Concise, current, and completely affordable, best-selling CRIMINOLOGY: THE CORE, International Edition delivers cutting-edge coverage, captivating real-life stories, and powerful learning tools in a succinct, student-friendly paperback. It's no mystery why Larry Siegel remains THE best-selling author in Criminal Justice. Professor Siegel is known for presenting real-life stories of crime, criminals and the hottest debates in the field, and CRIMINOLOGY: THE CORE, 7th Edition, doesn't disappoint. This four-color paperback is concise and affordable. Real-world material clarifies concepts and theories, equipping students with a solid foundation in modern criminology. Grounded in Siegel's signature style--cutting-edge theory plus meticulous research--the book covers all sides of an issue without taking a political or theoretical position and provides a broad view of the field's interdisciplinary nature. This edition includes the latest insights into political crime; terrorism (e.g., ISIS); white-collar, blue-collar and green-collar crime; cybercrime; transnational crime (e.g. human trafficking) and many other topics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. The untextbook that teaches students to think like sociologists. This convenient, money saving package is a must have for students! It includes Understanding Pathophysiology, 4th edition and Study Guide and Workbook for Understanding Pathophysiology, 4th edition. In the new edition of Cynthia Garthwait's The Social Work Practicum, theory and practice combine to offer a unique format for understanding, structuring, implementing, and evaluating practicum experience at both the BSW and MSW levels. This book provides a structured and yet individualized map for gaining the competencies required of social work professionals. The format integrates theory and practice to walk readers through the process of acquiring knowledge, developing skills, and enhancing social work values, and the unique format provides a solid background for understanding, structuring, implementing, and evaluating practicum experiences at both the BSW and MSW levels. The chapters are sequenced to allow for ongoing professional development, while clarifying expectations for applying knowledge and providing experiential learning opportunities that lead to professional competencies. This edition offers new content on such important topics as professional licensing, organizational communication, planned change process, evaluation of practice, trends in social policy relevant to social work, social problem analysis, social policy formation, and leadership. An alternate version of Criminology, Fifth Edition (West, 1995) without Chapters 15-18 on the criminal justice system. Did you know that the best text for your criminology class is also very affordably priced? CRIMINOLOGY: THE CORE, Third Edition is the field's top-selling concise paperback-and the right text to help you excel in the criminology course. Author Larry Siegel guides you through the fast-paced field of criminology, its most current research, and the fascinating examples that help you understand criminological theory. In new Profiles in Crime features, you'll study the crimes of real-life men and women and how they illustrate specific criminology theories discussed in this book. Along the way you'll find the newest information, court cases, and topics, including hundreds of new references to keep you at the cutting-edge of the field. The author also includes Thinking Like a Criminologist role-plays, Checkpoints (throughout each chapter to help you review as you read), Connections boxes (that help you connect concepts among chapters to see the big picture), Critical Thinking questions, and other resources in every chapter to help you retain what you learn and do your best on exams. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. The definitive guide--fully updated for Windows 10 and Windows Server 2016 Delve inside Windows architecture and internals, and see how core components work behind the scenes. Led by a team of internals experts, this classic guide has been fully updated for Windows 10 and Windows Server 2016. Whether you are a developer or an IT professional, you'll get critical, insider perspectives on how Windows operates. And through hands-on experiments, you'll experience its internal behavior firsthand--knowledge you can apply to improve application design, debugging, system performance, and support. This book will help you: · Understand the Window system architecture and its most important entities, such as processes and threads · Examine how processes manage resources and threads scheduled for execution inside processes · Observe how Windows manages virtual and physical memory · Dig into the Windows I/O system and see how device drivers work and integrate with the rest of the system · Go inside the Windows security model to see how it manages access, auditing, and authorization, and learn about the new mechanisms in Windows 10 and Server 2016 MARKETING: THE CORE, 2/e by Kerin, Berkowitz, Hartley, and Rudelius continues the tradition of cutting-edge content and student-friendliness set by Marketing 8/e, but in a shorter, more accessible package. The Core distills Marketing's 22 chapters down to 18, leaving instructors just the content they need to cover the essentials of marketing in a single semester. Instructors using The Core also benefit from a full-sized supplements package. The Core is more than just a "baby Kerin"; it combines great writing style, currency, and supplements into the ideal package. Where great science meets great teaching Psychology: Core Concepts, 7/e provides rich coverage of the foundational topics taught for introductory psychology. Each major section of every chapter is organized around a single concept, called a Core Concept. The Core Concepts allow readers to draw connections across the chapter and see the big picture of psychology. Learning is then reinforced through focused application and critical thinking activities. The 