Exploring Social Psychology Aug 22 2023 "This is a book I (David) secretly wanted to write. I have long believed that what is wrong with all psychology textbooks (including those I have written) is their overlong chapters. Few can read a 40-page chapter in a single sitting without their eyes glazing and their mind wandering. So why not organize the discipline into digestible chunks—say forty 15-page chapters rather than fifteen 40-page chapters—that a student could read in a sitting, with a sense of completion? Thus, when McGraw-Hill psychology editor Chris Rogers first suggested that I abbreviate and restructure my 15-chapter, 600-page Social Psychology into a series of crisply written 10-page modules, I said "Eureka!" At last a publisher willing to break convention by packaging the material in a form ideally suited to students' attention spans. By presenting concepts and findings in smaller bites, we also hoped not to overload students' capacities to absorb new information. And, by keeping Exploring Social Psychology slim, we sought to enable instructors to supplement it with other reading"--

Social Psychology Sep 11 2022 Adopting a multicultural approach, this text guides readers in the study of social thinking, social influence, and social relations. It emphasises social psychology's applications to both work and life, and uses vignettes to emphasise the relevance of social psychology research.

Loose Leaf for Exploring Social Psychology Dec 14 2022 Exploring Social Psychology succinctly explores social psychological science and applies it to contemporary issues and everyday life. Based on the bestselling text, Social Psychology by David Myers and Jean Twenge, the book presents 31 short modules—each readable in a single sitting—that introduce students to such scientific explorations as love and hate, conformity and independence, prejudice and helping, and persuasion and self-determination. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master, recall, and apply key concepts while providing automatically-graded assessments. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: • SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. • Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course. • Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. • The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here: <http://www.mheducation.com/highered/platforms/connect/training-support-students.html>

Social Psychology Jul 29 2021

Exploring Social Psychology with PowerWeb May 07 2022 Exploring Social Psychology by David Myers is a brief, modular introduction to social psychology, with streamlined focus on issues such as belief and illusion, prejudice and diversity, and love and hate. The brevity of each of the book's 31 stand-alone modules makes this the perfect text for covering the core concepts in the field. The new Fourth Edition contains expanded coverage of cultural diversity and the most current research from the 21st century.

Social Psychology Jun 20 2023 David Myers' Social Psychology continues to set the standard by which other Social Psychology texts are judged. Its renowned author's engaging writing style and unique, intimate voice make the text compelling without being simplistic. The organization logically moves the student through the study of how people think about, influence, and relate to one another, with an appropriate balance of basic research and application. This edition features additional contemporary research, supplemented by video clips and vignettes that demonstrate social psychology's relevance.

Social Psychology Apr 25 2021

EBOOK: Social Psychology May 27 2021 Social psychology is one of the most intriguing and captivating areas of psychology, as it has a profound influence on our everyday lives; from our shopping habits to our interactions at a party. Social psychology seeks to answer questions that we think and talk about with each other every day; questions such as: Why do some people behave differently when on their own, to when they're with a group? What leads individuals sometimes to hurt and sometimes to help one another? Why are we attracted to certain types of people? How do some persuade others to do what they want? The new edition of Social Psychology has been revised to introduce a more flexible structure for the teaching and studying of social psychology and includes up-to-date, international research in the area. There is an emphasis throughout on the critical evaluation of published research, in order to encourage critical thinking about the various topics. Applied examples across the chapters help to highlight the relevance, and hence the impact, that the theories and methods of this fascinating subject have upon the social world. Key Features Include: Research Close-Up: Following a brand new style, this feature matches the layout used in real research papers, providing an accessible introduction to journal articles and the research methods used by social psychologists. Focus On: Fully revised from the previous edition, these boxes now look at opposing viewpoints, controversial research or alternative approaches to topics within social psychology, offering a more critical outlook on topics and prompting the questioning of the validity of published research. Recommended Readings: New to this edition, recommended further readings of both classic and contemporary literature have been added to each chapter, providing a springboard for further consideration of the topic. Connect Psychology is McGraw-Hill's digital learning and teaching environment. Students – You get easy online access to homework, tests and quizzes designed by your instructor. You get immediate feedback on how you're doing, making it the perfect platform to test your knowledge. Lecturers – It gives you the power to create auto-graded assignments, tests and quizzes online. The detailed visual reporting allows you to easily monitor your students' progress. In addition, you can still access key support materials for your teaching, including a testbank, seminar materials and lecture support. Visit: <http://connect.mcgraw-hill.com> for more details.

Social Psychology Jan 15 2023 Reflecting your students and their world. How many of the students in your Social Psychology course are Psychology majors? Business? Sociology? Education? In the 10th edition of Social Psychology, David Myers once again weaves an inviting and compelling narrative that speaks to ALL of your students regardless of background or intended major. Through examples and applications as well as marginal quotations from across the breadth of the liberal arts and sciences, Myers draws students into the field of social psychology. At the same time, Myers is also in tune with the ever-changing state of social psychology research. Boasting over 650 new citations in the 10th edition, Social Psychology is as current as it is captivating. Research Close-Up and Inside Story features throughout the book provide deeper exposure to key research and researchers. Marginal quotations, examples and applications throughout each chapter, and the concluding "Applying Social Psychology" chapters all ensure that regardless of your students' interests and future plans, Social Psychology will engage them. This 10th edition also features the contributions of Jean Twenge, author of Generation Me and The Narcissism Epidemic, further bolstering the direct connection to today's students.

Fundamentals of Corporate Finance Apr 13 2020 Fundamentals of Corporate Finance, by Richard A. Brealey, Stewart C. Myers and Alan J. Marcus, has been applauded for its modern approach and interesting examples. Professors praise the authors' well-organized and thoughtful writing style and their clear exposition of what many students consider difficult material. The authors accomplish this without sacrificing an up-to-date, technically correct treatment of core topic areas. Since this author team is known for their outstanding research, teaching efforts, and market-leading finance textbooks, it's no surprise that they have created an innovative and market-driven revision that is more student friendly than ever. Every chapter has been reviewed and revised to reflect the current environment in corporate finance.

Principles of Corporate Finance Sep 30 2021 This guide gives students a complete learning resource. It includes solutions to all Practice Problems and Challenge Problems from the text, an introduction to each chapter, key concepts, examples, chapter summaries, and chapter exercises with solutions.

Principles of Corporate Finance Feb 04 2022 Describes the theory and practice of corporate finance. The authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. They bring fresh expertise and ideas to this textbook and partnership.
