The author provides an introductory unit to build a trustful classroom climate; over 70 primary sources (including a dozen new ones) organized into six thematic units, each structured around an essential question from U.S. history; and a final unit focusing on periodization and chronology. As students analyze carefully excerpted documents—speeches by presidents and protesters, Supreme Court cases, political cartoons—they build an understanding of how diverse historical figures have approached key issues. At the same time, students learn to participate in civic debates and develop their own views on what it means to be a 21st-century American. Each unit connects to current events, and dynamic classroom activities make history come alive. In addition to the documents themselves, this teaching manual provides strategies to assess student learning; mini-lectures designed to introduce documents; activities to help students process, display, and integrate their learning; guidance to help teachers create their own units, and more"-- Covers all significant eras of global history. Encourages students to analyze evidence, documents, and other data to make informed decisions. Develops essential writing skills. This book offers the tools teachers need to get started with a more thoughtful and compelling approach to teaching history, one that develops literacy and higher-order thinking skills, connects the past to students' lives today, and meets social studies 3C standards and most state standards (grades 6-12). The author provides over 90 primary sources organized into seven

thematic units, each structured around an essential question from world history. As students analyze carefully excerpted documents—including speeches by queens and rebels, ancient artifacts, and social media posts—they build an understanding of how diverse historical figures have approached key issues. At the same time, students learn to participate in civic debates and develop their own views on what it means to be a 21st-century citizen of the world. Each unit connects to current events with dynamic classroom activities that make history come alive. In addition to the documents themselves, this teaching manual provides strategies to assess student learning; mini-lectures designed to introduce documents; activities and reproducibles to help students process, display, and integrate their learning; guidance to help teachers create their own units; guidelines for respectful student debate and discussion; and more. Book Features: A timely aid for secondary school teachers tasked with meeting standards and other state-level quality requirements. An approach that promotes student engagement and critical thinking to replace or augment a traditional textbook. Challenges to the "master narrative" of world history from figures like Queen Nzinga and Huda Sha'arawi, as well as traditionally recognized historical figures such as Pericles and Napoleon. Essential questions to help students explore seven of the most important recurring themes in world history. Role-plays and debates to promote interaction among students. Printable copies of the documents included in the book can be downloaded at [tcompress.com](http://tcompress.com). Each DBQ activity has questions that create worldly connections to the present. Includes complete instructions, tips to improve scores, reproducible documents with answer prompts, a scoring rubric, and sample student essay positions. Helps students attain a better understanding of world history, from imperialism to contemporary issues. Aligned to Common Core State Standards (CCSS). Showcasing assessment practices that can help teachers plan effective instruction, this book addresses the real-world complexities of teaching literacy in grades K-8. Leading contributors present trustworthy approaches that examine learning processes as well as learning products, that yield information on how the learning environment can be improved, and that are conducted in the context of authentic reading and writing activities. The volume provides workable, nuts-and-bolts ideas for incorporating assessment into instruction in all major literacy domains and with diverse learners, including students in high-poverty schools and those with special learning needs. It is illustrated throughout with helpful concrete examples. A document-based assessment sheet is also provided for each passage so students can investigate a topic in even deeper and more meaningful ways. This resource is aligned to the interdisciplinary themes from the Partnership for 21st Century Skills. In addition, this 112- page book includes a Teacher Resource CD with reproducible pages of articles, activities, and questions. Each DBQ activity has questions that create worldly connections to the present. Includes complete instructions, tips to improve scores, reproducible documents with answer prompts, a scoring rubric, and sample student essay positions. Helps students attain a better understanding of world history, from early civilization through the Industrial Revolution. Aligned to Common Core State Standards (CCSS). Today's students need to know how to evaluate sources and use evidence to support their conclusions. This K-12 resource for teachers provides instructional support as well as a variety of learning opportunities for students. Through the activities in this book, students will ask and answer compelling questions, analyze primary sources, approach learning through an inquiry lens, and hone their historical thinking skills. The

