“Does a phenomenal job of pulling back the curtain and giving you a first-hand peek inside the hidden, often frustrating, world of credit scoring.”—Lynnette Khalfani-Cox, New York Times bestselling author of Zero Debt A healthy credit score is essential for a healthy financial life. But the precise mechanisms used to determine our credit scores are shrouded in mystery. Consumers aren’t usually told how their score is being used by all kinds of companies and banks to dictate financial terms that will strongly affect their daily lives. So when consumers interact with the world of credit, they do so from a position of weakness. With this revelatory guide, Anthony Davenport aims to change that. Finally, here is a consumer-friendly road map for understanding and navigating the secretive world of consumer credit. Davenport reveals where your credit score comes from, how to improve, maintain, or rescue it, and how to avoid hidden credit pitfalls. Your Score is an accessible manual designed to help you take control of your credit score and better navigate all the important financial decisions in your life. “Anthony Davenport not only understands credit, but truly believes everyone should be empowered to understand it for themselves. You won’t find this level of honest information anywhere else.”—Tiki Barber, cohost of Tiki & Tierney and former NFL running back “This is a masterful work . . . The time it takes to read this book will produce extraordinary returns.”—Mark Gerson, chairman, Gerson Lehrman Group “Davenport offers a handy, one-stop guide to understanding—and fixing—your credit score . . . Using fulfillment by Amazon to boost your business! Do you have an entrepreneurial spirit, have you been seriously considering operating your own online store that would cater to a specific niche of a given market. Everything from model airplanes to designer shoes can now be bought and sold 24 hours a day seven days a week 365 days a year, thanks to the magic of the Internet and there is no reason you should not be cashing in on your dream of being an owner and proprietor of an online retail space. However, running an online retailer is not as easy as it looks. Yes, websites are easy to build and products are easy to find but you still have to have some place to store your products and take your customers information such as their credit cards and address safely and securely as well as making sure that their package arrives on their doorstep in a professional and timely manner without receiving any damage. And while it is possible to find independent companies that specialize in storing and shipping goods for online retail entrepreneurs. These organizations usually do not have a worldwide reputation amongst consumers as well as retailers. This is where fulfillment by Amazon (FBA) comes in handy. Fulfillment by Amazon allows you as an online retailer to not only tap into an enormous global market of customers simply because Amazon has become a household name, but it also allows you as the retailer to use all of their resources, such as secured shipping and communications with customers, Amazons purchasing and shipping is one of the most trusted names in online retail. Therefore, when customers see the "fulfillment by Amazon" tab on your page. They are more likely to purchase from your site simply because they know their personal information will be securely protected and that they will receive their order on time and on damaged as compared with using some other purchasing platform or method, such as PayPal (although there is a significant market demographic that prefers this method of payment) simply because they do not feel it necessary to have

an account with PayPal or they do not trust the purchasing platform used by a third-party site which means that they will more than likely pay a visit to their favorite online retailer, rather than order directly from your site. The making money with fulfillment by Amazon class will teach you the ins and outs of using Amazon fulfillment as the backbone of your online retailer you will learn everything from how to setup a basic Amazon fulfillment account to how to take advantage of the Amazon fulfillment community of retailers as well as Amazon's own help services technicians to make sure that your business is running smoothly and you are achieving your maximum amount of financial growth. What you will learn: 1) You will learn how to set up a fulfillment by Amazon account. 2) You will learn how to integrate the Amazon fulfillment purchasing platform into your website or blog. 3) You will learn how to connect with the Amazon fulfillment and Amazon sales community to get help and support so that you can achieve your maximum profits 4) You will learn exactly how the Amazon fulfillment procedures and requirements and fees are processed and regulated. 5) You will learn how to choose the best products to achieve maximum sales for your online retail space. 6) You will learn how to use Amazon's network of affiliate marketers to direct more traffic and potential customers to your online retail space. 7) You will learn how to effectively back link your website through the Amazon network so that you can get quality reviews and feedback for your site to boost its rank with search engines. 8) You will learn how to set reasonable financial expectations for your online retail business.

