The girl with the odds against her Sep 21 2020

Odds Against Tomorrow Aug 25 2023 NEW YORK CITY, the near future: Mitchell Zukor, a gifted young mathematician, is hired by a mysterious new financial consulting firm, FutureWorld. The business operates out of a cavernous office in the Empire State Building; Mitchell is employee number two. He is asked to calculate worst-case scenarios in the most intricate detail, and his schemes are sold to corporations to indemnify them against any future disasters. This is the cutting edge of corporate irresponsibility, and business is booming. As Mitchell immerses himself in the mathematics of catastrophe—ecological collapse, global war, natural disasters—he becomes obsessed by a culture's fears. Yet he also loses touch with his last connection to reality: Elsa Bruner, a friend with her own apocalyptic secret, who has started a commune in Maine. Then, just as Mitchell's predictions reach a nightmarish crescendo, an actual worst-case scenario overtakes Manhattan. Mitchell realizes he is uniquely prepared to profit. But at what cost? At once an all-too-plausible literary thriller, an unexpected love story, and a philosophically searching inquiry into the nature of fear, Nathaniel Rich's *Odds Against Tomorrow* poses the ultimate questions of imagination and civilization. The future is not quite what it used to be. An NPR Best Book of 2013

The Odds Against Me Jul 24 2023 If he's had a touch of larceny in him, he could have been the number one card sharp of ail time. Instead the author of these fabulous memoirs, born to a mother who considered gambling "the devils tool" put his extraordinary gifts to far different purposes. He has used his incredible gambling sense, his miraculously dexterous fingers (as a magician he vied with Houdini) his brilliant mathematical mind, and his fascination with carnival and gambling life, to become America's number one authority on gambling and odds. He is the greatest living practitioner and analyst of card and slight of hand (his artistry impressed FDR as well as underworld overlords). He has been consultant to the top casinos in Cuba, Puerto Rico, Las Vegas. He was chosen by the US Army in World War II to show GI's how not to be fleeced in crooked games. He was a front page witness in 1961 before the Senate's investigation of gambling and crime. There is nothing about the international gambling world - its personalities, stories, methods - that he doesn't know. And his own colorful and knowing personality makes his autobiography one of the most

fascinating documents of our day. " Illustrated with 16 pages of photographs, 537 pages.

Scorpion Reef Jul 12 2022 Aboard a ghost ship, sailors discover a tale of treasure, lust, and murder When the tanker finds the yacht, she is far from land, adrift in the middle of the Caribbean. No one is onboard, but the hold is stuffed with cash, the coffeepot is still warm, and a hint of perfume hangs in the air. The passengers have vanished, but the ship's log tells a chilling story of the madness peculiar to the search for sunken riches. The journal was written by salvage diver Bill Manning, who was out of money and out of luck when he met a statuesque Swede named Shannon. She and her husband hire him to sail them to the Yucatan coast, to find a plane that went down carrying untold wealth. But a pair of gangsters is pursuing them, hoping for a crack at the treasure as well. For the sake of Shannon's beauty Manning will chase this fortune, knowing it will take him to the height of riches, or to the bottom of the Caribbean Sea.

Odds & Ends (The Odds Series #3) Dec 05 2021 The ragtag Odds crew's useless gifts have gotten out of control. Farshad's thumbs are so strong that just trying to send a text will break his phone, and Cookie can now send mental directions instead of just listening in on them with her telepathy. To make matters worse, a bunch of their less-than-gifted classmates have become town celebrities thanks to their suspiciously good exam results. But Jay and Nick realize that all these whiz kids have parents who work for Auxano, so they race off to find out what's really going on. Fans won't want to miss the conclusion to the adventures of this motley group of heroes and their patchwork powers!

Against the Odds Feb 07 2022 In a memoir of failure and redemption, the renowned jockey describes his professional racing career and his long and difficult battle, with the help of his wife, Suzee, against alcoholism.

Against the Odds May 18 2020 Profiles the lives of eight NBA players, including Reggie Miller and Jayson Williams, who have overcome great obstacles in their climb to the top.