lessons teach skills and strategies for analyzing historical documents, partnered with document-based assessments. Graphic organizer templates help students structure their analyses. This resource written by Marc Pioch and Jodene Lynn prepares students for standardized tests and engages students with inquiry. The scaffolded approach to teaching analysis skills can be applied across grades K–12. - Over 60 historical documents, including broadsides, political cartoons, letters, daguerreotypes, battle maps, and treaties- Strategies for interpreting primary and secondary sources- Scaffolding questions to help build comprehension step by step- Complete instructional units on analyzing historical documents and synthesizing information to produce clear, focused writing- Critical-thinking and writing skills practice for social studies- Content aligned with Curriculum Standards of the National Council of Social Studies Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant eras. Teacher support includes scoring rubric and tips for implementation. This document-based question (DBQ) module brings together primary sources along with practice questions for students to sharpen their history skills. Help your students navigate complex texts in history and social studies. This book shows you how to use document-based questions, or DBQs, to build student literacy and critical thinking skills while meeting rigorous state standards and preparing students for AP exams. DBQs can be implemented year-round and can be adjusted to meet your instructional needs. With the helpful advice in this book, you'll learn how to use DBQs to teach nonfiction and visual texts, including primary and secondary sources, maps, and paintings. You'll also get ideas for teaching students to examine different points of view and write analytical responses. Topics include: Using the SOAPSETone (Speaker, Occasion, Audience, Purpose, Subject, Evidence and Tone) technique to analyze visual and nonvisual texts; Teaching students to distinguish between primary and secondary sources; Working with multiple texts and learning to recognize the relationships between them; Formulating DBQs to suit different types of assessment, including short-answer questions, multiple-choice questions, and in-class essay prompts; Evaluating student responses and providing constructive feedback. This new edition of CliffsNotes AP World History Cram Plan calendarizes a study plan for AP World History test-takers depending on how much time they have left before they take the May exam. Give students practice in answering the types of questions used in standardized tests. High-interest stories, primary source documents, and comprehension questions encourage the use of higher order thinking skills. The 2020 APUSH exam will be unlike any previous exam. It will not be 3 hours long. It will not contain any multiple-choice, short-answer, or long-essay questions. And it will not be offered in your school. Instead, the exam will be 45 minutes long. It will only consist of one document-based question (DBQ). Our book, 2020 AP USH Exam: A Strategic Review is designed to provide you with the information you will need as you write your DBQ. The book is deliberately straightforward and concise. It contains everything you need to know to write a successful DBQ and earn a great score! Build Grade 1 students' comprehension and critical thinking skills and prepare them for standardized tests with high-interest nonfiction articles from TIME For Kids®. This handy and easy-to-implement resource includes accompanying document-based questions that focus on key strategies for breaking down the passages to help students build cross-curricular reading skills. A document-based assessment sheet is also provided for each passage so students can investigate a topic in even deeper and more meaningful ways. This 112- page book includes a Teacher Resource CD with reproducible pages of artic. This book offers the tools teachers need to get started with an innovative approach to teaching history, one that develops literacy and higher-order thinking skills, connects the past to students' lives today, and meets Common Core State Standards (grades 7–12). The author provides over 60 primary sources organized into seven thematic units, each structured around an essential question from U.S. history. As students analyze carefully excerpted documents—speeches by presidents and protesters, Supreme Court cases, political cartoons—they build an understanding of how diverse historical figures have approached key issues. At the same time, students learn to participate in civic debates and develop their own views on what it means to be a 21st-century American. Each unit connects to current events and dynamic classroom activities make history come alive. In addition to the documents themselves, this teaching manual provides strategies to assess student learning; mini-lectures designed to introduce documents; activities to help students process, display, and integrate their learning; guidance to help teachers create their own units; and more. "Full of thought-provoking questions, engaging primary source documents, and an impressive array of classroom activities, this is a must-have resource for history teachers looking to stay relevant in our modern learning landscape." —Diana Laufenberg, lead teacher and executive director, Inquiry Schools, Philadelphia, PA "A useful resource for novice and experienced history teachers, social studies teacher educators, homeschooling, and community educators. I am excited to use it in my college classes; this is required reading!" —LaGarrett King, University of Missouri "A remarkably thoughtful and engaging aid to teaching U.S. history. Using carefully chosen primary documents, Metro raises pointed questions that will help teachers and students alike wrestle with the place of the past in the present." —Jill Lepore, Harvard University This book demonstrates how teachers can help their students understand their social studies texts, leading them to become successful readers, critical thinkers, and active citizens. History is not a mere chronicle of facts, but a dialogue between competing interpretations of the past; it should be taught as such. The book includes the rationale for the study of history, the

specific thinking skills required by the discipline, and methods for students acqu... Backed by solid research, Writing Instruction That Works answers the following question: What is writing instruction today and what can it be tomorrow? This up-to-date, comprehensive book identifies areas of concern for the ways that writing is being taught in today's secondary schools. The authors offer far-reaching direction for improving writing instruction that assist both student literacy and subject learning. They provide many examples of successful writing practices in each of the four core academic subjects (English, mathematics, science, and social studies/history), along with guidance for meeting the Common Core standards. The text also includes sections on Technology and the Teaching of Writing and English Language Learners. Develop students' critical-thinking skills through analysis of issues from different perspectives. Students make comparisons, draw analogies, and apply knowledge. Document-based assessment includes background information and key questions.
