and Nasir* have been best friends forever, but when Bunny accepts an athletic scholarship across town, Nasir feels betrayed. While Bunny tries to fit in with his new, privileged peers, Nasir spends more time with his cousin, Wallace, who is being evicted. Nasir can't help but wonder why the neighborhood is falling over itself to help Bunny when Wallace is in trouble. When Wallace makes a bet against

Bunny, Nasir is faced with an impossible decision--maybe a dangerous one. Told from alternating perspectives, After the Shot Drops is a heart-pounding story about the responsibilities of great talent and the importance of compassion. Every year people watch in shock as homes are destroyed and communities devastated by natural disasters. As the media arrives, the information that is reported is mainly statistical. The horror of living through and recovering from the experience is rarely told because almost no one has the emotional strength to speak out while the smoke is still in the air or the floodwaters are still receding. The stories of a disaster's most important effects—which unfold slowly and invisibly for months and sometimes years—are never told. That is, until now. Hail of Fire: A Man and His Family Face Natural Disaster is an intimate account of the third worst wild fire in U.S. history, and the worst in the history of Texas. It is a memoir about what happened to Randy Fritz, an artist turned politician turned public policy leader, and his family during and after, combining a searing account of the fire as it grew to apocalyptic strength with universal themes of loss, grief, and the rebuilding of one's life after a calamitous event. The wildfire itself was traumatic to those who witnessed it and suffered its immediate aftermath. But the most significant impact came in the months and years following, as families grieved, struggled to adapt to a their new world, and accepted the

destruction of an iconic forest of internationally acclaimed great natural beauty—the Lost Pines. Neighbors once close worried about or could not find one another, while others discovered new friendships that transcended the boundaries of race, class, and family lineage. Fritz, a man who previously held the highest elective office in his local community, struggled as his wife, Holly, and their youngest daughter, Miranda, tried to make sense of their losses. He never imagined the impact this disaster would have on them individually and as a family, as well as the emotional toll he would pay and the journey to make sense of it all. While natural disasters seem increasingly common, deeply personal and redemptive accounts of them are less so. Hail of Fire is an unflinching story of how a man and his tight-knit family found grace after a wildfire took everything. Fritz’s hard-won insights provide inspiration to anyone with a quest to figure out what truly matters, particularly those who have undergone an unexpected and life-changing event and those who love and care for them. Instant New York Times, USA Today, and Wall Street Journal Bestseller! An intimate and light-hearted memoir by viral sensation and three-time Emmy-nominated musical comedian Randy Rainbow that takes readers through his life—the highs, the lows, the lipstick, the pink glasses, and the show tunes. Randy Rainbow, the man who conquered the Internet with a stylish pair of pink glasses,

an inexhaustible knowledge of Broadway musicals, and the most gimlet-eyed view of American politics this side of Mark Twain finally tells all in Playing with Myself, a memoir sure to cause more than a few readers to begin singing one of his greatest hits like "A Spoonful of Clorox" or "Cover Your Freakin' Face." As Randy has said, "There's so much fake news out there about me. I can't wait to set the record straight and finally give people a peek behind the green screen." And set the record straight he does. Playing with Myself is a first-hand account of the journey that led Randy Rainbow from his childhood as the over-imaginative, often misunderstood little boy who carried a purse in the second grade to his first job on Broadway as the host at Hooters and on to the creation of his trademark comedy character. In chapters titled "Pajama Bottoms" (a look back at the days when he wore pajama bottoms on his head to pretend he was Dorothy in The Wizard of Oz), "Yes, It's My Real Name, Shut Up!" (no explanation necessary...) and "Pink Glasses" (a rose-colored homage to his favorite accessory), Playing with Myself is a memoir that answers the question "Can an introverted musical theatre nerd with a MacBook and a dream save the world, one show tune at a time?" An intimate look at Randy Pausch (author of the blockbuster The Last Lecture) from his friend and colleague It is impossible to pinpoint the moment Randy Pausch became a household name, but when he died, millions of people who either

