Bennie H. Reynolds analyzes of the language (poetics) of ancient Jewish historical apocalypses. He investigates how the dramatis personae, i.e., deities, angels/demons, and humans are described in the Book of Daniel (chapters 2, 7, 8, and 10-12) the Animal Apocalypse (1 Enoch 85-90), 4QFourKingdoms(a-b) ar, the Book of the Words of Noah (1QapGen 5 29-18?), the Apocryphon of Jeremiah C, and 4QPseudo-Daniel(a-b) ar. The primary methodologies for this study are linguistic- and motif-historical analysis and the theoretical framework is informed by a wide range of ancient and modern thinkers including Artemidorus of Daldis, Ferdinand de Saussure, Charles Peirce, Leo Oppenheim, Claude Lévi-Strauss, and Umberto Eco. The most basic contention of this study is that the data now available from the Dead Sea Scrolls significantly alter how one should conceive of the genre apocalypse in the Hellenistic Period. This basic contention is borne out by five primary conclusions. For example, while some apocalypses employ symbolic language to describe the actors in their historical reviews, others use non-symbolic language. Some texts, especially from the Book of Daniel, are mixed cases. Among the apocalypses that use symbolic language, a limited and stable repertoire of symbols obtain across the genre and bear witness to a series of conventional associations. While several apocalypses do not use symbolic ciphers to encode their historical actors, they often use cryptic language that may have functioned as a group-specific language. The language of apocalypses indicates that these texts were not the domain of only one social group or even one type or size of social group. 50 years of an iconic classic! This international bestseller and inspiration for a beloved movie is a heroic story of friendship and belonging. Cover may vary. No one ever said life was easy. But Ponyboy is pretty sure that he's got things figured out. He knows that he can count on his brothers, Darry and Sodapop. And he knows that he can count on his friends—true friends who would do anything for him, like Johnny and Two-Bit. But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on “greasers” like Ponyboy. At least he knows what to expect—until the night someone takes things too far. *The Outsiders* is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. S. E. Hinton's classic story of a boy who finds himself on the outskirts of regular society remains as powerful today as it was the day it was first published. "The Outsiders transformed young-adult fiction from a genre mostly about prom queens, football players and high school crushes to one that portrayed a darker, truer world." —The New York Times "Taut with tension, filled with drama." —The Chicago Tribune "[A] classic coming-of-age book." —Philadelphia Daily News A New

York Herald Tribune Best Teenage Book A Chicago Tribune Book World Spring Book Festival Honor Book An ALA Best Book for Young Adults Winner of the Massachusetts Children's Book Award Kurt Vonnegut's masterpiece, *Slaughterhouse-Five* is "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time). Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming "unstuck in time." An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." More than fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties.

The Symbolism of Evil is the final book in Ricoeur's early trilogy on the will. While *Freedom and Nature* sets aside normative questions altogether and *Fallible Man* examines the question of what makes the bad will possible, here Ricoeur takes up the question of evil in its actuality. What is the nature of the will that has succumbed to evil? The question of evil resists reflection and remains inscrutable, leading Ricoeur to proceed indirectly through a study of the abundant resources contained in symbols and myths. Symbols, as Ricoeur famously says, "give rise to thought" and thereby open up a field of meanings which help to inform a philosophical reflection on evil. This hermeneutics of symbols signals an important shift in Ricoeur's philosophical trajectory, which increasingly turns to language and the various forms of discourse which harbor multiple meanings. The contributors to this volume, edited by Scott Davidson, highlight a wide range of important themes in Ricoeur's treatment of the symbolics of evil that resonate with current topics in contemporary philosophy and religion. The symbolism of the Book of Revelation from the Bible is made clear. This helps to get an accurate view of the "big-picture" before jumping to mis-founded conclusions, or incorrect interpretations. Very well researched using the Bible, and the root meanings of the Greek & Hebrew words from which the English words were translated. The book is well written, and both fun & gripping to read. "A collection of ten short stories that all take place in the same day about kids walking home from school"--

