in search of his brother, moving on foot against the great current of emigrants pushing West. Driven back again and again, he meets naturalists, criminals, religious fanatics, swindlers, Indians, and lawmen, and his exploits turn him into a legend. Diaz defies the conventions of historical fiction and genre, offering a probing look at the stereotypes that populate our past and a portrait of radical foreignness. Hernan Diaz is the author of *Borges, Between History and Eternity* (Bloomsbury 2012), managing editor of RHM, and associate director of the Hispanic Institute at Columbia University. Zombies in Western Culture Apr 16 2020 Why has the zombie become such a

pervasive figure in twenty-first-century popular culture? John Vervaeke, Christopher Mastropietro and Filip Miscevic seek to answer this question by arguing that particular aspects of the zombie, common to a variety of media forms, reflect a crisis in modern Western culture. The authors examine the essential features of the zombie, including mindlessness, ugliness and homelessness, and argue that these reflect the outlook of the contemporary West and its attendant zeitgeists of anxiety, alienation, disconnection and disenfranchisement. They trace the relationship between zombies and the theme of secular apocalypse,

demonstrating that the zombie draws its power from being a perversion of the Christian mythos of death and resurrection. Symbolic of a lost Christian worldview, the zombie represents a world that can no longer explain itself, nor provide us with instructions for how to live within it. The concept of 'domicide' or the destruction of home is developed to describe the modern crisis of meaning that the zombie both represents and reflects. This is illustrated using case studies including the relocation of the Anishinaabe of the Grassy Narrows First Nation, and the upheaval of population displacement in the Hellenistic

period. Finally, the authors invoke and reformulate symbols of the four horseman of the apocalypse as rhetorical analogues to frame those aspects of contemporary collapse that elucidate the horror of the zombie. *Zombies in Western Culture: A Twenty-First Century Crisis* is required reading for anyone interested in the phenomenon of zombies in contemporary culture. It will also be of interest to an interdisciplinary audience including students and scholars of culture studies, semiotics, philosophy, religious studies, eschatology, anthropology, Jungian studies, and sociology. *Passion of the Western Mind* May 30 2021 "[This]

magnificent critical survey, with its inherent respect for both the 'West's mainstream high culture' and the 'radically changing world' of the 1990s, offers a new breakthrough for lay and scholarly readers alike....Allows readers to grasp the big picture of Western culture for the first time." SAN FRANCISCO CHRONICLE Here are the great minds of Western civilization and their pivotal ideas, from Plato to Hegel, from Augustine to Nietzsche, from Copernicus to Freud. Richard Tarnas performs the near-miracle of describing profound philosophical concepts simply but without simplifying them. Ten years in the making and

already hailed as a classic, THE PASSION OF THE WESTERN MIND is truly a complete liberal education in a single volume.

Spaghetti Westerns--the Good, the Bad and the Violent Jan 26 2021 Spaghetti Westerns--mostly produced in Italy or by Italians but made throughout Europe--were bleaker, rougher, grittier imitations of Hollywood Westerns, focusing on heroes only slightly less evil than the villains. After a main filmography covering 558 Spaghetti Westerns, another section provides filmographies of personnel--actors and actresses, directors, musical composers, scriptwriters, cinematographers. Appendices

provide lists of the popular Django films and the Sartana films, a listing of U.S.-made Spaghetti Western lookalikes, top ten and twenty lists and a list of the genre's worst. *Red Ruckus* Apr 28 2021 WHEN YOU CAN'T TRUST THE LAW HE DELIVERS JUSTICE Morgan Clyde, former New York City peacekeeper and Union army veteran, is a man of righteous words and a gunfighter of uncanny skill. With deadly aim he has ended the reign of every badman to walk the dirt-packed streets of Indian Territory's notorious Ironhead Station. But now he faces those who wear the badge. HOSTILE HOMECOMING With every

corrupt businessman, immoral thief, and brutal outlaw either behind bars or six feet under, the town of Eufaula has come under the jurisdiction of men who bend the law to their own whims. They've broken their sworn oaths to protect the innocent and annointed themselves as judges, juries, and executioners. Now Morgan must break the law to enforce it, even if it means putting old friends—and lovers—into his line of fire . . . THE YEAR The "terrifying,

wise, tender, and thrilling"

(R.O. Kwon) adventure story of a fugitive girl, a mysterious

gang of robbers, and their dangerous mission to transform the Wild West. In the year of our Lord 1894, I became an outlaw. The day of her wedding, 17 year old Ada's life looks good; she loves her husband, and she loves working as an apprentice to her mother, a respected midwife. But after a year of marriage and no pregnancy, in a town where barren women are routinely hanged as witches, her survival depends on leaving behind everything she knows. She joins up with the notorious Hole in the Wall Gang, a band of outlaws led by a preacher-turned-robber known to all as the Kid. Charismatic, grandiose, and

mercurial, the Kid is determined to create a safe haven for outcast women. But to make this dream a reality, the Gang hatches a treacherous plan that may get them all killed. And Ada must decide whether she's willing to risk her life for the possibility of a new kind of future for them all. Featuring an irresistibly no-nonsense, courageous, and determined heroine, *Outlawed* dusts off the myth of the old West and reignites the glimmering promise of the frontier with an entirely new set of feminist stakes. Anna North has crafted a pulse-racing, page-turning saga about the search for hope in the wake of death, and for

