We are resilience. We are hope. We are dreamers. Yuyi Morales brought her hopes, her passion, her strength, and her stories with her, when she came to the United States in 1994 with her infant son. She left behind nearly everything she owned, but she didn't come empty-handed. From the author-illustrator of *Bright Star*, *Dreamers* is a celebration of making your home with the things you always carry: your resilience, your dreams, your hopes and history. It's the story of finding your way in a new place, of navigating an unfamiliar world and finding the best parts of it. In dark times, it's a promise that you can make better tomorrows. This lovingly-illustrated picture book memoir looks at the myriad gifts migrantes bring with them when they leave their homes. It's a story about family. And it's a story to remind us that we are all dreamers, bringing our own strengths wherever we roam. Beautiful and powerful at any time but given particular urgency as the status of our own *Dreamers* becomes uncertain, this is a story that is both topical and timeless. The lyrical text is complemented by sumptuously detailed illustrations, rich in symbolism. Also included are a brief autobiographical essay about Yuyi's own experience, a list of books that inspired her (and still do), and a description of the beautiful images, textures, and mementos she used to create this book. A parallel Spanish-language edition, *Soñadores*, is also available. Winner of the Pura Belpré Illustrator Award! In *Tall, Tall Grass* is a 1992 Boston Globe - Horn Book Award Honor Book for Picture Books. A practical self-help book on mental strength and emotional toughness by a clinical counsellor, researcher, coach and online content creator with a big YouTube following and genuine star quality. This book is the ultimate guide to getting emotionally strong, guiding you in taking responsibility for your own wellbeing and not letting others control your thoughts and emotions. Written in the trademark down-to-earth, direct, humorous and warm style that has made counsellor Julia Kristina so popular online, this book arms its readers with the skills to take over the steering wheel in their own lives, no matter what challenges they face. Julia takes you through the thoughts, emotions and behaviours that hold us back, from perfectionism and fear of failure, to anxiety and guilt, to people pleasing, self-sabotage and taking things too personally. In each case she provides easy-to-use and super effective tools for emotional self-mastery that she has road tested in her coaching and counselling, and in her own life. For example, use the Thought Ladder to disrupt your negative

thoughts and beliefs. Instead of telling yourself to stop thinking "I am totally crap" and just think "I am great", Julia shows you how to incrementally challenge and undo the original negative thought and reframe it through a series of steps - like rungs of a ladder. Another example is the STOPP Process: a 5-step method that allows you to identify, separate from and process/take positive action on a difficult emotion that is occurring. Always rooted in real life, highly achievable and based in the author's understanding of human psychology, Julia's tools and techniques really will help you break through whatever it is you think is holding you back. A guidebook to successful leadership explains that by looking at an organization as a bus and the employees as the people on it, managers can identify who is helping the bus move, and who is hindering it. When a bus driver takes a break in this hilarious Caldecott Honor-winning picture book, he gives the reader just one instruction: "Don't let the pigeon drive the bus!" But, boy, that pigeon tries every trick in the book to get in that driving seat: he whines, wheedles, fibs and flatters. Will you let him drive? Told entirely in speech bubbles, this brilliantly original and funny picture book demands audience participation! An assortment of animals, including a goat in a coat, a quick chick, and a hairy bear, ride the bus to and from school. From the satirical masterminds behind the New York Times best-seller Goodnight Bush (more than 125,000 copies sold) comes this scathingly funny political parody of the contemporary children's classic Don't Let the Pigeon Drive the Bus! As any left-leaning parent of small children will tell you, these days it seems like the Republican Party is taking its tactical and ideological cues from a screaming, mid-tantrum toddler. That's certainly how authors Erich Origen and Gan Golan feel: The parallel came into sharp relief as they read the beloved picture book Don't Let Pigeon Drive the Bus! to their own children. In this wildly funny (and uncannily spot-on) spoof, Origen and Golan take on the Republican political machine, represented here by a cartoonish, hyper-conservative vulture, who wants nothing more than to drive the bus (even though he secretly hates public transit); give rides to his top hat-wearing, white male cronies; and run over as many "socialists," environmentalists, and public employees as he can find. Timed to coincide with the 2012 presidential election, this witty and hilarious satire turns over-the-top Republican antics into fun-loving political child's play. But, like most children's books and their parodies, it also comes with a liberal dose of warning if we, the reader (...and the people), don't heed the call: If you don't want to get thrown under it, then please...Dont' Let the Republican Drive the Bus!