And he has seen thousands of them fail in their quest for the money they sincerely believed would lead to entrepreneurial success and riches for all. Again and again, he watched would-be tech titans fail to create a good first impression, deliver poor presentations, tell lengthy stories that put investors to sleep, and fail to address the critical issues sophisticated investors are most eager to hear about. If only they'd read The Twelve Magic Slides: Insider Secrets for Raising Growth Capital. Getty's slide topics—developed while coaching hundreds of company founders to fundraising success—cover each of the twelve key themes investors want to know about in depth before they part with their hard-earned money: the problem you see, your solution to it, the resulting business opportunity, the amount of money you need to grow the firm, and the potential returns for investors, among others. Getty, managing director of Satwik Capital Advisors in San Jose, California, shows that properly developing each slide—and the thinking behind it—can get you the investment capital required to vault your company to the next level. But The Twelve Magic Slides is more than a book about how raise money from professional investors. It presents a whole new way of how to think about and develop a successful startup. Regardless, it will show you better ways to accomplish your goals and increase the chances you'll get the green light from investors. Whether you are seeking startup funding from the angel down the street, or trying to convince investment bankers to help take you public, The Twelve Magic Slides provides a clear step-by-step process that will enable you to: Identify the key elements of the business that must be developed to attract external capital Understand the critical dos and don'ts CEOs must know to sell their story to investors in a quick and efficient manner Create twelve perfect slides and a presentation that secures investor interest from the start and gives them plenty of reasons to write you a check You need to find money to fund your company's growth. Investors need to find entrepreneurs and ideas they can believe in. The Twelve Magic

Slides presents a proven method for attracting funds from angel investors, venture capital firms, private equity firms, and institutional investors. It will give you the knowledge and confidence you need to ask for—and receive—the capital you need to launch or grow a business. What if there was an investment opportunity which could triple your money in just 3 months? Although this sounds like a pipedream - That's exactly what would have happened if you had invested in the coins discussed in the first Cryptocurrency Insider Secrets Book. These coins, all trading under \$1 at the time of writing - produced an average return of 312%. And there were certain coins that skyrocketed even higher. Like Tron - a Chinese project not discussed in any other crypto book on Amazon, which brought returns of 1677% Or Neblio - which increased 966% Or Status - rising 900% So if you had invested \$500 in Tron, you'd have made over \$8,000 in just 3 months. And now, by popular demand, I'm releasing a sequel. With 10 more exciting crypto projects, all currently trading at less than \$1, with huge potential for gains in 2018. Why release a sequel? For one reason - a second cryptocurrency boom is coming. Once that will make last December's gains look small. Because this time, institutional money is coming from Wall Street. And when banks and hedge funds get involved - prices rise faster than ever before Needless to say, millionaires will be made. Rat races will be quit. Lives will be changed forever. The question is - will yours be one of them? In this book you'll discover: How even a technophobic 90 year old can buy Bitcoin is less than 15 minutes (no more difficult than buying anything else online) - Page 19 The coin disrupting a \$1.2 trillion economy - Page 50 The 5 big things you need to examine before investing in a coin (following this checklist separates the great investments from the rest) - Page 14 A coin bridging crypto and traditional financial assets (leading the way for adoption by banks) - Page 36 An all star coin with great industry connections (vital if any crypto project is to take off) - Page 30 A Chinese coin being developed by one of the leading entrepreneurs in the country - Page 56 A brand new, just announced method which makes crypto investing easier than ever - Page 96 A coin with game changing technology which will open up partnerships with Fortune 500 companies - Page 82 A secret but completely legal way to buy coins on Coinbase without paying transaction fees (potentially saving you hundreds of dollars per year) - Page 93 ...and much, much more. Plus not 1, but 2 free bonuses inside! Are cryptos risky? Like any financial asset - there is a degree of risk But you'll learn how to minimize your downside, while still retaining the potential upside. There is one catch though. You must act now. Because things move at lightning speed in the cryptocurrency space. The opportunity window is small, and investments quickly become "if only I'd invested then..." in a matter of weeks rather than months or years. And you don't want to miss out a project that could potentially be the next Bitcoin - do you? So if you're ready to begin profiting from the world's fastest growing financial market...