Odds Against Feb 19 2023 From the New York Times–bestselling “master of crime fiction and equine thrills,” a jockey turned investigator tackles crime in the horse racing world (Newsday). Dick Francis, Edgar Award–winning master of mystery and suspense, takes you into the thrilling world of horse racing. A hard fall took hotshot jockey Sid Halley out of the horse racing game, leaving him with a crippled hand, a broken heart, and the desperate need for a new job. Now he's landed a position with a detective agency, only to catch a bullet from some common thug. And things are about to get even more hectic. The agency is giving him a case to handle on his own. The case brings him to the door of Zanna Martin, a woman who might be just what Sid needs to get him back up and running. But he's up against a field of thoroughbred criminals, and the odds against him are making it a long shot that he'll even survive . . . “Dick Francis is a wonder.” —The Plain Dealer “An imaginative craftsman of high order.” —The Sunday Times “Few things are more convincing than Dick Francis at a full gallop.” —Chicago Tribune “Few match Francis for dangerous flights of fancy and pure inventive menace.” —Boston Herald “[The] master of crime fiction and equine thrills.” —Newsday “[Francis] has the uncanny ability to turn out simply plotted yet charmingly addictive mysteries.” —The Wall Street Journal “Francis is a genius.” —Los Angeles Times “A rare and magical talent . . . who never writes the same story twice.” —The San Diego Union-Tribune

Against The Odds Jun 23 2023 As Fleet is threatened by mutiny, class conflict, and power struggles, Esmay Suiza-Serrano finds herself

unceremoniously dismissed from Fleet and hurtled into the midst of warfare that threatens all galactic civilization.

Against All Odds Aug 01 2021 This book presents an overview of the ways in which women have been able to conduct mathematical research since the 18th century, despite their general exclusion from the sciences. Grouped into four thematic sections, the authors concentrate on well-known figures like Sophie Germain and Grace Chisholm Young, as well as those who have remained unnoticed by historians so far. Among them are Stanisława Nidodym, the first female students at the universities in Prague at the turn of the 20th century, and the first female professors of mathematics in Denmark. Highlighting individual biographies, couples in science, the situation at specific European universities, and sociological factors influencing specific careers from the 18th century to the present, the authors trace female mathematicians' status as it evolved from singular and anomalous to virtually commonplace. The book also offers insights into the various obstacles women faced when trying to enter perhaps the "most male" discipline of all, and how some of them continue to shape young girls' self-perceptions and career choices today. Thus, it will benefit scholars and students in STEM disciplines, gender studies and the history of science; women in science, mathematics and at institutions, and those working in mathematics education.

Against the Odds May 10 2022 The common thread among the 18 stories in *Against the Odds* is the way people can resourcefully overcome obstacles to realize their ambitions and dreams. The "odds" are varied in these skillfully written tales. An obstacle to one's success or happiness may lie in one's own character or the prejudice of someone else. A potential employer may cast a suspicious eye on an individual's background. A guardian seems reluctant to sponsor any further education for his charge. Other characters here are looking as much for increased self-respect as financial reward or better training. Set in locales as varied as Ontario, Saskatchewan, and Prince Edward Island, the stories of *Against the Odds* are peopled with orphans, teachers, actors, struggling single-parent families, intransigent relatives. It's a world, though distant from our own, where Montgomery's characters have problems similar to ours, and their methods of solving them are not very different from what we would try.

Odds Against the House Aug 13 2022 How long would it take to fulfill his dire aspiration to win it big? Almost 50yrs. later, this story life lived is overwhelming and of course, the devil is in the details are overdue, and must be finally told...Father-Time shares an unusual, yet unique account of how a Black Man became a well-known Poker Player in a White Man's Game. As this non-fiction fate unfolds, you will experience a plethora of emotional twist and turns from excitement, Joy, laughter to heart-wrenching pain, sorrow, suffering as the money rains down...

