Now you can play along as playwright J. M. Barrie summons the courage to become the writer he yearns to be - When Barrie meets the beautiful widow Sylvia and her four young sons: Jack, George, Michael and Peter, he finally finds the inspiration he's been searching for. Entertained by the boys' escapades, Barrie conjures up the magical world of Neverland and writes a play unlike any the high-society London theatre-goers have ever seen. It's a tremendous risk, but as Barrie himself has discovered— When you believe, you can fly. (Vocal Collection). (Faber Piano Adventures ). Written for ages 5 and 6, My First Piano Adventure captures the child's playful spirit. Fun-filled songs, rhythm games and technique activities develop beginning keyboard skills. Three distinguishing features of the Lesson Book A make it unique and effective for the young 5-6 year old beginner. 1. A strong focus on technique embedded in the book through playful technique games, chants, and carefully-composed pieces that gently lead the child into pianistic motions. 2. An outstanding CD for the young student to listen, sing, tap, and play along with at the piano. The orchestrated songs on the CD feature children singing the lyrics, which has great appeal to the 5-6 year old beginner. The CD becomes a ready-made practice partner that guides the student and parent for all the pieces and activities in the books. 3. The fanciful art features five multi-cultural children who are also learning to play. These friends at the piano introduce basic rhythms, white key names, and a variety of white and black-key songs that span classical, folk, and blues. Young students will listen, sing, create, and play more musically with Nancy and Randall Faber's My First Piano Adventure, Lesson Book A. The Lesson Book introduces directional pre-reading, elementary music theory and technique with engaging songs, games, and creative discovery at the keyboard. Young students will enjoy the multi-cultural "friends at the piano" who introduce white-key names, basic rhythms, and a variety of songs which span classical, folk, and blues. Ear-training and eye-training are also part of the curriculum. The Fabers' instructional theory

"ACE" - Analysis, Creativity, and Expression, guides the pedagogy of My First Piano Adventure. Analysis leads to understanding, creativity leads to self-discovery, and expression develops personal artistry. The CD for this book offers a unique listening experience with outstanding orchestrations and vocals. The recordings demonstrate a key principle of the course: when children listen, sing, tap, and move to their piano music, they play more musically. The Express Publishing Showtime Readers is a

brand new series of books at four levels, which introduce students to classic children's stories in English, using a unique approach with special emphasis on dramatisation. Students first enjoy the story as a reading text in several two-page episodes with beautiful illustrations. Each episode is accompanied by language activities to help comprehension and consolidate learning. The same story is then brought to life as a complete musical play which students can perform at the end of the school year. Each reader includes a biography of the author, a brief summary of the plot, character descriptions and a picture dictionary. The accompanying audio CDs provide a fully-dramatised recording of both the reading text and the play, together with all songs, incidental music and sound effects. The Teacher's book includes a key to the reading activities, plus the playscript with full stage directions, sheet music and lyrics for all the songs, as well as detailed suggestions about choreography, set design and construction, costumes and more. For classes without sufficient time to stage a full production of the play, there are charming cutout characters to be used in a puppet theatre presentation. (Piano Vocal). The ultra-clandestine Open Water Exploration Company realized it possessed the means to conduct viable space travel in 1973, without spaceships or having to travel into outer space! They created a machine-generated, macro-electromagnetic door into an accidently-discovered parallel reality and sent an expedition to see what is on the other side! A macro-electromagnetic field generated in open ocean allowed Expedition ships to literally float from our reality to a parallel, Alternate World, separated from ours by master macro-electromagnetic frequencies. The ships behaved like TV characters walking from one channel to another! Adventure Dragons of the Neverland picks up the exciting story of the ultra-clandestine Open Water Exploration Company's first Expedition into the Alternate World, as and even just before the first book, Adventure Into The Neverland ends while preparing and launching Expedition 2 continuing the environment of suspense and adventure, triumphs and tragedies experienced by readers of Adventure--Volume 1.
