GENRE: Children's Adventure (An Unofficial Minecraft Book for Kids Ages 9 - 12 (Preteen) The Ender Dragon is known as the fearless creature that inhabits the deep and dark world of The End. But what most players may not know is that the Dragon lives a very lonely and boring life in his realm. After anxiously waiting for any player to come and face him in a final battle, the Dragon got tired and asked for his friends, the Endermen, to check the Overworld for him and see what the players were doing. To his surprise, the Endermen returned without any information on the players - in fact, the Endermen told the Dragon the players had disappeared from the Overworld. Desperate with this new revelation, the Dragon decided to go to the Overworld himself to check things and find the missing players - and even save them, in case they were in trouble, so that they could one day battle against the Dragon. After getting teleported to the Overworld with some help from his fellow friends Endermen, the Dragon is now on a quest where the regular roles have been inverted - it's the Dragon who is looking for the players, and not the opposite. What happened to the humans from this world? What led to their disappearance? And who is behind it? Find out the answers to all this questions in the first book of the Diary of an Ender Dragon.
