"The Raging Torrent presents a comprehensive collection of the royal inscriptions and varied chronographic texts from Assyria and Babylonia that treat the Land of Israel and the People of Israel. Covering a period of just over three hundred years during the first half of the 1st millennium BCE, these texts tell the story of the military encounters between the Mesopotamian empires and the kingdoms of Israel and Judah, which led in most cases to their submission and ultimate downfall. Many of the texts relate to events described in the Hebrew Bible, while others provide information about affairs that were unknown until their rediscovery in modern times. All the texts have been newly translated from the original cuneiform documents and are accompanied by a consecutive commentary and select bibliography." "Illustrative material - maps and photographs of relevant artifacts - provide additional accessibility to the sources of this intriguing period in the history of the ancient Near East."--BOOK JACKET. This eBook version of;The Torrents of Spring;presents the full text of this literary classic.; Documents in comprehensive detail a major environmental crisis: rapidly declining amphibian populations and the disturbing developmental problems that are increasingly prevalent

within many amphibian species. What happens to a community when the majority of young people leave their homes to pursue an education? From a Trickle to a Torrent documents the demographic and social consequences of educational migration from Nubri, a Tibetan enclave in the highlands of Nepal. The authors explore parents' motivations for sending their children to distant schools and monasteries, social connections that shape migration pathways, young people's estrangement from village life, and dilemmas that arise when educated individuals are unable or unwilling to return and reside in their native villages. Drawing on numerous decades of research, this study documents a transitional period when the future of a Himalayan society teeters on the brink of irreversible change. When Delia chose to major in archaeology, she imagined herself as the female Indiana Jones of the Southwest. She didn't imagine herself crawling through abandoned mine shafts, scrounging for rusty pickaxes and gold pans to sell on auction sites, but Indiana Jones didn't have to make student loan payments. Scouring the mountains of Arizona with Simon, her best friend and computer geek extraordinaire, Delia dreams of turning their scavenging enterprise into a legitimate business. More, she longs to earn the respect of peers who shun her for turning into a treasure hunter. What she doesn't dream of is stumbling across a decapitated body in an old mine near Prescott. Something dangerous has come to the mountains, and a pair of Harley-riding strangers are the only ones who seem to have a clue. They speak a language Delia has never heard and carry mysterious artifacts she's never seen. Investigating these strangers might lead her to discoveries that change the face of archaeology forever... or it might lead her and her best friend into a deadly monster's lair. The music business is a multifaceted, transnational industry that operates within complex and rapidly changing political, economic, cultural and technological contexts. The mode and manner of how music is created, obtained, consumed and exploited is evolving rapidly.

It is based on relationships that can be both complimentary and at times confrontational, and around roles that interact, overlap and sometimes merge, reflecting the competing and coinciding interests of creative artists and music industry professionals. It falls to music law and legal practice to provide the underpinning framework to enable these complex relationships to flourish, to provide a means to resolve disputes, and to facilitate commerce in a challenging and dynamic business environment. The Present and Future of Music Law presents thirteen case studies written by experts in their fields, examining a range of key topics at the points where music law and the post-digital music industry intersect, offering a timely exploration of the current landscape and insights into the future shape of the interface between music business and music law. Examines our media-dominated world through the vast array of manufactured images and sounds that define our civilization, from video games to elevator music, action movies to reality shows, and punditry to Internet exhibitionists. USA TODAY BESTSELLING AUTHOR Megan Linski writes a paranormal angel romance where the supernatural is normal, demons battle mortals and love is eternal. Featured in the 2018 FOX Teen Choice Awards Gift Baskets! Nominated for Fantasy Series of the Year 2018 by Once Upon a Book! What if you were in love with heaven and hell? My name's Cassia. When my mother died and my father vanished, everything changed. I planned to graduate high school and leave my dark past behind me, until I met two very different guys... bad boy Thames, and football captain Cairo. Except there's more to these two men than meets the eye. Without warning, I'm caught up in a dangerous love triangle straight out of a storybook, trapped in a world where angels and demons are fighting for the souls of mankind. I find myself in the middle of a holy war, hunted by a monster that's emerged from the underworld. My life has been turned upside down, and I don't know if I'll survive long enough to taste forbidden fruit...
