Heroines of Jiangyong is the first English translation of a set of verse narratives recorded in the unique women's script (nushu) of rural Jiangyong County, Hunan, in southern China. This selection of Chinese folk literature provides a rare window into the everyday life of rural daughters, wives, and mothers, as they transmit valuable lessons about surviving in a patriarchal society that is often harsh and unforgiving. Featuring strong female protagonists, the ballads deal with moral issues, dangers women face outside the family home, and the difficulties of childbirth. The women's script, which represents units of sound in the local Chinese dialect, was discovered by scholars in the late twentieth century, creating a stir in China and abroad. This volume offers a full translation of all the longer ballads in women's script, providing an exceptional opportunity to observe which specific narratives appealed to rural women in traditional China. The translations are preceded by a brief introduction to women's script and its scholarship, and a discussion of each of the twelve selections. Focusing on the career of the surrealist poet Jacques Prévert, this book explores the stylistic and thematic currents that prevailed in French films of the 1930s. Prévert's involvement with the surrealists, his contribution to the avant-garde theatre company Groupe Octobre, and his unique collaboration with Marcel Carne are examined. Alfieri's second treatise, *The Prince and Letters*, is as timely today as when first published in 1788. Vehemently rejecting Voltaire's contention that the greatest periods of literature and art are all associated with the name of some reigning patron, such as Augustus or Louis XIV, he maintains that only in perfect freedom can supreme poetry be born. His fundamental principles still apply, for the relation between the writer and the state has become increasingly complex. This is the first version in English. The translation keeps close to the original text, but renders it in smooth, clear English. The scholarship is of the highest quality, showing an intimate knowledge of Alfieri's life and of the political trends and culture currents of his age. Internationally renowned designer Orla Kiely describes her career as 'a journey in pattern and color'. Her distinctive palette and graphic and stylized motifs in clean repeat constructions, have won her devoted fans across the world, and have helped to turn what began as a small British business designing bags, into a global fashion, accessories and homeware brand. Following the success of her first book, *Pattern*, Home opens the door on Orla's own house for the first time, and offers inspirational insights into using pattern and color, mixing old and new and turning a house into a liveable home. The book ends with series of beautifully photographed case studies of some of the mid-century modern homes she most admires. 'I have always been inspired by architecture and interiors so the move into furniture and homewares was completely natural', Orla says. 'To me, the home is where we can truly express our style and personality, where we can be playful'. Captain Wafer and the crew of the Sinful Sausage set sail for the Thousand Islands with a plot to kidnap a famous inventor, only to be thwarted by a witch, a fire-drake, and the dastardly Dr. Silkweed. Archestratos of Gela was the author of a mock-epic poem, most likely entitled the *Hedupatheia* or *Life of Luxury*, that presented itself as a gastronomic tour of the Mediterranean world. Written sometime in the first two-thirds of the fourth century BCE, the *Hedupatheia* was widely read in the late classical and early Hellenistic periods and was translated into Latin by Ennius, through whom it influenced the work of later Roman poets including Horace. It survives today in

fragments totalling about 330 lines. The Hedupatheia is a fundamental source for our understanding not only of fourth-century literature but also of the significance of food and dining and the reception of epic poetry in late classical society. This edition is based on a fresh examination of the manuscripts and is the first to combine an authoritative critical text of the fragments with a translation, a detailed philological and historical commentary, and an extensive introduction situating the poem in its literary, social, and cultural context. Between the third and sixth centuries, the ancient gods, goddesses, and heroes who had populated the imagination of humankind for a millennium were replaced by a new imagery of Christ and his saints. Thomas Mathews explores the many different, often surprising, artistic images and religious interpretations of Christ during this period. He challenges the accepted theory of the "Emperor Mystique," which, interpreting Christ as king, derives the vocabulary of Christian art from the propagandistic imagery of the Roman emperor. This revised edition contains a new preface by the author and a new chapter on the origin and development of icons in private domestic cult. These vibrant books take the reader into the history of a specific religion, placing it in a cultural perspective. Written by scholars in their field, the series gives the uninitiated a first encounter while fostering a respect for different backgrounds. See how the early Christian community overcame persecution by the Roman Empire. "Book one of the After series--the Internet sensation with millions of readers. Aber dann nahm er mich. Und er lehrte mich, dass das Leben kein Märchen ist. Er ist vernarbt. Gebrochen. Ein dunkles und wildes Ding. Seine Schönheit ist brutal, und seine Worte sind grausam. Sein Herz ist eine schattige Landschaft, in der nichts wachsen kann. Er sagt mir, er könnte nie etwas für mich empfinden, und er beweist es jeden Tag. Er hat mein Leben zerstört. Mich gefoltert. Und schlimmer noch ... Er hat mir antrainiert, um seine Zuneigung zu betteln. Dieses Gefängnis ist ein Ort, den das Sonnenlicht nicht erreicht. Er lehrte mich, dass Hass in der Dunkelheit geboren wird. Und dann lehrte er mich, dass Liebe das manchmal auch wird.