Hinduism is one of the major religions of the world with considerable antiquity and complexity. It is identified by its ancient scriptures called Vedas, Upanishads, Puranas and Epics, its iconography and temple culture visible in India and abroad. The popular epics Ramayana and Mahabharata attract interest all over the world for their thematic stories. Many books publicise the spiritual symbolism of these facets of Hinduism. Author of this book deviates from this general trend and analyses Hindu symbolism in the light of sociological perspectives and scientific parallels visible in the ever changing Indian society in the form of cultural expressions. The Trueba family embodies strong feelings. This family saga starts at the beginning of the 20th century and continues through the assassination of Allende in 1973. +This is the first unit of three devoted to an explication of the structure and function of symbols. The

following topics are covered. Ch-1 SIMPLE SYMBOLS Ch-2 PSYCHOANALYTIC SYMBOLS Ch-3 POETIC SYMBOLS Ch-4 TRANSCENDENT SYMBOLS CH-5 - THE ONTOGENESIS OF THE SYMBOLIZING FUNCTION CH-6 - THE ONTOGENESIS OF SYMBOLS FROM BIRTH TO SIX YEARS OF AGE CH-7 - THE ONTOGENESIS OF SYMBOLS FROM THE LATENCY AGE TO THE ADULT YEARS CH-8 - THE SCIENTIFIC STUDY OF SYMBOLS CH-9 - DREAM SYMBOL CHARACTERISTICS IN SPECIFIC SLEEP STAGES CH-10 - CONSCIOUSNESS AND AFFECT MANAGEMENT THROUGH PSYCHOANALYTIC SYMBOL FORMATION CH-11 - SYMBOLS AND THE SENSE OF REALITY

Two young boys encounter the best and worst of humanity during the Holocaust in this powerful read that USA Today called "as memorable an introduction to the subject as *The Diary of Anne Frank*." Berlin, 1942: When Bruno returns home from school one day, he discovers that his belongings are being packed in crates. His father has received a promotion and the family must move to a new house far, far away, where there is no one to play with and nothing to do. A tall fence stretches as far as the eye can see and cuts him off from the strange people in the distance. But Bruno longs to be an explorer and decides that there must be more to this desolate new place than meets the eye. While exploring his new environment, he meets another boy whose life and circumstances are very different from his own, and their meeting results in a friendship that has devastating consequences. The terrorist attacks of September 11, 2001 created a new political landscape and a new era of warfare. *Language, Symbols, and the Media*, now in paperback, offers insights into the impact and influence of 9/11 upon our cultural, social, and political life. The book opens with an introductory chapter on communications, media language, and visual symbolism in the immediate wake of the attacks. The second chapter considers the challenge to religious pluralism, analyzing the grounds for the immediate backlash against Islam. Chapter 3 reviews several crucial historical and contemporary Supreme Court rulings relevant to the limitations of free speech in times of war and national crises. The consideration of First Amendment rights is continued in chapter 4, which places the Patriot Act in historical context by comparing the legislation and its interpretation of it to other legislation passed in response to past American crises. The immediate aftermath of the attacks witnessed many calls for an end to "the age of irony" and a return to "traditional values." Chapter 5 considers some contrarian responses and analyzes the impact of irony as a rhetorical device in American culture. The unifying role of sport in the post-9/11 healing process in America is examined in chapter 6. Chapter 7 examines the reactions and responses of young adults to the events of 9/11 one year later. Chapter 8 demonstrates how politicians received a public "makeover" of their careers. Chapter 9 explores the impact of 9/11 on the rhetoric of advertising, while chapter 10 focuses more closely on how it affected the tourism industry. A concluding chapter examines several instances of media self-censorship and its implications for the policymaking process during times of crisis. This volume will be of interest to cultural studies specialists, sociologists, journalists, political scientists, historians, as well as general readers. This book delves into the life and work of architect William Richard Lethaby (1857-1931) and his relationship with the occult and alchemy, in particular. Using detailed analysis of Lethaby's drawings and architecture, the research uncovers Lethaby's familiarity with occult concepts and ideology during the spiritual revolution of the nineteenth century. Throughout this time, countless individuals, particularly members of the avant-garde, rejected more traditional religious pathways and sought answers through experimental and mystical alternatives. *William Lethaby, Symbolism and the Occult* reveals how the architect was profoundly influenced by the *Zeitgeist*, which was saturated with references to spiritualism, mysticism and the occult, and explores the impact of occultism on his contemporaries and the wider Arts and Crafts Movement. This book is written for upper-level students, researchers and academics interested in architectural history, William Lethaby and nineteenth century culture and society. With more than 200 colour plates, this volume explores the vast heritage of Korean ink brush painting, providing a rich panorama that stretches across the entire spectrum of Korean art - including painting, pottery, calligraphy and literature, which will have wide appeal, not least to art lovers and students of Korean Studies. The incredible bestselling first novel from Pulitzer Prize-winning author, Jhumpa Lahiri. 'The kind of writer who makes you want to grab the next person and say

