Growth and advancements in technology and the internet have made it possible for a number of business models to spring up and new industries created. One of these is the e-commerce industry which as of 2019 was valued at about 9.09 trillion dollars and is estimated to grow at a constant annual growth rate of 14.7 percent over the next seven years from 2020 to 2027. That's massive, isn't it? The e-commerce industry has created multimillion-dollar companies, as well as made more multimillionaires and billionaires than any other sector outside of ICT itself. The likes of Jeff Bezos, Jack Ma, Richard Liu, and many others are billionaires through e-commerce. And not just that, ecommerce has turned thousands of small-scale e-commerce entrepreneurs into millionaires and multi-thousand-dollar businesses. And this trend is not about to stop anytime soon. As more technology and improvements in value delivery systems are made. More billionaires and millionaires would emerge from e-commerce... And this is the reason why you need to put on your entrepreneur spectacles and look closely at the e-commerce space, find opportunities you can take advantage of, and start milking your own dollars from the lucrative e-commerce industry. In this book, I am going to show you how to start and grow a multimillion-dollar e-commerce business even if you are a complete beginner. This book will point you in the right direction and with adequate planning, execution, and luck on your side, you will start turning in sales and massive profits in no time. Let's dive in. It's getting even more exciting. Praise for Get IT Done! "A challenge businesses always face is how to get more value out of their IT organization. Another is how to infuse business with technology so that both the business and the technology people appreciate their differences as they deliver on their commitments-to each other. Get It Done! is a superb book that shows businesses how to tackle, and meet, both challenges." --Dave Sanders, Chairman, Information Technology Association of America, and President, Commercial Solutions of Perot Systems "Welborn and

Kasten have again hit the mark by providing significant thought leadership on the aspects of effective organizational execution...[Get It Done!]addresses this issue by providing the reader with knowledge on how to make sense of and take action on what the organization has to get done and how to do so-a must-read book for senior executives!"

--Dr. Kenneth E. Nidiffer, Fellow, Systems and Software Consortium "A gap often exists between what executives require and reality on the ground. Welborn and Kasten demonstrate how to bridge this gap in a surprisingly nonthreatening and effective way. While many books have talked about the need to create a culture of execution, Get It Done! Shows pragmatically how to make such a culture real." --Pat Schambach, former CIO, Transportation Security Administration

"[Welborn and Kasten] tackle the issue of execution for differently than do many others-in a powerful way that cuts through so much of the noise around execution, providing insight on why it's so hard to get stuff done and usable steps of doing so. Get It Done! is as provocative to read as it is necessary to use." --Dominick Cavuoto, President, Global Financial Services, Unisys Corporation

"This book is extremely useful to anyone who has to get things done-management and line people, technologists and project managers, and yes, executives and other corporate staff. Simply put, read this book!"

--Trevor Davis, Chief Implementation Officer, UISL, a Business Process Utility "[Welborn and Kasten's] pragmatic focus cuts through the high-level boilerplate discussion and provides tangible insights, lessons, tools, and methods for 'getting done what needs to et done' and, by doing so, helps to strengthen your capabilities to meet the uncertainty we all face." --Dan Wollenberg, Senior Vice President, Huntington Bank

"If you think execution and results are what it's all about, this book is a must-read!" --Joseph Plumeri, Chairman and CEO, Willis Group Holdings Ltd. Beginning with an examination of the nature of services, their categories, and increased importance in the world economy, Feketekuty analyzes the problems of dealing with barriers to trade in this area through international agreement. He discusses how traditional trade theories need to be modified to account for the characteristics for trade in services and the relationship between barriers to international trade in services and government regulations. He concludes with guidelines for organizing and shaping the negotiations on trade in services in the Uruguay Round of multilateral trade negotiations. ISBN 0-88730-241-6: \$26.95. Having your own

Blueprint of Business is a business strategy book guiding entrepreneur to build a comprehensive, risk-free and profitable business model. It can help them by understanding the internal motivation, turn passion as a business with achievable goals and consistent efforts. We also discuss how to start a company with limited resources and ways to reduce risks. Entrepreneurs can use the value proposition framework which encompasses the modern economic models and elements. Creating a unique value proposition and convincing the customer to buy the differentiated products or services. The customer segmentation enables the entrepreneurs to target their niche market systematically. In the next chapter, entrepreneurs will be equipped with the tools to distribute their goods or services via both direct and indirect channels. For the revenue model, discussion emphasizes on how to generate and improve sales. At last, entrepreneurs will learn to manage business expenses, and build a profitable business model. Building on the message of the successful "The Digital Economy", this book presents examples from 30 world-class corporations, wherein they discuss their firm's goals for the future and detail the networking and multimedia technologies they use to accomplish their goals. Meaning, Inc. is about achieving happiness, motivation and performance at work for you and your organisation. Well-motivated people who are happy with their work and where they work are more likely to deliver high performance. People who work for organisations whose purpose they believe in are more likely to go the extra mile to help achieve that purpose. Yet

modern organisations too often stifle the enthusiasm and skills of those who work for them. Instead of providing meaning, they prevent it. Meaning Inc. shows the way for organisations to provide meaning to their people through a clearly understood sense of purpose, unequivocal values and day-to-day leadership. This is joined-up business thinking for 21st century leaders and organisations.