7th edition features an enhanced critical thinking emphasis, with new chapter-opening "Problems" and new end-of-chapter critical thinking applications that promote active learning. MyPsychLab is an integral part of the Zimbardo / Johnson / McCann Hamilton program. Engaging activities and assessments provide a teaching and learning system that helps students think critically. With MyPsychLab, students can watch videos on psychological research and applications, participate in virtual classic experiments, and develop critical thinking skills through writing. This title is available in a variety of formats - digital and print. Pearson offers its titles on the devices students love through Pearson's MyLab products, CourseSmart, Amazon, and more. To learn more about pricing options and customization, click the Choices tab. This new edition continues to build on the sound philosophical approach of the previous editions. Provides an even stronger global perspective whilst highlighting the inextricable ties between the health of populations with the social, environmental and political context of people's lives. Authors from La Trobe Uni, Australia. Introductory thesis on the premise that social work is a social profession, and that it is the use of the social relationship as the medium for helping that distinguishes social work from other professions. This social relationship is then modelled as a social system. "The bestselling "untextbook" that makes the familiar strange. The market leader for introductory sociology courses and a welcome alternative to traditional textbooks, You May Ask Yourself engages students with an irreverent narrative style. It questions what is often taken for granted and helps students apply sociological ways of thinking to their own experiences. The Seventh Edition features new coverage of pressing social issues related to aging, health, and inequality. Several new video interviews introduce important current research, and a thoughtfully revised InQuizitive course uses what learning experts call the "retrieval effect" to help students master core concepts"-- Call of Cthulhu is a tabletop roleplaying game

based upon the worlds of H. P. Lovecraft. It is a game of secrets, mysteries, and horror. Playing the role of steadfast investigators, you travel to strange and dangerous places, uncover foul plots, and stand against the terrors of the Cthulhu Mythos. You encounter sanity-blasting entities, monsters, and insane cultists. Within strange and forgotten tomes of lore you discover revelations that man was not meant to know. You and your companions may very well decide the fate of the world. "Pearson's MyLab: MyPsychLab is an online homework, tutorial, and assessment program that truly engages students in learning. It helps students better prepare for class, quizzes, and exams -- resulting in better performance in the course -- and provides educators with a dynamic set of tools for gauging individual and class progress. MyPsychLab comes from Pearson, your partner in providing the best digital learning experiences." --Cover page 4. This concise and affordable introduction to the basic ideas and practices of contemporary cultural anthropology addresses the needs of anthropology professors who make extensive use of ethnographies and other supplementary readings in their courses. Core Concepts in Cultural Anthropology offers a thorough annotated bibliography of the terms and concepts that anthropologists use in their work, while its conceptual and theoretical framework prepares students to read ethnography more effectively. Now in its third edition, this title teaches an often intimidating and difficult subject in a way that is informative, personable, and clear. The number one guide to corporate valuation is back and better than ever Thoroughly revised and expanded to reflect business conditions in today's volatile global economy, Valuation, Fifth Edition continues the tradition of its bestselling predecessors by providing up-to-date insights and practical advice on how to create, manage, and measure the value of an organization. Along with all new case studies that illustrate how valuation techniques and principles are applied in real-world situations, this comprehensive guide has been updated to reflect new developments in corporate finance, changes in accounting rules, and an enhanced global perspective. Valuation, Fifth Edition is filled with expert guidance that managers at all levels, investors, and students can use to enhance their understanding of this important discipline. Contains strategies for multi-business valuation and valuation for corporate restructuring, mergers, and acquisitions Addresses how you can interpret the results of a valuation in light of a company's competitive situation Also available: a book plus CD-ROM package (978-0-470-42469-8) as well as a stand-alone CD-ROM (978-0-470-42457-7) containing an interactive valuation DCF model Valuation, Fifth Edition stands alone in this field with its reputation of quality and consistency. If you want to hone your valuation skills today and improve them for years to come, look no further than this book. This book delivers the most comprehensive, in-depth analysis of criminological theory and crime typologies available. In addition to its unparalleled breadth and depth of coverage, the text is unrivaled in its strong research base and currency. The chapters in Part Three (Crime Typologies) focus on some of the hottest issues in the field today: green crime, transnational crime, and cybercrime. Packed with real-world illustrations, the Twelfth Edition is completely updated and includes cutting-edge seminal research, up-to-the-minute policy, newsworthy examples, and hundreds of new references. Renowned for his unbiased presentation of theories, issues, and controversies, Dr. Siegel encourages students to weigh the evidence and form their own conclusions. New learning tools maximize students' success in the course, while a careers website gives them a clear vision of