Missing Pieces Apr 26 2023 In this story you will find out about two very similar characters, Bill, & Morrison. They go through what I would call "a different struggle". It's not as bad as the killing and murdering in Chicago, but it is real deep! It shows the struggles people don't want to talk about. Lots of downfalls that lead to both characters getting back on top! At the end of this book will make you realize a lot.

**The Missing Pieces** Jun 28 2023 An incantatory catalog of cultural artifacts either lost to time or never realized. • A boarder for two years following a national funeral, Mirabeau is removed from the Pantheon and transferred to the cemetery of Clamart when his pornographic novels are discovered • A photograph taken by Hessling on Christmas night, 1943, of a young woman nailed alive to the village gate of Novimgorod; Hessling asks his friend Wolfgang Borchert to develop the film, look at the photograph, and destroy it • The Beautiful Gardener, a picture by Max Ernst, burned by the Nazis —from *The Missing Pieces* *The Missing Pieces* is an incantatory text, a catalog of what has been lost over time and what in some cases never existed. Through a lengthy chain of brief, laconic citations, Henri Lefebvre evokes the history of what is no more and what never was: the artworks, films, screenplays, negatives, poems, symphonies, buildings, letters, concepts, and lives that cannot be seen, heard, read, inhabited, or known about. It is a literary vanitas of sorts, but one that confers an almost mythical quality on the enigmatic creations it recounts—rather than reminding us of the death that inhabits everything humans create. Lefebvre's list includes Marcel Duchamp's (accidentally destroyed) film of Man Ray shaving off the Baroness Elsa von Freytag-Loringhoven's pubic hair; the page written by Balzac on his deathbed (lost); Spinoza's Treatise on the Rainbow (thrown into a fire); the final seven meters of Kerouac's original typescript for *On the Road* (eaten by a dog); the chalk drawings of Francis Picabia (erased before an audience); and the one moment in André Malraux's life in which he exclaimed "I believe, for a minute, I was thinking nothing." *The Missing Pieces* offers a treasure trove of cultural and artistic detail and will entertain even those readers not enamored of the void.

Missing Pieces Nov 21 2022 The personal odyssey of a man with a disability, this passionate book tries to tell as well as analyze what it is like to have a disability in a world that values vigor and health. Zola writes, "Missing Pieces is an unraveling of a social problem in the manner of Black Like Me. Like its author, I, too, am a trained social observer, but for me 'passing' was not an issue. For I already have the stigmata of the disabled--the braces,

the limp, the cane--though I have spent much of my life denying their existence." The author started out in the role of a social scientist on a seven-day excursion to acquaint himself with an extraordinary experiment in living--Het Dorp, one of the few places in the world designed to promote "the optimum happiness" of those with severe physical disabilities. Neither a medical center nor a nursing home, Het Dorp is a village in the western-most part of the Netherlands. What began as a sociological attempt to describe this unusual setting became, through the author's growing awareness, what can only be called a socio-autobiography. Resuming his prior dependence on a wheelchair, the author experienced his own transformation from someone who is "normal" and "valid" to someone who is "invalid." The routine of Het Dorp became his: he lived in an architecturally modified home, visited the workshops, and shared meals, social events, conversation, and perceptions with the remarkably diverse residents. The author confronts some rarely discussed issues--the self-image of a person with a chronic disability, how one fills one's time, how one deals with authority and dependence, and love and sex. *Missing Pieces* offers striking insights into an aspect of the human condition shared by nearly 30 million Americans. It is must-read for the general reader, as well as for the rehabilitation counselor, social worker, or social scientist.

*Missing Pieces* Sep 27 2020 Tyler Stevens Five years ago my world shattered into a million tiny pieces. I held onto the first positive thing that came into my life after that - a girl who I could never have. Because her smile made me feel whole again. Her laughter warmed my soul. The thought of her made me feel less broken. The only problem was that she didn't love me back. I waited. I tried. I hoped. But I failed. She just married someone else. I'm shattered again. So I'm driving across country toward my new future, trying to escape my past, trying to pick up my own pieces this time. But then I met Hailey Shaw. She came into my life like a whirlwind. Opinionated, full of energy, and sexy as hell. Before her, what if I didn't know what love really was? What if the decision I made a few days ago, at one of my lowest points, is going to make me lose out on happiness once again? - Hailey Shaw I didn't like to rely on other people. I learned at a young age that my dad and I were on our own. But now my dad's sick. And I'll do whatever it takes to save him. Even if it means facing my biggest fears. Even if it means climbing in a stranger's car and driving across the country with him. And I'm not talking about just any stranger. Because Tyler Stevens is different than anyone I've ever met before. He's the first boy that's made my heart race in five years. The first boy that makes me want to trust. The first boy that makes me feel whole again. But he's in love with someone else. I've spent my whole life being second, cast aside, unwanted. I can't do it again. So why am I falling for the one boy I can't keep?