read or watched his last lecture on YouTube felt as if they had lost a friend. One man who actually did lose a close friend that day was Donald Marinelli. Affectionately referred to as "the Tornado" in the last lecture, Donald was the whirlwind of energy and creativity who co-founded the Entertainment Technology Center (ETC) at Carnegie Mellon University with Randy. Donald recounts his remarkable journey from Carnegie Mellon's drama department, through the years building the ETC with Randy, to today, as he helms the center on his own and leads its worldwide expansion. Central to his story are the six years he and Randy shared an office, their differences and commonalities (they both fought cancer), and their priorities, as well as the philosophy of the ETC. Most poignantly, Don reveals what he learned from Randy, whom he describes as "a comet who burst upon the scene like an astral body . . . illuminating his secrets for living life to the fullest for millions of folks who needed such guidance." What will heaven be like? Randy Alcorn presents a thoroughly biblical answer, based on years of careful study, presented in an engaging, reader-friendly style. His conclusions will surprise readers and stretch their thinking about this important subject. Heaven will inspire readers to long for heaven while they're living on earth. Hawker throws himself into a cutthroat gang war in Los Angeles In a pawnshop alleyway, James Hawker finds a body mutilated beyond recognition.

She was beautiful once, he knows, but life in this hardened Los Angeles neighborhood took its toll. Starnsdale was once a working class community, but now it is a battlefield ravaged by warring gangs who kill without thinking and care nothing for the ordinary citizens crushed beneath their feet. The toughest gang is called the Panthers-and Hawker has come to hunt them down. Enlisted by an Illinois millionaire to stamp out organized crime across the country, Hawker attacks the Panthers and their rivals, the Santanas, at the same time. As the two gangs consume each other, and Starnsdale's gutters overflow with blood, Hawker sees a chance to end the conflict once and for all, and bring peace to a troubled city. L.A. Wars is the 2nd book in the Hawker series, but you may enjoy reading the series in any order. Praise for Randy Wayne White "Breathtaking, harrowing, and immensely suspenseful." -Florida Weekly on Haunted " Randy Wayne White] raises the bar of the action thriller." -The Miami Herald "White keeps the action churning forward. . . . A fine thriller." -Booklist on Bone Deep Randy Wayne White was born in Ashland, Ohio, in 1950. Best known for his series featuring retired NSA agent Doc Ford, he has published over twenty crime fiction and nonfiction adventure books. White began writing fiction while working as a fishing guide in Florida, where most of his books are set. His earlier writings include the Hawker series, which he published under the pen name Carl Ramm. White

has received several awards for his fiction, and his novels have been featured on the New York Times bestseller list. He was a monthly columnist for *Outsider* magazine and has contributed to several other publications, as well as lectured throughout the United States and travelled extensively. White currently lives on Pine Island in South Florida, and remains an active member of the community through his involvement with local civic affairs as well as the restaurant Doc Ford's Sanibel Rum Bar and Grill. *Radical Brewing* takes a hip and creative look at beer brewing, presented with a graphically appealing two-color layout. "This book is fucking awesome. It's my life's story. I'm thirty-four but look twenty-one. Maybe twenty-two at the most. I live in Maryland. Please read it. I'm a writer, a songwriter, an artist. I do it all. I'm an artist of life. I'm an adventurer, I'm the president of my development. Read the memoir. You won't be disappointed." The follow up to *Stinker Lets Loose, Randy!* takes it even further. Introduced by a version of Sacks who finds the document in a garage sale, it is written by the struggling poet and novelist Noah B., who is embedded in the mind and lifestyle of a perversely unexceptional American asshole—one from Maryland, no less. Like *Pale Fire* if it were about a Danny McBride-style fuckup, it is both unmoored from time and eerily prescient of our own—one so stupid and unbelievable that it requires a writer like Sacks. Imagine hurricane winds over the Sahara