Have you ever wondered why you do what you do? Dear America can help you understand the often hidden connections between your current behaviour and past events. Being able to identify who is driving your bus is the key to unlocking the power within yourself to change your behaviour and live a fuller life. Dear America presents ideas that can be: Easily understood; Universally applied; Readily implemented. Within your control Presented in Dear America is a straightforward philosophy of behaviour that offers a useful paradigm to help us all live our lives as more rational and responsible adults. The book is a reminder that we are each individually the sum of our parts and that we are collectively a society that interacts with each of those parts. To understand a group one must study the individuals who form that group. Society is composed of individuals whose psychological development determines the nature and quality of life in that society. To understand psychological development within a society one must look at individual patterns of behaviour established in childhood that are re-enacted in adulthood. The family remains the organising principle through which early childhood learning takes place, and imitation remains the fundamental system for transferring information and forming behaviour patterns in childhood. The philosophy of behaviour as presented in Dear America is neither male nor female; it is simply human. The question "Who's driving the bus?" seeks to identify which part of us is making our decisions at any given moment. The answer to that question determines the quality of life in our society. The paradigm shows us how we can change the bus driver to a more rational and developed part of ourselves, thereby improving life in our society. Over the years he has accumulated an assortment of short stories while driving a city transit bus; he wishes to share these stories with you. Many of these stories are serious while others are mind boggling, hilarious or just make you say, "Oh my gosh; what were they thinking." He has written this book using the following parameters: there are no swear words in this book (He doesn't need to use profanity to get his point across); he does not identify any ethnic backgrounds of the people in his stories (Marty wants people to view people without prejudice and bias) and lastly he was honest and told the truth to the best of his ability (By doing this he has found out that people don't like the truth and will go to extremes to avoid it.) Marty's' writings are unique because he writes like he talks. He does this so that he can relate to anybody who has ever told a story. The stories that he tells are inspirational, motivational and humorous. He has become a Master Story Teller and shares his stories with all who will listen. Climb on board for three picture books starring the famous beleaguered bird—Don't Let the Pigeon Drive the Bus!, The Pigeon Finds a Hot Dog!, and Don't Let the Pigeon Stay Up Late!—by New York Times best-selling author/illustrator Mo Willems. Next stop: super fun reading! Use the magic key to start the bus on its adventures driving around the world. NATIONAL BESTSELLER For readers of Kristine Barnett's *The Spark*, Andrew Solomon's *Far From the Tree* and Ian Brown's *The Boy in the Moon*, here is a heartfelt, funny and surprising memoir about one year spent driving a bus full of children with special needs. With his last novel, *Cataract City*, Craig Davidson established himself as one of our most talented novelists. But before writing that novel and before his previous work, *Rust and Bone*, was made into a Golden Globe-nominated film, Davidson experienced a period of poverty, apparent failure and despair. In this new work of riveting and timely non-fiction, Davidson tells the unvarnished story of one transformative year in his life and of his unlikely relationships with a handful of unique and vibrant children who were, to his initial astonishment and bewilderment, and eventual delight, placed in his care for a couple of hours each day--the kids on school bus 3077. One morning in 2008, desperate and impoverished while trying unsuccessfully to write, Davidson plucked a flyer out of his mailbox that read, "Bus Drivers Wanted." That was the first step towards an unlikely new career: driving a school bus full of special-needs kids for a year. Armed only with a sense of humour akin to that of his charges, a creative approach to the challenge of driving a large, awkward vehicle while corralling a rowdy gang of kids, and unexpected reserves of empathy, Davidson takes us along for the ride. He shows us how his evolving relationship with the kids on that bus, each of them struggling physically as well as emotionally and socially, slowly but surely changed his life along with the lives of the "precious cargo" in his care. This is the extraordinary story of that year and those relationships. It is also a moving, important and universal story about how we see and treat people with special needs in our society. Yo ho ho! It's the first day of kindergarten. Just imagine all the fun things to learn and experience! And who better than a pirate captain to drive the bus to school? He's ready to share all the rules one needs to know to ride the bus and to get along with mates at school. But with the anticipation of the first day of school there also comes a bit of anxiety. And it turns out that being a big, blustery pirate captain is no guarantee against feeling insecure and a little frightened in strange and uncomfortable situations. Who can help a rough and tough pirate captain get over his fears and back to driving the school bus? Using humor and pirate-speak, *Kindergarrtten Bus* addresses some of the concerns and anxiety that many children feel on their first day of school or at the start of any new undertaking. Today you're the train driver! Your job is to take the family into the city. Let's go! Enter a world of imaginative play with this fun and immersive insight into the role of a train driver. Children will love using their imagination to take the driver's seat and pretend to use the train's controls to start the engine, open the doors at the station, and switch on the lights in a tunnel! This book puts the reader in charge, to build self-confidence and encourage following instructions, problem solving, and teamwork. The narrative is embedded with early learning skills such as recognition of colours, shapes, and numbers. This makes it perfect to share with children as a fun way to practise these key skills, while spotting their favourite vehicles and making the sound effects. The story ends with a sense of achievement as the passengers are safely delivered to the city. Simplified Chinese edition of *The Pigeon Finds a Hot Dog!* by Mo Willems who received the Caldecott Honor for *Don't Let the Pigeon Drive the Bus!*. pages of highly interactive activities. This title helps you make a pigeon finger puppet, build a paper bus, make your own driver's licence, and you can even create your own Pigeon book starring. Synopsis coming soon..... In the moment before impact, D.K. Mullarky looked out the driver's side window of his tiny sports car and saw the right front headlight of an out of control SUV, mere inches away. The initial impact drove Mullarky's car down an embankment, where it slammed into a stand of trees. The collision's aftermath left Mullarky with a totaled vehicle and a broken body. Happy to be a survivor, Mullarky relies on his experience behind the wheel as a driver-and a victim-as he shares his humorous and informative guide on how to prevent idiots on the road from making other drivers a statistic. With thousands of Americans losing their lives in preventable, non-alcohol related collisions and crashes every year, one cannot help wonder why drivers are still operating their vehicles while being distracted by drinks, food, conversations, and, worse yet, cell phones. With a wry sense of humor, Mullarky wonders why drivers - act like their signals are made of acid, ready to melt their fingers if they use them; - tempt fate and speed on the road; - drift into other lanes; - ogle crashes and traffic collisions; and - refuse to yield the right-of-way to emergency vehicles. Get on the Bus shares practical advice that can encourage anyone to revisit their own driving habits while it reminds that being self-focused on the road is a disaster just waiting to happen. Profiles the career of bus driver by looking at the work bus drivers do and the educational requirements needed to become one.