truth in a climate of small-mindedness and fear. [Western Business Review](#) Dec 25 2020
Five Children on the Western Front Jun 11 2022 In this incredible, heart-wrenching story reminiscent of E. Nesbit's *Five Children and It*, Kate Saunders illustrates the power of war but the even greater power of family, and the love that carries us out of the darkness of despair into the light of hope. The sand fairy, also known as the Psammead, is merely a creature from stories Lamb and Edith have heard their older brothers and sisters tell . . . until he suddenly reappears. Lamb and Edith are pleased to have

something to take their minds off the war, but this time the Psammead's magic might have a serious purpose. Before their adventure ends, all will be changed, and the Lamb and Edith will have seen the Great War from every possible viewpoint—that of factory workers, soldiers and sailors, and nurses. But most of all, the war's impact will be felt by those left behind, at the very heart of their family. Reason, Faith, and the Struggle for Western

Civilization Jan 06 2022

"Gregg's book is the closet thing I've encountered in a long time to a one-volume user's manual for operating Western Civilization." —The Stream "Reason, Faith, and the Struggle for Western Civilization offers a concise intellectual history of the West

through the prism of the relationship between faith and reason." —Free Beacon The genius of Western civilization is its unique synthesis of reason and faith. But today that synthesis is under attack—from the East by radical Islam (faith without reason) and from within the West itself by aggressive secularism (reason without faith). The stakes are incalculably high. The naïve and increasingly common assumption that reason and faith are incompatible is simply at odds with the facts of history. The revelation in the Hebrew Scriptures of a reasonable Creator imbued Judaism and Christianity with a conviction that the world is

intelligible, leading to the flowering of reason and the invention of science in the West. It was no accident that the Enlightenment took place in the culture formed by the Jewish and Christian faiths. We can all see that faith without reason is benighted at best, fanatical and violent at worst. But too many forget that reason, stripped of faith, is subject to its own pathologies. A supposedly autonomous reason easily sinks into fanaticism, stifling dissent as bigoted and irrational and devouring the humane civilization fostered by the integration of reason and faith. The blood-soaked history of the twentieth century attests to the

totalitarian forces unleashed by corrupted reason. But Samuel Gregg does more than lament the intellectual and spiritual ruin caused by the divorce of reason and faith. He shows that each of these foundational principles corrects the other's excesses and enhances our comprehension of the truth in a continuous renewal of civilization. By recovering this balance, we can avoid a suicidal winner-take-all conflict between reason and faith and a future that will respect neither. **The Western Monthly Review** Feb 19 2023 **How to Cuss in Western** Nov 04 2021 Where nature writing meets humor—a raucous, hilarious look at life in the high

desert of Nevada, from the author of *Raising Wild* and *Rants from the Hill*. Edward Abbey encouraged his readers to “be loyal to what you love, be true to the Earth, and fight your enemies with passion and laughter.” Here is Michael Branch’s response. Full of clear-eyed explorations of the natural world, witty cultural observations, and heart-warming family connections, *How to Cuss in Western* is a cranky and hilarious love letter of sorts to the western Great Basin Desert of Nevada. **The Western Wind** May 22 2023 Winner of the Staunch Book Prize. “A beautifully written and expertly structured medieval mystery packed with

intrigue, drama and shock revelations.” —Minneapolis Star-Tribune An extraordinary new novel by Samantha Harvey—whose books have been nominated for the Man Booker Prize, the Women’s Prize for Fiction (formerly the Orange Prize), and the Guardian First Book Award—The Western Wind is a riveting story of faith, guilt, and the freedom of confession. It’s 1491. In the small village of Oakham, its wealthiest and most industrious resident, Tom Newman, is swept away by the river during the early hours of Shrove Saturday. Was it murder, suicide, or an accident? Narrated from the perspective of local priest John

Reve—patient shepherd to his wayward flock—a shadowy portrait of the community comes to light through its residents’ tortured revelations. As some of their darkest secrets are revealed, the intrigue of the unexplained death ripples through the congregation. But will Reve, a man with secrets of his own, discover what happened to Newman? And what will happen if he can’t? Written with timeless eloquence, steeped in the spiritual traditions of the Middle Ages, and brimming with propulsive suspense, The Western Wind finds Samantha Harvey at the pinnacle of her outstanding novelistic power. “Beautifully

rendered, deeply affecting, thoroughly thoughtful and surprisingly prescient . . . a story of a community crowded with shadows and secrets.” —The New York Times Book Review “Ms. Harvey has summoned this remote world with writing of the highest quality, conjuring its pungencies and peculiarities.” —The Wall Street Journal “Brings medieval England back to life.” —The Washington Post [The Western Review of Science and Industry](#) Dec 17 2022 **Annual Western States Budget Review** May 10 2022 *De Bow's Commercial Review of the South & West* Jul 20 2020 **Inland** Aug 21 2020 The New