Desert, preceded by a cavalry of tornadoes. Imagine dunes flattened, then resculpted. Then imagine all that at the bottom of the sea. A Category 4 hurricane has swept the west coast of Florida, creating havoc, changing lives, and reshaping the ocean bottom. Well-known reefs and wrecks have been covered—and new ones have emerged. From one such wreck, marine biologist Doc Ford and his friends make a chance discovery that will have a monumental effect—a cluster of mysterious objects that lead to an equally mysterious woman and her ancient, gray-gabled estate of a beach house. The woman weaves a haunting story of a loved one lost, and her chance to uncover the truth if Ford will help salvage the boat, named Dark Light, which sank without explanation in the hurricane of 1944. Intrigued, Ford agrees, and begins a chain of events that will change his life forever. For there are other things in that wreck as well, and other men who want them, men willing to commit terrible acts. And the woman herself—the woman is not what she seems. . . . Filled with passion and vivid, pungent prose and some of the best characters in suspense fiction, Dark Light is a thriller of uncommon intensity. Doc Ford is on a collision course with death in this extraordinary New York Times bestseller from Randy Wayne White. The Red Citrus trailer park is inhabited mostly by illegal laborers. But the steroid-powered park manager and his grotesquely muscular girlfriend figure that selling the park to developers would

be easy money—and they're ready to do whatever it takes to drive the residents out. The problem is a young girl who the laborers believe talks to God. The manager doesn't know if she's valuable or a liability. But when the girl witnesses him dumping a corpse into a lake, there is one thing he knows for certain: He's got to shut her up permanently. The girl's only hope for survival: marine biologist Doc Ford, who must search through an underground, invisible nation...and hope he reaches her in time. Legendary songwriter Randy Newman talks about art, life, Los Angeles, and more with Songwriters on Songwriting author Paul Zollo New York Times bestselling author "Randy Wayne White spins another terrific Florida tale"* in this thriller of bio-terror and extreme revenge. It starts with a simple request: check up on the mysteriously reclusive biologist brother of an old friend. But what Doc Ford stumbles upon in the doctor's secluded island home is a nightmare. He has hanged himself—and his body is host to a rare strain of feeding, breathing parasites. It's not an accident. Neither is the fact that the flesh eaters are multiplying in the infested Florida waters. A biological catastrophe has arrived. And only Doc Ford can find out why, and stop it from spreading further... This repack of Randy Alcorn's gripping bestseller delivers us from ignorance of the devil's schemes. Foulgrin, a high-ranking demon, instructs his subordinate on how to deceive and destroy Jordan Fletcher and his family. It's like

placing a bugging device in hell's war room, where we overhear our enemies assessing our weaknesses and strategizing attack. Lord Foulgrin's Letters is a Screwtape Letters for our day, equally fascinating yet distinctly different -- a dramatic story with earthly characters, setting, and plot. A creative, insightful, and biblical depiction of spiritual warfare, this book will guide readers to Christ-honoring counterstrategies for putting on the full armor of God and resisting the devil. Alcorn says to win the battle we must know our God, know ourselves, and know our enemy. Lord Foulgrin's Letters, in unparalleled and compelling fashion, helps us better know each. All About the Dress is the ultimate sourcebook no bride-to-be should say "I do" without! "Messin' with me's like wearin' cheese underwear down rat alley." -Ollie Chandler Homicide detective Ollie Chandler has seen it all. Done more than he cares to admit. But when he's called to investigate the murder of a Portland State University professor, he finds himself going places he's never gone before. Places he never wanted to go. Because all the evidence is pointing to one horrific conclusion: The murderer is someone in his own department. That's not the worst of it, though. Ollie has nagging doubts...about himself. Where was he during the time of the murder? Joined by journalist Clarence Abernathy and their friend Jake Woods, Ollie pushes the investigation forward. Soon all three are drawn deep into corruption and political tensions that threaten to destroy them—and anyone who tries to help. But they're in too deep to quit. They've got no choice. They have to follow the evidence to the truth... No matter how ugly—or dangerous—it gets. A gripping story of murder and spiritual struggle, Deception proves, as never before, the truth of Ollie's first law: "Things are often not what they appear." A concise history of the long struggle between two fundamentally opposing constitutional traditions, from one of the nation's leading constitutional scholars—a manifesto for renewing our constitutional republic. The Constitution of the United States begins with the words: "We the People." But from