"Read this!" Amy Tan The Newbery Award-winning author of *Up a Road Slowly* presents the unforgettable story of Jethro Creighton—a brave boy who comes of age during the turbulent years of the Civil War. In 1861, America is on the cusp of war, and young Jethro Creighton is just nine-years-old. His brother, Tom, and his cousin, Eb, are both of fighting age. As Jethro's family is pulled into the conflict between the North and the South, loyalties are divided, dreams are threatened, and their bonds are put to the test in this heart-wrenching, coming of age story. "Drawing from family records and from stories told by her grandfather, the author has, in an uncommonly fine narrative, created living characters and vividly reconstructed a crucial period of history."—Booklist

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward. *THINGS FALL APART* tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. *THINGS FALL APART* is the most illuminating and permanent monument we have to the modern African experience as seen from within. Set in the 1920's Jazz Age on Long Island, *The Great Gatsby* chronicles narrator Nick Carraway's interactions with the mysterious millionaire Jay Gatsby and Gatsby's obsession to reunite with his former lover, the beautiful Daisy Buchanan. First published in 1925, the book has enthralled generations of readers and is considered one of the greatest American novels. The acclaimed debut novel by the author of *Little Fires Everywhere* and *Our Missing Hearts* "A taut tale of ever deepening and quickening suspense." —O, the Oprah Magazine "Explosive . . . Both a propulsive mystery and a profound examination of a mixed-race family." —Entertainment Weekly "Lydia is dead. But they don't know this yet." So begins this exquisite novel about a Chinese American family living in 1970s small-town Ohio. Lydia is the favorite child of Marilyn and James Lee, and her parents are determined that she will fulfill the dreams they were unable to pursue. But when Lydia's body is found in the local lake, the delicate balancing act that has been keeping the Lee family together is destroyed, tumbling them into chaos. A profoundly moving story of family, secrets, and longing, *Everything I Never Told You* is both a gripping page-turner and a sensitive family portrait, uncovering the ways in which mothers and daughters, fathers and sons, and husbands and wives struggle, all their lives, to understand one another. **NATIONAL BESTSELLER** • A coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a series of vignettes—sometimes heartbreaking, sometimes deeply joyous—Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers. "Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one." —The New York Times Book Review

From the bestselling, award-winning author of *The Buddha in the Attic* and *The Swimmers*, this commanding debut novel paints a portrait of the Japanese American incarceration camps that is both a haunting evocation of a family in wartime and a resonant lesson for our times. On a sunny day in Berkeley, California, in 1942, a woman sees a sign in a post office window, returns to her home, and matter-of-factly begins to pack her family's

possessions. Like thousands of other Japanese Americans they have been reclassified, virtually overnight, as enemy aliens and are about to be uprooted from their home and sent to a dusty incarceration camp in the Utah desert. In this lean and devastatingly evocative first novel, Julie Otsuka tells their story from five flawlessly realized points of view and conveys the exact emotional texture of their experience: the thin-walled barracks and barbed-wire fences, the omnipresent fear and loneliness, the unheralded feats of heroism. When the Emperor Was Divine is a work of enormous power that makes a shameful episode of our history as immediate as today's headlines. "Illuminate[s] the lives behind the current debates about Latino immigration." —The New York Times Book Review

When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here Henríquez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. The Book of Unknown Americans is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American. Named a New York Times and Washington Post Notable Book, an NPR Great Read, The Daily Beast's Novel of the Year, and a Mother Jones, Oprah.com, School Library Journal, and BookPage Best Book of the Year

