World? Developing social-
emotional skills is a lifelong
journey, and in today's
education landscape, the
foundation of social-emotional
learning (SEL) is built in the
classroom. *Love In A Big World*
equips educators with the
curriculum and resources
necessary to empower students
to be socially competent and
emotionally healthy problem-
solvers who maintain a sense of
purpose and make a positive
difference in the world. We
define the structure, scope and
sequence of 24 essential
character traits to provide
meaningful activities that will

help you support your students'
development into well-rounded
and successful friends, family
members, community
members, and citizens. We
have also designed our
curriculum to be customizable
so that teachers can identify
and address their students'
unique needs, align activities
accordingly, and ensure that
instruction is age and grade
level appropriate. What Is the
Teacher Guide? When adults
demonstrate that they are truly
interested in what kids have to
say, students will open up more
and share their thoughts and
feelings. This 24-session
Teacher Guide helps educators
begin to integrate SEL
competencies into their

classroom activities. Designed