What Are the Odds? Apr 16 2020 This book looks at life (and death) on Earth and beyond in terms of probability: from the odds against being born in the first place, to the odds against dying a natural death, plus the chances of everything that might happen in-between: becoming a successful sportsman, a millionaire, the President of the United States, or just spending your life getting struck by lightning. From the unluckiest human being to the most blessed, this is an amusing and amazing reminder of what each one of us faces in life, and a pointer as to whether we are likely to see our hopes come true or are more likely to have our worst fears realized. "What Are the Odds "lets you see how it all stacks up."It tells the stories of those who have defied the odds, and looks ahead at the chances of things to come: a monkey writing the complete works of Shakespeare, a human landing on Mars, or maybe even discovering intelligent life elsewhere in the universe. Everything may not be possible - but there is a probability for everything. Attractively illustrated throughout.

The Odds Against Us Mar 20 2023 In a time of heart-stopping terror and magnificent human triumph, the citizens of Britain rose up, refusing to buckle under the brutal bombing assault of a relentless enemy. Here is the story of a handful of ill-equipped British flyers who confronted the mightiest air force on Earth!

The Odds Are Against Us Apr 28 2021 When victory seems impossible.....Heroism is the only option. To survive on the battlefield, you must go far

beyond what you ever imagined possible. From a Marine in Vietnam trying to get back home, to Roman soldiers facing an Icenian rebellion; from cynical mercenaries in the harsh Chadian desert, to a Yazidi girl fighting for her freedom; from Soviet conscripts trying to survive war in Afghanistan, to American bomber pilots lost at sea. Experience the triumph of the human spirit even in the face of death. Includes eight short stories of military fiction from from skilled authors, some of whom are veterans themselves. With works from... Joseph Benedetto Ron Farina John Floyd Jake Lithua Sophie Michaels Frank Scalise Janis Snepsts Jim Wilsky

Against All Odds Apr 09 2022 *The instant New York Times bestseller* The untold story of four of the most decorated soldiers of World War II—all Medal of Honor recipients—from the beaches of French Morocco to Hitler's own mountaintop fortress, by the national bestselling author of *The First Wave* "Pitch-perfect."—*The Wall Street Journal* • "Riveting."—*World War II* magazine • "Alex Kershaw is the master of putting the reader in the heat of the action."—Martin Dugard As the Allies raced to defeat Hitler, four men, all in the same unit, earned medal after medal for battlefield heroism. Maurice "Footsie" Britt, a former professional football player, became the very first American to receive every award for valor in a single war. Michael Daly was a West Point dropout who risked his neck over and over to keep his men alive. Keith Ware would one day become the first and only draftee in history to attain the rank of general before serving in Vietnam. In WWII, Ware owed his life to the finest soldier he ever commanded, a baby-faced Texan named Audie Murphy. In the campaign to liberate Europe, each would gain the ultimate accolade, the Congressional Medal of Honor. Tapping into personal interviews and a wealth of primary source material, Alex Kershaw has delivered his most gripping account yet of American courage, spanning more than six hundred days of increasingly merciless combat, from the deserts of North Africa to the dark heart of Nazi Germany. Once the guns fell silent, these four exceptional warriors would discover just how heavy the Medal of Honor could be—and how great the expectations associated with it. Having survived against all odds, who among them would finally find peace?

Winning Against the Odds Jun 18 2020 *Winning Against the Odds* tells the captivating story of one of England's most fascinating and eccentric men. *All Odds Against Us* Nov 23 2020 A journey into the lives of the less fortunate. By ways of irresponsible parental caregivers, dysfunctional homes, communities, schools and mind sets. Deep within trials and tribulations of poverty, hardships and heartaches faced on a daily. Ms. Betty a foster mom to children from situations that rob or deter greatness and purpose. Just needing a chance to be in a thriving and positive environment. That provides guidance, inspiration and motivation in unordinary ways. Ms. Betty creates an opportunity of true loyalty and love within a supportive family setting, regardless of natural bloodline and kinship. In this unified family structure are those that celebrate, appreciate and elevate one another. Instilling the fact that no matter what your situation is, or where you come from with determination and will power you can overcome obstacles. Even when all odds seem against you.

