Students come to class prepared to lead inspiring conversations, opening a unique teaching experience to motivate. "The role of selling in our economy and our lives continues to grow. Numerous textbooks and sales courses introduce students to the best practices and importance of sales professionals to every organization. Students and professors want-and deserve-learning and teaching experiences that engage and empower them to appreciate and choose selling as a profession"-- Charles Hill's Global Business Today, 4e (GBT) has become an established text in the International Business market for its excellent but concise coverage of the key global issues including the cultural context for global business, cross-border trade and investment, the global monetary system and competition in the global environment. GBT's concise chapters give a general introduction to international business - emphasizing the environmental factors, with less coverage of operations. Charles Hill is renowned for his attention to research trends and that is evident in Global Business Today, 4e through a variety of real world examples and cases from small, medium, and large companies throughout the world For more than a quarter of a century, this amazingly comprehensive

dictionary has been a standard international reference. Containing more than 115,000 terms and 125,000 definitions--from 100 areas of science and technology--this trusted resource provides definitions written in clear, simple language, understandable to the general reader, yet is consistent with the specialized use of the term. THE NEW SIXTH EDITION: * Thoroughly revised with 5,000 NEW TERMS * Each term includes a helpful pronunciation guide * Entries are complemented by 3,000 illustrations; appendices containing biographic listings, conversion tables, taxonomic classification charts, and more * The only dictionary of scientific and technical terms to be thumb-indexed Invaluable to scientists, researchers, teachers, students, as well as interested lay persons, the McGraw-Hill Dictionary of Scientific and Technical Terms is truly the single best way for anyone to gain fluency in the language of science. Who or Whom? / Its or It's / Lie or Lay? Can't remember those grueling grammar lessons from junior high? Troubled that your professional writing lacks polish? Stop worrying! You've just picked up the painless prescription for proper English! Acclaimed grammarians Mark Lester and Larry Beason know that English teachers aren't the only ones who expect careful and correct language choices. Precision in language can be the deciding factor when it comes to getting a job or winning a promotion. The McGraw-Hill Handbook of English Grammar and Usage gives you bottom-line definitions, tips, and simple rules that summarize the essentials you need to know. This second edition includes a chapter dedicated to grammar and its usage in digital communication, including texting, e-mail, social media, and new

technology, so you can communicate correctly in any format. Whether your skills need drastic improvement or a quick brush-up, The McGraw-Hill Handbook of English Grammar and Usage will get your grammar back on the right track with: Straightforward explanations of common mistakes and why they happen Hundreds of correct and incorrect sentence examples, with errors clearly marked Quick tips for fixing your most stubborn grammatical mishaps Catchy memory aids for writing correctly the first time
