The Birthday Suit Book 1 Oct 29 2020 The Birthday Suit Book 1 is a complete manual for parents to confidently teach their children with lessons for each birthday from 1 to 9 years old, (and a second book for 10-18 year olds) that guides discussions on all topics including

anatomy, sex, puberty, pregnancy and delivery, safety and all the hard stuff parents dread bringing up. This book includes a sequential-like order and progression of content that is age appropriate, with visuals and drawings that are not unnatural cartoon figures, but respectful anatomical pictures your kids will understand. Kids will be able to physically relate to the diverse variety of white, tan, brown and black races in the drawings that are anatomically represented throughout the books. Over 125 parents were interviewed and their experiences and advice encourage parents with a boost of confidence that they can do this! This book appeals to every parent regardless of political, religious, or cultural views because the facts and topics, and basic definitions are presented without any opinions. Parents add their family values through questions and journal discussions so each family can customize their teaching with their own family beliefs. Through these books, children will learn to respect their incredible body, and parents will have confidence and have the resources to teach. Parent-child relationships will grow, and trust will continue to be built with each yearly Birthday Suit Talk! The Birthday Suit Book1 will strengthen your family bond and amend generations of shame and embarrassment about our bodies into one of admiration and respect.
