She wrote a blog that called attention to what was happening in her beautiful corner of Pakistan and realized that words can bring about change. She has continued to speak out for the right of all children to have an education. In 2014 she won the Nobel Peace Prize. Malala Yousafzai made headlines

But if you read about her life, you will know that there's more to her story. You will know of the circumstances her people had to face every day. Read today! In this intimate and extraordinary memoir, Ziauddin Yousafzai, the father of Malala, gives a moving account of fatherhood and his lifelong fight for equality - proving there are many faces of feminism. "Whenever anybody has asked me how Malala became who she is, I have often

used the phrase. 'Ask me not what I did but what I did not do. I did not clip her wings'" For over twenty years, Ziauddin Yousafzai has been fighting for equality - first for Malala, his daughter - and then for all girls throughout the world living in patriarchal societies. Taught as a young boy in Pakistan to believe that he was inherently better than his sisters, Ziauddin rebelled against inequality at a young age. And when he had a daughter himself he vowed that Malala would have an education, something usually only given to boys, and he founded a school that Malala could attend. Then

in 2012, Malala was shot for standing up to the Taliban by continuing to go to her father's school, and Ziauddin almost lost the very person for whom his fight for equality began. Let Her Fly is Ziauddin's journey from a stammering boy growing up in a tiny village high in the mountains of Pakistan, through to being an activist for equality and the father of the youngest ever recipient of the Nobel Peace Prize, and now one of the most influential and inspiring young women on the planet. Told through intimate portraits of each of Ziauddin's closest relationships - as a son to a traditional father; as a father

to Malala and her brothers, educated and growing up in the West; as a husband to a wife finally learning to read and write; as a brother to five sisters still living in the patriarchy - Let Her Fly looks at what it means to love, to have courage and fight for what is inherently right. Personal in its detail and universal in its themes, this landmark book shows why we must all keep fighting for the rights of girls and women everywhere. Author Rosemary McCarney has over 20 years of international development work and runs the Canadian operations of Plan International as President and CEO. In this powerful book, Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai introduces the people behind the statistics and news stories about the millions of people displaced worldwide. After her father was murdered, María escaped in the middle of the night with her mother. Zaynab was out of

school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but then found herself battling the elements to keep her family safe. Malala's experiences visiting refugee camps caused her to reconsider her own displacement — first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, Malala not only explores her own story, but

she also shares the personal stories of some of the incredible girls she has met on her journeys — girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person — often a young person — with hopes and dreams. "A stirring and timely book." —New York Times Madeleine L'Engle's ground-breaking science fiction and fantasy classic, now

a major motion picture. It was a dark and stormy night; Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the

enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. A Wrinkle in Time is the winner of the 1963 Newbery Medal. It is the first book in The Time Quintet, which consists of A Wrinkle in Time, A Wind in the Door, A Swiftly Tilting Planet, Many Waters, and An

Acceptable Time. A Wrinkle in Time is now a movie from Disney, directed by Ava DuVernay, starring Storm Reid, Oprah Winfrey, Reese Witherspoon and Mindy Kaling.
