The instant New York Times bestseller By the acclaimed author of *In the Realm of Hungry Ghosts*, a groundbreaking investigation into the causes of illness, a bracing critique of how our society breeds disease, and a pathway to health and healing. In this revolutionary book, renowned physician Gabor Maté eloquently dissects how in Western countries that pride themselves on their healthcare systems, chronic illness and general ill health are on the rise. Nearly 70 percent of Americans are on at least one prescription drug; more than half take two. In Canada, every fifth person has high blood pressure. In Europe, hypertension is diagnosed in more than 30 percent of the population. And everywhere, adolescent mental illness is on the rise. So what is really “normal” when it comes to health? Over four decades of clinical experience, Maté has come to recognize the prevailing understanding of “normal” as false, neglecting the roles that trauma and stress, and the pressures of modern-day living, exert on our bodies and our minds at the expense of good health. For all our expertise and technological sophistication, Western medicine often fails to treat the whole person, ignoring how today’s culture stresses the body, burdens the immune system, and undermines emotional balance. Now Maté brings his perspective to the great untangling of common myths about what makes us sick, connects the dots between the maladies of individuals and the declining soundness of society—and offers a compassionate guide for health and healing. Cowritten with his son Daniel, *The Myth Of Normal* is Maté’s most ambitious and urgent book yet. Books 1-3 of the *Mates, Dates* series. Meet the girls in *Mates, Dates and Inflatable Bras*, in which Lucy bemoans her boyish figure and the girls help her realise that she is a fantastic person with many talents... Then in *Mates, Dates and Cosmic Kisses* Izzie meets the boy of her dreams only to discover that he never calls or does anything he promises to do. When Izzie loses her perspective, her friends help her take a reality check... Nesta has always been the one with the most glamour and finds being a boy magnet no problem. When she meets Simon in *Mates, Dates and Portobello Princesses*, they are a perfect couple. But Simon comes from a wealthy background, and for the first time in her life, Nesta loses her confidence. Finding out who her friends are and what is really important to her helps re-build Nesta's confidence. At the *Cake-ily Ever After* bakery in Kinship Cove, three sisters are about to meet their matches and prove that a man with a little silver in his hair can make one heck of a mate...if the fates allow it. **CANDIED WOLF** One human with a horrible dating history, one wolf shifter in town for a celebration, and one chance meeting that throws them together in fate. Like father, like son has never been so wrong...or so right. **SUGAR DRAGON** One human with a no-holds-barred attitude toward dating, one dragon shifter with an attitude, and one opposites attract mating that starts with a spark. **HONEY BEAR** One human who's been pining for her love, one bear shifter with more morals than instincts, and a friends-to-lovers romance hotter than concrete in July. Three books, three fun & flirty romances from the *Mates & Macarons* series. Welcome to Kinship Cove, where shifters rule the town and there's no such thing as out of the ordinary. 1. He told me that two Alphas cannot be together, that our mating wasn't real. Yesterday, my sister called and told me that Logan passed away, leaving behind an Omega and a child. Today, I'm at Logan's funeral. Why am I offering to look after his little family? Why am I the only one who will help them? Sterling Logan and I had everything we ever wanted. Then he was ripped away from us in a car crash. Logan's family doesn't care for me after the funeral, so one of Logan's old friends steps in. Only, in all the commotion, I didn't keep an eye on my calendar, and my heat starts at the most inconvenient of times. And why is Logan's friend reacting to my heat? Only true mates are supposed to react to a mated Omega... What's going on? Making a Family When your idea of asking a cute Omega to be your pretend-husband for a weekend takes an unexpected turn... Clay I have my pride as an Alpha, and I don't want to be the only unmated sibling at my youngest sister's wedding. What's a successful, but bachelor, Alpha to do? Well, maybe ask the cute Omega frequenting my cafe to be my fake husband for the weekend. Only, I didn't expect a weekend of fun to go so very differently... Aiden The day after my sister leaves her three-month-old to look after, to be the parent she can't be, I get an odd request from the handsome Alpha running the cafe I frequent. And who can resist a request from the only man able to make me smile this week? So, I show up, play the role of adoring husband, and that's when things go a little off-script... Omegas' Destined Alpha Two Omegas. One kiss. And an Alpha who wasn't supposed to see it happen... Nathan I'm supposed to be an author, but I haven't finished a book in years. Not since things got out of control. So, to hopefully get back on my feet, I move to a new city, start teaching at college and suddenly find myself intrigued by two Omegas that pass me by every morning. One day, on a whim, I follow them and see something I shouldn't have seen. A kiss. A beautiful kiss. And it's the start of a journey I never expected to make... Zeke I fled from the arranged marriage my parents set up for me and I was ready to give up on love entirely, and then my best friend saved his younger Omega brother, Wes, from a bad situation and suddenly I was falling, head over heels. It's amazing to be at Wes' side and to see him flourish, even if our relationship is a little complicated, we're making it work. Maybe love isn't so bad after all. What I hadn't counted on was the Alpha walking into the cafe, and the way my eyes keep getting drawn to him... Wes After my brother saved me from my abusive ex, I'm getting my feet back under me. I'm finally doing the things I was never able to do, like having a job and going to college. It's not easy to combine it with caring for my four children. But with my Omega boyfriend Zeke and my brother's family at my side, we make it work, they're all the people I'll ever need. Until, one morning, an Alpha walks into the cafe that I work at, and he asks Zeke and me out on a date, together...

