Grading for Equity Aug 21 2022 "Joe Feldman shows us how we can use grading to help students become the leaders of their own learning and lift the veil on how to succeed. . . . This must-have book will help teachers learn to implement improved, equity-focused grading for

impact." --Zaretta Hammond, Author of Culturally Responsive Teaching & The Brain Crack open the grading conversation Here at last—and none too soon—is a resource that delivers the research base, tools, and courage to tackle one of the most challenging and emotionally charged conversations in today's schools: our inconsistent grading practices and the ways they can inadvertently perpetuate the achievement and opportunity gaps among our students. With *Grading for Equity*, Joe Feldman cuts to the core of the conversation, revealing how grading practices that are accurate, bias-resistant, and motivational will improve learning, minimize grade inflation, reduce failure rates, and become a lever for creating stronger teacher-student relationships and more caring classrooms. Essential reading for schoolwide and individual book study or for student advocates, *Grading for Equity* provides a critical historical backdrop, describing how our inherited system of grading was originally set up as a sorting mechanism to provide or deny opportunity, control students, and endorse a "fixed mindset" about students' academic potential—practices that are still in place a century later. A summary of the research on motivation and equitable teaching and learning, establishing a rock-solid foundation and a "true north" orientation toward equitable grading practices. Specific grading practices that are more equitable, along with teacher examples, strategies to solve common hiccups and concerns, and evidence of effectiveness. Reflection tools for facilitating individual or group engagement and understanding. As Joe writes, "Grading practices are a mirror not just for students, but for us as their teachers." Each one of us should start by asking, "What do my grading practices say about who I am and what I believe?" Then, let's make the choice to do things differently . . . with *Grading for Equity* as a dog-eared reference.

First Semester Jun 30 2023 Buku ini disusun dengan tujuan menyediakan bahan ajar mata pelajaran bahasa Inggris untuk siswa SMP dengan acuan Standar Isi mata pelajaran bahasa Inggris tahun 2013. Bahan ajar ini dirancang untuk pemakaian secara nasional dan oleh karenanya guru di seluruh Indonesia dapat menggunakannya langsung di dalam kelas atau dengan melakukan adaptasi seperlunya menyesuaikan KTSP masing-masing. Materi dan tugas pembelajaran dikembangkan dengan prinsip-prinsip Pendekatan Komunikatif untuk mengembangkan kompetensi siswa dalam keempat keterampilan berbahasa, yaitu menyimak, berbicara, membaca, dan menulis. Selain itu materi dan tugas pembelajaran secara integratif mengembangkan kecakapan hidup dalam arti luas dan peningkatan kesadaran akan kebinekaan. Materi dan tugas-tugas pembelajaran dalam buku ini diorganisasikan ke dalam dua siklus pembelajaran, yaitu siklus lisan dan siklus tulis. Sementara siklus lisan menekankan pengembangan keterampilan menyimak dan berbicara, siklus tulis mengembangkan keterampilan membaca dan menulis. Sesuai dengan prinsip keterpaduan dalam pembelajaran bahasa, kedua siklus tersebut mengembangkan keempat keterampilan berbahasa secara terintegrasi. Selain itu, untuk keperluan pengayaan dan evaluasi, setiap chapter dilengkapi dengan tugas terstruktur berupa evaluasi. Materi dan kegiatan pembelajaran dalam buku ini lebih dikembangkan untuk mendorong terjadinya learning pada diri siswa. Kegiatan-kegiatan belajar dikembangkan untuk menjadikan siswa secara individu, berpasangan, dan kelompok kecil secara aktif belajar bahasa Inggris melalui kegiatan memahami dan menggunakan bahasa Inggris untuk mengekspresikan gagasan dan perasaan secara alami. Guru lebih bertindak sebagai fasilitator, pemberi feedback, dan pendorong siswa agar berani mengekspresikan dirinya dengan tidak mengabaikan pentingnya akurasi berbahasa. Dengan kegiatan-kegiatan pembelajaran dan peran guru yang demikian, siswa terbimbing dan memperoleh fasilitasi dalam berlatih mengekspresikan dirinya sehingga secara bertahap akhirnya mampu berkomunikasi dengan baik.
