Volume One of Clive Barker's seminal Books of Blood contains the stories: 'The Book of Blood', 'The Midnight Meat Train', 'The Yattering and Jack', 'Pig Blood Blues', 'Sex, Death and Starshine', 'In the Hills, the Cities'. With the 1984 publication of Books of Blood, Clive Barker became an overnight literary sensation. He was hailed by Stephen King as "the future of horror", and won both the British and World Fantasy Awards. Now, with his numerous bestsellers, graphic novels, and hit movies like the Hellraiser, Clive Barker has become an industry unto himself. But it all started here, with this tour de force collection that rivals the dark masterpieces of Edgar Allan Poe. Read him and rediscover the true meaning of fear. (Faber Piano Adventures). Time magazine called Mortimer J. Adler a "philosopher for everyman." In this guide to considering the big questions, Adler addresses the topics all men and women ponder in the course of life, such as "What is love?", "How do we decide the right thing to do?", and "What does it mean to be good?" Drawing on his extensive knowledge of Western literature, history, and philosophy, the author considers what is meant by democracy, law, emotion, language, truth, and other abstract concepts in light of more than two millennia of Western civilization and discourse. Adler's essays offer a remarkable and contemplative distillation of the Great Ideas of Western Thought. This volume examines the concerns - political, literary, and identity-based - of contemporary Asian American literatures in neoliberal times. In all six of its volumes *The Broadview Anthology of British Literature* presents British literature in a truly distinctive light. Fully grounded in sound literary and historical scholarship, the anthology takes a fresh approach to many canonical authors, and includes a wide selection of work by lesser-known writers. The anthology also provides wide-ranging coverage of the worldwide connections of British literature, and it pays attention throughout to issues of race, gender, class, and sexual orientation. It includes comprehensive introductions to each period, providing in each case an overview of the historical and cultural as well as the literary background. It features

accessible and engaging headnotes for all authors, extensive explanatory annotations, and an unparalleled number of illustrations and contextual materials. Innovative, authoritative and comprehensive, *The Broadview Anthology of British Literature* has established itself as a leader in the field. The full anthology comprises six bound volumes, together with an extensive website component; the latter has been edited, annotated, and designed according to the same high standards as the bound book component of the anthology, and is accessible by using the passcode obtained with the purchase of one or more of the bound volumes. The second edition of volume 4: *The Age of Romanticism* includes James Hogg, Matthew Gregory Lewis, and John Polidori as well as new selections by Mary Shelley, Sir Walter Scott, Maria Edgeworth, Anna Laetitia Barbauld, and Percy Shelley. The new edition also includes two new sections of contextual materials. New to the bound book is "The Natural, The Human, The Supernatural, and the Sublime"—a section that includes not only a good selection of material from writers such as Edmund Burke and artists such as J.M.W. Turner but also material that may be less well known on topics such as changing human attitudes towards non-animals. New to the website is a wide-ranging selection of contextual materials on the Industrial Revolution, entitled "Steam Power and the Machine Age". Additional highlights of this volume include: Jane Austen's *Lady Susan*, a lesser-known but wonderfully readable

epistolary short novel; "A Hymn to Na'ra'yena" by Sir William Jones; and, in an exception to the anthology's general policy of including works in their entirety, Mary Shelley is represented by the last two chapters of *The Last Man* and by a selection of letters. *A Companion to British Literature, Victorian and Twentieth-Century Literature, 1837 - 2000* theological, philosophical, scientific, social, and psychological matters, plans for and fragments of works, and many other items of great interest. This fourth double volume of the *Notebooks* covers the years 1819 through 1826. The range of Coleridge's reading, his endless questioning, and his recondite sources continue to fascinate the readers. Included here are drafts and full versions of the later poems. Many passages reflect the technological interests that led to Coleridge's writing of *Aids of Reflection*, later to become an important source for the Transcendentalists. Another development in this volume is the startling expansion of Coleridge's interest in "the theory of life" and in chemistry--the laboratory chemistry of the Royal Institution of Great Britain and the theoretical chemistry of German transcendentalists such as Oersted, Steffens, and Oersted. Also contained in this volume is an important section on the meaning of marriage. Kathleen Coburn is Professor Emerita at Victoria College of the University of Toronto. The volume contains five chapters which investigate the early Christian appropriations of Jewish apocalyptic material. An introductory chapter surveys ancient perceptions of the apocalyses as well as their function, authority, and survival in the early Church. The second chapter focuses on a specific tradition by exploring the status of the Enoch-literature, the use of the fallen-angel motif, and the identification of Enoch as an eschatological witness. Christian transmission of Jewish texts, a topic whose significance is more and more being recognized, is the subject of chapter three which analyzes what happened to 4,5 and 6 Ezra as they were copied and edited in Christian circles. Chapter four studies the early Christian appropriation and reinterpretation of Jewish apocalyptic chronologies, especially Daniel's vision of 70 weeks. The fifth and last chapter is devoted to the use and influence of Jewish apocalyptic traditions among Christian sectarian groups in Asia Minor and particularly in Egypt. Taken together these chapters written by four authors, offer illuminating examples of how Jewish apocalyptic texts and traditions fared in early Christianity. Editors James C. Yu's translation of The Journey to the West, initially published in 1983, introduced English-speaking audiences to the classic Chinese novel in its entirety for the first time. Written in the sixteenth century, The Journey to the West tells the story of the fourteen-year pilgrimage of the monk Xuanzang, one of China's most famous religious heroes, and his three supernatural disciples, in search of Buddhist scriptures. Throughout his journey, Xuanzang fights demons who wish to eat him, communes with spirits, and traverses a land riddled with a multitude of obstacles, both real and fantastical. An adventure rich with danger and excitement, this seminal work of the Chinese literary canon is by turns allegory, satire, and fantasy. With over a hundred chapters written in both prose and poetry, The Journey to the West has always been a complicated and difficult text to render in English while preserving the lyricism of its language and the content of its plot. But Yu has successfully taken on the task, and in this new edition he has made his translations even more

accurate and accessible. The explanatory notes are updated and augmented, and Yu has added new material to his introduction, based on his original research as well as on the newest literary criticism and scholarship on Chinese religious traditions. He has also modernized the transliterations included in each volume, using the now-standard Hanyu Pinyin romanization system. Perhaps most important, Yu has made changes to the translation itself in order to make it as precise as possible. One of the great works of Chinese literature, *The Journey to the West* is not only invaluable to scholars of Eastern religion and literature, but, in Yu's elegant rendering, also a delight for any reader.
