Anyone planning to take the exam should take advantage of the MCAT study guide review material, practice test questions, and test-taking strategies contained in this Test Prep Books study guide.

MCAT 528 Feb 15 2023 "Covers the topics that our MCAT experts voted as the most challenging and capable of yielding the most points on Test Day, distills the exam's content blueprint so that you know exactly what to study, presents expanded expert explanations highlighting key concepts and takeaways, promotes expertise on the Critical Analysis and Reasoning Skills section by demonstrating parallelism in

questions, and provides practice tailored to students looking to test themselves at the highest level."--

Kaplan MCAT Practice Tests 19 2020 The only book on the market with updated content and tests that actually mirror what students will see on test day, along with strategies for each test section. While 18,036 students were accepted to medical school in 2008, more than 42,000 applied. Since the MCAT is the top factor admissions committees consider when reviewing applicants for medical school, MCAT Practice Tests is the ideal guide for the most test-like practice. It is the only guide on the market with updated content and tests that actually mirror what students will see on test day, and includes strategies for each test section: Physical Sciences, Biological Sciences, Organic Chemistry, General Chemistry, and Verbal. More men and women are admitted to medical school with a Kaplan MCAT course than any other curriculum of its kind. This is why our guide is created by the same team of MDs, PhDs, scientists, and test-preparation experts responsible for Kaplan's highly regarded MCAT course. In fact, students enrolled in Kaplan's popular MCAT courses overwhelmingly report that they want more practice tests to help them prepare for the difficult exam. This book includes:
Two full-length practice tests with detailed answer explanations
The latest test information
Six full chapters with strategies for each major section of the test

MCAT General Chemistry Review 2020-2021
Kaplan's MCAT General Chemistry Review 2020-2021 is

updated to reflect the latest, most accurate, and most relevant materials on the MCAT. A new layout makes our book even more streamlined and intuitive for easier review.
