Business Insider calls *The ENTREPRENEUR'S GUIDE* "perhaps the most useful business book you can ever read" and lists it among twenty-five must-read books for entrepreneurs. *THE ENTREPRENEUR'S GUIDE TO LAW AND STRATEGY, 5E* examines stages of starting a business -- from start-up and growth to public offering, while highlighting legal preparations and pitfalls. Cutting-edge examples show how legally astute entrepreneurs can strategically increase realizable value, deploy resources, and manage risk. The book discusses leaving a job, hiring former coworkers, competing with a former employer, workplace legislation, product liability, and bankruptcy. You examine current issues including today's workforce in the "gig" economy, "crowdsourcing" capital and social media, computer hacking and identity theft. Legal discussion integrates with core strategic concepts, such as Porter's Five Forces, the resource-based view of the firm, the value proposition, activities in the value chain and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. This book provides a general introduction to a number of central areas in Danish business law. The book is an English language translation of the fifth edition of a Danish textbook. The translation will enable readers to get a reasonably broad insight into various parts of Danish law of particular relevance to the business community. It comprises both areas of purely national (Danish) law and areas in which an international influence has affected the Danish legal position. The most complete, credible, and authentic business law text available, the Sixteenth Edition of *SMITH & ROBERSON'S BUSINESS LAW* by Richard A. Mann and Barry S. Roberts continues a long tradition of accuracy, thoroughness, and consistent coverage of the latest issues and emerging trends. This updated classic delivers a comprehensive, detailed presentation of business law that covers all topics included in the business law section of the certified public accountant (CPA) exam. In addition, this text covers the legal responsibilities and liabilities of accountants section and the corporate governance portion of business environment and concepts section of the CPA Exam. The cases--located at the end of each chapter--offer an excellent mix of landmark and current decisions and are edited to preserve a large portion of the language of the court. Proven, comprehensive, and completely up-to-date, this trusted and thorough text will challenge and engage your students--and ensure they leave your class with a solid understanding of modern business law. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Marson and Ferris' *Business Law* provides a thorough account of the subject for students on Business degrees. It introduces students to the essential topics by exploring current and pertinent examples. It emphasizes the importance of cases and demonstrates the relevance of the law in a business environment. This latest addition to the Beatty/Samuelson series of texts is explicitly written from the ground up to address the specific needs of a 1-term business law course. It effectively provides both comprehensive breadth of topical coverage and a cost-effective, manageable format for courses lasting just a single semester or quarter. *INTRODUCTION TO BUSINESS LAW* presents the full range of business law topics in a series of fast-paced, brief digestible chapters, making the book accessible to a wide range of students. To further support reader-friendliness, this author team's unique hallmark writing style makes the law content unexpectedly sparkle. Through utilizing innovative, story-telling pedagogy, fascinating cases, and business applications that are sure to create student interest, the end result is a text that is authoritative and accurate yet a pleasure to read. A student-centred text ideal for those new to the study of law. It adopts a fresh approach and is packed with photographs, diagrams and examples of how the law impacts on the business world. *LexisNexis Questions and Answers - Business Law* by Anne Ardagh contains questions and problems on a number of topics commonly taught in business or commercial law. Areas covered include introduction to law, law-making, the common law and the doctrine of judicial precedent, the court system, settlement of disputes, and contract law (from formation through to discharge and remedies for breach). Additional topics are agent and principal, business organisations and business fiduciary relationships, insolvency, the law of torts and negotiable instruments. The text is designed to help students grasp the techniques for analysing and writing assignment questions and problems that are frequently used in tutorials, course assessment and examinations. Each chapter provides an overview of key issues, followed by a variety of questions and problems that assist students to apply their knowledge, revise important areas and identify weaknesses in understanding. Suggested answer plans and comments from an examiner are given. Overall, the book gives students the ability to master business law concepts and overcome common difficulties in answering problems and preparing for exams. *LexisNexis Questions and Answers - Business Law* also provides teachers of business law with many practice questions for their students. Whether you're new to higher education, coming to legal study for the first time or just wondering what Business Law is all about, *Beginning Business Law* is the ideal introduction to help you hit the ground running. Starting with the basics and an overview of each topic, it will help you come to terms with the structure, themes and issues of the subject so that you can begin your Business Law module with confidence. Adopting a clear and simple approach with legal vocabulary explained in a detailed glossary, Chris Monaghan breaks the subject of Business Law down using practical everyday examples to make it understandable for anyone, whatever their background. Diagrams and flowcharts simplify complex issues, important cases are identified and explained and on-the-spot questions help you recognise potential issues or debates within the law so that you can contribute in classes with confidence. *Beginning*