The classic study of human nature which depicts the degeneration of a group of schoolboys marooned on a desert island. Introduction -- Chapter One: The Trinity -- 1. Introduction -- 2. Augustine, Signs, and the Trinity -- 3. Karl Rahner's Symbolized and Symbol -- 4. De Lubac's Sacramental Pneumatology -- 5. Conclusion: Symbolized-Symbol-Symbolism -- Chapter Two: Creation -- 1. Anthropology and Fourfold Exegesis -- 4. Mary the Exegete -- Chapter Four: the Church -- 1. Introduction -- 2. Symbolism and Ecclesiology -- 3. A Few Critiques -- 4. Conclusion -- Chapter Five: Toward Mystical Reason -- 1. Introduction -- 2. From Mysteries to Mystery -- 3. From Mystery to Mysticism -- 4. From Mysticism to Mystical Reason -- Conclusion -- Bibliography -- Index.

A memoir done in the form of a graphic novel by a cult favorite comic artist offers a darkly funny family portrait that details her relationship with her father—a funeral home director, high school English teacher, and closeted homosexual.

All of JavaScript's newest features, in depth, made easy to understand. JavaScript is a rapidly changing language and it can be challenging to keep up with all the new toys being added. JavaScript: The New Toys explores the newest features of the world's most popular programming language while also showing readers how to track what's coming next. After setting the stage by covering who manages the process of improving JavaScript, how new features get introduced, terminology, and a high-level overview of new features, it details each new or updated item in depth, with example uses, possible pitfalls, and expert recommendations for updating old habits in light of new features.

JavaScript: The New Toys: Covers all the additions to JavaScript in ES2015-ES2020 plus a preview of what's coming next

Explores the latest syntax: nullish coalescing, optional chaining, let and const, class syntax, private methods, private fields, new.target, numeric separators, BigInt, destructuring, default parameters, arrow functions, async functions, await, generator functions, ... (rest and spread), template literals, binary and octal literals, ** (exponentiation), computed property/method names, for-of, for-await-of, shorthand properties, and others

Details the new features and patterns including modules, promises, iteration, generators, Symbol, Proxy, reflection, typed arrays, Atomics, shared memory, WeakMap, WeakSet, and more

Highlights common pitfalls and explains how to avoid them

Shows how to follow the improvements process and even participate in the process yourself

Explains how to use new features even before they're widely supported

With its comprehensive coverage and friendly, accessible style, JavaScript: The New Toys provides an invaluable resource for programmers everywhere, whether they work in web development, Node.js, Electron, Windows Universal Apps, or another JavaScript environment. It

is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

Anthem by Ayn Rand In Anthem, Rand examines a frightening future in which individuals have no name, no independence, and no values. Equality 7-2521 lives in the dark ages of the future where all decisions are made by committee, all people live in collectives, and all traces of individualism have been wiped out. Despite such a restrictive environment, the spark of individual thought and freedom still burns in him—a passion which he has been taught to call sinful. In a purely egalitarian world, Equality 7-2521 dares to stand apart from the herd—to think and choose for himself, to discover electricity, and to love the woman of his choice. Now he has been marked for death for committing the ultimate sin. In a world where the great "we" reign supreme, he has rediscovered the lost and holy word—"I". We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Understanding the Origins of the Illuminati In the vast realm of conspiracy theories, few are as captivating and enigmatic as the origins of the Illuminati. This secret society, believed by some to still exist today, has been the subject of countless debates and speculations. In this subchapter, we will delve into the fascinating history of the Illuminati, exploring its alleged roots and its influence on both government and corporate realms. The origins of the Illuminati can be traced back to the late 18th century, in Bavaria, Germany. Founded on May 1, 1776, by a Bavarian professor named Adam Weishaupt, the Illuminati's primary aim was to promote Enlightenment ideals and challenge the oppressive power structures of the time. Weishaupt sought to infiltrate influential institutions, such as government and academia, to bring about social and political change. The early years of the Illuminati were marked by secrecy and clandestine operations. Weishaupt and his close circle of intellectuals recruited members from various walks of life, including politicians, businessmen, and intellectuals. Through their network, the Illuminati aimed to spread their ideas and ideals, advocating for religious tolerance, rationality, and equality. In this study, first published in 1979, Landow contends that Hunt's version of Pre-Raphaelitism concerned itself primarily with an elaborate system of painterly symbolism rather than with a photographic realism as has been usually supposed. Like Ruskin, Hunt believed that a symbolism based on scriptural typology – the method of finding anticipations of Christ in Hebrew history – could produce an ideal art that would solve the problems of Victorian painting. According to Hunt, this elaborate symbolism could simultaneously avoid the dangers of materialism inherent in a realistic style, the dead conventionalism of academic art, and the sentimentality of much contemporary painting. George Landow examines Hunt's work in the context of this argument and, drawing on much unknown or previously inaccessible material, shows how he used texts, frames, and symbols to create a complex art of mediation that became increasingly visionary as the artist grew older. This book is ideal for students of art history. Invisible Man is a milestone in American literature, a book that has continued to engage readers since its appearance