the opportunities ahead. - Provided by the publisher. Principles of Optics: Electromagnetic Theory of Propagation, Interference and Diffraction of Light, Sixth Edition covers optical phenomenon that can be treated with Maxwell's phenomenological theory. The book is comprised of 14 chapters that discuss various topics about optics, such as geometrical theories, image forming instruments, and optics of metals and crystals. The text covers the elements of the theories of interference, interferometers, and diffraction. The book tackles several behaviors of light, including its diffraction when exposed to ultrasonic waves. The selection will be most useful to researchers whose work involves understanding the behavior of light. A guide to the techniques and institutions used to solve international disputes, how they work and when they are used. This textbook looks at diplomatic (negotiation, mediation, inquiry and conciliation) and legal methods (arbitration, judicial settlement). It uses many, often topical, examples of each method in practice to place the theory of how things should work in the context of real-life situations and to help the reader understand the strengths and weaknesses of different methods when they are used. It also looks at organisations such as the International Court and the United Nations and has been fully updated to include the most recent arbitrations, developments in the WTO and the International Tribunal for the Law of the Sea, as well as case law from the International Court of Justice. The "untextbook" that teaches students to think like a sociologist, now available in a core edition. You May Ask Yourself gives instructors an alternative to the typical textbook by emphasizing the "big ideas" of the discipline, and encouraging students to ask meaningful questions. Conley employs a "non-textbook" strategy of explaining complex concepts through personal examples and storytelling, and integrates coverage of social inequality throughout the text. Essentials of Comparative Politics introduces students to the concepts that political scientists use to study and compare political systems and the particulars of specific political systems. The fourth edition has been revised and updated to include the most current and relevant examples and scholarship. The text is available with a corresponding casebook of 13 country studies and a corresponding reader; the three components can be used individually or in any combination. The 6th edition of this comprehensive Core presents the newest information regarding kidney disease, its treatment, and the nursing care involved. Designed to provide information for the novice as well as the experienced health professional, this edition provides information not published in previous editions. This new, expanded, must-have source for nephrology nurses contains six distinct modules, more than 50 contact hours, self-assessment questions, 233 figures, 234 tables, 29 appendices, and much more. Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones The bestselling "untextbook" that makes the familiar strange 7th Sea is a tabletop roleplaying game of swashbuckling and intrigue, exploration and adventure, taking place on the continent of Thah, a land of magic and mystery inspired by our own Europe. Players take the roles of heroes thrown into global conspiracies and sinister plots, exploring ancient ruins of a race long vanished and protecting the rightful kings and queens of Thah from murderous villains. As a part of our CasebookPlus offering, you'll receive the print book along with lifetime digital access to the eBook. Additionally you'll receive the Learning Library which includes quizzes tied specifically to your book, and outline starter and digital access to leading study aids in that subject and the Gilbert Law Dictionary. Rabin, Kwall, Kwall, and Arnold's Fundamentals of Modern Property Law tracks contemporary trends in property law with particular attention to emerging issues of environmental sustainability. The problem-based structure of the casebook comports with the student learning outcomes and assessment approach emphasized in recent years by the American Bar Association and the Carnegie Endowment Report. This edition provides a comprehensive introduction to intellectual property law. The novel legal problems raised by advances in technology demand that students receive early exposure to this area of law. This edition also emphasizes a planning perspective since lawyers spend a significant amount of time planning, as well as resolving controversies. Published in collaboration with the ONS, this text is the definitive source for concepts and practices in oncology nursing and can be used for orientation of nurses to oncology, inservice and continuing education programs for practicing nurses, a basis for curriculum development in graduate programs, and as a review tool for certification. Based on the blueprint of the certification examination by the ONCC (Oncology Nursing Certification Corporation), the book is in outline format to help readers focus on the most important information. Instructor resources available; contact your sales representative for details. Covers the entire scope of the specialty ensuring comprehensive coverage Outline format helps the reader focus on the most important information Effective guide for teaching and learning for in-service, continuing education, and academic programs Powerful study tool for the ONCC certification exam Tables and figures illustrate complex concepts \* Entirely revised, updated, and expanded to reflect the current state of oncology nursing practice. \* Expanded pain management content. \* New content on nonpharmacologic interventions (e.g. heat massage, imagery). \* New content on alternative therapies. The Fifth Edition of American Politics Today is designed to show students the reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and

why it matters. All components of the learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government.