York Times bestselling author of *The Tiger's Wife* returns with "a bracingly epic and imaginatively mythic journey across the American West" (Entertainment Weekly). In the lawless, drought-ridden lands of the Arizona Territory in 1893, two extraordinary lives unfold. Nora is an unflinching frontierswoman awaiting the return of the men in her life--her husband, who has gone in search of water for the parched household, and her elder sons, who have vanished after an explosive argument. Nora is bidding her time with her youngest son, who is convinced that a mysterious beast is stalking the land around their home. Meanwhile, Lurie is a

former outlaw and a man haunted by ghosts. He sees lost souls who want something from him, and he finds reprieve from their longing in an unexpected relationship that inspires a momentous expedition across the West. The way in which Lurie's death-defying trek at last intersects with Nora's plight is the surprise and suspense of this brilliant novel. Mythical, lyrical, and sweeping in scope, *Inland* is grounded in true but little-known history. It showcases all of Téa Obreht's talents as a writer, as she subverts and reimagines the myths of the American West, making them entirely--and unforgettably--her own. Advance praise for *Inland* "A

frontier tale [that] dazzles with camels and wolves and two characters who never quite meet . . . [Obreht] returns with a novel saturated in enough realism and magic to make the ghost of Gabriel García Márquez grin. . . . Will take your breath away."--Kirkus Reviews (starred review) "This is no boilerplate Louis L'Amour yarn--there are ghosts, camels and other fantastical elements."--Newsday (Best Summer Books 2019) "The long-anticipated second novel from Téa Obreht transports readers to the Wild West through the juxtaposed stories of a frontierswoman whose husband and sons have gone missing, and of an outlaw on

the run."--Bustle
Heresy Dec 05 2021 "An all-out women-driven, queer, transgender, multiracial takeover of the Old West . . . and that's exactly what Melissa Lenhardt delivers in her unapologetically badass western, *Heresy*." - New York Times "Lenhardt has created a bold new story where women have taken their rightful place in the narrative of the Outlaw Western genre; where wit, wisdom and wiles could mean the difference between life and death, and where the fellowship of women bested every challenge." -- Kathleen Kent Margaret Parker and Hattie LaCour never intended to turn outlaw. After being run

off their ranch by a greedy cattleman, their family is left destitute. As women alone they have few choices: marriage, lying on their backs for money, or holding a gun. For Margaret and Hattie the choice is simple. With their small makeshift family, the gang pulls off a series of heists across the West. Though the newspapers refuse to give the female gang credit, their exploits don't go unnoticed. Pinkertons are on their trail, a rival male gang is determined to destroy them, and secrets among the group threaten to tear them apart. Now, Margaret and Hattie must find a way to protect their family, finish one last job, and avoid the hangman's noose.

The Western Flyer Sep 21 2020 By many accounts, the Western Flyer is the world's most famous fishing vessel. It acquired its literary and scientific reputation in 1940 when John Steinbeck and Ed Ricketts chartered the vessel for a six-week expedition to

Mexico's Gulf of California, also known as the Sea of Cortez. Ricketts a pioneer in the study of diverse sea life of the West Coast Steinbeck and the crew spent those weeks collecting specimens along the margins of the sea. The Western Flyer hadn't been their first choice, but the local fisherman that dominated the sardine fisheries in Monterey at the time considered Steinbeck an activist in the labor movement who wanted to unionize their boat crews. The boat itself has been resurrected of recent, caught in a battle between its current owner, a developer who wants to turn it into a restaurant in Salinas, and the Western Flyer Project, a

nonprofit group that wants the Flyer restored to its original working condition and used for educational voyages on Monterey Bay and elsewhere. After the Flyer's brief brush with celebrity, it worked for decades as a sardine seiner, a tuna boat, a crab boat in Alaska and a scientific research vessel along the West Coast. The author, who grew up in Salinas, uses the boat as a device to trace the depletion of marine life, from shrimp in the Sea of Cortez to sardines, to salmon and king crab. The boat is just one character, but so too are those who have owned it, fished from it, and also who now battle over rights to establish its final resting place.

The author has used Steinbeck archives, interviewed family members, and drawn upon his 32 years in Pacific Northwest Fisheries, casting a wide net around this vessel and the ecology of waters in which it has traveled."

Black River Oct 03 2021 This novel of sorrow and suspense, set in rural Montana, is “a complex and powerful story—put Black River on the must-read list” (The Seattle Times). Wes Carver returns to his hometown—Black River, Montana—with two things: his wife’s ashes and a letter from the parole board. The convict who once held him hostage during a prison riot is up for

release. For years, Wes earned his living as a correction officer and found his joy playing the fiddle. But the uprising shook Wes’s faith and robbed him of his music; now he must decide if his attacker should walk free. With “lovely rhythms, spare language, tenderness, and flashes of rage,” S. M. Hulse shows us the heart and darkness of an American town, and one man’s struggle to find forgiveness in the wake of evil

(Los Angeles Review of Books). **The Western Intellectual Tradition** Mar 08 2022 Traces the development of thought through historical movements and periods from 1500 to 1830.