Odds Against Oct 03 2021

The Odds Against Betting. Second Edition Dec 17 2022

The Mighty Odds (The Odds Series #1) Jun 11 2022 From the renowned author/illustrator of the Popularity Papers series, Amy Ignatow, comes the first installment in a new series about a diverse crew of middle school kids who develop very limited superhero powers after a strange accident and manage to become unlikely friends on the adventure of a lifetime. When a sweet nerd, an artsy cartoonist, a social outcast, and the most popular girl in school are involved in a mysterious bus accident, this seemingly random group of kids starts to notice some very strange abilities they did not have before. Artsy Martina can change her eye color. Nerdy Nick can teleport . . . four inches to the left. Outcast Farshad develops super strength, but only in his thumbs. And Cookie, the It Girl of school's most popular clique, has suddenly developed the ability to read minds . . . when those minds are thinking about directions. They are oddly mighty—especially together. This group—who would never hang out under normal circumstances—must

now combine all of their strengths to figure out what happened during the bus accident. With alternating narratives from each of the heroes, including illustrated pieces from Martina, and featuring bold female superheroes and a multicultural cast, *The Mighty Odds* is *The Breakfast Club* for a new generation. For more books by Amy Ignatow, check out her critically acclaimed *Popularity Papers* series: *Book One: Research for the Social Improvement and General Betterment of Lydia Goldblatt and Julie Graham Chang*; *Book Two: The Long-Distance Dispatch*; *Book Three: Words of (Questionable) Wisdom*; *Book Four: The Rocky Road Trip*; *Book Five: The Awesomely Awful Melodies*; *Book Six: Love and Other Fiascos*; and *Book Seven: The Less-Than-Hidden Secrets and Final Revelations*.

The Odds Against Us Aug 21 2020

Against the Odds (The Odds Series #2) Apr 21 2023 In the second title in the slam-dunk new series from bestselling author Amy Ignatow, the Odds are back and trying to figure out just who inflicted these lame abilities on them in the first place. Nick can still teleport four inches to the left, and Farshad's thumbs are still super strong. Cookie can still read minds, if they're thinking of directions, and Martina can still change the color of her eyes. But now, Martina can see the invisible, and when Nick is super stressed, he can move a lot farther than four inches. As their powers evolve in possibly dangerous ways, the Odds are even more determined to solve the mystery of their origin, but it means interacting at school—a serious social risk to popular girl Cookie. Soon, it becomes clear that Auxano, the chemical company that employs half the town, is involved. With the help of some renegade Amish teenagers and Ed, the invisible bus driver, this unlikely group of companions will uncover a nefarious experiment in which they've become unwitting test subjects. They'll also begin to become something even more incredible—friends.

The Odds Against May 22 2023

Against the Odds Nov 04 2021 From New York Times bestselling author Kat Martin's comes another suspenseful story in the the Raines of Wind Canyon series! Sabrina Eckhart is on the hunt for hidden silver mine in the West Texas desert, which would solve all her financial. That is, if she can find it. The man with the skills she needs is private investigator Alex Justice—a former navy fighter pilot and a current pain in the neck. When mysterious “accidents” start to plague their search, it seems Rina's multi-acre inheritance might be more a curse than a blessing. But the vultures are circling, and if they don't watch their backs, the relentless desert sun could be the last thing Rina and Alex ever see. “Kat Martin is a fast gun when it comes to storytelling, and I love her books.” —#1 New York Times bestselling author Linda Lael Miller Originally in 2013.

Life in and Against the Odds Jun 30 2021 Somehow people continue to imagine a world of justice against the odds of a deck that has been stacked against them. In her urgent and perceptive book, *Life in and against the Odds*, Hoechst focuses on the particular circumstances and conditions of different phases of speculative expansion in the United States. She traces the roots of the nation-state to nineteenth-century land markets and slave exchanges. Hoechst also chronicles how these racial foundations extend through corporate capitalism from the 1920s and '30s to the present era of financialized capitalism and the recent housing bubble. *Life in and against the Odds* identifies where and how speculative nationalism creates roadblocks to freedom. Hoechst retells the history of the United States with a perspective on how human lives are made, destroyed, reconfigured, and claimed under the systemic violence of a nation that is rooted in the racializing futurity of speculative capitalism.