the earliest days of the American republic, there have been two competing notions of "the People," which lead to two very different visions of the Constitution. Those who view "We the People" collectively think popular sovereignty resides in the people as a group, which leads them to favor a "democratic" constitution that allows the "will of the people" to be expressed by majority rule. In contrast, those who think popular sovereignty resides in the people as individuals contend that a "republican" constitution is needed to secure the pre-existing inalienable rights of "We the People," each and every one, against abuses by the majority. In Our Republican Constitution, renowned legal scholar Randy E. Barnett tells the fascinating story of how this debate arose shortly after the Revolution, leading to the adoption of a new and innovative "republican" constitution; and how the struggle over slavery led to its completion by a newly formed Republican Party. Yet soon thereafter, progressive academics and activists urged the courts to remake our Republican Constitution into a democratic one by ignoring key passes of its text. Eventually, the courts complied. Drawing from his deep knowledge of constitutional law and history, as well as his experience litigating on behalf of medical marijuana and against Obamacare, Barnett explains why "We the People" would greatly benefit from the renewal of our Republican Constitution, and how this can be accomplished in the courts and the political

arena. There is ample room inside for writing notes and ideas. It can be used as a notebook, journal, diary or composition book. This paperback notebook is 6" x 9" (letter size) and has 150 pages of white, lined paper (date line to the left or right). Describes the social changes Cesar Chavez and the United Farm Workers of America helped accomplish that have endured in the twenty-first century, including the building of Latino political power and the fight for environmental justice. Featuring Contributions from Ernest Hemingway, Zane Grey, Theodore Roosevelt, Ted Williams, Thomas Edison, Stu Apte, Vic Dunaway, Thomas McGuane, Nick Lyons, and many more!

This book is a compilation of transcribed interviews from the Faith in Your Recovery Podcast. It is filled with resources, hope, options, possibilities, and discussion starters. The true stories in this volume include: A summary of Brianna's story. How our participant-driven, faith-based, and compassion-filled support and recovery movement for those battling SUD/addiction came to be. A father who lost a son to addiction. A teenager who lost a dad and soon-to-be stepdad to overdose. A woman who lost a husband and a fiance to heroin. A former heroin addict who lost his twenties to

incarceration. A girl who became an alcoholic by the age of fourteen. A weekend warrior who became a daily user. A sister who fought to save her brother and break the family from the curse of addiction. Our goal is to stop the stigma and break the bias associated with addiction. Accurate information, empathy, and loving like Jesus are the answers to making a difference. By serving and saving one person at a time, we can transform victims into victors. We believe that #AddictsDoRecover. These stories are our proof. Randy Davis is a veteran, retired pastor, and founder of the recovery movement, A Better Life - Brianna's Hope. He has spent his life serving his family, friends, and others through military service, ministry, coaching, and substitute teaching. A biography of the unusually tall pitcher who became a baseball star for the Seattle Mariners. Doc Ford has his share of secrets. One of them has returned with a vengeance in this deadly New York Times bestseller from Randy Wayne White. While trying to solve one of Florida's most profound mysteries, Doc Ford is the target of a murder attempt by someone who wants to make it look like an accident. Or is the target actually his friend Tomlinson? Whatever the answer, the liveaboards and fishing guides at Dinkin's Bay on Sanibel Island are becoming increasingly nervous—and wary—after a plane crash and other near-death incidents make it apparent that Ford and Tomlinson are dangerous companions. What their

small family of friends doesn't know is that their secret pasts make it impossible for them to seek help from the law. There is an assassin on the loose, and it is up to Doc and Tomlinson to find a killer before the grisly job is done. Explore why – now more than ever – the world is in a race to become data-driven, and how you can learn from examples of data-driven leadership in an Age of Disruption, Big Data, and AI In Fail Fast, Learn Faster: Lessons in Data-Driven Leadership in an Age of Disruption, Big Data, and AI, Fortune 1000 strategic advisor, noted author, and distinguished thought leader Randy Bean tells the story of the rise of Big Data and its business impact – its disruptive power, the cultural challenges to becoming data-driven, the importance of data ethics, and the future of data-driven AI. The book looks at the impact of Big Data during a period of explosive information growth, technology advancement, emergence of the Internet and social media, and challenges to accepted notions of data, science, and facts, and asks what it means to become "data-driven." Fail Fast, Learn Faster includes discussions of: The emergence of Big Data and why organizations must become data-driven to survive Why becoming data-driven forces companies to "think different" about their business The state of data in the corporate world today, and the principal challenges Why companies must develop a true "data culture" if they expect to change Examples of companies that are demonstrating data-driven
