The Divorce Papers Jul 22 2023 Sparkling and sophisticated, this sometimes hilarious, sometimes heartbreaking debut novel tells the story of a very messy, very high-profile divorce and the endearingly cynical young lawyer dragooned into handling it. Twenty-nine-year-old Sophie Diehl is happy toiling away as a criminal law associate at an old-line New England firm, where she very much appreciates that most of her clients are trapped behind bars. Everyone at Traynor, Hand knows she abhors face-to-face contact, but one week, with all the big partners out of town, Sophie is stuck handling the intake interview for the daughter of the firm's most important client. After eighteen years of marriage, Mayflower descendant Mia Meiklejohn Durkheim has just been served divorce papers in a humiliating scene at the popular local restaurant, Golightly's. Mia is now locked and loaded to fight her eminent and ambitious husband, Dr. Daniel Durkheim, Chief of the Department of Pediatric Oncology at Mather Medical School, for custody of their ten-year-old daughter Jane. Mia also burns to take him down a peg. Sophie warns Mia that she's never handled a divorce case before, but Mia can't be put off. The way she sees it, it's her first divorce, too. For Sophie, the whole affair will spark a hard look at her own relationships—with her parents, colleagues, friends, lovers, and, most important, herself. A rich, layered novel told entirely through personal correspondence, office memos, e-mails, articles, handwritten notes, and legal documents, *The Divorce Papers* offers a direct window into the lives of an entertaining cast of characters never shy about speaking their minds. Original and captivating, Susan Rieger's brilliantly conceived and expertly crafted debut races along with wit, heartache, and exceptional comedic timing, as it explores the complicated family dynamic that results when marriage fails—as

well as the ever-present risks and coveted rewards of that thing called love.

Divorced After 56 Years Feb 05 2022 You've been served! How many people do you know, married fifty-six years, and at the age of 75, have been served divorce papers? OK...but at a New Year's Eve party? From that chilling humiliation, and the dissolution of my marriage, derived, *Divorced After 56 Years, Why Am I Sooo Happy?* The start of the New Year began the start of a new me. From that time forward, I learned and earned the right to give advice, with a smattering of zing, a touch of spice, and my own style of humor. This is much more than a divorce without remorse book. It's a primer (prim-err); an introduction to a study that teaches, not preaches. "Gray" divorce is epidemic in America. I want to prevent the ever increasing demographic of elder divorcees and singles, from making the mistakes I made while tripping and slipping to the finish line. I always assumed, like, before finding out you have an incurable disease, "it will never happen to me". Assume nothing. It can, and it did, for me, and for every man and woman who will read this. We all have our tales of woe. It's time to say, been there, done that. Now, Move on, Let go and Let's Go! One tip I learned is to not tell all, but to add more than a hint of mystery and a wicked knowing smile, while giving no explanations. This will drive your frenemies crazy, as they meet to eat and chew you up and spit you out over their salads at lunch. Regardless of your age, don't waste another moment in a relationship that is bad for your health. I learned the hard and expensive way. Let this primer be your guide to a smoother, less costly, far more satisfying, and dare I say, 'fun' way to start living while the living's good! Those who think, what is there for me, need to ask, what isn't there for me? I write of infinite options. Age be damned! Open my primer and let the fun of being a one, begin.

Bad Divorce Aug 31 2021 Bec Darden was a high-powered attorney who had spent her entire adult life building a fearsome reputation both in the courtroom and the boardroom. But once upon a time, she was also a naïve and romantic—aka idiotic—soul who'd married her college sweetheart on a whim just before graduating. She and Luke were young and in love and— No surprise, her marriage had been short-lived. Explosive. Miserable. And incredibly, incredibly short-lived. But now Luke Pearson was back in her life and with the worst possible news. Her marriage, the one she'd almost immediately regretted, and the subsequent divorce she'd paid through the teeth for by working insane hours and basically not sleeping for several years hadn't happened. As in she was still freaking married. Luke had been sexy in high school, gorgeous in college, but he was even hotter as a grown man and his reappearance in her life hadn't done anything to dampen the attraction she felt for him. But Bec had already learned that sex wasn't everything. One broken heart was enough, and she wasn't in the market to give Luke another chance at shattering her all over again. He needed to sign the divorce papers she drafted and leave her to her life. Except . . . what did they say about best laid plans? Because Luke wouldn't sign.