in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of "the Brotherhood", and retreating amid violence and confusion to the basement lair of the Invisible Man he imagines himself to be. The book is a passionate and witty tour de force of style, strongly influenced by T.S. Eliot's *The Waste Land*, Joyce, and Dostoevsky. NATIONAL BESTSELLER • From the acclaimed Nobel Prize winner—a powerful examination of our obsession with beauty and conformity that asks questions about race, class, and gender with characteristic subtlety and grace. In Morrison's acclaimed first novel, *Pecola Breedlove*—an 11-year-old Black girl in an America whose love for its blond, blue-eyed children can devastate all others—prays for her eyes to turn blue: so that she will be beautiful, so that people will look at her, so that her world will be different. This is the story of the nightmare at the heart of her yearning, and the tragedy of its fulfillment. Here, Morrison's writing is "so precise, so faithful to speech and so charged with pain and wonder that the novel becomes poetry" (The New York Times). The symbolic value of targets is what differentiates terrorism from other forms of extreme violence. Terrorism is designed to inflict deep psychological wounds on an enemy rather than demolish its material ability to fight. The September 11, 2001 attacks, for example, demonstrated the power of symbolism. The World Trade Center was targeted by Al Qaeda because the Twin Towers epitomized Western civilization, U.S. imperialism, financial success, modernity, and freedom. The symbolic character of terrorism is the focus of this textbook. A comprehensive analysis, it incorporates descriptions, definitions, case studies, and theories. Each chapter focuses on a specific dimension of symbolism in terrorism and explains the contexts and processes that involve the main actors as well as the symbolism of both the purposes and targets of terrorism. Also discussed are new religious movements, which represent another important aspect of terrorism, such as Aum Shinrikyo, the Japanese cult that used sarin gas in the Tokyo subway in 1995. Over forty areas of symbolism are covered throughout the chapters, including physical and non-physical symbolism, linguistic symbolism, the social construction of reality, rituals, myths, performative violence, iconoclasm, brand management, logos, semiotics, new media, and the global village. This allows for an in-depth examination of many issues, such as anti-globalization, honor killing, religious terrorism, suicide terrorism, martyrdom, weapons, female terrorism, public communication, visual motifs, and cyberspace. Main concepts are clearly defined, and followed by theory illustrated by international case studies. Chapter summaries, key points, review questions, research and practice suggestions are recurring components as well. This groundbreaking text encompasses all major aspects of symbolism in terrorism and will be an essential resource for anyone studying terrorism. The beloved, #1 global bestseller by John Green, author of *The Anthropocene Reviewed* and *Turtles All the Way Down* "John Green is one of the best writers alive." -E. Lockhart, #1 bestselling author of *We Were Liars* "The greatest romance story of this decade." -Entertainment Weekly #1 New York Times Bestseller • #1 Wall Street Journal Bestseller • #1 USA Today Bestseller • #1 International Bestseller Despite the tumor-shrinking medical miracle that has bought her a few years, Hazel has never been anything but terminal, her final chapter inscribed upon diagnosis. But when a gorgeous plot twist named Augustus Waters suddenly appears at Cancer Kid Support Group, Hazel's story is about to be completely rewritten. From John Green, #1 bestselling author of *The Anthropocene Reviewed* and *Turtles All the Way Down*, *The Fault in Our Stars* is insightful, bold, irreverent, and raw. It brilliantly explores the funny, thrilling, and tragic business of being alive and in love. A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love