Business Law is an ideal first introduction to the subject for LLB, GDL or ILEX and especially international students, those enrolled on distance learning courses or on other degree programmes. Business Law offers comprehensive coverage of the key aspects of business law in a straightforward manner that is easy to understand for non-law students. It describes and considers the full range of legal topics such as Contract, Company and Employment Law, as well as including coverage of emerging areas such as Health and Safety and Environmental Law as they apply to business. When you start a business, legal issues can seem complex, even scary. Business Law Basics will help you ask smart questions and get the right advice. This simple guide will show you everything you need to know about: How to choose an attorney. Contract essentials, including patents and copyrights. What you need to protect (such as processes or intellectual property). How to reorganize or restructure your business. You'll also learn the basics of partnership and corporate structures, license and regulation essentials, employment issues, legal aspects of buying and selling, common pitfalls, international business issues—and more. Each of the books in the Crash Course for Entrepreneurs series offers a high-level overview of the critical things you need to know and do if you want to survive and thrive in our super-competitive world. Of course, there's much more to learn about each topic, but what you'll read here will give you the framework for learning the rest. Also, the co-authors' website, expertbusinessadvice.com, offers expanded support for entrepreneurs and is updated daily. Among them, Scott L. Girard, Jr., Michael F. O'Keefe, Marc A. Price, and Mark R. Moon, Esq. have successfully started 20 companies in a wide variety of fields. Their individual experiences are just as varied. Scott, a combat veteran who has served in Iraq and Afghanistan, was formerly vice president of Pinpoint Holdings Group, Inc. Mike founded O'Keefe Motor Sports in 2004 and grew it into the largest database of aftermarket automotive components in the world. As vice president for marketing of Bracemasters International, he grew his company's website viewership by 17,000% in two years. Marc has launched seven companies of his own and has collaborated with the Federal government, U.S. military, major nonprofits, and some of the largest corporations in America. Business Law Basics is also coauthored by Mark R. Moon, Esq., a founding and currently the managing partner of the Moon Law Group, P.L., in Tampa Bay, Florida. Comprehensive, authoritative, and reader-friendly, market-leader BUSINESS LAW: TEXT AND CASES - Commercial Law for Accountants delivers an ideal blend of classic black letter law and cutting-edge contemporary issues and cases. Today, BUSINESS LAW - Commercial Law for Accountants, 14E continues to set the standard for excellence. The book's strong reader orientation makes the law accessible, interesting, and relevant. Intriguing cases, timely content, and effective learning features are thoroughly updated to represent the latest developments in business law. Cases range from precedent-setting landmarks to important recent decisions. Ethical, global, e-commerce, digital, and corporate themes are integrated throughout this edition with new features, such as new Digital Update that shows how digital progress is affecting the law. Numbered examples, Case in Points, sample answers, new reader-friendly Concept Summary Designs and helpful exhibits all work together to ensure reader comprehension. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Business Law, 5th Edition (James et al.) is written for business students to provide a clear and accessible introduction to the legal system. Business law courses are the first exposure to law for many business students and the first time they are obliged to think deeply about the discipline. This updated edition presents business law in a practical context rather than the doctrinal context that many major legal publishers use. The Business Law interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes practitioner videos from Herbert Smith Freehills, animated work problems and questions with immediate feedback. This new edition is a unique resource that can form the basis of a blended learning solution for lecturers. The study of Law forms a component of many undergraduate and postgraduate programs. Its inclusion does not aim to equip business practitioners with skill and expertise to render professional legal advice unnecessary, but more to provide a legal framework of reference in which both strategic and more immediate business issues can be placed. Equipping managers with a basic understanding of how law impacts upon business activity can help them avoid legal pitfalls in the first place or at least identify potential problems at an early stage, to avoid inconvenience and cost. International business can present problems that are not present in a purely domestic transaction. Any law component in a management program should embrace it and by doing so the business practitioner can be familiarized with the wider picture in which modern business, aided by technological development, is increasingly practiced. Titles in Barron's Business Review series are widely used as classroom supplements to college textbooks and often serve as a main textbook in business brush-up programs. Business Law focuses on the importance of legal theory in the everyday business world, explaining such subjects as tort responsibility, government regulations, contracts, environmental law, product liability, consumer protection, and international law, among many other topics. Also discussed in detail are the legal aspects of partnerships, franchises, and corporations, as well as special topics that include business crimes, property as a legal concept, intellectual property, and similar pertinent topics. A study aid labeled Key Terms appears at the beginning of each chapter, and You Should Remember summaries are strategically interspersed throughout the text. ESSENTIALS OF BUSINESS LAW AND THE LEGAL ENVIRONMENT, 11TH EDITION gives your students a complete understanding of business law and today's legal environment with a reader-focused, straightforward approach. Cases are carefully summarized and integrated in order to present both recent legal issues and landmark court decisions in a way that minimizes legal jargon. This edition thoroughly addresses a broad variety of key subjects and ethical issues while covering all business law topics required for success on today's CPA exam. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Focus on the basics of business law principles with BUSINESS LAW: TEXT AND EXERCISES, 9E. Written in user-friendly language, each chapter concentrates on one important topic, allowing readers to easily explore specific points of law and concepts. The authors have taken special care to provide straightforward descriptions, everyday examples, and varied exercises to help readers apply what they are reading and learning to real-life situations. Developed to provide a business law overview, this edition's short, concise chapters are punctuated with illustrative and timely features, including Highlighting the Point and real case summaries. Each chapter's learning tools clarify contemporary legal principles in a practical presentation that ensures readers gain a solid understanding of business law. concepts. The authors have taken special care to provide straightforward descriptions, everyday examples, and varied exercises to help readers apply what they are reading and learning to real-life situations. Developed to provide a business law overview, this edition's short, concise chapters are punctuated with illustrative and timely features, including Highlighting the Point and real case summaries. Each chapter's learning tools clarify contemporary legal principles in a practical presentation that ensures readers gain a solid understanding of business law. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. With faultless accuracy, this text is the most detailed and analytical account of law for those new to the subject. It provides commanding analysis of the English legal system, contract law, the law of torts, company law, and employment law, as well as covering relevant aspects of the law of agency and environmental law. Online chapters provide further discussion relating to the economic torts, corporate governance, the sale of goods, consumer credit, and the law relating to unfair and illegal commercial practices. All of this is discussed using relevant examples from the business environment, and the key legal cases to help develop a greater understanding of the interconnections between the law and corporate setting. The new learning features have been incorporated throughout, making this difficult subject more accessible. Key case, examples, and discussion boxes demonstrate the application of law and highlight core principles, while self-test questions allow students to assess their progress. Online Resource Centre The accompanying Online Resource Centre provides a wealth of resources for students to further develop their understanding and test their knowledge, including additional practice questions with answers, a flashcard glossary of key legal terms and updates to the law via Twitter. This new edition also includes a testbank of MCQs for lecturer use. BUSINESS LAW AND THE LEGAL ENVIRONMENT, 6E uses vivid examples and memorable scenarios to lead students through the full breadth of business law. Focusing on hands-on application and using a conversational writing style, this handy textbook equips students for business challenges from the first page. Plus, by showing students through practice how legal concepts apply to their future careers, BUSINESS LAW AND THE LEGAL ENVIRONMENT, 6E draws students into the material, helping them study more effectively and diligently. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. An introduction to business law which provides a clear and jargon free introduction to the subject. Its comprehensive coverage is well illustrated by cases, diagrams, specimen documents and questions. This text is an invaluable tool for students on undergraduate and postgraduate management programmes containing elements of general and international business law. The legal dimension in managerial decisions is shown, and on-line resources provide current material to support the text. "This is the 18th Edition (and the 24th overall edition) of a business law text that first appeared in 1935. Throughout its more than 80 years of existence, this book has been a leader and an innovator in the fields of business law and the legal environment of business. One reason for the book's success is its clear and comprehensive treatment of the standard topics that form the traditional business law curriculum. Another reason is its responsiveness to changes in these traditional subjects and to new views about that curriculum. In 1976, this textbook was the first to inject regulatory materials into a business law textbook, defining the "legal environment" approach to business law. Over the years, this textbook has also pioneered by introducing materials on business ethics, corporate social responsibility, global legal issues, and the law of an increasingly digital world. The 18th Edition continues to emphasize change by integrating these four areas into its pedagogy"-- Readers discover the excitement of cutting-edge business law as BUSINESS LAW TODAY: COMPREHENSIVE, 11E immerses learners in a wide selection of intriguing new cases and thorough coverage that reflects the latest developments in the field. This successful edition makes the study of business law appealing and relevant without sacrificing the legal credibility and comprehensive coverage. Each chapter's visually engaging, time-tested learning tools illustrate how law is applied to real-world business problems. Excerpted cases in the language of the court familiarize readers with legal language while emphasizing the relevance of case decisions. Readers see how landmark cases, statutes, and other laws significantly impact the way businesses today operate both within the United States and across the globe. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. International Business Law and the Legal Environment provides business students with a strong understanding of the legal principles that govern doing business internationally. Not merely about compliance, this book emphasizes how to use the law to create value and competitive advantage. DiMatteo's transactional approach walks students through key business transactions—from import and export, contracts, and finance to countertrade, dispute resolution, licensing, and more—giving them both context and demonstrating real world application. This new edition also includes: New material on comparative contract and sales law & European private law; joint ventures and collaborative alliances. A new part on foreign direct investment that includes a chapter on emerging markets. New chapters on privacy law, and on environmental concerns. Greater coverage of the World Trade Organization. "Case highlights" and court opinions that feature edited court transcripts which expose students to actual legal reasoning and an understanding of the underlying legal principles. These decisions are drawn from a broad range of countries, offering a truly international look at the subject. Students