Rose Publishing has produced one of the finest books I have ever seen. Every aspect of the charts, maps and time lines leaps off the page with spectacular color, incredible accuracy and intricate detail. . . . A must for every pastor and teacher who wants to clearly present the truths of the Bible." --Dr. Jerry Falwell, Founder of Liberty University "A compendium of charts, time lines, lists and illustrations to accompany study of the Bible. This visually appealing resource provides a wide array of illustrative and textually concise references, beginning with three sets of charts covering the Bible as a

whole, the Old Testament and the New Testament. These charts cover such topics as biblical weights and measures, feasts and holidays and the 12 disciples. Most of the charts use a variety of illustrative techniques to convey lessons and provide visual interest. A worthwhile example is 'How We Got the Bible, ' which provides a time line of translation history, comparisons of canons among faiths and portraits of important figures in biblical translation, such as Jerome and John Wycliffe. The book then presents a section of maps, followed by diagrams to conceptualize such structures as Noah's Ark and Solomon's Temple. Finally, a section on Christianity, cults and other religions describes key aspects of history and doctrine for certain Christian sects and other faith traditions. Overall, the authors take a traditionalist, conservative approach. For instance, they list Moses as the author of the Pentateuch (the first five books of the Hebrew Bible) without making mention of claims to the contrary. When comparing various Christian sects and world religions, the emphasis is on doctrine and orthodox theology. Some chapters, however, may not completely align with the needs of Catholic and Orthodox churches. But the author's leanings are muted enough and do not detract from the work's usefulness. As a resource, it's well organized, inviting and visually stimulating. Even the most seasoned reader will learn something while browsing. Worthwhile reference stuffed with facts and illustrations." --Kirkus Reviews ***Includes Practice Test Questions*** Claims Adjuster Exam Secrets helps you ace the Claims Adjuster Exam, without weeks and months of endless studying. Nolan Gray in *Arbitrary Lines: How Zoning Broke the American City and How to Fix It*. With lively explanations, Gray shows why zoning abolition is a necessary--if not sufficient--condition for building more affordable, vibrant, equitable, and sustainable cities. Gray lays the groundwork for this ambitious cause by clearing up common misconceptions about how American cities

regulate growth and examining four contemporary critiques of zoning (its role in increasing housing costs, restricting growth in our most productive cities, institutionalizing racial and economic segregation, and mandating sprawl). He sets out some of the efforts currently underway to reform zoning and charts how land-use regulation might work in the post-zoning American city. *Arbitrary Lines* is an invitation to rethink the rules that will continue to shape American life--where we may live or work, who we may encounter, how we may travel. If the task seems daunting, the good news is that we have nowhere to go but up. Tell Faith-Filled Fish Tales Fishing stories. We've all heard them. "It was this big." "You should have seen the one that got away." People love to tell stories of their fishing adventures. When it comes to faith, however, most people clam up. Why is it we can't talk about what God has done in our lives as naturally as we can spin fishing tales? In this six-session companion study guide to the Go Fish DVD, Andy Stanley explores the motivation behind sharing our faith. Discover God's heart for those who don't know Him and the role that we can play in introducing others to Him. Along the way you will be equipped with tools that will help you make sharing your faith a natural part of your life. This study guide is complete with a leader's guide and six lessons, including conversation-starting exercises, discussion questions, and application steps. Story Behind the Book Andy Stanley, senior pastor of three North Point Ministries campuses, with a cumulative congregation of more than twenty thousand, has had countless conversations with everyday Christians who struggle to share their faith with confidence and ease. Though not everyone has "the gift," evangelism is something we're each called to. This curriculum was designed to take the fear out of sharing the good news of Christ, and to help you talk about it as naturally as you would that exciting fishing trip last weekend!
