One summer. Two rivals. A plot twist they didn't see coming... Nora Stephens' life is books—she's read them all—and she is not that type of heroine. Not the plucky one, not the laidback dream girl, and especially not the sweetheart. In fact, the only people Nora is a heroine for are her clients, for whom she lands enormous deals as a cutthroat literary agent, and her beloved little sister Libby. Which is why she agrees to go to Sunshine Falls, North Carolina for the month of August when Libby

begs her for a sisters' trip away—with visions of a small town transformation for Nora, who she's convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city. It would be a meet-cute if not for the fact that they've met many times and it's never been cute. If Nora knows she's not an ideal heroine, Charlie knows he's nobody's hero, but as they are thrown together again and again—in a series of coincidences no editor worth their salt would allow—what they discover might just unravel the carefully crafted stories they've written about themselves. Ready for an adventure. Kitty and the Moonlight Rescue is the first book in a chapter book series about Kitty and her superhero adventures. Meet Kitty, a charming chapter book character with catlike superpowers. With dramatic two-color art on every page and an emphasis on friendship, family, bravery, and building self-confidence, Kitty and the Moonlight Rescue is a perfect choice for independent readers and fans of Rebecca Elliott's Owl Diaries. Kitty is special. Her mother is a superhero with catlike powers that Kitty and her little brother Max will someday inherit. But being a superhero involves going on daring adventures at night, and Kitty doesn't know if she'll ever be brave enough for that! One night though, Kitty finds a sleek black cat with white paws waiting at her window. When he

introduces himself, Kitty is shocked to realize she can understand him—her powers have arrived! The cat, Figaro, has a problem. There's a terrible meowing sound coming from the clock tower, and the other cats don't know what to do. The night outside looks cold and uninviting, and Kitty is afraid of the dark. But she musters up her courage and sets out to find the source of the mysterious sound. Along the way, she makes new friends, uncovers her confidence, and learns what it means to be brave. With an aspirational main character, a kindle of cats, striking two-color art on every page, and fun facts included at the end of each story, these chapter books are just right for newly independent readers. There is nothing to be found in the pages of A Series of Unfortunate Events but misery and despair. You still have time to choose another international best-seller to read. But if you must know what unpleasantries befall the charming and clever Baudelaire children read on . . . In The Bad Beginning the three youngsters encounter a

greedy and repulsive villain, itchy clothing, a disastrous fire, a plot to steal their fortune and cold porridge for breakfast. Then again, why trouble yourself with the unfortunate resolutions? With 5 million copies sold in the UK alone, one might consider Lemony Snicket's A Series of Unfortunate Events to make him one of the most successful children's authors of the past decade. We, however, consider these miserable so-called adventure stories and the Hollywood film starring Jim Carrey that accompanied the books for children as nothing more than a dreadful mistake. Paddington Bear has been delighting adults and children alike with his earnest good intentions and humorous misadventures for over fifty years. To celebrate his enduring popularity, eleven classic novels (complete and unabridged) are brought together in one lavish slipcased volume, truly to be treasured. Self-awareness is the bedrock of emotional intelligence that enables you to see your talents, shortcomings, and potential. But