At the height of Australia's 1970s recession, two young men leave home seeking fame and fortune. They travel through Queensland's outback looking for work and arrive in Mount Isa, near broke. The city takes them in and so begins the adventure of creating their lives in the remote, rough and tumble environment of one of Australia's biggest mining communities. Set in among the hot, dry and arid landscape of Queensland's Gulf Country, the two newcomers discover both the delights and difficulties of living far inland from their coastal origins. A variety of jobs take them to places that few people would have ever experienced, from prospecting deep in the bush to dark, damp mines located thousands of metres underground. Mates is a great story infused with warm Australian characteristics and humour. The region's great mining history, Aboriginal people and extraordinary bushland have all been thoroughly researched and richly described by author Stephen Outram. Fitzgerald Everest did what any loyal son would do; he married the woman his father told him to marry to protect the family's future. Yet, what does that mean for his Destined Mate? Kinsey Pickford needed to escape. Denied her mate, she knew it was only a matter of time before the pull of the mating call drove her crazy. Her only recourse was to escape to Bull Creek. Amanda Everest wasn't sure what it meant to marry into the Everest family or what a Destined Mate truly was until she noticed her husband's odd behavior. Now, she needed to make some hard choices to save the man she had grown to love. When the heart is pulled in two directions, who will keep it from being ripped apart? This book helps new couples cultivate a strong spiritual union with 52 devotions from two authorities on marriage enrichment. When two people form a relationship or marry, they begin to move towards one another with the expectation of closeness. The emotionality or intensity that accompanies this process, however, may result in fusion followed by a desperate need for space or distance. *Intrusive Partners - Elusive Mates* is the first book to deal exclusively with the pursuer-distancer interaction, and to focus significant attention on the emerging male pursuer-female distancer dynamic. This book revisits Fogarty's work, traces the concept over time and across different professional fields, and discusses in detail the concepts correlation with gender issues and social change. A detailed, step-by-step model of treatment to aid in de-escalating this potentially problematic style is also offered. The model in and of itself is unique because it integrates psychoanalytic conflict theory and psychodynamic systems theory into one treatment approach. This book is intended to offer the therapist a model for understanding and effectively discussing this dynamic, while at the same time allowing couples to read and explore it on their own. Collared and controlled, Shifters are outcast from humanity, forced to live in Shiftertowns. But waiting within are passions that no collar can contain... But when beautiful attorney Kim Fraser enters Shiftertown alone in order to prove her client's innocence, Liam's alpha nature leaves him no choice but to offer his protection. Tristan Massey didn't set out to become the alpha of Fraser Lake's werewolf pack. All he wanted to do was borrow a car. But he couldn't ignore the dangerous direction his beloved pack was heading in. Jake Trenton, tiger shifter, has a secret far more important than his unrequited love for his best friend. One that he will do anything to protect, even move thousands of miles away from everything he's ever loved. One night of passion ends with a mistake that ties them together for life and ends in disaster. While Tristan struggles with the consequences of letting go of his rigid control, Jake must decide whether he can show, and accept, his true nature. On the verge of bleeding out and hunted by his merciless torturers, Talon has no choice but to seek sanctuary at Underworld, a nightclub run by a jaguar shifter liable to kill him on sight for being a tiger shifter male. When Talon reveals the name of his captors, and his plan to head back in to save his friends, will Sherry be brave enough to embrace the feelings he stirs in her and step deeper into the world of immortals?