The Odds against us Oct 15 2022

The odds against us Jan 18 2023

Odds Against Tomorrow Oct 23 2020 *Odds Against Tomorrow* (1959), which stars Harry Belafonte, Robert Ryan, Ed Begley, and Gloria Grahame, is written by blacklisted screenwriter Abraham Polonsky and directed by Robert Wise. The last great film noir of the black and white era it reflects the author's strong social conscience as racial conflict is portrayed as central to the failure of a bank robbery. This publication of the complete script

blends the shooting script (written before the film was shot) and the continuity script (the elements which are contained in the finished film). The critical analysis draws extensively on specially conducted interviews with Robert Wise, Harry Belafonte and Abraham Polonsky. Discussed in depth are the significance of a black protagonist within the film noir genre; the adaptation from William McGivern's novel; and the critically celebrated jazz score by John Lewis of the Modern Jazz Quartet.

The Odds Against Dec 25 2020

Casino Craps Mar 28 2021 Learn the ins and outs of craps to beat the casinos and win more money. Of all the games in the casino, only one allows the player to engage the house in a fair fight. Craps, when played intelligently and prudently, reduces the house advantage to a miniscule .6 percent, a margin that can be overcome with smart betting and simple money management. How could casinos afford to offer such a winnable game? What's the catch? For players willing to devote a little time and patience learning the ins and outs, there is no catch! Here is the most comprehensive, expert, and reader-friendly guide to casino craps ever written. Robert R. Roto, a documented lifetime winner, has dissected the odds like a surgeon and formulated several systems of variable risk and aggressiveness—all guaranteed to maximize the player's chances of winning. Whether you are betting with \$5 or \$1,000 chips, whether you play "right" or "wrong," whether your strategy is to come in on the Pass line and then switch to Don't Pass, or you employ the "just did—do that" session rule, Roto will teach you how to milk the casino odds for every percentage point possible. Too many players refuse to learn the nuances of the game, insisting instead on fattening the casino's bankroll. Wouldn't you rather join the author in the winners' club?

The Odds Against Them May 30 2021

Against the Odds Sep 14 2022 When Kiki's father goes missing during his volunteer work as a doctor in a war zone, she does what she thinks she must to improve the odds of his coming home.

Hustling Against the Odds Sep 02 2021 Hustling Against the Odds—the book and title was inspired by a national bestseller I read given to me by my father, a book he read while in prison called *Succeeding Against the Odds*, which is an autobiography by John H. Johnson, who was an American businessman. John H. Johnson was a black man who succeeded going against the odds a black man commonly faces in the American society. My book goes into the odds I faced as a black man in that same society, making the accomplishments I have this far in life but from a different, more unique perspective. My book is a tell-all about my journey in life thus far and highlights the truth about the American society as it relates to every black person.

Fighting the Odds Jan 06 2022 I'd prepared myself for a life without love. Lost my parents and anyone else I got close to. Nothing good ever stays for long. I'm a statistic after all. Former foster kid. Former drug addict, alcoholic. Always thought I was destined to be alone. Always felt like I wasn't worth a damn. Then Carla Evans walked into my life. One look at her in that uptight, buttoned-up outfit and I knew I had to have her. For a night, I'd indulge myself in the fantasy of a girl like her actually wanting a guy like me. Then she moved here with no job and that ridiculous bucket list. I knew she needed my help. I just didn't expect to need hers. I spent a long time letting myself believe I didn't deserve happiness. It took me a while (and a whole lot of therapy) to realize I'd had it all wrong. Now I know. And now I have to tell her. **Fighting the Odds* deals with sensitive topics like drug addiction, death, foster care, homelessness, and miscarriage. But it is also an inspirational story of love, friendship, hope, and finding your inner warrior.