of business law and international business courses will find DiMatteo's clear writing style easy to follow. A companion web site includes an instructor's manual, PowerPoints, and other tools to provide additional support for students and instructors. Business Law Today, Standard Edition is an accessible law text with high interest and exceptional visual appeal. This is a book that professors like, while students appreciate its thorough, dynamic coverage of traditional business law topics and summarized cases. This text meets the AACSB curriculum requirements. LAW FOR BUSINESS, 19E from Cengage Advantage Books provides a practical approach to law that emphasizes the current, relevant topics current and future professionals need to succeed in business today. Compelling cases throughout this edition highlight recent business challenges, such as trademark infringement, capacity to contract, agency, and employment-at-will. In addition, timely coverage of business ethics and the law provides new insights into recent corporate scandals and indictments. Popular legal authors Ashcroft, Ashcroft, and Patterson combine short chapters and a full-color design with real-world examples, meaningful applications and Learning Objectives to make business law approachable and applicable for reader's future success. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches. This book offers the first definitive English-language resource on Chinese business law. Written by an authoritative source, the book accurately describes what the business law is and explains legislative intentions underlying the myriad of law, rules, and regulations. Moreover, it provides the most up-to-date information on law, rules, and regulations and contains accurate predictions of the future legislative trend. It is written for readers across the spectrum of both common law and civil law systems. The author's experience as expert counsel to Chinese central governmental legislative functions including the State Council Legislative Affairs Office and the expert editor and translator

in chief of the national administrative regulations in business and finance, extensive experience of international legal practice and arbitration, and teaching and research experience in international business law and Chinese law will make this book of interest to lawyers, business people, and scholars. Dozens of judicial opinions have held that shareholders own corporations, that directors are agents of shareholders, and even that directors are trustees of shareholders' property. Yet, until now, it has never been proven. These doctrines rest on unsubstantiated assumptions. In this book the author performs a rigorous, systematic analysis of common law, contract law, property law, agency law, partnership law, trust law, and corporate statutory law using judicial rulings that prove shareholders do not own corporations, that there is no separation of ownership and control, directors are not agents of shareholders, and shareholders are not investors in corporations. Furthermore, the author proves the theory of the firm, which is founded on the separation of ownership and control and directors as agents of shareholders, promotes an agenda that wilfully ignores fundamental property law and agency law. However, since shareholders do not own the corporation, and directors are not agents of shareholders, the theory of the firm collapses. The book corrects decades of confusion and misguided research in corporate law and the economic theory of the firm and will allow readers to understand how property law, agency law, and economics contradict each other when applied to corporate law. It will appeal to researchers and upper-level and graduate students in economics, finance, accounting, law, and sociology, as well as attorneys and accountants. "Business Law and the Legal Environment provides students with context and essential concepts across a broad range of legal issues with which managers and business executives must grapple. The text provides the vocabulary and legal savvy necessary for business people to talk in an educated way to their customers, employees, suppliers, government officials — and to their own lawyers."--Open Textbook Library website Packed with reader-friendly illustrations, ESSENTIALS OF BUSINESS LAW AND THE LEGAL ENVIRONMENT, 12e uses a nontechnical presentation to help your students understand the dynamics of today's legal environment for business. Covering a broad variety of key subjects and emphasizing ethical decision making, the text presents all business law topics required for success on the CPA exam. Cases are carefully summarized and integrated in order to present both recent legal issues and landmark court decisions while minimizing legal jargon. Students learn to effectively apply legal reasoning to cases and legal issues using the Issue, Rule, Application and Conclusion (IRAC) method. In addition to new Going Global features that highlight the international aspects of legal issues, the 12th Edition also includes more than 30 recent cases, updated coverage of limited liability companies and suretyship, amendments to UCC Articles, SEC rules on social media, recent U.S. Supreme Court decisions, and much more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. There is a growing trend in business and business law towards sustainability--doing business with a focus on a firm's environmental and social as well as financial performance. Some business leaders believe that sustainability is a moral imperative while others feel that, moral or not, there is money to be made in "green business." Regardless of motives, businesses wishing to act sustainably will face myriad legal questions at the crossroads of business law and sustainability, such as whether a company may legally devote resources to sustainability, whether public companies must disclose facts about their environmental and social performance, and whether the tax system and other areas of business law encourage, discourage, or are indifferent to sustainable business efforts. This book explores these questions, presenting diverse materials on sustainability generally and as it relates to a wide range of business law fields, including corporate and securities law, contracts, commercial law, taxation, work law, torts, criminal law, international law, and intellectual property. Although the book is designed to form the basis of a law school seminar, the readings are approachable enough and include sufficient background for students from other disciplines to easily grasp and enjoy them as well.
